THE COMMISSION'S LEGAL TEAM First Respondent

LUNGISA FUZILE Second Respondent

FOUNDING AFFIDAVIT

I, the undersigned,

DAVID DOUGLAS DES VAN ROOYEN

do hereby make oath and state:

DDD

I am an adult male and a Member of the Parliament of the Republic of South Africa ("Parliament") with my working address as 120 Plein Street, Cape Town.

The facts contained herein are, save where otherwise stated or where the converse appears from the context, within my personal knowledge, and are to the best of my belief, both true and correct. I am not legally trained. Where I make legal submissions, I do so on the basis of the legal advice that I have received from my legal representatives, which advice I believe to be true and correct, and have accepted.

THE PARTIES

I am the applicant in this application and I bring this application in terms of rules 3.3.6 and 11.2 of the Rules Governing Proceedings of The Judicial Commission of the Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector including Organs of State ("**Rules of the Commission**"). According to rule 3.3.6 a person who is implicated by a witness at the Commission and who wishes to give evidence, call any

witness to give evidence on his or her behalf or to cross-examine the witness must, within two weeks from the date on which they received notice from the Commission's Legal Team, apply to the Commission for leave to do so. Rule 11.2. provides that the Commission may condone non-compliance with, or extend, any timeframe provided for in the Rules on good cause shown or when it is in the interest of the work of the Commission to do so.

The first respondent is the **COMMISSION'S LEGAL TEAM**, which is a team of lawyers appointed by the Chairperson of the Commission to assist in the investigation and with the presentation of evidence and arguments before the Commission in regard to matters referred to in the Terms of Reference. The Commission's Legal Team is represented by Mabunda Incorporated Attorneys whose principal place of business is at 2 Protea Road, Corner Riley, Bedfordview, **JOHANNESBURG**.

The second respondent is **MR LUNGISA FUZILE** ("**Mr. Fuzile**"), a former Director-General of the National Treasury of South Africa who made a statement dated 16 November 2018 and gave evidence before the

Commission on 21 and 22 November 2018 which implicated me. I do not know the residential or business address of Mr. Fuzile. In respect of Mr. Fuzile, these papers will therefore be served on the attorneys of record of the Commission's Legal Team as he has testified as their witness. Mr. Fuzile has interest in this matter in that I am making application for leave to give evidence in refutation of his evidence and to cross-examine him, and for the condonation of the late filing of my statement, and the late filing of my application to give evidence and to cross-examine him.

PURPOSE OF THIS APPLICATION AND BACKGROUND

Purpose

As I have said, I am making this application in terms of rule 3.3.6 read in conjunction rule 11.2 of the Rules of the Commission. This is an application for leave for me to personally give oral evidence at the Commission and to cross examine Mr. Fuzile who implicated me in both his statement and oral evidence. As I am making this application out of time, I am also simultaneously making application for the condonation of the late filing of my statement and evidence of Mr. Fuzile which implicated me in allegations of State Capture, as well as condonation for the late filing of my statement

DDD

and my application to give evidence before the Commission and to cross-examine him (Mr. Fuzile).

Background

On 19 November 2018, the Commission's Legal Team served me (through my attorneys of record) with a notice in terms of rule 3.3 of the Rules of the Commission. I attach copy of four-page notice hereto duly marked as Annexure "**DD1**". In the notice they drew my attention to the fact that on 16 November 2018 they received a signed statement from Mr. Fuzile (the second respondent) wherein he implicated or might have implicated me. A copy of Mr. Fuzile's statement was attached to the notice. Due to its size and the fact that the Commission is already in possession thereof, I do not attach it to this affidavit.

In the notice the Commission's Legal Team also informed me that they would present evidence of Mr. Fuzile on 21 and 22 November 2018 at 10:00. No doubt the time given to me was too short if the provisions of rule 3.3 are anything to go by.

DDA

In paragraph 7 of their notice the Commission's Legal Team advised me that if I wished to give evidence, call any witness to testify on my behalf or cross-examine the witness (meaning Mr. Fuzile), I had to apply within fourteen (14) calendar days of the notice in writing to the Commission for leave to do so. Such application was to be submitted to the Secretary of the Commission.

The 14 calendar days given to me meant that I had to make my application by 2 December 2018. Unfortunately, I have not been able to meet the 14 days period given to me. It is for this reason that simultaneous with the submission of my statement, I am also making application for the late filing of my statement and application for leave to give oral evidence and to cross-examine Mr. Fuzile through my legal representatives. I am attaching to this affidavit my statement duly marked as "**DD2**". I will first provide motivation for my condonation application and then motivate my application for leave to give oral evidence and to cross-examine Mr. Fuzile.

MOTIVATION FOR THE CONDONATION APPLICATION

Reasons for the delay

DDD

Due to the fact that the rule 3.3 notice was served on my attorneys only the two days before Mr. Fuzile took the witness stand at the Commission, there was no time for me to consult with my legal representatives in advance of his oral testimony. I was in Cape Town at the time where I serve as a member of Parliament. My legal representatives attended the hearing of the Commission to listen to the testimony of Mr. Fuzile on 21 and 22 November 2018.

It was only on 23 November 2018 that I held a consultation meeting with my legal representatives to look into the statement of Mr. Fuzile, as well as the apparently corroborating statements of Mr Dondo Mogajane and Ms Phumza Macanda, so that I could give them my instructions in regard thereto. It became apparent during the consultation meeting that I needed to be temporarily released from my Parliamentary duties in Cape Town to be closer in Johannesburg to be able to consult further with my legal representatives for purposes of preparing my statement. In this regard, my legal representatives wrote me a letter which I could take to Parliament to request my temporary release. I attach copy of the letter hereto duly marked as Annexure "**DD3**".

DDD

Another thing that came out of my consultation meeting with my legal representatives was that my recollection of the events that took place at the National Treasury when I met with the Senior Management and what transpired at the Presidency when I was sworn in as Minister of Finance was at variance with the statement and testimony of Mr. Fuzile. For these reasons, there was a need to secure access to records of those meetings to be able to use them as evidence before the Commission to refute the allegations that Mr. Fuzile made. I was advised that this could only be done in terms of the Promotion of Access to Information Act 2 of 2000 ("**PAIA**") which has time-frames within which requests for information had to be responded to. I was advised that such requests for information would be done in terms of section 18 of PAIA and that the departments from whom the information was to be sought would have 21 days to respond to the requests.

My attorneys of record prepared and sent out requests for information in terms of Section 18 of PAIA to both the National Treasury and the Presidency on 3 December 2018 for access to information which will enable me to finalize my application in terms of Rule 3.3 of the Rules of the Commission. I attach the two requests for information addressed to the

DDD

Information Officer at the National Treasury and Presidency hereto, duly marked respectively as Annexures "**DD4**" and "**DD5**". It will be noticed that in respect of the National Treasury, they sought minutes and records of meeting which I had with Senior Management of the National Treasury on 11 December 2015. With regard to the Presidency, they sought video recording of the inside and outside of the place where my swearing-in ceremony took place on 10 December 2015.

My attorneys of record wrote letters to the attorneys of record of the Commission's Legal Team on the 3 and 13 December 2018, requesting extension of time to submit my statement and the application in terms of Rule 3.3.6 of the Rules of the Commission. The first letter, that of 3 December 2018, requested extension of time until 14 December 2018. I attach a copy hereto duly marked as Annexure "**DD6**". Subsequently, it became obvious that the extension they had requested on my behalf could not suffice seeing that we were still awaiting the requested information from the National Treasury and the Presidency, whilst my statement was also not yet ready. I then instructed my attorneys of record to request a further extension, my attorneys of record then wrote a second letter to the Commission Legal team on the 13 December 2018, requesting extension of

DDD

time until the 11th January 2019. I attach hereto a copy of a letter marked as Annexure "**DD7**".

Then came the intervening Christmas holidays when the Commission had adjourned and we all went for Christmas holidays. It was on 14 January 2019 that the National Treasury reverted to my attorneys of record and informed them that they had not kept record or taken minutes of the meeting which I had with the Senior Management of the National Treasury on 11 December 2015. I attach hereto a copy of a letter marked as Annexure "**DD8**".

With regard to the Presidency, I need to mention that on 4 December 2018 the Presidency replied to my attorneys of record's request for information, acknowledging receipt. I attach the letter hereto duly marked as Annexure "**DD9**". On 11 December 2018 the Presidency responded to the request for information by email, informing my attorneys of record that they had passed the request for information to Government Communication and Information Services ("**GCIS**"). I attach the email hereto as Annexure "**DD10**". On 13 December 2018 the GCIS responded to the request for information giving

DDD

my attorneys of record a link to a website, where they said they could access the video footage relating to my swearing-in ceremony as the Minister of Finance. I attach a copy of the letter hereto duly marked as Annexure "**DD11**". Unfortunately, the video footage to which my attorneys of record were referred did not cover the outside background of the place where my swearing-in ceremony was held as request in the request for information. It was important to see what transpired outside the venue in light of the evidence which Mr. Fuzile gave.

It is upon the responses to the requests for information that my attorneys of record were able to finalize my statement as well as my application to give evidence and to cross-examine the witness, which are submitted together with this condonation application.

Good cause and interest of the Commission

Paragraph 1.8 of the Terms of Reference of this Commission deals with the issue of the procedure followed in the appointment of my special advisors. Mr. Fuzile, in his statement and in his evidence, has suggested that I did not

DDD

follow the correct procedures when I appointed my special advisors. It is important for the Commission to get all the sides of the story in respect of this Term of Reference so that it is able to make an informed findings and make recommendations.

Furthermore, in his evidence, Mr. Fuzile has implicated me generally in State Capture, effectively suggesting that I came to the National Treasury with special advisors that had been imposed on me by the Guptas and that I came for ulterior motives instead of coming to serve the national interest. In my statement and in the evidence which I want to give, I respond to these allegations.

In the above regard, I submit that it is in the interest of the work of the Commission that I be granted condonation to be able to submit my statement and make application to give oral evidence and to cross-examine Mr. Fuzile. I accordingly submit that good cause has been shown for the condonation of this application.

Prejudice to the other parties

DDD

I submit that my delay in submitting my statement and in making application to give oral evidence and to cross-examine the witness has not prejudiced the Commission or Mr. Fuzile as most part of the delay happened during the time when the Commission was on recess. Besides, the initial notice period that I was given was not reasonable in that my legal representatives and I still need to peruse the statement of Mr. Fuzile and those who corroborated him in the persons of Mr. Mogajane (current Director-General of the National Treasury) and that of Ms. Macanda. However, if condonation were not to be granted, the work of the Commission would suffer greatly in that the Commission would not get a chance to hear my side of the story. Furthermore, I would also be prejudiced in that serious allegations relating to State Capture have been levelled against me and the Commission is an opportunity for me to clear my name.

My interest in the finality of the matter and Convenience for the Commission

1. I submit that I did not delay deliberately to negatively affect the work of the Commission. That much is plain from the reasons for the delay which I have already advanced. I also submit that it is to the convenience and

DDD

credibility of the Commission that it hears both sides of the story and go to the bottom of the allegations so that its findings and recommendations can be both credible and reliable. I submit in conclusion that I have provided sufficient cause (reasons and motivation) for my application for condonation to be granted.

Conclusion on the condonation application

2. I have demonstrated that my failure to comply with the rules was not wilful and furthermore, that it did not have any intention to disregard the Rules of the Commission but was due to circumstances beyond my control. I seriously want to assist the Commission to carry out its mandate and for this reason, I want to put my side of the story.

MOTIVATION FOR APPLICATION FOR LEAVE TO GIVE ORAL EVIDENCE AND TO CROSS-EXAMINE MR. LUNGISA FUZILE

I have already stated that I am making application to the Commission for leave to give oral evidence and to cross-examine Mr. Fuzile through my legal representatives. I have attached my statement to this application, which

DDD

I am submitting to the Commission to provide my side of the story. I am submitting my statement in terms of rule 3.4 of the Rules of the Commission. I do not intend to repeat what is contained in that statement, save to say that I am submitting to the Commission that Mr. Fuzile lied and misled the Commission about me. In my statement I will to deal with the specific aspects of his evidence which I deny and I provide my own version of what really transpired.

I am advised that in terms of Regulation 8(3) of the Regulations governing the Commission read in conjunction with rule 3.7 of the Rules of the Commission, there is no right of cross examination of a witness before the Commission but the Chairperson may permit cross-examination should he deem it necessary and in the best interest of the work of the Commission to do so. It is my understanding and appreciation that the Commission wants to get to the bottom of the allegations made against me, especially those relating to my appointment as Minister of Finance and the appointment of my special advisor and my Chief of State. For this reason, I submit that it is necessary that my legal representatives be given a chance to cross-examine Mr. Fuzile in light of my statement which refutes the allegations that he has made against me. I also submit that it is necessary that I be given a chance

DDD

to give oral evidence at the Commission in addition to the statement that I have made. I want to state it upfront that I am available to be cross-examined so that the Commission may be in a position to assess the truthfulness of my evidence.

CONCLUSION

3. I wish to state that this affidavit also attached a confirmatory affidavit of Mr Siphesihle Nhlabathi, who is the attorney at my attorneys of record who was responsible for correspondence with the National Treasury, the Presidency and the GCIS when my attorneys of record sought information from those departments in terms of PAIA.

4. I submit in conclusion that I have shown good cause for the condonation of the late filing of my statement and my application for leave to give

DDD

oral evidence and to cross-examine Mr. Fuzile through my legal representatives.

5. Accordingly, I pray for the order as set out in the notice of motion to which this affidavit is attached.

DAVID DOUGLAS DES VAN ROOYEN

Sworn to and signed before me in **PRETORIA** on this the **25TH** day of **JANUARY 2019**, the deponent having acknowledged in my presence that he knows and understands the contents of this affidavit, which he regards as binding on his conscience and has no objection to taking the prescribed oath, the Regulations contained in the Government Notice No. R1258 of 21 July 1972, as amended, and the Government Notice No. R1648 of 19 August 1977, R1428 of 11 July 1980 and R774 of 23 April 1992 having been duly complied with.

JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

NOTICE IN TERMS OF RULE 3.3

TO : **Mr. DES VAN ROOYEN**

C/O : Lucky Thekisho Inc. Attorneys
Burlington House
1st Floor Suite 106-108
235 Helen Joseph Street

Email: thekishol@gmail.com

IN TERMS OF RULE 3.3 OF THE RULES OF THE JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION, FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE ("THE COMMISSION"), YOU ARE HEREBY GIVEN NOTICE THAT:

1 On 16 November 2018 the Commission received a signed statement from Mr LUNGISA FUZILE ("the witness") wherein he implicated or may have implicated you. A copy of the witness's statement that implicates or may implicate you is attached as "A".

DDD

2 The Commission's Legal Team intends to present this evidence contained in Annexure "A" on 21 and 22 November 2018 at 10H00 .

3 The witness statement implicates you in, *inter alia*, the following respects:

3.1 During and in December 2015, you appointed Mr Bobat, Mr Mabaso and Mr Whitley as your advisors and Chief of Staff , respectively, in a manner that was improper and/or unlawful .

3.2 At the time Mr Mabaso was appointed as an advisor to yourself he was allegedly employed as an advisor to Minister Mosebenzi Zwane and he was thus bringing expertise on how to " take over an institution" in the context of the state capture phenomenon.

3.3 The witness formed an impression from your appointment of these three advisors that there was a connection between what the Guptas wanted and what the President of the country wanted and was doing.

3.4 Mr Bobat , as your advisor, shared classified information with the people outside government, such as Mr Eric Wood, for their benefit.

3.5 Mr Bobat ,as your advisor , interfered unlawfully with the administration and management of the National Treasury by giving instructions to , inter alia, the Director- General and the Head of Communications.

3.6 In your appointment of your advisors you failed to follow proper processes and background checks and policies and may have contravened the Public Service Act and the provisions of the Dispensation for the Appointment and Remuneration of Special Advisers.

IN TERMS OF RULE 3.3 OF THE RULES OF THE JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION, FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE ("THE COMMISSION"), YOU ARE HEREBY GIVEN NOTICE THAT:

1 On 16 November 2018 the Commission received a signed statement from Mr LUNGISA FUZILE ("the witness") wherein he implicated or may have implicated you. A copy of the witness's statement that implicates or may implicate you is attached as "A".

DDD

2 The Commission's Legal Team intends to present this evidence contained in Annexure "A" on 21 and 22 November 2018 at 10H00 .

3 The witness statement implicates you in, *inter alia*, the following respects:

3.1 During and in December 2015, you appointed Mr Bobat, Mr Mabaso and Mr Whitley as your advisors and Chief of Staff , respectively, in a manner that was improper and/or unlawful .

3.2 At the time Mr Mabaso was appointed as an advisor to yourself he was allegedly employed as an advisor to Minister Mosebenzi Zwane and he was thus bringing expertise on how to " take over an institution" in the context of the state capture phenomenon.

3.3 The witness formed an impression from your appointment of these three advisors that there was a connection between what the Guptas wanted and what the President of the country wanted and was doing.

3.4 Mr Bobat , as your advisor, shared classified information with the people outside government, such as Mr Eric Wood, for their benefit.

3.5 Mr Bobat ,as your advisor , interfered unlawfully with the administration and management of the National Treasury by giving instructions to , inter alia, the Director- General and the Head of Communications.

3.6 In your appointment of your advisors you failed to follow proper processes and background checks and policies and may have contravened the Public Service Act and the provisions of the Dispensation for the Appointment and Remuneration of Special Advisers.

DDD

4 As indicated above, the witness will give evidence at the hearing on 21 and 22 November 2018 at 10H00 at 4th Floor, Hill on Empire, 16 Empire Road, Parktown, Johannesburg.

5 You may attend the hearing at which the witness gives evidence.

6 You may be assisted by a legal representative when the witness gives evidence.

7 If you wish to:

7.1 give evidence yourself;

7.2 call any witness to give evidence on your behalf; or

7.3 cross-examine the witness

then you must apply, within fourteen (14) calendar days of this notice, in writing to the Commission for leave to do so.

8 An application referred to in paragraph 7 above must be submitted to the Secretary of the Commission. The application must be submitted with a statement from you in which you respond to the witness's statement in so far as it implicates you. The statement must identify what parts of the witness statement are disputed or denied and the grounds on which they are disputed or denied.

9 In the event that you believe that you have not been given a reasonable time from the issuance of this notice to the date on which the witness is to give evidence as set out in

DDD

paragraph 4 above and you are prejudiced thereby, you may apply to the Commission in writing for such order as will ensure that you are not seriously prejudiced.

MY CONCLUSIONS REGARDING MR VAN ROOYEN AND HIS ADVISORS 20

I,

LUNGISA FUZILE

state as follows:

INTRODUCTION

1. I have consulted with the legal team of the Commission of Inquiry on State Capture ("the Commission") chaired by Deputy Chief Justice Raymond Zondo and have agreed to provide this statement to assist the Commission in carrying out its investigation.

2. Most of what I experienced, saw or was party to is interconnected and would probably make more sense when told as one complete and comprehensive story, albeit a long one. However, as requested by the Commission, this statement responds exclusively to paragraph 1.8 of the Terms of Reference for the Commission.

3. Should the Commission wish to provide evidence in relation to other aspects of the Terms of Reference, I would avail myself.

THE STRUCTURE OF THE STATEMENT

4. I begin the statement with a summary of my tenure at the Treasury.

5. I then describe the removal of Mr Nhlanhla Musa Nene on 9 December 2015, what many now refer to as 9/12 at Treasury.

6. I proceed to explain the events that took place when Mr David (Des) van Rooyen was appointed.

7. I set out the rules governing the appointment of advisors and the process normally followed in appointing advisors and their normal role in a department before explaining, in some detail, what happened with Mr van Rooyen's advisor/s in the short

time he had been announced as Minister of Finance.

8. I conclude with my views regarding the appointment of Mr van Rooyen and his advisors.

MY TENURE AT THE NATIONAL TREASURY

9. I worked at the National Treasury for a full 19 years. I joined the department in 1998 and left in 2017.

10. At the time of my resignation I had been the Director-General (DG) for 6 years. I left a year before I completed my second term (of two years) as the DG, which was due to end in May 2018.

11. I'll also explain the events that culminated in my early exit from government.

THE REMOVAL OF MR NHLANHLA MUSA NENE

Early part of 9/12

12. On the 9th December 2015, then Minister of Finance, Mr Nhlanhla Musa Nene and I (as the Director-General) attended a meeting of the Cabinet. We were accompanied by Mr Dondo Andrew Mogajane and Mr Michael Sachs, both gentlemen were Deputy Directors-General for Public Finance and the Budget Office, respectively.

13. Mr Nene was going to present the national Medium Term Expenditure Framework (MTEF) for approval by the Cabinet. The MTEF is a set of three-year allocations to national departments that are the basis for the final national budget (the Appropriation Bill) that gets tabled in Parliament on Budget Day each year with other budget documents.

The news about removal of Mr Nene

14. After the Cabinet meeting we (the officials excluding Mr Nene) went back to our offices at the Department (40 Church Square) where we shared what had transpired.

This was normal practice.

15. Later, around 18h30, as I was driving home, I received a short message from Mr Nene which simply said "*the axe has fallen*". I changed direction and drove towards Mr Nene's official residence in Pretoria. On my way I received other calls which do not have relevance to the work of the Commission per se.

16. The story was then aired in the media more than an hour later, when the Presidency made a public announcement around 8pm, announcing that Mr David van Rooyen was to be appointed the Minister of Finance.

17. That evening I received a call from Mr Enoch Godongwana who said "*you are now going to get a Gupta minister who will arrive with advisors*".

18. I asked him to elaborate what he meant. He said I should watch it; my new Minister is likely to come with advisors he does not know. They would be "given" to him by the Guptas. I was perplexed to say the least.

19. He concluded by suggesting that I should talk to my then colleague Dr Thibedi Ramontja who was the DG at the Department of Mineral Resources (DMR). I never got to talk Dr Ramontja about this.

THE APPOINTMENT AND SWEARING IN OF MR VAN ROOYEN

At the Treasury on 10 December

20. In the morning of of 10 December I went to work early. I had observed that the Rand was taking a serious pounding and the stock market was shedding value at a pace I had not seen in a very long time.

21. I recall walking into Mr Nene's office and finding him packing his books and other belongings. One or two other colleagues were coming in and out of the office. I remember vividly that at one point Mr Nene paused and spoke to those of us who were there. He said that we should continue to do our work and that the country

needed a strong Treasury.

22. I remember calling Mr van Rooyen to speak to him and congratulate him. During the call, I indicated to him that I was going to put him on speakerphone so that our head of communications Ms Phumza Macanda, could be part of the discussion, and introduced her. I encouraged him to consider two things:

22.1. First, to try and get to the department early (sometime before his inauguration which was at 11 am) so that he can meet Mr Nene and so that, together, they can address staff: for out-going Minister Nene to say his good byes and the Minister-designate to introduce himself and to essentially calm them.

22.2. Second, I had asked him to seriously consider issuing a media statement as soon as he possibly could, possibly after his inauguration. I was suggesting this because it was evident that the market reacting adversely to the untimely removal of Mr Nene (18 months into his first term as Minister) and they now anticipated: an imminent breakdown in fiscal discipline; procurement of nuclear and the weakening of Treasury as an institution.

23. He turned down both of these suggestions. On the contrary, he sternly told me that our (officials of the Treasury) tendency to issue statements has to come to an end.

24. I was surprised by what really seemed to be a prejudiced view of us as members of staff of his new department, especially in view of the fact that, while we were not friends, we (Mr van Rooyen and I) had known one another for some time as he was a long-standing member of the Standing Committee on Finance (SCOF) in the National Assembly from 2009 right up to his appointment as Minister in 2015. This was the Committee that had oversight over the National Treasury as a department and entities reporting to the Minister of Finance like SARS, then FSB, PIC, GEPF, over and above processing tax, financial sector, anti-money laundering, financial governance and management legislation. I engaged with Mr van Rooyen many times

over those years at hearings of SCOF, including for our annual strategic plans, annual reports and over broader economic policy.

25. I was disappointed that he was going to miss an opportunity to be seen by the staff with his predecessor (Mr Nene) which I thought would make for a good start in his new role, especially because although there had been much speculation about the change of Ministers it had not seemed believable.

26. Further, I was perturbed that the new Minister seemed oblivious to the near catastrophic consequences that had been triggered by the developments of the previous day and appeared not to appreciate that HE, among others, had to do something to stave this off.

27. I may have voiced some of these concerns with some of my colleagues at the time.

The swearing in and my first encounter with Mr Bobat

28. On Thursday morning, 10 December 2015 I received a call from a female official (whose name I can no longer remember) who said she worked at the Presidency. She said she had been asked to invite me to the swearing in of Mr van Rooyen as Minister of Finance, which was scheduled to take place at 11am that day, at the Union Buildings.

29. Shortly before 11 am I arrived at the Union Buildings for the swearing in. On my arrival at the venue the first person I found standing at the door was a person who introduced himself as Mr Mohamed Bobat ("Mr Bobat").

30. He introduced himself as the "advisor to Mr van Rooyen". At that point I was rather surprised by his attitude and approach for the following reasons:

30.1. First, as the DG (the accounting officer) of the Treasury I had not signed any papers appointing him to the position he claimed to hold (later I explain the process followed to appoint ministerial advisors). Yet there

he was telling me he was the advisor (not the advisor-to-be or anything of the sort), and even before the new Minister had informed me. While Ministers have discretion as to who they appoint as advisors, the DG is central to the formalisation of the process.

30.2. Second, this was one of the points at which it occurred to me that Mr Godongwana may have been right when he said to me in the previous evening that I was going to receive "*a Gupta Minister who will arrive with advisors*".

30.3. Third, I was shocked that a person designated to become Minister about 15-17 hours earlier, in the evening, already had "an advisor". In the years I have worked in government (about 2 decades) I had never seen such a speed in appointing an advisor.

31. As far as I can remember, at the time I encountered Mr Bobat the following persons from the Treasury were present:

31.1. Ms Phumza Macanda who was in the Communications section; and

31.2. Ms Yolisa Tyantsi also from Communications section.

32. I am not in a position to tell whether they heard and followed everything that Mr Bobat and I were discussing.

33. Mr Bobat wasted no time in issuing instructions to me. He told me to draft a statement that Mr van Rooyen would release after being sworn in. In his own words, he said "*I'd require a statement from you to be issued by the Minister*".

34. I asked him to check with Mr van Rooyen if he would want such a statement from me. I found it very strange that the "advisor" was demanding a statement from me while the Minister-designate had told me bluntly that he did not want a statement from me. At that point I started to observe that:

34.1. Mr Bobat did not care about protocol and civilities at all. He appeared

determined to assert authority over me. He was not bothered that he was not an employee of the department and that his role had never been explained to me by anyone else other than himself.

34.2. Mr Bobat felt such a sense of authority and empowerment that he could issue instructions to anyone without first checking with the person (the Minister-designate) on whose behalf he purported to act. He gave me an impression of being a law unto himself.

34.3. As it happened on that occasion, he issued an instruction that was the direct opposite of what the Minister (his principal) wanted. I state this as a matter of fact because the Minister-designate had said he did not want a statement from me/us.

35. Mr Bobat also told the Communications Head, Ms Macanda that henceforth ALL communication would go through him. Again, he had not bothered to check the communication policy in government and in Treasury. The communication policy of the department does not provide for an advisor issuing instructions to officials on matters of communication.

36. He certainly did not know how we managed communication nor did he ask. Yet he felt empowered to issue this directive. Despite being unaware of the communications policy or the effectiveness of the system within the department, he felt he could change it in a manner that placed him at the centre of things of which he had no knowledge and he ought not to have involved himself in. I found this cavalier attitude to very important issues deeply disconcerting.

37. When Mr van Rooyen arrived at the Union Buildings, Mr Bobat approached him and they greeted. At some point I could hear Mr Bobat complaining that Mr van Rooyen had not answered his calls. I could hear Mr van Rooyen saying something to the effect that he did not recognize his (Mr Bobat's) number and that is why he did not take his call. This seemed to suggest to me that they either

did not know each other or had not known each other for long enough to have exchanged telephone numbers.

38. The ceremony took place quickly. Shortly thereafter Mr van Rooyen read a statement that he took out of his pocket. Neither I nor any Treasury official had any role in preparing it and only he only knew where it came from. It said nothing about the following issues which had been troubling the nation, investors, markets and rating agencies, viz

- future direction of fiscal policy (expenditure, taxation or the deficit);
- nuclear procurement programme;
- challenges of education funding.

In a context where the country and the world had real concerns about the state of the economy, the falling value of the rand and the need for policy continuity, I found this to be disturbing. His statement did not seek to calm investor or market fears, which would impact directly on the ability of the state to raise funding to pay for the delivery services to our people. And this from a Minister who was supposed to have a good understanding of fiscal policy and the economy, having served on the Standing Committee on Finance (SCOF) from 2009 to 2015.

39. Instead he talked about "*demystifying or opening the Treasury and taking or opening it to the people, including in rural areas*". The recording of Mr van Rooyen's speech is available at the following internet site: https://www.youtube.com/watch?v=k2mz7T9JGIA.

40. After he finished his speech, he walked out with the President. When he came back to us waiting outside, Mr Bobat, who was in front of me, shook his hand. I followed and put out my hand to congratulate him, but was surprised when he ignored me and walked away instead. His statement, and his attitude towards Treasury, officials appeared to suggest that he was dissatisfied with the

department and he was going change its way of doing things or approach to policy.

THE PROCESS FOR APPOINTING MINISTERIAL ADVISORS

41. In light of the requirements of paragraph 1.8 of the terms of reference of the Commission, it is important to summarize the rules governing the appointment of advisors. The appointment of Ministerial advisors is governed by the Ministerial handbook and the Public Service Act of 1994 (PSA).

42. In summary:

42.1. Ministers are appointed by the President who makes an announcement and then Ministers get sworn in. Often these two steps: the announcement and the taking of the oath do not happen at the same time. Until a Minister is sworn in s/he is a Minister-designate and cannot legally exercise the powers associated with the job. It goes without saying that no one can be an advisor to a Minister who is yet to take up his role formally.

42.2. Cabinet determined in terms of section 12A(2) of the PSA that Ministers are entitled to two Special Advisers.

42.3. Section 12A of the PSA provides as follows:

12A Appointment of persons on grounds of policy considerations

(1) Subject to this section, such executive authorities as the Cabinet may determine may appoint one or more persons under a contract, whether in a full- time or part-time capacity-

(a) to advise the executive authority on the exercise or performance of the executive authority's powers and duties;

(b) to advise the executive authority on the development of

policy that will promote the relevant department's objectives; or

(c) to perform such other tasks as may be appropriate in respect of the exercise or performance of the executive authority's powers and duties.

(2) The maximum number of persons that may be appointed by an executive authority under this section and the upper limits of the remuneration and other conditions of service of such persons shall be determined by the Cabinet in the national sphere of government.

(3) The special contract contemplated in subsection (1) shall include any term and condition agreed upon between the relevant executive authority and the person concerned, including-

(a) the contractual period, which period shall not exceed the term of office of the executive authority;

(b) the particular duties for which the person concerned is appointed; and

(c) the remuneration and other conditions of service of the person concerned. (own emphasis)

42.4. Among other things, the Dispensation for the Appointment and Remuneration of Special Advisers (the Dispensation), determined by Cabinet (attached as Annexure "LF1") directs that the Executive Authority must ensure that Special Advisers obtain the necessary security clearance before appointment. Any deviation from this requirement must be submitted to the President.

42.5. The Dispensation, in view of section 12A(1) of the PSA states that

advisors assist the Executive Authority (the Minister) in the exercise of his/her powers and the execution of his/her duties.

42.6. It goes on to say that "*there shall be no relationship of authority between the Special Adviser and the Head of Department (the Director-General)* in most cases. (paragraph 7 of the Dispensation)

42.7. A Special Advisor "*shall direct his/her inputs to the Executing Authority and refrain from interfering in the administration and management of the department, which in law is the function and responsibility of the Director-General*". (paragraph 7 of the Dispensation)

42.8. Advisers are not allowed to be on statutory boards, councils or similar bodies. (paragraph 8 of the Dispensation)

43. In addition to all of the above, Ministers always need to check with the department, [the DG (the accounting officer)] whether there are enough funds to pay the salary and other costs associated with the hiring and functioning of the advisor. Failure to go through this step risks creating unauthorized expenditure, that is, forcing the department to spend money it does not have.

44. While Ministers are free to appoint a person of their choice as advisor, they are expected to appoint good, fit and proper persons. By good persons one means people who:

44.1. Care to understand the culture in the department they join so that they can fit in and make a positive contribution to the workings of the department.

44.2. Take time to try and understand their role and how to play it effectively to complement the Minister's strengths or compensate for his/her weaknesses.

44.3. Decent and honest people who respect protocols (written and unwritten) and are law-abiding.

45. Persons who do not evince these qualities do not belong to the civil service, especially

the Treasury, which deals with many constituencies and its work entails handling of market sensitive information (such as changes in taxes, expenditure, approvals, etc) that can be used for personal enrichment or the enrichment of others.

46. The role requires persons of utmost integrity and who do not leak information to persons outside the department to persons who either want to influence policy nefariously or who want to use the information for personal gain.

MR VAN ROOYEN AND ADVISORS AT THE TREASURY

47. On Friday, 11 December 2015 around 10 in the morning I received a phone call from Mr van Rooyen. He asked to meet me at the National Treasury offices at 40 Church Square at 11h00. He also asked me to set up a meeting with all executives who reported to me at 11:15 on the same day. I duly did.

48. When I arrived at his office Mr Jonas was walking out. He looked tense. I asked him if he was going to join us. He shook his head and continued walking towards his office. I found Mr van Rooyen in the company of three gentlemen: Mr Bobat, Mr Ian Whitley ("Mr Whitley") and Mr Malcolm Mabaso ("Mr Mabaso").

49. Mr van Rooyen instructed me to expedite the process of formalising the appointment of Mr Bobat and Mr Ian Whitley as advisor and Chief of Staff, respectively.

50. He also asked me to speed up the process of providing all the three gentlemen he had brought with him with access cards, including Mr Mabaso.

51. In relation to Mr Mabaso, he indicated that I should not worry about capturing his details on our system (PERSAL) because he would not be paid from the department. In his own words "*he will just be around*".

52. At that point I objected to what I found to be inappropriate and suggested that he (Mr van Rooyen) and his advisor-to-be and chief of staff should familiarise

themselves with the Ministerial Handbook so that everything they/we do henceforth would be perfectly in line with what is provided in the law/rules.

53. Mr van Rooyen tried to downplay the matter by telling me that Mr Mabaso was not my problem because in his words: *"you are just a DG"*. I reminded him that the position of the DG is very important. In law DGs are not called accounting officers for nothing. There is a good reason for that title. Ultimately, it is the DG who is accountable. I emphasized that at the Treasury we endeavor to abide by the Constitution, the laws of the country and all rules governing the civil service at all times.

54. Mr van Rooyen also demanded that I furnish him with a handover report by Monday 14 December. I considered this request unreasonable from a Minister to a DG for three reasons:

54.1. First, Ministers take over from other Ministers not DGs. While the DG has to assist the Minister and Deputy Minister with putting together a handover report, such a handover report is a matter between two political office bearers.

54.2. Second, I had asked Mr van Rooyen to try and make himself available at a time convenient for both him and Mr Nene so that they can talk about the work of the office. This is what Treasury used to try and do every time there was a change of Ministers since Mr Manuel's tenure. It had worked well until that point. Even when Mr Gordhan and Mr Jonas were removed unceremoniously at midnight, they still made time to meet their successors. It is the right thing to do. Mr van Rooyen had flatly refused to continue this tradition. Minister Nene on the other hand, despite the manner in which he had been removed, had agreed to this request.

54.3. Third, it was totally unreasonable and abusive for Mr van Rooyen to demand that he needed the report by Monday, just after the weekend.

Given that it was already in the middle of December, many DDGs were already away on leave after a difficult budget process that had almost derailed that year.

54.4. Nevertheless, I agreed to prepare and submit such a report within a reasonable time.

55. During the course of the interaction (over the time we were together in the Department) Mr Bobat had also asked that we should assist with accelerating a process of finding Mr van Rooyen suitable accommodation "*so that he would not be easily accessible to people*".

56. Later I asked the Head of Corporate Services Mr Stadi Mngomezulu to begin the due process of on-boarding Mr van Rooyen's support staff and the advisor and to take reasonable and appropriate steps to find him accommodation.

57. New Ministers are entitled to being accommodated at the state's cost. It is common cause that this is one of the areas that have caused many Ministers and departments huge embarrassment because of excessive costs that it can entail.

58. The National Treasury or the Department of Cooperative Governance and Traditional Affairs (CoGTA) can provide any information regarding what transpired on these matters. Needless to say, all such issues ceased to be the Treasury's business after Sunday, 13 December when Mr van Rooyen was redeployed to CoGTA.

The meeting with Exco, Mr van Rooyen and his team

59. After the meeting in Mr van Rooyen's office we (Messrs van Rooyen, Whitley, Bobat and I) proceeded to the boardroom where we were going to meet the executive team, mainly comprising of DDGs. Given that it was almost the middle of December some of the DDGs were already on leave. Those who happened to be in Gauteng (like Mr Ismail Momoniat who was also on leave) were able to

come to the meeting while others (like Mr Michael Sachs) were represented by colleagues who were acting in their roles.

60. Mr Mabaso never attended the meeting in the boardroom. He was not seen by everyone, but I recall that three other people had seen him in the Minister's office. These were Mr Mcebisi Jonas (whom I had met leaving the Minister's Office), Mr Marion Geswint and Ms Mary Marumo. Mr Geswint was the Chief of Staff to Minister Nene, while Ms Mary Marumo was his Personal Assistant.

61. I recall that Mr Dondo Mogajane (the then DDG and currently DG of Treasury), Mr Monale Ratsoma (a DDG at the time and now with the BRICS Bank), Mr Sladi Mngomezulu (DDG of Corporate Services) and Ms Mmakgoshi Phetla-Lekhethe (also a DDG at the time who is now with the African Development Bank) were definitely part of what turned out to be a very short and tense meeting. Also in attendance was Mr Fuad Cassim who was the advisor to Minister Gordhan. Mr Momoniat, who had been on leave, arrived a few minutes after the meeting had started, given the short-notice.

62. Mr van Rooyen, who was the Minister of Finance at that time chaired the meeting. He began by indicating that the meeting was going to "*... be very short because it is just meant for introductions and [he] knew everyone*". It was at that point that Mr Ratsoma put up his hand and indicated that he did not know the Minister and he doubted that the Minister knew him (Mr Ratsoma).

63. I also intervened and asked Mr van Rooyen to allow the meeting to proceed with the introductions because his people (Mr Bobat and Mr Whitely) did not know most people and they were also not known to them.

64. I was also hoping that the meeting would be used to identify pressing issues that required the Minister's attention, including the run on the currency.

65. During the introductions it became apparent that Mr van Rooyen was not fully

P(c)-DDVR-0058

DVR-APPLICATION-050

familiar with neither the two gentlemen nor the specific roles he wanted them to play, as they had to correct him on their names and new positions. I recall that he said Mr Bobat was going to be the Chief of Staff and Mr Bobat had to correct him that he was going to be the adviser. At that point I again remembered the telephone conversation with Mr Godongwana. Several of my colleagues who were in the room during the meeting had observed the same thing. I know this because we talked about it a lot from that point onwards.

66. At the meeting Mr van Rooyen also said something to the effect that we (the officials) would have to work through the advisors. This I found very inappropriate and deeply disturbing. In all the years I worked at the Treasury we, correctly and appropriately, always had direct access to our successive Ministers and never ever had to work through advisors.

67. I later learnt from the Guptaleaks and the media that Mr Mabaso had been at the Department of Mineral Resources (DMR) as the advisor to Mr Mosebenzi Zwane at the time. It was odd that he also showed up at Treasury with Mr van Rooyen.

68. I could then understand the reason why Mr van Rooyen told me that it was not necessary to complete paperwork in relation to Mr Mabaso. It is because he had a job (possibly full-time) in another Department and could not take up another paid job in the public service. As the picture on state capture was unfolding, I surmised that he was bringing expertise on how to "take over an institution", possibly because he had done it at DMR.

69. I also subsequently learnt (from former colleagues and media reports) that Mr Bobat was connected to Regiment Capital and Trillian, and that in the short period that Mr Bobat was in the Department he shared some classified information (a presentation intended for Cabinet) with people outside government (like Mr Eric Wood). I can only infer that these are people who sought to profit, personally, from such information. A copy of the email is attached as "LF 2". Of

course, we do not know who else got the information once it had landed in Mr Whitley's and Mr Bobat's hands.

70. It is hard to believe that the mere removal of such people was an end in itself. The people who needed to be removed must have become an obstacle to the achievement of certain people's objectives. To me, it cannot be a coincidence that the Gupta brother who spoke to Mr Jonas said they wanted Mr Nene removed and he got removed. It also cannot be a coincidence that the Gupta brother said some of us (listed below) should be removed and when Mr Bobat and Mr van Rooyen resumed their roles they made it their business to be plainly rude and unprofessional. They sought to make it hard or impossible for me/us to remain by making the situation in the department unbearable to us. Indeed, in the short time that they were there, they tried, although they did not succeed. The time I spent with them totaled about 3 hours or less, yet so many negative things had been said or done in that short space of time.

MY CONVERSATION WITH DEPUTY MINISTER MCEBISI JONAS

71. In the late afternoon of Friday, 11 December I had a telephone conversation with Mr Jonas, the Deputy Minister of Finance. He asked that we should meet face to face because there was a lot he wanted to tell regarding what he knew about the removal of Mr Nene and aspects that might shed light on what was likely to happen at the Treasury from that point onwards. We met at a hotel restaurant in Garsfontein area in Pretoria.

72. Mr Jonas told me that earlier, about two months or so (around October), he had ended up at the Gupta home in Saxonwold. He said he was taken there by Mr Duduzane Zuma and one of the Gupta brothers offered him Mr Nene's job and a lot of money (R600 million of which R600 000 was available on the spot).

73. He said Mr Gupta also said many disturbing things about being able to get the

President to do the things he/they (as Gupta brothers) wanted and controlling everything in the government of SA. Mr Gupta also claimed to have many important people working for the Gupta business interests within government and SOCs.

74. Mr Jonas said Mr Gupta wanted him to help expand the Gupta business interests from within government.

75. The Deputy Minister also said Mr Gupta said he should remove/dismiss four of us: Mr Ismail Momoniat (the DDG responsible for tax policy and financial regulation), Mr Kenneth Brown (the first Chief Procurement Officer), Mr Andrew Donaldson (who was running the Government Technical Advisory Centre - GTAC) and myself.

76. I believed everything Mr Jonas told me that late afternoon. It left me deeply disappointed and demoralized.

77 The conversation with Mr Jonas helped me form a good picture about the modus operandi involving ministerial appointments and advisers.

78. The conversation also helped me understand that it was possible that Mr van Rooyen "was given" Mr Bobat and Mr Whitley to help him do whatever he was asked to do at Treasury, including nefariously sharing information with business people and removing some of us from our positions by making it unbearable for us to continue to work at the Treasury.

79. There were clear signs that Mr van Rooyen had not known the gentlemen for long before he brought them to the Treasury. This is why he struggled to remember their names and positions.

80. I was starting to get a picture that there was a connection between what the Gupta's wanted and what the President of the country wanted and was doing.

81 I connected the abrasive manner of Mr Bobat to the possibility that whoever accepted the Gupta offer to be Minister of Finance would have had removing me from the position of DG as one of his first tasks. So, it seemed to me that, Mr Bobat's utter

rudeness was calculated to make the conditions at the Treasury unbearable to me so that I would leave or resign.

82. I also connected the conversation to my encounters with Mr van Rooyen and the impolite and bullying manner described above. I saw all of these to be calculated to create a hostile environment so that I would give up and leave Treasury. That would have paved the way for the appointment of a new DG who would be weak and pliable.

MY CONCLUSIONS REGARDING MR VAN ROOYEN AND HIS ADVISORS

83. With all of the above background in mind I can safely make the following conclusions on Mr van Rooyen and his advisers:

83.1. The "appointment" of Mr van Rooyen's adviser/s (I use plural because he introduced both Mr Mabaso and Mr Bobat as advisers to me) broke many of the rules:

83.1.1. They were appointed before any proper process or background checks could be obtained on them.

83.1.2. Mr van Rooyen did not check whether there was any budget to pay their salaries.

83.1.3. Mr van Rooyen brought along a person (Mr Mabaso) who was employed in another department. One person cannot have two jobs. Given the central role Treasury pays in reviewing other department's policies, especially those with financial implications and in the allocation of resources, it was only a question of time that a conflict of interest would have arisen. I do not know whether Mr Mabaso obtained an appropriate clearance before he was appointed at DMR.

83.1 4. Mr Bobat was issuing instructions to me and to other officials (such as the Head of Communication), yet he was not supposed to

interfere with the work of the DG, as the Handbook clearly sets out. He did not "*refrain from interfering in the administration and management of the department, which in law is the function and responsibility of the DG. (Annexure F*, Clause 7 of the Handbook).

83.1.5. I would submit that, by passing departmental information to persons outside the department he acted unlawfully and acted against the spirit and the letter of the Handbook which requires advisers to "*promote the ... department's objectives*".

DISPENSATION FOR THE APPOINTMENT AND REMUNERATION OF PERSONS (SPECIAL ADVISERS) APPOINTED TO EXECUTIVE AUTHORITIES ON GROUND OF POLICY CONSIDERATIONS IN TERMS OF SECTION 12A OF THE PUBLIC SERVICE ACT, 1994

COMMISSION OF INQUIRY INTO STATE CAPTURE

With effect from 1 April 2015

Issued by the Department of Public Service and Administrations

P(c)-DDVR-0064

DVR-APPLICATION-056

INTRODUCTION

1. In order to ensure an acceptable degree of uniformity, Cabinet has determined the compensation for Special Advisors. The compensation provides for four different compensation levels in order to accommodate different levels of expertise.

SCOPE OF APPOINTMENT

2. The provision to appoint Special Advisers in terms of Section 12A of the Public Service Act, 1994, as amended, is limited to two full-time equivalent positions for each Minister and Premier, unless Cabinet or the relevant Provincial Executive Council approves a higher number up to two additional full-time equivalents for each Minister and Premier because of work requirements. The President and Deputy President may appoint as many Special Advisers as they may see fit. Cabinet may also reduce the number of Special Advisers that Ministers and Premiers may employ.

3. Members of Executive Councils (MEC's) and the Chairperson of the Public Service Commission are in terms of a decision of Cabinet excluded from the provision to appoint Special Advisers in terms of section 12A of the Public Service Act, 1994.

4. Special Advisers appointed to Ministers and Premiers may be utilised by Deputy Ministers and MEC's for specific tasks by arrangement with the Minister or Premier concerned.

5. Only South African citizens should be appointed as Special Advisers. All candidates for appointment as Special Advisers should be subjected to a security clearance before appointment. If an Executive Authority wishes to deviate from this requirement, the matter must be submitted to the President.

ROLE OF SPECIAL ADVISERS

6. The Public Service Act (Section 12A (1)) provides that Special Advisers may be appointed-

- to advise the Executive Authority on the exercise or performance of the Executive Authority's powers and duties;
- to advise the Executive Authority on the development of policy that will promote the relevant department's objectives; or
- to perform such other tasks as may be appropriate in respect of the exercise or performance of the Executive Authority's powers and duties.

7. Since a Special Adviser would act in an advisory capacity to advise an Executive Authority on, or perform other tasks in respect of, the exercise or performance of the Executive Authority's powers and duties, or to advise the Executive Authority on the development of policy that will promote the objectives of the relevant department, there shall be no relationship of authority between the Special Adviser and the Head of Department concerned. The Special Adviser shall direct his/her inputs to the Executive Authority and

P(c)-DDVR-0065

DVR-APPLICATION-057

refrain from interfering in the administration and management of the department, which in law is the function and responsibility of the Director-General.

8. The serving of Special Advisers on statutory boards or councils (or similar bodies) for which the Executive Authority is individually or collectively accountable, would be inappropriate since it could give rise to a direct or indirect conflict of interest or advice which could be biased or perceived to be biased. Therefore, if a person who is to be appointed as a Special Adviser serves on a statutory board or council (or similar body) for which the relevant Executive Authority is individually or collectively accountable, his/her appointment to such boards or councils must be terminated with effect from date of appointment as Special Adviser to the relevant Executive Authority.

9. Executive Authorities must submit a request for a deviation, which is fully motivated, from the requirement referred to in paragraph 8 above to the Minister for the Public Service and Administration. In consultation with the relevant Executive Authority, it will be considered whether to approach Cabinet at the national sphere of Government with a recommendation to approve a deviation for a particular instance or kind of statutory body.

GENERAL

10. The standard contract attached as Annexure X, as approved by Cabinet is entered into between the Special Adviser and the Executive Authority concerned. The duration of the contract shall be agreed upon and be limited to the term of the political principal.

11. Executive Authorities must submit proposals/recommendations for the appointment of individual Special Advisers to the Minister for the Public Service and Administration for approval of the individual's compensation level before the appointment/upgrade is effected.

12. Each Special Adviser must sign a performance agreement that determines-

    (a) major outputs for the period of employment or for the coming year, whichever is relevant;

    (b) well-defined measures for performance in terms of each major output;

    (c) quarterly review dates that will make it possible to modify outputs as necessary as well as ensuring open discussion of progress; and

    (d) for employment over a year, salary increments dependent on the level of appointment.

13. Special Advisers are not admitted to the Government Employees Pension Fund (GEPF).

14. Executive Authorities must ensure that the Special Adviser obtains the necessary security clearance before he/she is appointed. Request received without necessary security clearance will not be entertained.

DVR-APPLICATION-061

16. The inclusive compensation for Special Advisers who work less than 40 hour per week (therefore Special Advisers who are not full-time), are calculated as follows and the actual hours should be recorded and claims submitted accordingly:-

$$\frac{\text{Annual inclusive flexible remuneration package}}{2080} \times \frac{\text{Actual hours worked}}{1}$$

(rounded off to the nearest Rand amount)

Composition of the inclusive flexible remuneration package for full-time Special Advisers

17. The total inclusive flexible remuneration packages may be structured by the Special Adviser in terms of the provisions and rules as set out below.

18. Provisions for the structuring of the inclusive flexible remuneration package

(a) Full-time Special Advisers may structure the inclusive flexible remuneration packages into the following items:-

(1) **Motor car allowance**

To a maximum amount of 25% of the total package per annum.

(2) **Medical Assistance**

State's contribution to a registered medical aid scheme.

(3) **Housing Allowance**

An amount as decided by the member.

(4) **Non-pensionable cash allowance**

Any remaining amount of the flexible portion.

(b) Special Advisers are not obliged to utilise all the items when structuring the flexible portion of their packages.

19. Rules governing the structuring of the inclusive flexible remuneration packages

(a) Motor car allowance

(1) Special Advisers are obliged to maintain a reliable vehicle to be utilised for official journeys (when necessary).

(2) Special Advisers may purchase/lease a new or reliable pre-owned vehicle.

(3) No time frames exist when a vehicle should be replaced.

COMMISSION OF INQUIRY INTO STATE CAPTURE

P(c)-DDVR-0070

DVR-APPLICATION-062

(4) The Special Adviser must at all times have his or her vehicle (or a substitute) available for official journeys.

(5) The Executive Authority must decide whether a Special Adviser must utilise his or her own vehicle or make use of the provisions for official journeys when transport is used for official purposes, taking into account practical implications, cost effectiveness, road conditions etc.

(6) A Special Adviser must secure his or her own financing or loans.

(7) A Special Adviser must obtain and maintain comprehensive insurance on the vehicle, and is fully responsible for all running and maintenance costs and the cost of registration and licensing of the vehicle.

(8) If a Special Adviser utilises his or her vehicle to travel for official purposes away from his or her usual place of work, the Executive Authority shall reimburse toll fees as well as parking fees in excess of R10 per month. The Special Adviser is responsible for parking fees (if they are levied) at the place of work.

(9) Any journey between a Special Adviser's home and usual place of work constitutes a private journey.

(10) If a Special Adviser utilises his or her private vehicle to carry out official duties, the Executive Authority will compensate the Special Adviser for all official kilometres, as per Department of Transport's determinations on tariffs for the use of private motor transport, provided they comply with all the prescribed qualifying criteria (i.e approved official journey). (Amended with effect from 1 September 2008)

(b) Medical assistance (amended with effect from 1 March 2012)

- A Special Advisers who are members of registered medical aid schemes are not obliged to structure for an employer contribution towards the scheme.
- The Executing Authority shall pay the total medical aid scheme subscription fee directly (per the pay system) on a monthly basis to a registered medical scheme.
- In respect of those Special Advisers who are members of registered medical aid schemes and who elect not to structure for an employer contribution, the total medical aid scheme subscription fee will be a normal (monthly) salary deduction.
- In respect of those Special Advisers who are members of registered medical aid schemes and who elect to structure for an employer contribution, the subscription fee shall be composed as follows:-

P(c)-DDVR-0071

DVR-APPLICATION-063

- Employer contribution
  - Any amount, to a maximum of the annual medical aid subscription fee, in the form of an employer contribution.
- Member contribution
  - The difference between the total registered medical aid scheme fee and the amount structured as employer contribution.
  - The member's own contribution is a normal (monthly) salary deduction.

AMENDMENTS TO THE COMPOSITION OF THE FLEXIBLE PORTION OF THE PACKAGE

20. The flexible portion of the package may only be changed in the following circumstances:-

(a) One year after the date of implementation of the inclusive flexible remuneration package system.

(b) If the Special Adviser is awarded a higher compensation level or a higher package within his/her existing compensation level.

(c) General adjustment of the packages in the compensation levels.

(d) Substantial changes to tax legislation.

(e) Any changes to the total contribution to a registered medical aid scheme and where funds to be obtained from or directed to in terms of the Special Adviser's inclusive flexible remuneration packages.

(f) On decision by the Minister for the Public Service and Administration.

PROGRESSION TO A HIGHER PACKAGE WITHIN A COMPENSATION LEVEL

21 Special Advisers are normally awarded the minimum inclusive flexible remuneration package of the compensation level approved by the Minister for the Public Service and Administration for the Specific Special Adviser.

22. Executive Authorities may however award high packages within the approved compensation levels to serving Special Advisers or Special Advisers on appointment based on the recruitment and retention of suitable persons. Such decisions shall be recorded and reported (with reasons for the decision) to the Minister for the Public Service and Administration.

BENEFITS

23. Determination on leave of absence in the Public Service with effect from 1 July 2009, made by the Minister for Public Service and Administration.

P(c)-DDVR-0072

DVR-APPLICATION-064

CRITERIA FOR THE AWARDING OF A COMPENSATION LEVEL

24. For the purposes of determining which compensation level should apply, Executive Authorities should take cognisance of the particular individual's level of expertise and the stature in the particular field before submitting a request for approval to the Minister for the Public Service and Administration.

25. The following broad guidelines in this regard should be applied:

(a) **Compensation level I**

(i) Enjoys noticeable national recognition as a competent expert.

(ii) Complexity advice to be rendered comparable to that given by a Director (Senior Management Service Grade A) in the Public Service.

(b) **Compensation Level II**

(i) Enjoys recognition as a competent expert at national level.

(ii) Complexity of advice to be rendered comparable to that given by a Chief Director (Senior Management Service Grade B) in the Public Service.

(c) **Compensation level III**

(i) Enjoys recognition as a competent expert at national and to some degree international level.

(ii) Complexity of advice to be given comparable to that given by a Deputy Director-General (Senior Management Service Grade C) in the Public Service.

(d) **Compensation level IV**

(i) Enjoys recognition as a competent expert at national and international level

(ii) To appoint and retain persons with very high level skills and/or scarce skills.

(iii) Complexity of advice to be rendered is comparable to that given by a Director-General (Senior Management Service Grade D) in the Public Service.

26. Requests addressed to the Minister for the Public Service and Administration must be fully motivated and must include the following:

(a) Updated CV of the person.

(b) The person's remuneration at her/his current employer.

Subject: Feedback from Minister Nkwinti meeting

Good afternoon Lungisa

Minster Nkwinti called the meeting to request inputs from DGs in preparation for a Ministerial meeting on Tuesday where ways to turn the economy around will be discussed. This will be a continuation of the discussion that started at Cabinet after the NT presentation on Sovereign downgrading. Minster Nkwinti wants 6 things to be discussed:

1) Composition of government expenditure

2) State of SOC's

3) Corruption and perceptions

4) Beneficiation (and mining)

5) Agriculture

6) 9 Point plan and each department's contribution

His request was that DGs be frank in their evaluations – especially where there is a conflict between political decisions and regulatory frameworks.

You have been requested to present on the Economic Outlook which should include:

1) Composition of expenditure (what do we do with our money – invest or consume)

2) What would it take to shift the composition to support economic growth (timing and what can be done)

3) How we will be more strict on cost reduction methods

See attached draft with inputs from Michael's unit as well. Although he was not comfortable to give input on points 2 and 3.

I have also spoken to Avril on providing input into DG DPE presentation on the SOC's. Please note that we were requested to include EDD and dtl inputs into the NT presentation. I have not sent them this presentation and are awaiting your comments on it first. The DGs will meet again on Monday afternoon to discuss the presentations and the Ministerial meeting will be on Tuesday morning at the union buildings – 8:30am.

I will be phoning you to discuss later.

Kind regards

Yolandé Smit

The fundamental economic challenges facing South Africa

Weak economic growth

- Domestic factors weighing on growth: electricity supply constraints, weak demand and low consumer and business confidence
- South Africa requires much faster and sustained growth to address socio-economic challenges

Unemployment

- Unemployment rate stubbornly high around 25 per cent
- Approximately 66% of the unemployed are youth
- 5 to 6 million net new jobs needed over next 10 years to halve unemployment

Poverty

- 46% of the population live below the R620 per month (US$2/day) poverty line (2011)

Inequality

- Gini coefficient relatively high, at 0.69 in 2011

Despite subdued outlook downside risks still dominate

- 2016 global growth rebound to 3.6% - but smaller than previous 3.8% forecast
- United States growing by robust 2.4%
- Monetary policy support underpins recovery in European Union to 1.5% and Japan to 0.6%.
- Recessions in Brazil and Russia become less severe and recovery in developed countries continues
- But China slowing to around 6% due to rebalancing
- And Sub-Saharan Africa growth revised sharply lower due to weakening China and global commodity price outlook

Weaker growth has resulted in weaker commodity prices and vice versa

- Commodity prices of iron-ore, coal, platinum and oil are well below their 2008 highs.
- Forecasts are for prices to remain at current levels indefinitely
- The substantial drop in the international oil price has brought benefits for South Africa
- But lower commodity prices reduce growth in commodity exporting African countries which are key destinations for SA manufactured exports.

Commodity prices remain low

The lower external value of the rand has helped make our exports more competitive

- Export volumes have increased by 8.3 per cent in the first half of the year from growth of 2.6 per cent in 2014
- Increased demand from America and Europe has assisted the rise in SA exports
- In 2015, the bulk of South Africa's exports were to Asia (30 per cent), Africa (29 per cent) and Europe (23 per cent)
- Global economic conditions point towards the need for increasing South Africa's trade with the rest of the continent

Industries of the future

Shaping our future

- We need a less energy intensive growth path
- Shifting the economy towards tradables with greater investment in manufactured exports
- Economy should expand beyond core mineral sectors towards a more competitive industrial base
- Government should support sectors that employ more people and consume less electricity for each unit of value they add
  - Tourism, Agriculture and agro-processing, light manufacturing and services

Difficult operating environment for business

- **Mining sector** outlook subdued. Firms are international price takers. Some relief from weaker commodity prices thanks to weaker rand which boosts local profit numbers. However, long term outlook difficult. MPRDA continues to foster uncertainty. Very high levels of global supply in coal, iron ore, steel. High operating costs for gold mines. The platinum and gold mining sub-sectors are expected to see some support from improved growth in Europe and India, while coal will receive support from domestic electricity production
- **Manufacturing sector has enjoyed some gains** from the recovery in Europe and US boosting autos, metals and food and beverages. Africa likely to continue support for food and beverages, chemicals and possibly capital equipment. Competition is likely to remain intense and higher domestic inflation will erode competitiveness gains from weaker currency.
- **Tourism is a key sector** for boosting employment and funding the current account deficit. Weak rand offers significant opportunity for growth
- **Agriculture** is being affected by the drought which will worsen the outlook on food prices

Attaining sustainable growth and development lies in regional integration

- Government is committed to supporting regional integration and the expansion of South African firms into the rest of Africa
- Sub-Saharan Africa is one of the fastest growing regions in the World. GDP is projected at 4.5% in 2015 before rebounding to 5.1% in 2016
- Strong growth in the region supports continued growth in trade. SA has consistently recorded trade surpluses with Africa.
- 65% of South Africa's exports to other African economies consist of manufactured goods, with mineral products 28% and agricultural exports 7%
- Africa has become a major investment destination
- South Africa is a favoured hub for international companies wanting to expand into Africa
- Growth has been pronounced in dynamic sectors with high growth potential, including technology, telecommunications, financial services and retail

Share of exports to Africa has more than doubled over last decade

- SA's economic prospects have become increasingly intertwined with those of the African continent
  - Total share of exports to Africa 14 per cent to 30 per cent from 2005-2014
- SA has strengthened its ties with sub-Saharan Africa (SSA) through improved transport, telecommunications, financial and diplomatic links
- SA government introduced reforms to expand trade and investment
- In the recession, weaker prospects for SSA due to weaker demand and commodity prices limit export potential to Africa
- Gradually expanding global growth, particularly in Europe and SSA region will support growth over the Medium-Term Expenditure Framework (MTEF)

There is substantial room for further business partnerships

- Angola, Nigeria, Mozambique and Ghana represent the biggest import markets with demand for transportation, business and construction services
- SA currently exports 2.3% of its services and could export up to 17%.
- SA has only a 7% share in construction projects while China has 32%.
- Studies have also revealed that South Africa has comparative advantages in advanced manufacturing (chemicals, electrical machinery and motor vehicles) as well as regional processing and resource-intensive commodities.

Transnet to promote trade and growth on the continent

- The Tripartite Free Trade Area (T-FTA) was launched on 10 June 2015, with the objective of forming a free trade area, developing cross-border infrastructure and regional industrial development, bringing together a market of about 600 million consumers with an estimated value of US$2.6 trillion.
- South Africa chairs the AU/NEPAD Presidential Infrastructure Championing Initiative (PICI), through which South Africa is championing the North-South Development Corridor, comprising a combination of road, rail, port and energy and related infrastructure projects.
- State-owned enterprises are championing African infrastructure development, such as Transnet's Maputo Corridor JOC launched in September 2014 to streamline cargo logistics between South Africa, Swaziland, and Maputo; as well as the on-going development of a prototype Trans-African locomotive suited for the conditions of Africa's railways.
- The New Development Bank (NDB) was officially launched in July 2015, aimed at promoting infrastructure and sustainable development projects in BRICS countries and other emerging economies and developing countries.

- **Fitch downgraded by one notch to BBB-.** The downgrade reflects:
  - SA's poor GDP growth performance and even weaker estimates of growth potential. Further delays in the availability of new electricity capacity have exacerbated a poor economic outlook.
  - Deteriorating general government debt portfolio in response to weaker revenues
  - Current account deficit which has remained persistently large despite weak domestic demand and the sharp depreciation of the rand
- **S&P kept the ratings the same, but switched from stable to negative outlook. This reflects:**
  - Persistent electricity shortages
  - Labour disputes escalating
  - Continued weak business confidence exacerbated by policy uncertainty
  - The possibility of reduced fiscal flexibility owing to contingent liability risks from State-Owned Companies (SOCs) with weak balance sheets
- **Moody's requested an unscheduled committee meeting on 09 December 2015 to discuss the outlook, in particular:**
  - The changes in the fiscal framework and the revisions to economic growth.
  - Realization of contingent liabilities emanating from State-owned Companies, in particular SAA, is seen as the biggest risk to the expenditure ceiling

P(c)-DDVR-0094

DVR-APPLICATION-086

What if these downgrades mean for SA?

- In the short term, some financial market reaction
  - There was some increase in bond yields and currency weakness
  - Volatility in the currency also increased
- The main concern is for the medium term and whether the downward trend in ratings will continue
  - If SA loses investment grade status with two or more ratings agencies, many investors (local and domestic) may have to sell SA assets because mandate are defined based on investment and non-investment (junk) grading
  - If the government ratings goes to junk, it will have a knock on effect on SOC and private sector ratings (including the banking sector)
- These concerns are increasing uncertainty, inhibiting investment and drawing excessive attention to local economic and political developments

An upward movement signals that bond yields are higher – in other words that bond prices are lower.

Source: Bloomberg, National Treasury.
An upward movement signals the rand is weaker. It requires more rands to buy one dollar (or one euro)

P(c)-DDVR-0095

DVR-APPLICATION-087

Why do downgrades matter for South Africa?

- Higher yields, resulting in higher borrowing costs for government
  - Debt service costs rise, reducing cash for government priorities
- Borrowing costs for SOCs increase, putting capital spending plans at risk.
  - Eskom – potential knock on effects for build programme and economic growth potential
  - Transnet, SANRAL – play a critical role in expanding infrastructure
- Capital outflows from both equities and bonds
  - Last year the gap between savings and investment was R207 bn.
  - With capital outflows we can't fund our investment program and this has consequences for growth.
- Bond auctions to finance new debt issuance might fail, i.e. investors not keen provide new funding to government.
  - The revised main budget deficit (as presented in the 2015 MTBPS) for 2015/16 is R176.3 billion
- Acceleration in rand depreciation
  - If it leads to higher inflation, erodes competitiveness
  - Higher inflation raises government wage bill.

Weaker business confidence will further reduce growth

Spending demands (e.g. debt service costs, wages, guarantees) could put pressure on government deficit

Deficit pressures and lower growth can increase chance of further downgrades

COMMISSION OF INQUIRY STATE CAPTURE

Main risks to the NT forecasts

- Despite subdued forecasts, risks to growth to the downside
  - Electricity shortages delay release of investment constraints in 2017 and 2018
  - Slower growth in key trading partners in Europe, Sub Saharan Africa and China - the IMF has noted that the outlook for the global economy could worsen
  - Increased financial market volatility (due to slower Chinese growth / faster than expected Fed hikes / geopolitical uncertainty)
  - Faster than expected rebound in oil prices
  - Strike activity an outside risk in 2016 (road, freight, platinum)

- Risks to inflation to the upside
  - Electricity price increases higher than the assumed 12.5 per cent p.a.
  - Continued rand depreciation may raise pass through
  - Higher than expected oil and food prices than our forecast

Fiscal policy overview

- Governments central fiscal objective over the medium term is to stabilise the growth of debt as a share of GDP
- Continued revenue growth and strict adherence to the planned expenditure ceiling are projected to result in net debt stabilising at 45.7 per cent of GDP in 2019/20
- A proposed long-term fiscal policy guideline links expenditure and GDP growth
- Expenditure on core social and economic programmes will be maintained
- Government continues to support the capital expenditure programmes of state-owned companies
- In recent months, two risks identified in the 2015 Budget materialised: a public-sector wage agreement significantly above inflation and a deterioration in economic performance
- The fiscal framework accommodates these developments and the fiscal trajectory remains on course to achieve government's objectives

SOUTH AFRICA STATE CAPTURE INQUIRY

The fiscal framework closes the gap between revenue and spending

- Two risks identified in the 2015 budget have materialized:
  - Slower economic growth means lower revenue and some slippage on the budget deficit.
  - Public sector wage settlement higher than inflation means more pressure on the public finances
- Expenditure on track to stay within ceiling
- Government remains on course to achieve its fiscal objectives: stabilising *debt and closing* the primary balance

Risks to the fiscal outlook remain

- **Further deterioration in economic growth**
  - Decline in growth typically results in falling revenue growth, increasing the deficit and debt as a share of GDP.
  - Global uncertainty, particularly concerning the path of US monetary policy, could put upward pressure on domestic interest rates and cost of government debt
- **Expenditure pressures linked to inflation**
  - Rising inflation would increase the likelihood of unplanned expenditure
  - The wage agreement is linked to inflation.
- **Weak financial positions of several major public entities**
  - Government has acted to stabilise several state-owned enterprises.
  - Eskom, SANRAL and SAA being closely monitored
  - Government remains committed to deficit-neutral capital financing of state-owned companies in the years ahead.
  - Work has begun to develop a uniform legislative framework to regulate state-owned companies.

I, the undersigned.

DAVID DOUGLAS DES VAN ROOYEN

do hereby make the following statement before the Judicial Commission of Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector including Organs of State "**(Commission**"):

1. I am an adult male Member of Parliament of the Republic of South Africa and a former Minister in the Cabinet appointed as such in terms of section 91 of the Constitution of the Republic of South Africa, 1996 ("**Constitution**"). I make this statement in response to the various allegations that have been made about my role as a member of the Cabinet, more particularly the allegations relating to the purpose of my appointment as Minister of Finance. In dealing with these allegations, I intend to set out in some significant detail, based on my experience as a legislator and a member of the executive, what appears to be of concern to those making these allegations against me, the following issues:

    1.1. Background

    1.2. The constitutional framework for appointment to the position of Minister;

    1.3. How I was appointed to the position of Minister of Finance;

    1.4. The legislative power of the Minister to appoint Special Advisors;

DDD

1.5. The practice of appointing Special Advisors;

1.6. The allegations against me;

1.7. My response to those allegations:

1.8. Conclusions

BACKGROUND

2. I was born in the North West Province in District of Ventersdorp in a farm area annexed to that of the Tereblanche farms. It was in my birthplace that I had my early experiences of the repressive apartheid system in which African farm workers were treated with unspeakable forms of repression and domination by white farm owners. I was part of a community that was constantly exposed to the grinding oppressive practices of known ultra-racists like the late Eugene Tereblanche. My community was not free and from those early memories and experiences of oppression I formed political views which ultimately gave me the courage to engage in political activities.

3. It was in 1984 while a student at Bethel High School in the North West Province, that I began to engage in political activism with the intention of influencing a radical change in our socio-economic and political conditions. I led and actively participated in the establishment of the Congress of South African Students Bethel branch. As a consequence of my political activism at Bethel I became a target of the security branch, which hunted me down, captured and detained me and while in detention, tortured me. I

DDD

was ultimately expelled from school for my political activism. I went on to establish and lead students, youths, United Democratic Movement and civic structures in Khutsong Township, in the then Western Transvaal and PWV Regions. I was recruited and trained as an underground operative of the military wing of the African National Congress ("ANC"), namely UMkhonto We Sizwe (MK) in the country. The intensity of the security branch forced me to leave South Africa and to join the structures of MK in exile. In MK, I led as a Section Commissar and ultimately a Platoon Commissar. My life both in South Africa and in exile was powered by a vision of a liberated society in which the lives of African people were guaranteed inherent dignity. This meant a legal revolution- a radical change from the laws of the apartheid system to constitutional democracy. Inherent dignity meant that African people would have the right to participate as equal citizens in the affairs of their country and on their terms. I was convinced that the new political system would give oppressed people the opportunities of education, that would prepare them to be thought leaders in their own right - to champion a development program that would affirm their inherent dignity and right to be citizens. I deeply resented economic oppression and my main mission would be to be a change agent for economic emancipation.

4. The struggle for the complete emancipation of all South Africans has therefore been my dream. As I engaged in the activities aimed at overthrowing the apartheid system of oppression, I was convinced that the plight of our people required nothing short of a revolution.

5. My political and military training gave me important and relevant tools to analyze the South African problem. My training and teaching taught me to be a servant of the people

DDD

and to always take decisions aimed at advancing the interest of our people and promote my organization (ANC) above mine. I valued the lessons and training of the ANC whose value system promoted generally, rigorous discipline, responsiveness, unwavering loyalty, uncompromising honesty, integrity, respect and humility. These values now underpin our Constitution, and stand as founding values of our constitutional democracy. In the ANC, these are the values that have powered it's 107 years of its existent.

6. Throughout my activism within the Congress Movement, I have served in different structures and places (whether in COSAS, as Commissar in the MK camps, or as Deputy Regional Chair of the ANC, in Gauteng/ Northwest, ANC PEC Member, Treasurer General of MKMVA, etc), including deployments in government and other organs of the State. The crux of our organizational culture is service. It is for this reason that I have at no stage in my life in the organization engaged in any lobbying to be appointed in any position. The ANC has deployed me in different positions to serve the interests of our country in accordance with its vision and purpose. I have done so and will continue to do so.

7. As an example of my political orientation and training, in 1993, when the ANC decided to suspend the armed struggle, I was in Tanzania (Kitete Area) in the last MK camps with fellow combatants. We did not know when we would be returning home to be reunited with our families. In accordance with the terms of political negotiations we were instructed to close down the camps and fly to South Africa to be integrated into SANDF. Many of us had our misgivings about integrating with an army we considered our arch-enemy. The decision had been taken by our leadership and while we nursed profound misgivings, we accepted the explanation given. This acceptance of a difficult decision

DDD

was a sign of discipline and trust in our leaders. We closed down our camps and integrated into the structures of the then SADF. We shared military barracks with them and lived under the same command structures with our military enemies.

8. While serving in the SANDF, my African National Congress Youth League ("ANCYL") branch in Khutsong Township outside Carletonville abruptly instructed me to leave my deployment in the military and accept a role as a Ward Councilor. I served as a Member of the Mayoral Committee of the Municipal Council, and later as the Executive Mayor of the same municipality. It was the ANC which instructed me to leave my position as Executive Mayor of Merafong two years before the end of my second term to go and serve as a member of Parliament in Cape Town. In all these deployments, I never hesitated or questioned the decision of the then Secretary General, Comrade Gwede Mantashe who was responsible for conveying these deployment decisions.

9. I have given this brief background to achieve three aims. First to demonstrate my unwavering loyalty and patriotism to a country that I am prepared in its service; second, to show that I have always performed my functions in accordance with the deployment policy and practice of the ANC and therefore never lobbied for any position; thirdly, that I was simply a servant of the ANC whose historical mission is to change the socio-economic and political infrastructure of the apartheid state to a society underpinned by the principle of inherent dignity. The ANC's policies are aimed at achieving this weighty mission of ensuring that our people are empowered to live their dreams of true liberation and opportunity. I have never deployed myself to any position whether in the ANC or in government. I am not aware of any of our true cadres of the ANC who has been deployed to serve any other agenda other than that of the ANC. In this regard, I challenge any one

DDD

in our ranks who has ever served in government as minister or deputy minister since 1994, to dispute the fact that deployments to government were made by the ANC. I am unware of any past or serving member of the executive who has ever questioned, refused or maybe raised their preference /doubts with a serving president on which portfolio would they want to serve.

10. Finally, all members of the executive, in the local government, provincial government and national government, take an oath of office which requires them to act in accordance with the Constitution in the execution of their duties. As councilor, Member of Parliament and Cabinet Minister I took an oath of office. I took my oath of office very seriously and at all times, engaged my responsibilities in accordance with that oath of office.

11. In recent history, nothing has sought to distort the true content and character of my commitment to the values of the South African development agenda than the statements glibly and irresponsibly made by Mr Fuzile, Mr Mogajane and Ms Macanda while giving their evidence in the Commission. In the media, I have been caricatured as a Gupta stooge appointed to serve their partisan interests. I reject these unfair observations of my record of service. They are not only untruthful but a disgraceful blight on my patriotism. I have served this country with unwavering commitment to the values of our Constitution. I have served no other interests other than the interests of the people of South Africa. I intend to continue serving this nation with boldness and the courage necessary to change things for the betterment of South Africans. I therefore denounce the unfortunate narrative portrayed in the media and given as evidence in this

D.D.D

Commission that I have been part of a nefarious stratagem to enable the hijacking of our national institutions for private gain.

12. From the outset, I wish to give my unequivocal support for the Commission's work and to encourage it to leave no stone unturned in seeking to establish the truth of what is now referred to as allegations of state capture, fraud and corruption in the public sector and organs of state. I unfortunately cannot avoid the fact that it is widely reported that I am allegedly one of the active participants of state capture, fraud and corruption. It is therefore in my interest that I fully engage to the extent lawful and possible in giving information that will enable the Commission to assess the issues, including determining whether or not the allegations against me stand the test of objective facts.

13. I will candidly and frankly give my response to the allegations that relate to me. There are minor but not insurmountable constraints that I wish to point out. The first is that as a member of Cabinet, I was sown to secrecy on matters that were discussed in cabinet. To the extent that I wish to rely on cabinet discussions, I am unable to do so, unless I am lawfully granted a waiver from the terms of my oath. The second is more fundamental. It is that as far as I have read the statements of the Commission witnesses –Mr. Fuzile Lungisa, Mr Mogajana and Ms. Macanda, I have not been able to ascertain exactly what it is they allege I did to promote state capture, fraud or corruption. That said I will address the issues that appear to concern these witnesses in the hope that the Commission will make determinations consistent with the truth.

14. On 19 November 2018 my attorneys of record, namely Lucky Thekisho Inc. Attorneys, were served with a notice in terms of Rule 3.3 of the Rules Governing Commission. I attach a copy of the Notice as "**DVR1**".

15. In terms of the notices on 16 November 2018, the Commission received signed statement from Mr. Lungisa Fuzile ("**Mr. Fuzile**") "wherein he implicated or may have implicated "me". Mr. Fuzile's statement was attached as "A". The Commission's Legal Team was intending to present Mr. Fuzile's evidence contained in his statement on 21 and 22 November 2018.

16. I was advised that I could attend the hearing at which Mr. Fuzile would give evidence. If I wished to give evidence myself, call any witness to give evidence on my behalf or cross examine the witnesses I should apply, within fourteen days of the notices, in writing to the Commission for leave to do so, and the application had be submitted to the Secretary of the Commission with a statement from me in which I respond to witnesses statements insofar as it implicates myself, hence my submission of my statement.

17. My attorneys and counsel attended the hearings at which Mr. Lungisa gave his evidence. I have read the transcript of the evidence and I welcome the opportunity to deal with some of the issues that he raised. Before I address the allegations in Mr. Fuzile's statement, let me provide the Commission with my professional and academic qualifications.

DDD

ACADEMIC QUALIFICATIONS

18. My political activism and education convinced me that in order to be an effective servant of the people, acquiring appropriate levels of education and training was indispensable. As a proponent of self-development and empowerment, the position promoted and embraced by my beloved organization, the ANC, I managed to acquire the following qualifications during my tenure as a public official:

18.1. Councilor Development Program (2005 NWU)

18.2. Municipal Management Development Programme (2004 University of Pretoria)

18.3. Professional Certificate in Public Management (2005 WITS)

18.4. Certificate Program in Management Development (Municipal Finance), (2007 WITS)

18.5. Economics and Public Finance; (2008 UNISA)

18.6. Investment Analysis and Portfolio Management; (2015 UNISA)

18.7. Diploma in Municipal Government; (2004 RAU)

18.8. Diploma in Business Management (1997 Damelin)

DDD

18.9. Diploma in Business Management (Advanced) (2000 SAIM)

18.10. Master of Management (Public and Development Management) (2010 WITS)

18.11. Master of Science degree in Finance (Economic Policy) (2013 University of London)

19. There is no doubt that South Africa requires appropriately qualified people to champion the financial and economic development policies of the government guided by the policies of the ANC. I am a believer in self-development and has acquired what I consider qualifications that are relevant to the needs of our times. To the extent that I have been disqualified by some in the media as not appropriately qualified, I deny that this is accords with reality. To the extent that I have been portrayed by some as not appropriately qualified to serve in strategic national positions, I am content to let the facts of my qualifications and national service speak for themselves. As I have stated above, I am a patriot and have no hesitation placing national interests above those of mine. I have faced cruel enemies who would not hesitate, by all means necessary, to destroy what I stand for and my service to the nation. The challenge as I see it now than in the past is that there is an emergence of people who are prepared to conduct a false narrative of my public service role and to diminish the value of my commitment to the country's core constitutional and development values. I listened attentively to the evidence given to this Commission by those that accuse me of being a part of a nefarious agenda to subvert national developmental goals and was astonished at the meanness and cruelty with which they dealt with me. The boldness with which false and unverifiable statements were made by my accusers simply demonstrates the dichotomy of our developmental goals.

DDD

Those that accuse me seek to portray themselves as better patriots than me because they disagree with what I stand for in our national discourse on development. Any evidence that I am not appropriately qualified to hold any position to which I am deployed by the ANC, is sadly malicious nonsense which lacks the elementary hallmarks of objective analysis.

20. Armed with the experience and qualifications I have, I served as public representative in many different capacities. I reiterate that I have never lobbied for any of the positions that I have occupied. I have been a servant of the ANC which is the party that I proudly belong to and which is the party in government. I have conducted myself with the discipline and integrity expected of an ANC cadre. I have and remain ready to serve the ANC whether in government or outside of government and if given the opportunity, will do so with the commitment and integrity that is necessary to advance the national agenda.

MY ROLE AS PUBLIC REPRESENTATIVE

21. I was elected in the 2000 Local government elections by my constituency of Ward 9 in Merafong Municipality as their Ward Councilor. In the same year the then Executive Mayor in consultation with my party (ANC) and its alliance partners appointed me to serve in her Mayoral Committee as a member responsible for public safety. Two years later my party and its alliance partners reaffirmed their confidence and trust in my leadership by deploying me as their mayoral candidate and ultimately, I became the Executive Mayor of my beloved constituency of Merafong.

COMMISSION OF INQUIRY INTO STATE CAPTURE

22. Whilst serving as the Executive Mayor, the constituency of municipalities in the North West Province displayed their confidence in me by electing me as the Provincial Chairperson of South African Local Government Association (SALGA). This position subsequently elevated my participation in the National Executive Committee of SALGA as a permanent attendee of all its meetings. In 2009 my party once more demonstrated its trust in me by including me in its national list of National Assembly representatives/ members of parliament. I served in the Standing Committee of Finance as a Whip of the Committee and simultaneously as the Whip of the Economic Transformation Cluster, the biggest cluster in parliament.

23. By virtue of being Cluster Whip I also served in the Party Chief Whip Whippery Committee constituted by all Party Whips. As a Whip you are the custodian of party policy positions, all party deployees including Members of the Executive are accountable to you. As a Cluster Whip I was assigned by the party caucus to lead a task-team charged with the responsibility of reforming members taxation regime, the first of its type since the dawn of our new dispensation. As a Cluster Whip I also served in the ANC National Executive Committee (NEC)'s Sub-Committee on Economic Transformation, a committee which was tasked with, amongst others, the responsibility of monitoring and guiding the implementation of ANC economic policies and resolutions.

24. I further served in the party strategy committee convened by party Chief Whip which is responsible for overseeing the implementation of party strategy in parliament and served as a major liaison and accounting platform for party deployees in the Executive and Legislature. In the fourth parliament I also served as a trustee in the board of Public

DDS

Office Bearers Pension Fund. I was also assigned to serve in the ANC Caucus Finance Committee.

25. Given my service and experience in the public service set out above, the view that I was appointed as Minister of Finance to serve a nefarious agenda of subverting the national interests is not only false, but defamatory, malicious and deliberately misleading. I have never served the agenda of the enemy of our national interests and when I was appointed to serve as Minister of Finance, I had the relevant experience to advance the constitutional and legislative mandate of the National Treasury. The allegation made by Mr. Fuzile that I was a pliable and weak Minister that would weaken National Treasury is ill-informed, mischievous and defamatory in the extreme. (Commission Transcript 22/11/2018 day 28 Page 130). It is my view that the Mr Fuzile's statement lacks the maturity expected of a senior educated government employee whose only basis for any assessment of my suitability for appointment is unverified information that I was a Gupta minister. The evidence of Mr. Fuzile sadly lacks the attributes of objectivity, fairness and thoughtfulness. The testimony was characterized by an unjustified and inflated sense of self-importance, bolstered by a thoughtless and tactless sense of purpose.

SEQUENCE OF EVENTS LEADING UP TO MY APPOINTMENT AS MINISTER OF FINANCE

26. Much has been peddled about how and why I was appointed to the position of Minister of Finance, much of which is malicious lies. The demeaning manner in which my appointment to this position was handled is difficult to understand if one appreciates my training and qualifications. That said, different people hold different views about who

DDD

should be appointed to any position in government. The fact that some people in strategic media and public commentary space disqualified my suitability to serve in this strategic position is simply a view they held not borne out of any unique analysis of the development needs of South Africa. Some people differed with the decision of former President Zuma to appoint me to this position and I respect their views. I do not agree with them because they were as ill-informed in my view as when some sections of our population believed that a black president was not appropriate for the development goals of this country. The first question I wish to answer relates to how I was appointed. I have dealt with this issue in an affidavit filed with the High Court involving a review of the Public Protector's finding that I was appointed at the instance of the Gupta family influence. I attach that affidavit as "**DVR2**". I say no more than what is set out in that affidavit. I can simply add two issues which appear to have prematurely and ignorantly excited Mr. Fuzile and his lot. The first relates to the appointment of my advisors. The second relates to my interaction with the National Treasury staff on my brief period of appointment.

27. For completeness, the allegations that I was a Gupta appointee lacks understanding of our constitutional requirements that govern the appointment of members to the executive. Section 91(2) of the Constitution of the Republic of South Africa, 1996 ("**Constitution**") provides that the President **appoints** the Deputy President and Ministers, **assigns their powers and functions**, and **may dismiss them**. This means that only the President can appoint and dismiss Deputy President and Ministers, allegations allegedly made by Mr Godogwana and in the media that I am a Gupta Minister should be dismissed as rank nonsense without any legal or constitutional credibility. It is character assassination intended to diminish my credibility, integrity and value as a public representative.

DDD

Simply put: **I WAS NOT APPOINTED BY OR AT THE INSTANCE OF THE GUPTAS OR ANYONE ELSE.** There is simply no evidence of the role of the Guptas in my appointment to the position of Minister of Finance. Those that make these ridiculous allegations make no effort to state exactly how the Guptas had the legal, constitutional, political or moral basis to appoint me, or how they did so in fact. Those making the allegations for example do so without any effort to point to emails, phone calls, or any direct evidence suggesting the role of the Guptas in my appointment to the position of Minister of Finance. From a constitutional premise, it is not possible for the Guptas or any private citizen to have appointed me to the position of Minister of Finance. From a practical premise, there is no evidence that I have been given to show that the Guptas conspired alone or with the President to appoint me to the position of Minister of Finance. I have yet to see the basis of this scandalous assertion glibly and irresponsibly paraded as truth in the media.

28. When the President exercises his or her constitutional powers in section 91(2) of the Constitution, section 91(3)(b) provides that the President may select any number of Ministers from among the members of the National Assembly. These provisions empower the President to appoint any member of the National Assembly, the so-called "backbenchers" included. I was a member in the National Assembly, when I was appointed Minister of Finance and technically falling within the group of persons that were appointable.

29. As indicated in my affidavit and below, my recollection of events leading up to my appointment as Minister of Finance make me believe that the former President relied on

DDJ

his constitutionally protected power and discretion to appoint me to the position of Minister of Finance in December 2015.

30. On 21 October 2015 I was contacted by former President Zuma's Parliamentary counsellor, Mr. Ebrahim Ebrahim to meet with him at the Presidential Tuynhuys Office. I attended the meeting in Cape Town which focused mainly on retirement reforms, which, at the time were a contentious subject in parliamentary discussions and between the Alliance partners. At that time, I was representing the ANC caucus in all meetings meant to resolve this impasse.

31. On the 19 November 2015 I received a note in Parliament from the former President's Parliamentary Counsellor requesting me to go to Tuynhuys after the adjournment of the National Assembly for a meeting with the former President. The meeting focused mainly on my profile, more especially my academic qualifications and experience.

32. On 30 November 2015 I received a call from the Presidency, in which I was invited to submit my Curriculum Vitae (CV). On the phone, it was a lady that I spoke to. I do not remember her name. I immediately went to the Presidency and delivered my CV.

33. On 6 December 2015 and while I was on holiday, I received a call from Former President Zuma informing me that he wanted to see me between 7 and 10 December 2015 in Gauteng. I immediately abandoned my family holiday and flew back to Gauteng on 7 December 2015. I attach a copy of my itinerary as "**DVR3**". On 9 December 2015 I was called by a gentleman from the Presidency, requesting me to come to Mahlamba Ndlopfu Presidential Offices in Pretoria for a meeting with former President Zuma.

DDD

34. I arrived at the meeting as scheduled. The former President in his typical warm manner, welcomed and thanked me for accepting his invitation to meet with him. He informed me that he had carefully examined my qualifications and experience and knew of my passion for economic development and finance. Based on that he expressed an intention to appoint me to the position of Minister of Finance. I thanked the President and indicated to him that I was available to be of service in whatever capacity the President deemed relevant for our national goals. He thanked me for my response and indicated that he would be making the announcement soon.

35. On 9 December 2015 the former President Zuma announced the removal of Minister Nene from the position of Minister of Finance and my appointment to that position. Prior to meeting the President, I had met no other individual who conveyed to me any information involving the decision to appoint me to the position of Minister of Finance. To be clear, I met no one from the Gupta family in which my potential or actual appointment to the position of Minister of Finance was discussed. The allegation that I was appointed by the Guptas, or at their instance, is simply false. Just to be clear, I would not have accepted any appointment by any other person other than President Zuma to the position of Minister of Finance. I would not have accepted the offer if it had come from any other person, private or public, if it was not President Zuma. Our Constitution makes it clear that only the President may constitutionally and lawfully appoint a person to the position of Minister.

APPOINTMENT OF MINISTERIAL SUPPORT STAFF

DDD

P(c)-DDVR-0124

DVR-APPLICATION-116

36. Much has also been made about the Ministerial staff that I required and appointed to assist me in my new role as Minister of Finance. Upon having the meeting in which the President indicated his intention to appoint me as Minister of Finance, I understood and appreciated the enormity of the tasks involved in the position. I expected that my appointment could trigger a firestorm of criticisms from some sectors of society. This was not unusual to me and I was not overly concerned. I knew that I needed to work diligently and with integrity in order to win my critics. I appreciated that I would be severely scrutinized by the public and mostly those involved in the financial sector. I was keen to win them over. There was a public custom of intensely public scrutiny over any appointment involving such a sensitive and strategic institution. I remembered that when Trevor Manuel, with no qualifications in the finance sector was appointed, there had been a firestorm of criticism over that decision. The markets were not happy because the first black Minister of Finance had been appointed. It took a collective cabinet effort to win over the markets and critics and Trevor Manuel finished his terms without any rancor. Similarly, when Trevor Manuel was replaced by Minister Pravin Gordhan, there were scenes of negative market reactions. Those working in the financial markets predicted doom and gloom but that did not happen and the sky did not fall. I felt that criticism to my appointment would soon die down and my focus was ensuring that the stringent protocols of financial management of the National Treasury were stable, dependable and improved.

37. I however accept that I underestimated the enormity and ferocity of the opposition to my appointment. I was initially not overly concerned about the negative comments coming from opposition political parties, which are critical of any appointment made by former Presidents of persons to strategic national institutions.

DDD

38. Despite the hostility from some sectors of the media community to my appointment I nonetheless began to make critical appointments necessary to enable me to settle down to this position. I needed special advisors and a Chief of Staff that I could trust to drill down to what we were expected to do at the National Treasury. I spoke to friendly cabinet colleagues about possible candidates for appointment. I was not necessarily and specifically looking for people that I personally knew. I was looking for experts in the financial sector who were prepared to perform under the extremely hostile conditions which we found ourselves in. I needed patriots who would give attention to the complex issues at the National Treasury with professionalism and expertise. I wanted to win the confidence of my cabinet colleagues, the financial sector, business, labour and the markets. I wanted the National Treasury to be at the center of our development goals. I therefore needed exceptional professionals with a sound experience and grasp of the financial sector and the markets. Mr. Fuzile, derides, with cynical contempt, my decision to appoint a special advisor and the Chief of Staff to my office, even suggesting that I had acted illegally in making these appointments because according to him, I was not entitled to do so, without his signature. His understanding of the powers of Ministers to appoint their special advisors and Chief of Staff is unimpressive for someone who has paraded himself as a paragon of virtue and professionalism. Simply put, I made the appointments as I was entitled to do so. His job, as the accounting officer, was to ensure that my decision to appoint them was implemented. I refer specifically to s 12A of the Public Service Act (PSA), 1994, which makes it clear that the power to appoint special advisors lies with the relevant executive authority. In case a national Department, the executive authority is the Minister responsible for that Department.

DDD

39. The statements and oral evidence of Mr. Fuzile about my appointment of special advisor and the Chief of Staff demonstrate that he had assumed the position of a hostile foe. His claim that he wished for my success is simply false and belied by his own evidence. Having allegedly been told by his trusted comrade Mr. Godongwana that I was a Gupta minister, he must have decided that I did not deserve his support or respect from the beginning. He claims to have taken steps to ensure that I was warmly welcomed, creating the unfortunate impression that I did not appreciate the elementary fundamentals of my role as Minister. He never intended to assist or support me in any manner because to do so would have been to assist what he regarded as the nefarious agenda of the Gupta Minister. He would not have positioned himself to welcome me and to ensure that I was properly and fully briefed on the critical issues at the time requiring immediate ministerial intervention. He regarded me as a Gupta Minister and therefore an enemy of the state. He saw himself as the custodian of the National Treasury with a national duty to resist a Gupta Minister. It is therefore not true that when he communicated with me he had an open mind which was influenced by nothing else other than the work of National Treasury. His mind was made up that I was appointed to capture the National Treasury for unspecified nefarious purposes. His view was that I had been appointed to advance corruption and to ensure that the National Treasury was used to advance corrupt interests. Without any shred of evidence, he asserts that I was a tool in the hands of corrupt people. Mr. Fuzile's entire attitude appears to have been poisoned by this malicious piece of useless information. I find these statements defamatory in the extreme as they do not bear out the objective facts.

40. While I knew Mr. Fuzile well (so I believed) and had worked with him well (so I believed) I was horrified to hear of how much he despised me, to even without any shred

DDD

P(c)-DDVR-0127

DVR-APPLICATION-119

of evidence, allege that I was a corrupt person, appointed to the National Treasury for nefarious purposes. I was horrified to understand from his testimony how much he belittled me and my role in government. The truth is different to that painted by Mr. Fuzile.

41. The legal and policy position governing the appointment of special advisors and Chief of Staff do not require the Minister to personally or intimately know the people that he or she is appointing. It is not the position in the law that I should have personally known the people that I was appointing. Mr. Fuzile claims that there is evidence that I did not know the people that I was appointing as special advisor and Chief of Staff to bolster his imagination of the Gupta influence of my appointment. The accusations are without any merit. I knew Mr. Bobat Mohamed – who I had offered the position of special advisor and Mr. Whitley who I was offering the position of Chief of Staff. I knew that they had a wealth of experience in the financial sector and understood the functioning of the markets. That is what I wanted, not bosom buddies whom I knew at a personal level. What I needed to know about them was sufficient for me to make the decision to appoint them. They had unquestionable superior qualifications and experience that I needed in the finance portfolio. What I knew about the special advisor and Chief of Staff was sufficient for how I intended to engage with them.

42. In order to respond to the process followed to appoint the members of my support staff, Mr. Mohamed Bobat (Mr Bobat) and Mr. Ian Whitley (Mr Whitley), as well as fulfilling the requirements of paragraph 1.8 of the terms of the commission, I deem it fit to outline the legislative regime governing the appointment of ministerial staff.

43. Such appointments are governed by the Ministerial Handbook and the Public Service Act of 1994 (PSA). Section 12A of the PSA guides the Executive Authorities on policy considerations on appointing theirs support staff, and it states that:

12A Appointment of persons on grounds of policy considerations

(1) Subject to this section, such executive authorities as the Cabinet may determine may appoint one or more persons under a contract, whether in a fulltime or part-time capacity-

(a) to advise the executive authority on the exercise or performance of the executive authority's powers and duties;

(b) to advise the executive authority on the development of policy that will promote the relevant department's objectives; or

(c) to perform such other tasks as may be appropriate in respect of the exercise or performance of the executive authority's powers and duties.

(2) The maximum number of persons that may be appointed by an executive authority under this section and the upper limits of the remuneration and other conditions of service of such persons shall be determined by the Cabinet in the national sphere of government.

(3) The special contract contemplated in subsection (1) shall include any term and condition agreed upon between the relevant executive authority and the person concerned, including-

(a) the contractual period, which period shall not exceed the term of office of the executive authority;

DDD

(b) the particular duties for which the person concerned is appointed; and

(c) the remuneration and other conditions of service of the person concerned.

44. In order to ensure compliance to the provision of section 12A the Cabinet has determined the compensation for Special Advisers. The compensation provides for four different compensation levels in order to accommodate different levels of expertise.

45. The provision to appoint Special Advisers in terms of section 12A of the Public Service Act, 1994, is limited to two full-time equivalent positions for each Minister, Cabinet may also reduce the number of Special Advisers that Ministers and Premiers may employ.

46. Only South African citizens should be appointed as Special Advisers. All candidates for appointment as Special Advisers should be subjected to a security clearance before appointment. If an Executive Authority wishes to deviate from this requirement, the matter must be submitted to the President.

47. I submit that due to State Security Agency (SSA) vetting process backlog it is a common practice that most if not all special advisors are allowed to work before they finally realize their security clearances, the situation of my support staff in a short period we spent at the National Treasury was not a revelation. I submit that if this was not the case, Ministries could have failed dismally in executing their constitutional mandates.

48. Since a Special Adviser would act in an advisory capacity to advise an Executive Authority on, or perform other tasks in respect of, the exercise or performance of the

Executive Authority's powers and duties, or to advise the Executive Authority on the development of policy that will promote the objectives of the relevant department, there shall be no relationship of authority between the Special Adviser and the Head of Department concerned. The Special Adviser shall direct his/her inputs to the Executive Authority and refrain from interfering in the administration and management of the department, which in law is the function and responsibility of the Director-General.

49. I fully concur with the above provision because failure to adhere to it could lead to blurred accountability and ultimately collapse the department. Administration and management of any department is the sole responsibility of the head of department, no ministerial support staff, including Mr Bobat, was authorized to interfere in the administration and management of the department.

50. Because of the sensitivity and severity of such a conduct, one would expect the head of department such as Mr Fuzile to immediately bring such deviation to the attention of the Executive authority (me as Minister of Finance then). I submit that I first came across the allegations of Mr Bobat's interference through this Commission's notice because such allegations were never brought to my attention at all by Mr. Fuzile or anyone else. I understand that Mr. Fuzile may well have had no opportunity or interest in informing me about any interference with the administration of the Department because of the short time in which I served as Minister of Finance.

51. It is important to note that by virtue of being expected to provide sound advice to their political principals, the Ministerial advisors consult broadly, making it practically

DDD

P(c)-DDVR-0131

DVR-APPLICATION-123

50

impossible for them not to solicit inputs from Accounting Officers who at times are referred to as "Ministerial Super Advisors".

52. The dispensation in terms of section 12A further expect that the standard contract as approved by Cabinet is entered into between the Special Adviser and the Executive Authority concerned. The duration of the contract shall be agreed upon and be limited to the term of the political principal. At any given moment the appointment and duration of Ministerial Special Advisers are limited to the term of office of their political principals. In other words, new Ministers are not obliged to retain Special Advisers of their predecessors. In real terms it means Ministers leave with their advisors and the budget allocated to them is assigned to new Special Advisors.

53. On the 10 December 2015 I met Mr. Fuzile and clearly conveyed to him my decision to appoint Mr. Bobat as my Special Advisor, and he agreed without any reservations to facilitate his appointment process. Mr. Fuzile never registered his concern about budget availability or any other issue relating to this process. (See Page 21 Para 83.1.3 of Mr Fuzile's statement) I came to know of Mr. Fuzile's views and concerns for the first time through his statement, commission notice and his oral evidence.

54. I must indicate that using my experience as a former Executive Mayor and my own understanding of severity of the task at hand, as well as the guidance of PSA, I prioritized appointment of key ministerial staff immediately after the former President conveyed his intention to appoint me into his Cabinet. I acted responsibly and in accordance with normal practice and the law when making these appointments.

Mr. Mohamed Bobat

55. My first encounter with Mr. Bobat was in 2009 (I do not recall the exact date) in the Bojanala District whilst I was still a member of the ANC Provincial Executive Committee (PEC) and the Provincial Chairperson of SALGA in the North West Province, when he provided me with his business card. I looked at his business card and realized that he was in the financial sector. I indicated to him that I was doing my studies in finance to which he offered to assist if I needed any assistance.

56. Mr. Bobat and I did not make regular contact but I can recall once or twice when I called him for some assistance with my academic studies in finance. When President Zuma indicated his intention to appoint me to the position of Minister of Finance, I thought about Mr. Bobat being my special advisor. After the announcement of my appointment, I included him on the list of people to be invited by the Presidency to my swearing in ceremony. On 10 December 2015, I met with him at the Union Building and requested him to join my team as a Special Advisor. After his acceptance of my offer, I further informed him of the process of appointment assuring him that the decision to appoint was mine but the administrative process formalizing the appointment would be processed by the Director-General who would do so at my instance.

57. When I met Mr. Fuzile at my swearing in ceremony, I informed him and introduced him to Mr. Bobat. At no point did Mr. Fuzile indicate that he had already met with him or that Mr. Bobat had made comments that made him professionally uncomfortable. The reason that I requested Mr. Bobat to my swearing in ceremony was to ensure that I

introduced him to the Director General, Mr Fuzile, and to ensure that I had some advisory services from the first date of my appointment.

58. I can confirm that the offer to appoint Mr Bobat was discussed before I met both Mr. Fuzile and Ms. Macanda. I was not meeting Mr Bobat for the first time in that meeting and I knew and had his contact, hence I gave the Presidency his details for my swearing in ceremony.

59. In terms of the dispensation for the appointment and remuneration of persons (Special Advisers) appointed to Executive Authorities on ground of Policy consideration in terms of Section 12A of the Public Service Act of 1994 which took effect on the 1 April 2015 enjoins Executive Authorities to appoint Special Advisors who are South Africans but also fit and proper. In my view, Mr Bobat met all these requirements. I reject Mr Fuzile's assertion that I appointed Mr. Bobat wrongly without proper background check. It's a misplaced and baseless submission.

Mr. Ian Whitley

60. Mr. Whitley was first introduced to me by Mr. Malcom Mabaso (Mr. Mabaso) who was at the time a support staff to Minister Mosebenzi Zwane (Mr. Zwane) in a breakfast meeting held at Melrose Arch on the 11/12/2015. Mr. Mabaso informed me that Whitely was looking for work and could be an asset in government if there were opportunities. I arranged to meet Mr. Whitley. After having a brief interview with Mr. Whitley and on the strength of his qualifications and experience as set out in his CV in administration, banking and the broader corporate sector I was content to offer him the position of Chief

DDD

of Staff. He accepted the position and joined my ministerial team as Chief of Staff. The circumstances of my appointment required that I make decisions firmly and quickly to ensure that I had the proper advisory infrastructure needed to assist me with my new work.

61. Before I left the meeting, Mr. Whitley requested that Mr. Mabaso join him on his first day in office to assist him with anything that may be required of him. I agreed to his request because Mr. Mabaso was also a Ministerial Staff at the Department of Minerals Resources.

62. Mr. Whitley and Mr. Bobat met the PSA requirements, and this was confirmed when the Department of Public Service and Administration approved their appointment while serving as my Ministerial support staff at CoGTA. I can also confirm that at CoGTA, they excelled in all duties assigned to them by me. Any contrary assessment would simply be dishonest and uninformed.

63. Allegations that these well qualified and experienced advisors served a nefarious agenda or a Gupta agenda is simply false and unfair. They worked hard and competently when serving me in CoGTA- and no evidence has been given to support these vicious allegations that their appointments were part and parcel of the capture of state institutions to serve private interests.

DDD

THE ALLEGATION THAT I DID NOT AVAIL MYSELF FOR A HANDOVER MEETING WITH MINISTER NENE

64. Mr. Fuzile alleged that I did not meet my then predecessor, Mr. Nene for a handover report as was the custom. He is misinformed. My Chief of Staff received the handover report from former Minister Nene's Chief of Staff. The meeting with Mr. Nene did not take place, not because I was opposed to it or had no interest in. It did not take place because Mr. Nene became unavailable to meet after the 11th of December 2015. I therefore deny that I was opposed to meeting with Mr. Nene to discuss a handover report and receive a briefing. I cannot recall Mr. Nene expressing that view but if he did then I am unaware. I attach the handover report of Mr Nene as received from his former chief of staff, Marlon Geswit, as **"DVR4"**.

Meeting with Deputy Minister Jonas

65. As part of ensuring a smooth working relationship with Deputy Minister Jonas I requested a meeting with him which took place on 11 December 2015. The main focus of the meeting was to firstly assure him of my commitment to our cooperation. my immediate approach to my new assignment as the Minister of Finance, and also to solicit his input on urgent matters to be entertained. Amongst other things, Jonas assured me of his support and cooperation. He agreed to the need to hold an urgent Executive Management meeting which would be followed by a detailed plan of action. After our meeting, I insisted on him accompanying me to the subsequent meeting with the Senior Management team of the National Treasury under the leadership of Mr Fuzile. Jonas tendered his apology due to a long arranged Public Investment Corporation engagement.

DDD

My meeting with Messrs Fuzile, Bobat and Whitley

66. I confirm that I requested a meeting with Mr Fuzile immediately after my meeting with Deputy Minister Jonas. Messrs Whitley and Bobat were also in the meeting. The main purpose of the meeting was to get an update on the tasks assigned to the Director-General, including the state of readiness of our imminent meeting with the Senior Management Team. The other purpose of the meeting was for me to introduce Mr Whitley and request Mr Fuzile to facilitate his appointment as my Chief of Staff. Once more Mr Fuzile as the Director-General welcomed my decision to appoint Whitley and undertook to expedite the finalization of the appointment process.

67. It was in this meeting where I asked Mr Fuzile to prepare a status quo report which would be used to guide the envisaged Executive Management meeting, which was to be held on 15 December 2015. Having understood the importance of the meeting of 15 December 2015, Mr Fuzile willingly agreed to put together the requested status quo report which would be delivered to me on 14 December 2015, the day before the meeting. I was shocked to learn for the first time during Mr Fuzile's testimony at this Commission that I was unreasonable and abusive to demand such a crucial report.

68. In his statement and evidence, Mr Fuzile stated that I had requested from him a handover report which could only be given to me by the former Minister Nene. This is not true. The truth is I asked him for a status quo report which was to be presented at the Executive Management Meeting and not the handover report. If he had indeed understood me to be seeking a handover report from him which in his view could only come from the previous minister, he would have advised me that he could not give me such a report. I

DDD

obtained the handover report from Minister Nene's Chief of Staff, Marlon Geswit, through my Chief of Staff. In my meeting with Mr Fuzile, he undertook to provide me with the Status quo report on the Monday following that meeting.

Meeting with Senior Management Team of the National Treasury

69. Immediately after the meeting with Mr. Fuzile, we proceeded to our meeting with the Senior Management Team of the National Treasury. As initially agreed with Mr. Fuzile, the focus of this meeting was for me to assure the Senior Management Team of my commitment to work with them, and also to serve as an introductory session and to reiterate to them about the planned Executive Management Meeting which was to take place on Tuesday, 15 December 2015. My approach to this meeting with the Senior Management Team and the planned Tuesday meeting were thoroughly discussed with Mr. Fuzile as the then Director-General of the National Treasury. It is therefore disingenuous of Mr Fuzile to claim that he had hoped for a long and detailed meeting.

70. As much as I do not remember every detail of what happened in my meeting with the Senior Management Team, I wish to state that Mr Fuzile lied to the Commission when he said I wrongly introduced the names and roles of Bobat and Whitley. As already stated in this statement, I met Bobat and Whitley before this meeting. There is therefore no basis on which I could have confused them. On 10 December 2015 and 11 December 2015, I respectively told Mr Fuzile about Bobat and Whitley's positions.

71. The statements and evidence by Mr Mogajane and Ms Macanda are contradictory. According to the latter's statement (para 37) I correctly introduced Whitley as the Chief

DDJ

of Staff and Mr Bobat as my special advisor. This is contrary to the statements of Mr Fuzile (para 65) and Mogajane (para 10) who indicated that I confused both the names and roles of Bobat and Whitley. It is as if the three people were not in the same meeting. I know that I did not confuse the names and roles of Mr Babot and Whitely. Therefore, Ms Macanda spoke the truth in relation to this aspect, and Mr. Mogajane and Mr. Fuzile did not. Quiet interestingly Mr Mogajane seems to be notorious with not telling the truth, it is public knowledge that the Public Protector (Report No. 28 of 2018/19) has found that the current National Treasury Director General Mr. Mogajane failed to disclose a criminal record on Z83 application form for the position of Director-General, which he currently holds.

72. Apart from the appointment provisions and considerations provided for in the Public Service Act and the Ministerial Handbook, in his statement (para 15) Mogajane interestingly claims that Ministers should appoint Chief of Staff with whom they have a long-standing relationship. I must submit that in all the years I served as Executive Authority, I have used merit and competency as the guiding principles in appointing support staff, and I can safely confirm that out of this approach, I have seen excellence and loyalty prevailing.

My concluding remarks about the statements of Mr Fuzile, Mr Mogajane and Ms Macanda

73. As I have stated in this statement, I followed what I understood to be the normal process in the appointment of my Ministerial Support Staff. Mr Fuzile's allegation that the appointment of my support staff was done before any proper process or background checks was done is misleading to this Commission. As a former senior government

official, having served in government for at least 16 years, six whereof he was a Director-General, he should be knowing it better that due to State Security Agency capacity problems, government departments, State Owned-Companies and all government linked institutions allow appointments whilst awaiting security clearance application to be concluded.

74. I reiterate that according to my knowledge all departments go through the same process, which means that the National Treasury under my short stint as Minister of Finance was not an exception. Based on this known practice, I submit that Mr Fuzile deliberately misled the Commission in order to cast aspersions on me.

75. South African legislation enjoins Directors-Generals to give sound and prompt advice to their political principals. It should therefore be serious cause for concern that Mr Fuzile did not bring what he regarded as violation of legislation to my attention but instead brought it to the Commission. I would have expected that a seasoned Government officials who claimed to have had concerns about the performance of the National Treasury would have brought these serious concerns to me as the Minister of Finance then. If I had refused to take his advice, he ought to have put his advice in writing as required by legislation. It left me perturbed that Mr Fuzile as the Director-General of the Department did not bring such serious concerns to my attention. If he did not trust me, he would have reported the matter to the Presidency or at the very least the Public Service Commission, which he did not do.

76. All the three officials, namely Mr. Fuzile, Mr. Mogajane and Ms Macanda complained about Mr Bobat before the Commission but none of them used existing procedures to

DDD

lodge their complaints. It is also important to note that the three officials contradict one another regarding how I introduced my support staff at the Senior Management meeting. I cannot help it but see this as a group of people who agreed to act in concert to try and implicate me as a "Gupta captured deployee."

THE ALLEGATION RELATING TO THE MEDIA STATEMENT

77. Mr. Fuzile insinuates that I did not prepare the speech and statement that I made after my swearing in ceremony. He, without any shred of evidence insinuates that someone else other than myself prepared that statement and is bold enough to suggest that he and his team would have provided a better statement.

78. A public statement by any new Minister ought to be carefully made because if made recklessly, it could undermine confidence in the institution. I was cautious in engaging the public robustly before meeting the National Treasury teams and assembling a proper briefing on the priorities of the department. I did not have one chance of making a public statement. I decided that I would make the statement that I made. It was not meant to set out a new agenda for the National Treasury but it was an attempt to register my new presence. I was not going to, as Mr. Fuzile believes I should have, make a big speech on matters that I had not fully engaged on or being briefed properly on.

79. What is untrue, however, is the insinuation that I was not the author of that public statement. The temerity of Mr. Fuzile's statement that I read a statement written by someone else is fanciful and a false imagination.

DDD

80. As a matter of fact, in a telephone conversation that I had with Mr Fuzile and Ms Macanda before the swearing in ceremony, I shared my statement with them. They agreed with the content of the statement. They further agreed with my directive of issuing a detailed statement after the Executive Management Meeting scheduled for 15 December 2015. The Presidency issued a detailed statement to address the markets concerns. I was aware of the statement and its contents. I attach a copy thereof as "**DVR5**". I therefore find Mr Fuzile's oral testimony disingenuous in suggesting that my statement showed a lack of undertaking the issues at play. He agreed with it. If he felt strongly about this statement, he was obliged to register his discomfort as the Director General which he did not do.

My attempt to access to information

81. With regards to the allegations that I did not know the names of my Chief of Staff (Whitley) and my Special Advisor (Bobat), I instructed my attorneys to seek information through the Promotion of Access to Information Act, of the tape recordings of my meeting with the Senior Management Team of National Treasury to prove that what Mr Fuzile and Ms Mogajane told the Commission is not true. By a letter dated 14 January 2019, the National Treasury Director-General returned to my attorneys of record and said the information requested is not available because no minutes were taken and there was no formal recording. Also, that the video footage for that meeting has been disposed of. The letter inadvertently refers to the meeting of 11 December 2015 as having taken place on 15 December 2016. I attach a copy of the letter from the Director-General the National Treasury hereto as "**DVR6**"

DDD

CONCLUDING REMARKS

82. The court of public opinion led by the mainstream media has long passed a judgment on guilt on all the individuals that are alleged to have been loyal to former President Jacob Zuma or those who are alleged to have had links with the Gupta family, making it difficult for anyone go against the tide. It has therefore been easy for many to go on the bandwagon and make all manner of false reputation damaging allegations. I place in this category the narrative that Mr. Fuzile, Mr. Mogajane and Ms. Macanda have pursued before this Commission. Whilst I appreciate this Commission is not a Court of law, I once again reiterate my confidence in it. I am confident that the Commission will robustly dissect the statements and evidence presented by the three, and come to a far better conclusion on what could have influenced their statements. Due to the fact that the allegations made in this Commission have far reaching implications on the dignity and reputation of those implicated, I am hopeful that in the interest of justice and fairness, this Commission will ensure that appropriate steps are taken, or recommended to be taken, against those who used the platform of the Commission to deliberately dent the reputation of others.

83. Lastly, I hope that my response to the statements and evidence of Mr. Fuzile, Mr. Mogajane and Ms. Macanda will help the Commission in the execution of its mandate, especially in addressing paragraph 1.8 of its Terms of Reference.

84. I am available and ready to assist the Commission further.

85. I thank you.

JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

NOTICE IN TERMS OF RULE 3.3

TO : **Mr. DES VAN ROOYEN**

C/O : Lucky Thekisho Inc. Attorneys
Burlington House
1st Floor Suite 106-108
235 Helen Joseph Street
Pretoria (CBD)
Email: thekishol@gmail.com

IN TERMS OF RULE 3.3 OF THE RULES OF THE JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION, FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE ("THE COMMISSION"), YOU ARE HEREBY GIVEN NOTICE THAT:

1 On 16 November 2018 the Commission received a signed statement from Mr LUNGISA FUZILE ("the witness") wherein he implicated or may have implicated you. A copy of the witness's statement that implicates or may implicate you is attached as "A".

2 The Commission's Legal Team intends to present this evidence contained in Annexure "A" on 21 and 22 November 2018 at 10H00 .

3 The witness statement implicates you in, *inter alia*, the following respects:

3.1 During and in December 2015, you appointed Mr Bobat, Mr Mabaso and Mr Whitley as your advisors and Chief of Staff , respectively, in a manner that was improper and/or unlawful .

3.2 At the time Mr Mabaso was appointed as an advisor to yourself he was allegedly employed as an advisor to Minister Mosebenzi Zwane and he was thus bringing expertise on how to " take over an institution" in the context of the state capture phenomenon.

3.3 The witness formed an impression from your appointment of these three advisors that there was a connection between what the Guptas wanted and what the President of the country wanted and was doing.

3.4 Mr Bobat , as your advisor, shared classified information with the people outside government, such as Mr Eric Wood, for their benefit.

3.5 Mr Bobat ,as your advisor , interfered unlawfully with the administration and management of the National Treasury by giving instructions to , inter alia, the Director- General and the Head of Communications.

3.6 In your appointment of your advisors you failed to follow proper processes and background checks and policies and may have contravened the Public Service Act and the provisions of the Dispensation for the Appointment and Remuneration of Special Advisers.

4 As indicated above, the witness will give evidence at the hearing on 21 and 22 November 2018 at 10H00 at 4th Floor, Hill on Empire, 16 Empire Road, Parktown, Johannesburg.

5 You may attend the hearing at which the witness gives evidence.

6 You may be assisted by a legal representative when the witness gives evidence.

7 If you wish to:

7.1 give evidence yourself;

7.2 call any witness to give evidence on your behalf; or

7.3 cross-examine the witness

then you must apply, within fourteen (14) calendar days of this notice, in writing to the Commission for leave to do so.

8 An application referred to in paragraph 7 above must be submitted to the Secretary of the Commission. The application must be submitted with a statement from you in which you respond to the witness's statement in so far as it implicates you. The statement must identify what parts of the witness statement are disputed or denied and the grounds on which they are disputed or denied.

9 In the event that you believe that you have not been given a reasonable time from the issuance of this notice to the date on which the witness is to give evidence as set out in

paragraph 4 above and you are prejudiced thereby, you may apply to the Commission in writing for such order as will ensure that you are not seriously prejudiced.

DATED AT Johannesburg **on this** 19th **day of** November **2018.**

TAKE NOTICE that the applicant intends to make application to the above court on a date and time to be arranged with the Registrar for the following relief:

1. An order:

1.1 declaring that the first respondent and/or the second respondent (hereinafter referred to as "the respondent"):

1.1.1 has breached the assurances and/or undertakings given by the respondent in the letter dated 13 October 2016 (annexure **E** to the founding affidavit) that the report "will not express a point of view and make any findings and/or recommendations that involve allegations concerning" the applicant;

1.1.2 has breached the assurances and/or undertakings given by the respondent in the letter dated 21 October 2016 (annexure **H** to the founding affidavit) that, in the event that the respondent "contemplates any further report which may negatively implicate your client, it will observe and respect your client's rights of

procedural fairness and the relevant provisions of the Public Protector Act."

1.1.3 has breached the assurances and/or undertakings given by the respondent in the affidavit deposed to Mr CH Fourie (annexure F to the founding affidavit) that there is "no risk that the report will cause any prejudice to the applicant" and that the report "makes no findings, expresses no point of view and makes no recommendations involving allegations" concerning the applicant.

1.2 declaring that the respondent, in finalising and publishing the "State of Capture" report No. 6 of 2016/2017 ("**the report**"), has infringed upon and violated, the applicant's rights to procedural fairness;

1.3 declaring that the decision taken by the respondent to finalise and publish the report prior to the expiration of the term of office of Ms Thuli Madonsela on 14 October 2016, be reviewed and set aside;

1.4 reviewing and setting aside the report;

1.5 reviewing and setting aside the remedial action contained in paragraph 8 of the report;

1.6 directing that the report be referred back to the respondent for further investigation.

2. In the *alternative* to paragraphs 1.3, 1.4 and 1.5 above an order:

2.1 that the report and/or the findings, observations, references and remedial action contained in the report, insofar as they refer or relate to the applicant, be reviewed and set aside; and

2.2 directing that the report, insofar as it refers or relates to the applicant, be referred back to the first respondent for further investigation.

3. That any other party that opposes the application be ordered to pay the costs of the application, jointly and severally, the one paying for the other to be absolved.

4. Further and/or alternative relief.

PLEASE TAKE NOTICE that the attached affidavit of **DAVID DOUGLAS DES VAN ROOYEN** together with annexures thereto will be used in support hereof.

PLEASE TAKE NOTICE FURTHER that within 15 days, the respondent is required, in terms of Uniform Rule 53(1), to despatch to the Registrar, the complete record of proceedings and/or investigation giving rise to the decision, report and remedial action sought to be reviewed and set aside, together with such reasons as the respondent is by law is required or desires to give or make, and to notify the applicant that she has done so.

PLEASE TAKE NOTICE FURTHER that the applicant reserves his right to amend, add to or vary the terms of this notice of motion and supplement his founding affidavit once he has received the reasons and documents, within 15 days from receipt thereof.

PLEASE TAKE NOTICE FURTHER that the applicant has appointed as his attorneys of record, **KHAMPHA ATTORNEYS INC, c/o T.M CHAUKE INCORPORATED** situated at 2nd Floor, Eastwing, Sammy Marks Square, 314 Church Street Pretoria (email: azwi@khamphainc.co.za) as the address at which he will accept notice and service of all documents herein. 46

FOUNDING AFFIDAVIT

I, the undersigned,

DAVID DOUGLAS DES VAN ROOYEN

declare on oath that:

1. I am the Minister of Co-operative Governance and Traditional Affairs ("**COGTA**") of the Republic of South Africa.

2. I am the applicant in this matter.

3. The facts contained in this affidavit are within my personal knowledge, except where otherwise stated or where the context otherwise indicates, and are true and correct.

THE RESPONDENTS

4. The first respondent is **THE OFFICE OF THE PUBLIC PROTECTOR**:

DDS

4.1 a juristic person and Chapter Nine institution established in terms of section 181(1)(a) of the Constitution of the Republic of South Africa, 108 of 1996 ("**the Constitution**") read with the Public Protector Act 23 of 1994 ("**the PP Act**");

52

4.2 with principal place of business situated at 175 Lunnon Street, Hillcrest Office Park, Pretoria;

4.3 costs will only be sought against the first respondent in the event that the first respondent opposes the application.

No relief is sought against the ninth respondent unless the ninth respondent opposes the application in which event costs will be sought against the ninth respondent.

PURPOSE OF THE APPLICATION

14. In this application, I seek an order:

14.1 declaring that the respondent:

14.1.1 has breached the assurances and/or undertakings given by the respondent in the letter dated 13 October 2016 (annexure E to the founding affidavit) that the report "will not express a point of view and make any findings and/or recommendations that involve allegations concerning" the applicant;

14.1.2 has breached the assurances and/or undertakings given by the respondent in the

letter dated 21 October 2016 (annexure H to the founding affidavit) that, in the event that the respondent "contemplates any further report which may negatively implicate your client, it will observe and respect your client's rights of procedural fairness and the relevant provisions of the Public Protector Act."

56

14.1.3 has breached the assurances and/or undertakings given by the respondent in the affidavit deposed to Mr CH Fourie (annexure F to the founding affidavit) that there is "no risk that the report will cause any prejudice to the applicant" and that the report "makes no findings, expresses no point of view and makes no recommendations involving allegations" concerning the applicant.

14.2 declaring that the respondent, in finalising and publishing the "State of Capture" report No. 6 of 2016/2017 ("**the report**"), has infringed upon and violated, the applicant's rights to procedural fairness;

14.3 declaring that the decision taken by the respondent to finalise and publish the report prior to the expiration of the

term of office of Ms Thuli Madonsela on 14 October 2016, be reviewed and set aside; 57.

14.4 reviewing and setting aside the report;

14.5 reviewing and setting aside the remedial action contained in paragraph 8 of the report;

14.6 directing that the report be referred back to the respondent for further investigation.

15. In the *alternative* to paragraphs 14.3, 14.4 and 14.5 above an order:

15.1 that the report and/or the findings, observations, references and remedial action contained in the report, insofar as they refer or relate to the applicant, be reviewed and set aside; and

15.2 directing that the report, insofar as it refers or relates to the applicant, be referred back to the respondent for further investigation.

16. The respondent is to pay the costs of this application.

A SUMMARY OF MY CONTENTIONS

17. In summary, I contend as follows:

DDA

17

58

17.1 my rights to procedural fairness contained in section 3 of the Promotion of Administrative Justice Act 3 of 2000 ("the PAJA") were violated and ignored by the respondent in that, *inter alia*, I was not granted:

17.1.1 adequate notice of the nature and purpose of the proposed administrative action [Section 3(2)(b)(1)(i)];

17.1.2 a reasonable opportunity to make representations [Section 3(2)(b)(1)(ii)];

17.1.3 a clear statement of the administrative action [Section 3(2)(b)(1)(iii)];

17.1.4 the right to present and dispute information and arguments [Section 3(3)(1)(b)];

17.1.5 appear in person before the respondent [Section 3(3)(1)(c)].

17.2 there exist no circumstances which could make it reasonable or justifiable for the respondent to depart from the requirements for procedural fairness provided for in section 3(2) of the PAJA;

DDD

COMMISSION OF INQUIRY INTO STATE CAPTURE

17.3 Because of, *inter alia*, the adverse effects of the administrative action on me, the prejudice the publication and finalisation of the report has caused me, the seriousness of the allegations and the national importance of the proposed administrative action, there exist circumstances which render it unreasonable and not justifiable for the respondent to depart from the requirements for procedural fairness provided for in section 3(2) of the PAJA;

17.4 my rights to procedural fairness as contained in section 7(9) of the PP Act have been violated and ignored in that I, *inter alia*, was not afforded an opportunity (or, at the very least, a reasonable opportunity) to deal with and answer the allegations that were levelled against me in the notice delivered to me in terms of section 7(9) of the PP Act (annexure A), that were the subject of the investigation or that were made in the report;

17.5 in any event, the said notice (annexure A) did not mention the celiphone records that were allegedly obtained and relied upon to draw the conclusion in the report that I was in Saxonwold prior to my appointment as Minister of Finance and so, even if I was given a reasonable opportunity to

respond to the said notice (which I was not), I would not have had the opportunity of considering such allegations, yet the findings made in terms thereof were relied on and published in the report;

60

17.6 by failing to afford me an opportunity to be heard in terms of section 3 of the PAJA and section 7 of the PP Act, the respondent trampled unreasonably and unjustifiably on my constitutionally guaranteed right of *audi et alteram partem*;

17.7 Ms Madonsela's (i.e. the erstwhile second respondent's) decision to rush and conclude her investigation and to finalise and publish the report by 14 October 2016 (i.e. the expiration of her term of office), without due regard for the requirements of procedural fairness and my constitutional rights, as set out above, had resulted in the inescapable and only reasonable conclusion that:

17.7.1 Ms Madonsela (i.e. the erstwhile second respondent) was fettered in her decision making by the imposition of the rigid and unreasonable time period and conditions within which she concluded her investigation and finalised and published the report;

17.7.2 Ms Madonsela (i.e. the erstwhile second respondent) was motivated by an *ulterior purpose*, as envisaged by section 6(2)(e)(ii) of the PAJA and the common law, in that, she was motivated to finalise and publish the report in the unreasonably short time period prior to the expiration of her term of office in order for her to further enhance her public profile and for the report to be her swansong, so to speak. 61

17.8 When conducting the investigation and publishing and finalising the report, the respondent was exercising a public power and her actions are subject to, and constrained by, the principle of legality enshrined by section 1(c) of the Constitution of the Republic of South Africa ("the Constitution") and the rule of law.

17.9 The respondent failed to have due regard to the principle of legality and the rule of law especially in regard to her failure to bring balance to the report by observing the requirements of procedural fairness.

17.10 The remedial action is tainted by the failures in the process of finalisation and publication of the report and should be

reviewed and set aside on this basis alone.

62

17.11 Section 2 of the Constitution provides that any law or conduct inconsistent with the Constitution is invalid. The remedial action is inconsistent with the Constitution and as it is unlawful and invalid. I am advised that nature of the remedial action straddles the separation of powers doctrine which is the rule of law. In, inter alia, paragraph 8.4 of the report, the Public Protector is directing remedial action in areas which the Constitution has left to the Executive. Only the President has the power to direct and appoint a commission of enquiry and in circumstances where he is of the view that there is a matter of public concern which requires such a process.

17.12 For all these reasons set out above, the report ought to be reviewed and set aside as provided for in the notice of motion.

MY BACKGROUND

18. I wish to set out some background information regarding me which, in my view, provides important context.

19. I have always prided myself on being a faithful public servant and have dedicated my life to the advancement of the people of the Republic of South Africa.

20. I have made many sacrifices in my life in order to ensure that I am best qualified to serve my country and its people. 63

21. I have done my utmost to advance myself academically, often having to balance a life of public service with the rigours of a demanding academic program and family.

22. I have had a long history and involvement in the liberation struggle for the people of the Republic of South Africa and I have been involved in politics since the mid 1980s.

23. In 1986, I joined uMkhonto we Sizwe ("**MK**") as an operative and a soldier. I was forced into exile and lived in Mozambique and Tanzania.

24. Since 1994, I have served as a faithful public servant. I started out in the democratic era as a ward councillor and member of the mayoral committee on public safety at the Merafong Municipality. I eventually occupied the position of executive mayor, which position I held for 6 years. I was later appointed as the Chair of the South African Local Government Association ("**SALGA**") in the North West Province.

25. During my career, I have held, *inter alia*, the following positions:

25.1 member of COSAS branch EXCO (1984 –1986); 64

25.2 chairperson of the Khutsong Student Congress (1986 – 1987);

25.3 United Democratic Front representative in the Khutsong area (1986-1989);

25.4 Roman Catholic Church Youth Club President (1986 – 1989);

25.5 West Rand Youth Congress Exco (1987 –1989);

25.6 MK operative (1986 –1989);

25.7 MK soldier (1989 –1994);

25.8 NUM member (1988 –1989);

25.9 ANC branch leader (1994 –1997);

25.10 ANC regional leader (1997 – 2007);

25.11 ANC provincial leader (2007 – 2009);

25.12 Executive Mayor of the Merafong Municipality (2003 –

2009); 65

25.13 Chair of SALGA North West (2007 – 2009)

25.14 Member of Parliament (2009 – to present);

25.15 ANC Whip for the economic transformation cluster (2009 – 2014);

25.16 ANC Whip for the standing committee on finance (2014 – 2015).

26. I hold the following qualifications:

26.1 Advanced Business Management Diploma (2000 – 2004);

26.2 Diploma in Municipal Governance (2002 – 2003);

26.3 Certificate in Municipal Governance (2004 – 2005);

26.4 Certificate in Councillor Development (2005 – 2006);

26.5 Certificate in Economic & Public Finance (2007 – 2008);

26.6 A Masters degree in Public Development & Management

from Wits University (2006 – 2009);

66

26.7 A Masters of Science degree in Finance (Economic Policy) from the University of London (2011 – 2014);

26.8 Certificate in Investment and Portfolio Management (2014 – 2015).

INTRODUCTION

27. As a public servant, it is my duty to serve the Republic of South Africa in whichever capacity or portfolio that I am required to serve in.

28. A member of the cabinet serves by appointment, and at the pleasure of, the President of the Republic of South Africa.

29. On 9 December 2015, I was appointed by the President to serve in his cabinet as the Minister of Finance.

30. On 13 December 2015, I was appointed by the President to serve as the Minister of COGTA and I have served in this position ever since.

31. Since my appointment as a Minister, I have been the subject of

vicious and sensational vilification in the media.

67

32. Numerous media reports have been published seemingly with the sole purpose of assassinating my character and without any regard for my dedication to public service and my experience and qualifications to carry out my duties.

33. It is no secret that the Gupta family (and anyone who the media views or decides is associated or connected with Gupta family) have been made the subject of constant negative and sensational reporting in the media.

34. It is within this context that Ms. Madonsela, in her capacity as the erstwhile Public Protector, embarked on her investigation and published and finalised the so-called "State of Capture" report.

35. In finalising and publishing the report, Ms Madonsela had no regard for my rights to procedural fairness.

36. Instead, Ms Madonsela proceeded, at break neck speed, at all cost (all the while ignoring my constitutionally entrenched rights) to proceed to finalise and publish the report before the expiration of her term on 14 October 2016.

37. The inescapable conclusion is that Ms Madonsela did so knowing

that the report would serve to whip up the media frenzy once more and the contents of the report would provide fodder for this purpose. Knowing the consequences and the far reaching impact of the publication and finalisation of the report, Ms Madonsela had the highest duty to adhere to the strictest principles of procedural fairness and to ensure that she produced a balanced report. She failed to do so. In so doing, she abused her power. 68

38. This failure strikes at the heart of the principle of legality and the rule of law and the report serves to be reviewed and set aside on this basis alone.

CORRESPONDENCE WITH THE RESPONDENT

39. In a letter addressed by Ms Madonsela to me on 10 October 2016, a copy of which is annexed hereto as "**A**", the respondent gave notice in terms of section 7(9) of the PP Act and set out what she termed "Key Allegations implicating Minister Van Rooyen" in paragraph 6 thereof ("**the notification**").

40. In the letter, the respondent required a "considered response" from me as a "person against whom I am likely to make an adverse finding". This response was due by 17h00 on 12 October 2016.

69

41. I only received the letter only at 15h49 on 11 October 2016. This gave me 24 hours to provide the so-called "considered response".

42. The unilaterally imposed deadline which was impossible to meet and paid mere lip service to the requirements of procedural fairness.

43. The letter apparently served as a notice in terms of section 7(9) of the Public Protector Act, which provides as follows:

> *"(9) (a) If it appears to the Public Protector during the course of an investigation that any person is being* ***implicated in the matter being investigated and that such implication may be to the detriment of that person or that an adverse finding pertaining to that person may result, the Public Protector shall afford such person an opportunity to respond in connection therewith, in any manner that may be expedient under the circumstances.***
>
> *(b)(i) If such implication forms part of the evidence submitted to the Public Protector during an appearance in terms of the provisions of subsection (4),* ***such person shall be afforded an opportunity to be heard in***

connection therewith by way of giving evidence.

(ii) Such person or his or her legal representative shall be entitled, through the Public Protector, to question other witnesses, determined by the Public Protector, who have appeared before the Public Protector in terms of this section."

44. Section 7(4) provides as follows:

"(4)(a) For the purposes of conducting an investigation the Public Protector may direct any person to submit an affidavit or affirmed declaration or to appear before him or her to give evidence or to produce any document in his or her possession or under his or her control which has a bearing on the matter being investigated, and may examine such person.

(b) The Public Protector or any person duly authorised thereto by him or her may request an explanation from any person whom he or she reasonably suspects of having information which has a bearing on a matter being or to be investigated."

45. According to the notification:

45.1 the respondent was finalising an investigation into complaints about alleged improper and unethical conduct by the President of the Republic relating to alleged improper relationships and improper influence of the Gupta family.

45.2 the investigation concerned allegations that the Gupta family influenced the removal and appointment of the Minister of Finance, other Cabinet Ministers and the Boards of State-Owned Enterprises;

45.3 the respondent has "evidence" implicating me and that may lead to her making adverse findings against me;

45.4 it has as its purpose to "present [me with] an opportunity for a response thereto";

45.5 the alleged "evidence" is listed in paragraph 6 of the letter;

45.6 the respondent states that she has made the "observations and inferences" set out in paragraph 7 thereof;

45.7 I am advised that, unless contradicted, my actions as described in the notification are considered to be a violation

of the Executive Ethics Code and that my conduct appears "to compromise the credibility and integrity of [my] office and of government" and that I "used [my] position as Minister of Finance to improperly benefit another person." 72

45.8 I was requested to furnish my "considered response" to the allegations contained in the notification by 17h00 on 12 October 2016.

46. Most notably absent from the notice, is reference to the alleged cellphone records which, in the report, she says she obtained by subpoena and from which records she apparently draws the conclusions described in the report. The only reasonable inference to be drawn from this absence is that at the time of delivering the notice, Ms Madonsela did not have such evidence in her possession and did not intend to make reference thereto in her proposed report.

47. As such, Ms Madonsela could only have received such evidence after the date of the said notice and thus must have proceeded at break neck speed to change, alter, update and amend the report, to include reference to the cellphone records and draw the conclusions therefrom, between the date of the notice and 14 October 2016, without any regard to my rights to procedural

fairness.

73

48. Pursuant to receipt of the notification, it was the first time that I became aware that the respondent's investigation concerned, implicated or involved me. I had never been asked to give evidence or make submissions to the respondent during the course of the investigation despite being informed in the notification that the matter was reported to the respondent on 18 May 2016.

49. On 12 October 2016, I immediately wrote a letter to Ms Madonsela, a copy of which is annexed hereto as "**B**", *inter alia*, placing on record that I had only received the notification at 15H49 on 11 October 2016, asserting my procedural rights and in particular my right to deal comprehensively with the allegations that had been levelled against me. I also sought an assurance that her report would not be published with adverse findings against me without affording me a reasonable opportunity to consider such allegations and the evidence against me and to prepare and make representations.

50. On the same day (i.e. 12 October 2016) I instructed my attorney of record ("**Mr Khampha**") to address a follow up letter, a copy of which is annexed hereto as "**C**". In the letter, Mr Khampha sought the further information and made the enquires set out in paragraph

DDD

4 thereof. In particular, Mr Khampha, sought an understanding of, 74
on what basis it was thought reasonable of the respondent to afford me less than one day to respond meaningfully to the serious allegations levelled against me in the notification. The respondent was requested to provide an undertaking that the report would not be published containing "any adverse findings against or matter implicating me" until she had responded to my requests for information and provided me with a reasonable opportunity to deal with the allegations.

51. The respondent failed and/or refused to respond to the letters contained at annexures B and C.

52. In the circumstances, I had no other option but to launch urgent proceedings.

53. On 13 October 2016, I launched an urgent application under case no 80707/16 seeking, *inter alia*:

53.1 in Part A of the application, an interim interdict against the finalisation and publication of the report pending a determination of Part B of the application; and

53.2 in Part B of the application, I sought, *inter alia*, a

DDD

declaration that the respondent was obliged to comply with section 7(9) of the Public Protector Act and that the respondent be compelled to furnish a substantive response to the letter at annexure **C**.

75

("the first urgent application")

54. I attach a copy of the notice of motion in first urgent application hereto marked "**D.**"

55. Pursuant to service of the first urgent application, Mr Khampha received a letter on 13 October 2016 from Adams & Adams acting for the respondent, a copy of which is annexed hereto as "**E.**" In the letter, Adams & Adams record that "[o]ur instructions are that our client's report will not express a point of view and make any findings and/or recommendations that involve allegations concerning your client" and in the circumstances there is no basis for the relief sought in part A of the application.

56. On 14 October 2016, the respondent delivered an answering affidavit deposed to on the same date by CH Fourie, the head of legal services of the respondent, a copy of which is annexed hereto as "**F.**"

57. In the answering affidavit, Mr Fourie states, under oath, that:

76

> "6. *The applicant is correct that the Public Protector is in the process of completing a report relating to the relationship between the Gupta family and the President ("the report"). **However, there is no risk that the report will cause any prejudice to the applicant."***
>
> (My emphasis)

58. Notwithstanding what is set out above, Mr Fourie records at paragraph 7 of the answering affidavit that the respondent had already (as at 14 October 2016) "finalised and signed" the report and insofar as I sought to interdict the respondent from finalising the report my application was "too late".

59. However, in paragraph 7.2 of the answering affidavit, Mr Fourie records that the report "makes no findings, **expresses no point of view** and makes no recommendations involving allegations" concerning me and further, in paragraph 8, he records that, in light of this, I have "no reasonable apprehension of irreparable harm".

60. On 14 October 2016 the EFF, UDM and COPE (**"the political parties"**) applied to intervene in the first urgent application (i.e. case

no 80707/16). They also made a counter-application in which they sought, *inter alia*, an order compelling the publication of the report. 77

61. On 14 October 2016, the Honourable Mr Justice Fourie granted an order (by agreement) postponing the first urgent application to 1 November 2016 for hearing contemporaneously with the application brought by the President (under case no 79808/16) together with any applications to intervene and pending the determination thereof, the report would not be released to the public and would be preserved.

62. On 17 October 2016, the Democratic Alliance applied to intervene in both the first urgent application and the President's application.

63. On 20 October 2016, I instructed my attorneys to write to Adams & Adams. A copy of the letter is annexed hereto marked "**G.**" I refer to the following paragraphs of the letter:

> *"6. In paragraph 7.2 of the affidavit Mr Fourie gives the assurance that the report 'makes no findings, expresses no point of view, and makes no recommendations involving allegations concerning' our client.*
>
> *7. Our client accepts this assurance but subject to the following.*

DDD

8. You will recall that our client on 12 October 2016 addressed a letter to the Public Protector: 78

8.1 protesting at the inadequate time he had been given to respond to your client's letter of 10 October 2016 (some 24 hours) and

8.2 requesting certain information to which he considered he was entitled in terms of the Public Protector Act 23 of 1994.

9. This was followed up shortly thereafter in our letter of 12 October 2016 where certain further matters were raised requiring information from your client.

10. We note that no responses to these queries have been received.

11. Our client is of the view that no report which implicates him directly or indirectly or which creates any inference concerning him may or should be issued without the queries which I have referred to above having been adequately answered and our client having been an adequate opportunity of dealing therewith.

12. One of the points raised was our client's request in terms of section 9(b)(ii) to question witnesses through your client. Our client regards this as of high importance and a necessary prerequisite

before he can respond to the questions raised in your client's letter of 10 October 2016. 79

13. *Until such time as your client may determine to respond to our client's requests there is, in the light of Mr Fourie's statement under oath, no particular purpose served in our client pursuing his application.*

14. *We have noted in the meantime that the Democratic Alliance has applied to intervene and seeks the issuing of the report which to date has not been issued. Should a court grant the relief which the DA (and others) seek and the report be published we would rely on Mr Fourie's assurance. If this assurance should be proved wrong our client's rights would in all respects be reserved to take such steps as are necessary to protect his interests.*

15. *Accordingly, we are instructed to seek your agreement that our client's application, now postponed to 1 November 2016, be withdrawn. This would be on the basis that each party bears his or her own costs. Furthermore, we seek the assurance that, if your client should contemplate any form of report which may implicate our client negatively, your client will observe and respect his rights of procedural fairness and the terms of the Public Protector Act."*

COMMISSION OF INQUIRY STATE CAPTURE

64. On 21 October 2016, Adams & Adams responded to this letter, a copy of which is annexed hereto as "H", in which, on behalf of the respondent, they "accept" the proposal that the first urgent application be withdrawn. The letter also records that "our client has confirmed that if it contemplates any further report which may negatively implicate your client, it will observe and respect your client's rights of procedural fairness and the relevant provisions of the Public Protector Act". 80

65. A formal notice of withdrawal of the first urgent application, a copy of which is annexed hereto as "I", was delivered by my attorneys on 21 October 2016.

66. It is clear from what I have set out above that I had received an express assurance from the respondent, *inter alia*, that the respondent, in the report, made no findings, did not express a point of view and did not make recommendations involving allegations concerning me and that if there was such a report that implicated me, my procedural rights under the Constitution, the PAJA and the Public Protector Act, would be respected.

67. The assurances and/or undertakings given by the respondent were breached on the basis set out herein and below.

EVENTS SUBSEQUENT TO THE WITHDRAWAL OF MY PREVIOUS APPLICATION

81

68. On 21 October 2016, the respondent delivered a notice withdrawing its earlier opposition to the first urgent application (and the President's application) and abiding the outcome of both applications.

69. The notice was accompanied by an affidavit deposed to by Ms Busisiwe Mkhwebane who had been appointed to the office of the respondent with effect from 15 October 2016.

70. Because the notice and the affidavit do not refer to the withdrawal of the first application, I assume that they were prepared prior to such withdrawal.

71. A copy of Ms Mkhwebane's affidavit is annexed hereto marked "J."

72. In her affidavit, Ms Mkhwebane indicates that, given the fact that the report was prepared and finalised by her predecessor Ms Madonsela, she "is not in a position either to advocate that the report prepared and finalised by my predecessor be released or that the President and Mr Van Rooyen first be given additional time within which to submit representations. In the circumstances, the

appropriate course of action is to allow this court to decide whether or not the report should be released or whether the President and Mr Van Rooyen should first be given additional time within which to submit representations."

73. At paragraph 6.7.2 of the affidavit, the respondent confirms the facts set out in paragraph 7 to 15 of my founding affidavit in the first urgent application which deal, *inter alia*, with the notice that was addressed to me (annexure **A**) and the subsequent correspondence that was exchanged between us.

74. By saying that the respondent will allow the court to decide whether I should be given an opportunity to make representations, I assumed that this would only be the case if the report indeed contained allegations implicating me. However, given the assurances I had received from the respondent, I felt comfortable to leave matters as they stood.

75. Since the middle of October 2016, I had become aware of press reports and rumours that suggested that the report in fact implicated me in a negative way. However, since I had received an assurance from the respondent (i.e. to the contrary) I dismissed the rumours and the press reports and felt comfortable in my reliance on the assurances given by the respondent.

76. I was made aware that there was a contradiction contained in the affidavit deposed to by Mr Fourie of 14 October 2016 (annexure F). He, on the one hand had said that the respondent was in the process of completing the report and on the other hand that she had already finalised and signed the report. 83

77. On 26 October 2016, Mr Fourie filed a supplementary affidavit in both the first urgent application and the President's application explaining this contradiction and ambiguity.

78. In the supplementary affidavit, Mr Fourie refers to a letter from Adams & Adams dated 25 October 2016 in which reference is made to the decision to abide the outcome of the President's application and the counter-applications.

79. The letter records that "As a result, if it is correct that there is no live dispute between the President and the intervening parties as regards the report being made public, the Public Protector does not object to an order being granted (be it by consent or otherwise) directing the report to be made public".

80. A copy of the supplementary affidavit is annexed hereto as "K".

81. Against the background of persistent press reports (contrary to the

SDA B

assurance from the respondent) and considering the respondent's attitude to publication of the report, I became increasingly concerned. 84

82. The press articles appeared to be sourced from the report itself or from affidavits and evidence that had been provided to the respondent in the course of the investigation and that apparently concerned me.

83. I wanted to seek further reassurance from Mr Mkhwebane (i.e. the new Public Protector) that the report, now confirmed to be a final report of the respondent and which was now likely imminently to be published, did not concern, involve or implicate me, notwithstanding the media reports to the contrary and considering the assurances already given to me by the respondent.

84. Accordingly, on 27 October 2016, I addressed a letter to Ms Mkhwebane, a copy of which is annexed hereto as "L." I refer this Court to the following paragraphs of the letter:

> "2. *I am concerned about the several media reports citing affidavits that allegedly form part of the report. It appears from the numerous media reports that the report itself or a portion thereof is already in the public domain.*

COMMISSION OF INQUIRY STATE CAPTURE

3. *It further appears from such media reports that my name has been referred to in the report in a manner that suggests that I am implicated despite the undertaking given by you that the report does not express a point of view or make any findings and/or recommendations that involve allegations concerning me.* 85

4. *I request your confirmation whether indeed the report has been leaked and if so, whether this was prior to or after the undertaking I received from you.*

5. *This has placed me in an invidious position that the assurance given to me under oath and through a letter from you was nothing but cold comfort."*

85. I received no response to this letter or to my request for a meeting with the respondent.

86. On 30 October 2016, the Sunday Times published an article, a copy of which is annexed hereto marked "**M**", which states as follows:

"The visits [by me to the Guptas] on consecutive days between December 2 and 8, have been revealed by a team of Public Protector investigators tasked with probing alleged state capture by the family.

The BBC previously reported that cellphone evidence put Van Rooyen at the Gupta's Saxonwold house on the night before his appointment. Now the Sunday Times has learned that the minister visited the family for an entire week. The investigators used cellphone records to track Van Rooyen's whereabouts in the days preceding Zuma's decision to appoint him in place of Nhlanhla Nene."

87. The article goes on to quote "a trail of emails" and states that "One of the investigators told the Sunday Times that Madonsela's office received the evidence just days before she was served with two separate notices by Zuma and Van Rooyen to interdict her report". The article records that the "investigator" declined "to give details of how they had accessed Van Rooyen's cellphone records".

88. With reference to the contents of the Sunday Times article:

88.1 the former Public Protector had received information implicating me only shortly before finalising her report;

88.2 she nevertheless was determined to finalise the report notwithstanding the fact that I had never been informed of the allegations and have not been given a fair opportunity of responding thereto;

88.3 the information received was allegedly derived from my cellphone records which evidence must have been unlawfully procured as I had never given permission for my cellphone records to be handed over to the respondent nor had I waived my basic rights to privacy and confidentiality; 87

88.4 none of this information (i.e. regarding the cellphone records) had been provided to me nor was I given notice that the respondent intended to include allegations regarding my cellphone records;

88.5 The Sunday Times article (as read with some of the earlier press reports) clearly indicated that the information reported on is contained in the respondent's (final) report which was contrary to the undertakings and assurances that had been given to me by the respondent.

89. As a consequence of the disquiet that resulted from the various news reports that I had now received and in particular the Sunday Times article, I instructed my attorneys to launch a second urgent application under case number 84803/2016 ("**the second urgent application**"), inter alia, to interdict the publication of the report (Part A) pending the finalisation of an application to review and set aside the report (Part B).

90. A copy of the notice of motion is annexed hereto as "N".

86

91. Part A of the application was dismissed because the court was of the view that there was no change in circumstances from the time of the withdrawal of the first urgent application until the second urgent application was launched and as such, the application was not urgent.

92. The report was published on 2 November 2016 pursuant to an order of this court, a copy of which is annexed hereto as "O."

The records further show that Mr Van Rooyen frequently visits Saxonwold. Below is a reflection of calls made by Minister Van Rooyen while at Saxonwold: [REFERENCE TO DIAGRAM ON PAGE 105]."***

93.13 the diagram on page 105;

93.14 paragraph 5.25 on page 106;

93.15 under the heading "7. Observations":,

"Having considered the evidence uncovered during the investigation against the relevant regulatory framework, I make the following observations: President Zuma's conduct; 7.1. Regarding whether President Zuma improperly and in violation of the Executive Ethics Code, allowed members of the Gupta family and his son, to be involved in the process of removal and appointment of the Minister of Finance in December 2015: 7.1.3 ***Equally worrying is that Minister Van Rooyen who replaced Minister Nene can be placed at the Saxonwold area on at least seven occasions including on the day before he was announced as Minister. This looks anomalous given that at the time he was a Member of Parliament based in Cape Town****".*

94. By making the observations that the respondent did and stating in the report (i.e. as set out in paragraph 85.15 above) that it is "equally worrying" that I can be "placed" in Saxonwold and that this is "anomalous" there can be no clearer breach of the assurances and/or undertakings given by the respondent that the report "will not express a point of view and make any findings and/or recommendations that involve allegations concerning" me; that there is "no risk that the report will cause any prejudice to the applicant" and that the report "makes no findings, expresses no point of view and makes no recommendations involving allegations" concerning the applicant.

95. I have never been placed in possession of the alleged cellphone records nor have I been given the reasonable opportunity to answer the allegations made as a consequence thereof.

32

96. Until I am placed in possession of the evidence relied upon, I am unable to deal with the allegations made in consequence thereof.

97. I am, as of right, entitled to consider the evidence and to obtain legal and expert advice once I have had an opportunity to consider the evidence.

98. It is for, *inter alia*, this reason that I intend to make use of the provisions of Uniform Rule 53 to obtain a copy of the respondent's record of decision and to supplement this founding affidavit should the need arise.

GROUNDS FOR REVIEW

99. My rights to fair and just administrative action are set out, *inter alia*, in the PAJA, the PP Act, the Constitution, the principal of legality, the rule of law and the common law generally.

(a) The PAJA and the PP Act

100. Section 3 of PAJA reads:

"(1) Administrative action which materially and adversely affects the rights or legitimate expectations of any person must be procedurally fair. 33

(2)(a) A fair administrative procedure depends on the circumstances of each case.

(b) In order to give effect to the right to procedurally fair administrative action, an administrator, subject to subsection (4) must give a person referred to in subsection (1) –

(i) adequate notice of the nature and purpose of the proposed administrative action;

(ii) a reasonable opportunity to make representations;

(iii) a clear statement of the administrative action;

(iv) adequate notice of any right of review or internal appeal, where applicable; and

(v) adequate notice of the right to request reasons in terms of section 5.

(3) In order to give effect to the right to procedurally fair administrative action, an administrator may, in his or her discretion also give a person referred to in subsection (1) an opportunity to –

(a) obtain assistance and, in serious or complex cases, legal representation;

34

(b) present and dispute information and arguments; and

(c) appear in person.

4(a) If it is reasonable and justifiable in the circumstances, an administrator may depart from any of the requirements referred to in subsection (2).

(b) In determining whether a departure as contemplated in paragraph (a) is reasonable and justifiable, an administrator must take into account all relevant factors including –

(i) the objects of the empowering provision;

(ii) the nature and purpose of, and the need to take, the administrative action;

(iii) the likely effect of the administrative action;

(iv) the urgency of taking the administrative action or the urgency of the matter; and

(v) the need to promote an efficient administration and good governance.

5. Where an administrator is empowered by any empowering provision to follow a procedure which

DDR

is fair but different from the provisions of subsection (2), the administrator may act in accordance with that different procedure."

101. An administrator is defined in PAJA as "an organ of state or any natural or juristic person taking administrative action."

102. "Administrative action" is defined in PAJA as –

"any decision taken, of failure to take a decision, by an organ of state when exercising a public power or performing a public function in terms of any legislation."

103. I am advised that the decision by the respondent to publish and finalise the report prior to the expiration of the term of office of Ms Thuli Madonsela on 14 October, the finalisation and publication of the report and the publication of the remedial action constitutes administrative action which materially and adversely affected my rights and is administrative action as defined by the PAJA (**"the administrative action"**).

104. I was not given adequate notice of the nature and purpose of the proposed administrative action; a clear statement of the administrative action and a reasonable opportunity to make representations and appear.

105. The material and adverse effect on my rights inheres in the fact that, *inter alia*, by flouting my rights to procedural fairness, the report was published in circumstances where the allegations, untested as they are, are damaging to my reputation, have been adversely reported upon in the media, infringe upon my rights to *audi alteram partem* and in the event that the remedial action is implemented, I will be the subject of a judicial commission of enquiry on the terms set out in paragraph 8 of the report. 36

106. There can be no doubt that the publication of the report and specifically the allegations concerning me are material and have impacted me adversely and negatively.

107. There exist no circumstances which justify a departure from my rights to procedural fairness as provided for in section 3 of the PAJA.

108. In fact, the opposite is true. Because of, *inter alia*, the seriousness of the allegations made in the report and the notice, the high profile nature of the investigation, my position as a Minister, the invasion of my privacy in the obtaining of the alleged cellphone records, my pertinent requests for, and reliance on, proper procedural fairness and the adverse consequences of publishing the untested allegations, the respondent should have ensured that she complied

with the statutory obligations contained in section 3 of the PAJA to the letter and there exists no justification for her deviation therefrom. 37

109. This is especially so in circumstances where it is now established law that the findings and recommendations of the respondent cannot be ignored and must be implemented by organs of state unless they are set aside by a court on review.

110. It is in these circumstances that the administrative action ought to be reviewed and set aside.

111. The respondent is a Chapter Nine institution and a creature of statute created in terms of the provisions of Sections 181 to 183 of the Constitution as read with Section 1A of the PP Act.

112. Section 7(9) of the PP Act provides that:

> *"(9)(a) If it appears to the Public Protector during the course of an investigation that any person is being implicated in the matter being investigated and that such implication may be to the detriment of that person or that an adverse finding pertaining to that person may result the Public Protector shall afford such a person an opportunity to respond in connection therewith in any manner that may be expedient under the circumstances.*

COMMISSION OF INQUIRY INTO STATE CAPTURE

(b)(i) if such implication forms part of the evidence submitted to the Public Protector during an appearance in terms of the provisions of subsection (4) such person will be afforded an opportunity to be heard in connection therewith by way of giving evidence.

36

(ii) Such person or his or her legal representative shall be entitled, through the Public Protector, to question other witnesses, determined by the Public Protector who have appeared before the Public Protector in terms of this section."

113. I am advised that the respondent finalised and published the report without due regard for my rights as contained in section 7(9) of the PP Act in circumstances where I had specifically asserted such rights in the correspondence exchanged between us.

114. For the respondent to finalise and publish a report containing allegations implicating me negatively without due regard for my rights contained in section 7(9) of the PP Act, her conduct is in direct conflict with my right to procedural fairness.

115. The Constitution, the PAJA and the Public Protector Act require, at a minimum, for me to be given reasonable notice of the allegations that have been levelled against me, of the evidence relief upon by the respondent and then a reasonable opportunity to be heard. The

Public Protector has failed to comply with her obligations in terms of these basic requirements and has infringed upon and violated my rights.

39

116. I was given, following the notice from the respondent on 10 October 2016, less than 48 hours' for me to furnish my "considered" response to the serious allegations contained in the said notice on the basis of which the Public Protector had apparently concluded (i.e. unless I could refute the allegations) that I have acted in breach of section 2 of Ethics Code and that I used my position as Minister to improperly benefit another person. In fact, owing to my only having received the letter only on 11 October, the period for me to furnish this "considered" response was reduced to 24 hours.

117. What makes matter worse is that the notice gave no details of the evidence that the respondent had allegedly gathered and that formed the basis for the observations, inferences and the conclusions reached by her. The notice merely listed, in abbreviated form, certain allegations and certainly did not mention the alleged cellphone records and the allegations regarding my whereabouts that were apparently gleaned therefrom.

118. In a further flagrant disregard from my rights, I was lulled into a false sense of security by the assurances and/or undertakings given to

me by the respondent as set out above which assurance and/or undertakings have clearly been breached by the respondent.

100

119. I submit that the correct procedure to be adopted by the respondent was for her to comply with her obligations under section 7(9)(b) of the PP Act at to give me reasonable opportunity to deal with the allegations and evidence, by:

119.1 furnishing me with details of all the allegations that had been levelled against or concerned me;

119.2 furnishing me with the record of evidence or details thereof that was relied upon by the respondent and which allegedly implicated me;

119.3 giving me an opportunity to be heard (*audi et alteram partem*) in relation to the detail of such evidence;

119.4 giving me, through my legal representatives and through the Public Protector, an opportunity to question those who had appeared before, or who had provided evidence to, the respondent.

120. The failure by the Public Protector to comply with these requirements for procedural fairness has caused me to suffer

prejudice.

101

121. As I have already stated, the Public Protector's investigation into the Gupta family has attracted an enormous amount of publicity in the media and the public interest.

122. The publication of adverse findings, inferences or observations which are untested and for which I have not had a reasonable opportunity to deal with has caused serious damage to my reputation and it has also put me at risk of sanctions consequent upon the alleged breach of the Executive Members Ethics Act.

123. The respondent's conduct in this regard is clearly an infringement of my statutory entrenched rights to procedural fairness and for this reason the report falls to be reviewed and set aside.

(b) The Constitution and the the Common Law

(i) Generally

124. In addition, the respondent's conduct as set out above violates the doctrine of legality and offends the rule of law.

125. Section 33 of the Constitution states:

"33. Just administrative action

1) Everyone has the right to administrative action that is lawful, reasonable and procedurally fair."

126. Section 33 of the Constitution specifically requires the respondent to act lawfully, reasonably and procedurally fairly which she clearly has failed to do.

127. Even if the actions of the respondent did not amount to administrative action in terms of the PAJA, the impugned decision and/or action (as set out above) plainly constitutes the exercise of public power and is thus subject to the principle of legality. I am advised that all of my grounds of review can be accommodated under the principle of legality. I have been advised and submit that the principle of legality has been held by our courts to include requirements of lawfulness, rationality, and – in appropriate cases (of which this is one) – a fair hearing and/or adherence to the principle of *audi et alteram partem*.

128. Being a creature of statute, the respondent is bound to act within the powers and limitations contained in the Constitution and the PP Act.

COMMISSION OF INQUIRY INTO STATE CAPTURE

129. In the circumstances, by taking the decision to hurriedly finalise and publish the report prior to the expiration of Ms Madonsela's term of office and in so doing disregarding my rights to procedural fairness, the respondent acted irrationally and in disregard of the principles of legality.

130. The unreasonable time limits imposed upon office of the respondent by Ms Madonsela's insistence that the report be rushed, finalised and published by 14 October 2016 had the effect of fettering the full exercise of the powers conferred on her in her capacity as the Public Protector.

131. In so doing, the respondent placed limits on and fettered her own discretion by adhering rigidly to the severe time limits imposed for the finalisation and publishing of the report.

132. It is common cause that during her tenor, Ms Madonsela made a concerted effort to generate and enhance her public profile and her profile in the media and the public interest. She often made media appearances, gave interviews and posed for photographs which were published on the pages of many publications both nationally and internationally. Ms Madonsela maintained (and currently maintains) an active profile on social media, tweets profusely and engages the public on social media platforms consistently.

133. She has been described by many as a "darling of the media."

134

134. Considering Ms Madonsela's concerted efforts to enhance her media and public profile as described above, the unreasonable time limits imposed for the finalisation and publication of the report and her disregard of my rights to procedural fairness in order to achieve the unreasonable deadline, the only reasonable inference to be drawn from this conduct is that, the respondent wittingly, in the exercise of a public power, was motivated by an "ulterior purpose," as envisaged by section 6(2)(e)(ii) of the PAJA and the common law, to further enhance her public profile, to finalise and publish the report in great haste as her swansong, so to speak i.e. prior to her departure from office.

135. Generally, public power must always be exercised in the public interest and not for the personal advantage of the officials who wield that power and certainly not for praiseworthy purposes.

136. More specifically, the purpose envisaged in empowering statutes and other enabling legislation are binding on administrators acting in pursuance of them.

137. The manner in which Ms Madonsela attempted to rush the

finalisation of the report and make the report public prior to her retiring from her position as Public Protector, instead of providing for procedural fairness by allowing the incumbent Public Protector to complete a balanced investigation, finalise and publish the report in a timely, orderly and procedurally fair manner indicates that the respondent's predecessor's actions were taken for an ulterior purpose. 105

(ii) Separation of powers

138. Paragraph 8.4 of the remedial action contained in the report provides that, "The President to appoint, within 30 days, a commission of inquiry headed by a judge solely selected by the Chief Justice who shall provide one name to the President."

139. The remedial action falls to be reviewed and set aside on the ground that it is inconsistent with the constitution and is unlawful in circumstances where:

139.1 the remedial action straddles the separation of powers doctrine;

139.2 the respondent is directing remedial action in areas which the Constitution has left to the executive;

139.3 the Constitution has given the power to appoint a

commission to the President which is to be exercised when the President holds the view that a matter of public concern requires such a process and the respondent has directed the President to hold a commission inquiry because the respondent is of the view that such a commission be established; 136

139.4 any commission of inquiry instituted at the dictate of another (i.e. by the second respondent in terms of the remedial action) is unlawful and the President would effectively be abdicating his powers to the respondent if he were to act in terms of the remedial action which conduct would be invalid and unlawful;

139.5 the remedial action has directed that the President must specifically appoint a "judicial" commission of inquiry whereas section 84(2)(f) provides that it is the President who must choose what type of enquiry to establish;

139.6 the Chief Justice is directed by the respondent to appoint a judge to preside over the judicial commission of inquiry – the Constitution and the PP Act simply do not give the respondent such power

139.7 the Constitution does not give the Chief Justice the power to select a judge to preside over a commission of inquiry in circumstances where the Constitution has given those powers to the executive – the remedial action amounts to a breach of the doctrine of the separation of powers;

139.8 whereas the President has the power to determine the

timelines and terms of reference of such a commission, the remedial action unlawfully usurps this power and impermissibly dictates to the President when the commission must be established and its terms of reference; 137

139.9 the remedial action has the effect of outsourcing an investigation instituted in terms of the PP Act to the proposed judicial commission of inquiry which is unlawful. In a sense the second respondent has abdicated her responsibilities, powers and functions by requesting the President to appoint a judicial commission of inquiry relating to issues that properly fall within the ambit of the PP Act;

139.10 the decision to remove the investigation from the first respondent and to direct that the investigation be conducted by a judicial commission of inquiry is impermissible and unlawful and the inescapable conclusion is that Ms Madonsela did not want the investigation to continue outside her control – this makes her decision irrational;

139.11 section 3 of the ethics Act specifically provides that the investigation made pursuant to a complaint, in the nature of that made by Democratic Alliance, must be investigated by the respondent pursuant to, and in terms of, the provisions of the PP Act and not a commission of inquiry which does not have the same powers, procedures and controls as provided for in the PP Act;

139.12 remedial action has binding consequences whereas a commission of inquiry makes recommendations which are merely for the advice of the President and who may or may not choose to act in terms of those recommendations – to remove the complaint from the respondent and to establish a judicial commission of enquiry would have the effect of diluting the powers of the respondent (i.e. in that the recommendations of the respondent are binding and the recommendation of a judicial commission of inquiry are advisory);

106

CONCLUSION

140. In all the circumstances, I submit that I have made out a case for:

140.1 the report to be reviewed and set aside in terms of the provisions of section 6; 6(2)(b), 6(2)(c) and 6(2)(e)(ii) of the PAJA;

140.2 the report to be reviewed and set aside in terms of the common law principles of legality, fettering, ulterior purpose, *audi et alteram partem* and the rule of law;

140.3 a declaration that the assurances and/or undertakings given by the respondent have been breached on the basis as set out above;

140.4 the report to be referred back to the respondent for further investigation; and

139

140.5 any respondent who opposes the application, to pay the costs, jointly and severally, the one paying for the other to be absolved.

141. I reserve my report to supplement this founding affidavit (and the grounds of review) upon receipt of the record of decision as provided for in the notice of motion.

142. I call upon the respondent to furnish reasons why Ms Madonsela insisted that the investigation must be completed prior to the expiration of her term of office and why the investigation could not be completed by the second respondent (i.e. the incumbent) beyond the date of 14 October 2016 .

WHEREFORE I pray for an order in terms of the notice of motion to which this affidavit is affixed.

DEPONENT

SIGNED before me at Johannesburg on this the 19th day of

2016, the deponent having sworn that the contents of this affidavit are both true and correct, acknowledged that the deponent knows and understands the contents of this affidavit, that the deponent has no objection to taking the prescribed oath and that the deponent considers the prescribed oath to be binding on the deponent's conscience. 110

HANDOVER REPORT OF THE MINISTER OF FINANCE, MR NHLANHLA NENE

10 December 2015

116

1. INTRODUCTION

1.1. Purpose

The purpose of the handover report is to document the mandate, role and key achievements of the Minister of Finance, Mr Nhlanhla Nene from the inception of the fifth administration to 9 December 2015. The report also documents objectives that have not been, or have only partially been attained, indicating constraints that have prevented the attainment of these objectives.

1.2. Period covered

The handover report covers the period 10 May 2014 to 9 December 2015.

Structure of the report: In **Section 2**, the report spells out the legal mandate of the Minister of Finance, and lists the entities that report to him. It describes the current division of labour between the Minister and the Deputy Minister and specifies the Cabinet structures on which the Minister serves. **Section 3** of the report is focused on the economic policy framework of the country.

Section 4 discusses key achievements and weaknesses, particularly in relation to the functions for which the Minister, as policy head of the National Treasury, must take responsibility. **Section 5** discusses the multilateral environment in which the country has had to function, and the challenges of managing complex relationships in a changing international environment.

2. UNDERSTANDING THE MINISTRY OF FINANCE

2.1. Legal Mandate of the Minister of Finance

The Constitution: Chapter 13 of the Constitution of the Republic of South Africa is devoted to the area of Finance. Section 216 provides that 'national legislation must establish a national treasury and prescribe measures to ensure both transparency and expenditure control in each sphere of government, by introducing -
(a) generally recognised accounting practice;
(b) uniform expenditure classifications and
(c) uniform treasury norms and standards'.

Section 213 of the Constitution provides for the establishment of a National Revenue Fund, into which virtually all money received by the national government is paid. Other provisions in Chapter 13 cover the equitable division of revenue raised nationally among the national, provincial and local levels of government, the procurement of goods and services, the provision of government guarantees, the role of the Financial and Fiscal Commission which is accountable to Parliament and provincial legislatures, the role of the Central Bank, which is independent but must hold regular consultations with 'the Cabinet member responsible for national financial matters', and provincial and local financial matters.

Appointment of the Minister and Deputy Minister: The Minister of Finance is appointed by the President of the Republic of South Africa and serves as a member of Cabinet. The President also appoints the Deputy Minister. .

Role of the Minister: The Public Finance Management Act (PFMA) provides that the Minister of Finance is the 'Head' of the National Treasury and must make policy decisions for it. It lists as the Treasury's principal functions:

- Promoting government's fiscal policy framework and coordinating macroeconomic policy;
- Managing the budget process,
- Coordinating intergovernmental financial and fiscal relations as well as monitoring the implementation of provincial budgets,
- Controlling the implementation of the annual budget, and
- Promoting and enforcing transparency and effective management of revenue, expenditure, and assets and liabilities of departments, public entities and constitutional institutions.

2. Entities reporting to the Minister of Finance

2.2.1 National Treasury

The primary organ of state for which the Minister of Finance has political responsibility is the National Treasury (NT). As stated earlier the handover report focuses on the achievements and challenges experienced by NT, by way of a major annexure to which the heads of divisions (who are at the level of Deputy Directors-General in the public service, contributed.

Mandate: *The National Treasury's mandate is to promote the national government's fiscal policy; coordinate macroeconomic policy and intergovernmental financial and fiscal relations; manage the preparation of the budget; and ensure that revenue and expenditure, assets and liabilities, public entities and constitutional institutions are managed in a transparent and effective manner* (Annual Report 2012/13).

Director-General: The Director-General **is Mr Lungisa Fuzile,** whose contract will expire in 2016.

2.2.2. Other entities reporting to the Minister

In addition to the National Treasury, there are some fifteen entities that also report to the Minister of Finance. The main achievements and challenges of these entities are reflected in the separate reports compiled at the time of handover and which are attached to this report as well.

The entities are listed below:

NAME OF ENTITY	MANDATE/ROLE
South African Revenue Service (SARS) (Schedule 3A: National public entity)	Collect tax revenue; administer all national taxes, duties and levies; collect revenue imposed under any legislation as agreed by SARS and an organ of state or institution; prevent illegal import and export of goods;

	and facilitate legitimate trade.

In addition to the entities listed above, a Tax Ombud is appointed by, accountable to and reports to the Minister of Finance in accordance with the provisions of the Tax Administration Act. No. 28 of 2011. The Tax Ombud is Judge Bernard Ngoepe.

Chairpersons of Boards of Entities Reporting to the Minister of Finance

Several of the entities are in terms of their founding statutes, required to report to boards. The chairpersons of the boards are listed below:

No.	Entity Board	Chairperson
1.	Accounting Standards Board	Mr V. Jack
2.	Co-operative Banks Development Agency	Dr SP Makhesha
3.	Development Bank of Southern Africa:	Mr J. Moleketi
4.	Financial and Fiscal Commission	Mr Khumalo: Acting Chairperson
5.	Financial Services Board	Mr A. Sithole
6.	Government Employee Pension Fund	Dr R. Mokate
7.	Independent Regulator Board for Auditors	Mr W van de Linde
8.	Land and Agricultural Bank of South Africa	Mr A Moloto
9.	Public Investment Corporation	Mr M Jonas (Deputy Minister of Finance)
10.	South African Special Risk Insurance Association Limited	Mr M.A. Samie

P(c)-DDVR-0226

DVR-APPLICATION-218

With the large number of reporting entities, the Minister was not able to interact as extensively with all of them as he would have liked. This is a matter that will have to receive some attention under the next administration.

2.2.3 Matters requiring the immediate attention of the Minister

2.2.3.1. Responsibilities and delegations to the Deputy Minister of Finance

The division the division of responsibilities between the Minister and Deputy Minister was as set out in the table below. Because the roles, powers and functions of the Deputy Minister are not clearly defined in law, it is the Minister who is accountable for the function in question. The President has specifically granted the Deputy Minister the authority to sign off on tariff changes for SARS.

Responsibilities of the Minister	Responsibilities of the Deputy Minister
National Treasury *Budget Process* • Budget Office • Public Finance • Intergovernmental fiscal Relations *International Economics* • IMF/World Bank • SADC/ • SACU • G20 • BRICS • African Union Finance and Economics Ministers • United Nations Economic Commission for Africa *Economic Policy* *Tax, Finance and International Relations* *Assets and Liability Management* *Office of the Accountant-General*	**National Treasury** *Financial Sector Policy* • Financial Services Board *International Economics* • IMF/World Bank • SADC/SACU • Commonwealth Finance Ministers • UN Economic Commission for Africa *Office of the Accountant-General*
South African Revenue Service	**South African Revenue Service** • Tariff approvals
GEPF • Trustee	**Special Pensions Board**
DBSA	**Public Investment Corporation** Chair
SA Reserve Bank	**SA Reserve Bank** • Banking supervision

For action: The Minister must decide whether the allocation of responsibilities and delegations will remain as set out above

2.2.3.3. Cabinet Committees

The Minister of Finance served on the following Cabinet Committees during the fourth administration:

- Treasury Committee (chaired by the President and alternatively the Minister of Finance)
- Ministers' Committee on the Budget (MinComBud)
- Social Protection, Community and Human Development
- Governance and Administration
- Justice, Crime Prevention and Security
- Economic Sectors, Employment and Infrastructure Development
- International Cooperation, Trade and Security

2.2.3.4. The Implementation forums

The Minister of Finance also served on the following Implementation Forums:

- Ministerial Cluster on Governance And Administration
- International Cooperation, Trade and Security Ministers Cluster
- The Economic Sectors & Employment Cluster and Coordinating Ministers
- The Economic Sectors & Employment and Infrastructure Development Cluster
- Ministerial Infrastructure Development Cluster
- Justice, Crime Prevention and Security Ministerial Meeting
- COGTA Ministerial Implementation Forum (Outcome 9).

For action: Depending on whether there is a reorganisation of the Cabinet, the Minister may be required to serve on the above or other Cabinet Committees and Implementation forums.

2.2.3.5. The Minister's role in the Budget Process

The Minister as head of the National Treasury plays the lead role in steering the annual budget appropriation through the National Treasury. Whilst the National Treasury officials steer the process undertaken by the Medium Term Expenditure Committee (MTEC), the Minister relates to his counterparts through the Ministers' Committee on the Budget (MinComBud), the Finance MinMEC (the Budget Council), and the Budget Forum (which focuses on local government), which he chairs. Their inputs on key policy priorities allow the Minister to present a coordinated view to Cabinet on what the budget priorities should be for the coming period. This is done both before the annual Budget Review and the annually presented Medium Term Budget Policy Statement.

The annual Division of Revenue Bill regulates the flow of grant funding (equitable shares and conditional grants to provinces and local government) from national government to provinces and local government respectively. Most of the provisions in the Act regulate the responsibilities of national transferring officers (responsible national department) and receiving officers (provinces and municipalities) and these

P(c)-DDVR-0228

DVR-APPLICATION-220

do not change. The Division of Revenue Bill is one of the levers that the Minister of Finance/Treasury can use to give effect to the NDP.

Key policy reforms that were supported over the past five years were:

- making access to provincial infrastructure grants subject to the readiness to implement infrastructure projects;
- introducing more coordinated investments in cities (metros), and
- earmarking funding for the eradication of the bucket toilet system.

Furthermore, various provisions allow the Minister of Finance/National Treasury to take corrective actions in instances where inappropriate spending of grant funding are detected, which include the withholding and stopping of the transfer of grant funding to individual provinces and municipalities.

a) The Ministers' Committee on the Budget (MinComBud)

The Ministers Committee on the Budget (MinComBud) plays a critical role in ensuring executive oversight over the budget allocation process. The MinComBud is chaired by the Minister of Finance and includes Ministers responsible for some of the major spending departments and central co-ordination Ministries are represented. As at the end of this administration in 2014, the composition of the MinComBud is as follows:

Minister/Official	Portfolio
MINISTER MEMBERS	
Mr Des van Rooyen – Chair	Minister of Finance
Mr Mcebisi Jonas	DM of Finance
Mr Jeff Radebe	Minister of Planning, Monitoring and Evaluation
Mr Ngoako Ramatlhodi	Minister of Public Service and Administration
Mr Pravin Gordhan	Minister of Cooperative Governance and Traditional Affairs
Ms Lynne Brown	Minister of Public Enterprises
Dr Rob Davies	Minister of Trade and Industry
Mr Gugile Nkwinti	Minister of Rural Development and Land Reform
Dr Aaron Motsoaledi	Minister of Health
Ms Naledi Pandor	Minister of Science and Technology
Ms Bathabile Dlamini	Minister of Social Development
Ms Nomvula Mokoyane	Minister of Water and Sanitation

TECHNICAL TEAM	
Mr Lungisa Fuzile (Head)	National Treasury
Dr Cassius Lubisi	The Presidency
Ms Nolwazi Gasa	Planning, Monitoring and Evaluation
Mr Vusi Madonsela	Cooperative Governance
Mr Michael Sachs	DDG Budget office
Mr Dondo Mogajane	DDG: Public Finance
Ms Malijeng Ngqaleni	DDG: Intergov. Relation
Mr Monale Ratsoma	DDG: Economic Policy
Mr Anthony Julies	DDG: Assets and Liabilities
Dr Kay Brown	CD: Public Finance
Ms Estelle van Eetveldt	Secretariat

For action: the Minister must be prepared to convene lead the MinComBud if so required. In any event, the MTEC process will continue under the auspices of the Director-General of the National Treasury.

b) The Budget Council

The Minister of Finance is also the Chairperson of Budget Council, which consists of the Minister and the MECs for Finance from the Provinces. The Budget Council was established In terms of the Intergovernmental Fiscal Relations Act, 1997. The Minister's role is to liaise with his provincial counterparts (MECs for finance) on all budgetary and financial matters that impact on provincial finances, which include informing provinces of key macro-economic developments to be factored into provincial budgets for the next MTEF, liaising with provinces on key changes to be made to the provincial fiscal framework (provincial equitable shares and provincial conditional grants) for the next MTEF, assessing appropriateness of provincial budgets in addressing key national priorities, monitoring in-year provincial spending trends (and agree on appropriate remedial actions), and discussing key national sector reforms that will impact on provincial financing, particularly as it relates to concurrent functions such as education and health. The Minister of Finance can use this forum as a tool to share best practices in provinces (for institutionalising more efficient and effective practices in provincial treasuries) and addressing challenges of common concern. The same applies to the Budget Forum, but this has a focus on local government finance and budgetary matters.

P(c)-DDVR-0230

DVR-APPLICATION-222

For action: The Minister must also be prepared to convene and lead the Finance MinMEC and the Budget Forum.

3. ECONOMIC POLICY FRAMEWORK

3.1. Global and domestic economic outlook

Slow global growth with slowing emerging market prospects: The US economy is growing strongly, and Europe is gradually recovering at a slow pace, creating an expanding demand for SA's exports to developed countries. However, the largest emerging market economies have seen growth reduce sharply. China is rebalancing away from investment led to consumption lead growth, but the transition if not smooth. Brazil and Russia are in recession and expected to remain in recession in 2016. Lower demand from China has resulted in a collapse in global commodity prices, particularly in key commodities such as steel, iron ore and coal – all key exports for South Africa. It is also prompting a sharp slowdown in growth in Sub Saharan Africa, a key destination for South Africa's manufactured exports.

Tighter global financial conditions. The US Federal Reserve is expected to increase interest rates in December to 0.25%, and to continue gradually increasing interest rates as it normalises the very loose monetary policy that has been in place since the global financial crisis. Treasury forecasts that US rates will reach 3.0 per cent by 2018. Higher US growth and higher US interest rates are likely to cause the US dollar to appreciate compared to other currencies such as the rand. Together with lower growth and more uncertainty about emerging market growth, this is also likely to cause more international investors to remove capital from emerging markets and place money in the US. Interest rates in emerging markets bonds will likely increase as a result, raising the cost of borrowing. Investor scrutiny of emerging markets globally is elevated.

The weaker domestic outlook in 2016/2017: Growth in 2015 has been hit hard by the impact of the drought, worsening investor and consumer confidence and electricity constraints. Subdued growth in the third quarter of 2015 (0.7 per cent) will result in even lower growth than projected in the Medium Term Budget Policy Statement. Looking ahead to 2016, investment will remain subdued as demand globally and locally remains weak. Household consumption will be constrained by low employment growth and continued rand depreciation.

Heightened attention by ratings agencies on emerging markets. Slower growth in countries such as Brazil and heightened concerns about fiscal responsibility in many African countries have increased the attention investors and ratings agencies have mentioned. In South Africa, ratings agencies have raised concerns around the economic outlook, and risks to the fiscal envelope, including the contingent liabilities posed by state owned companies.

Risks to the outlook: Global and domestic economic conditions have resulted in a downward revision to the 2015 GDP forecast since the 2015 Medium Term Budget Policy Statement (MTBPS). Several factors pose further downside risk to the outlook, including a further slowdown in emerging markets; continued volatility in global capital flows; lower commodity prices; the unintended consequences

associated with tighter US policy; inflation rising due to exchange rate depreciation; delays in meeting electricity constraints; and heightened labour disputes.

Key risks to the fiscal outlook

In recent months, two risks identified in the 2015 Budget materialised: a public-sector wage agreement significantly above inflation and deterioration in economic performance. The fiscal framework accommodates these developments and the fiscal trajectory remains on course to achieve government's objectives.

However there are risks to the medium-term fiscal outlook, which include: a further deterioration in economic growth, inflationary pressures and the weak financial positions of several major public entities. The implications of these are increasing debt and debt service costs, unplanned expenditure, especially for items linked to inflation such as wages and cash transfers, and pressure on the fiscus to bail out financially unstable state-owned companies. In order to mitigate these risks government could look at further reductions to spending allocations and personnel headcounts. The government has also remained firm in its deficit-neutral approach to the financing of state-owned companies and will continue efforts to improve the governance and financial sustainability of these enterprises.

Sovereign Ratings Outlook

The economic outlook seems to be very fragile and uncertain. This may have significant implications for the fiscus including the following:

- Rising interest rates will place upward pressure on interest repayments and raise the cost of issuing new debt.
- Weakening commodity prices will suppress GDP growth, and reduce tax revenue growth.
- The weakening rand is highly likely to put further pressure on inflation. This will translate into higher wage bill growth, higher debt interest costs, and more expensive foreign and inflation-linked debt issuances. Some of these costs will be off-set by higher revenue, which tends to increase as inflation rises.
- Further downward revisions to growth will reduce our revenue projections, thereby widening the budget deficit. It will also raise our borrowings, thereby increasing the debt-to-GDP ratio.

From a credit rating perspective, if the following were to materialise, South Africa would face further adverse rating actions:

- Slower than expected economic growth, and a further deterioration in the country's investment climate (driven by labour disputes and energy supply shortages, amongst other things), imperilling the availability of external financing for the current account deficit.
- Failure to implement structural reforms outlined in the National Development Plan that could boost growth potential both in the short and longer term.
- A loosening of fiscal policy, leading to failure to stabilize the ratio of government debt/GDP.

P(c)-DDVR-0232

DVR-APPLICATION-224

- Stat-owned companies requiring higher government support than currently expected.

Impact of a sub-investment downgrade

- Capital outflows and lower foreign participation in the bond market.
- Higher yields, resulting in higher borrowing costs for government.
- Further weakening of business confidence.
- Acceleration in rand depreciation – this would lead to higher inflation, therefore higher government wage bill and social grants since they are indexed to inflation.
- A combination of higher debt-service costs and higher wages due to inflation would lead to a higher deficit and thus call for more borrowing.
- There is likely to be a squeeze on SOC debt funding as yields increase and SOCs are downgraded to sub-investment grade in line with the sovereign rating. Operating costs are likely to rise and an increase in government guarantees may need to be accommodated, where clauses require that guarantees would need to be provided or repayment would be required.

Steps that the South African government can take to lead to a positive rating action. These include (but not limited to):

- An improvement in growth prospects (especially in economic infrastructure) and a reduction in exposure to external shocks, bolstered by the implementation of the NDP.
- Implementation of reforms that will result in higher domestic savings and investment rates and stronger sustainable growth.
- Government needs to address the electricity supply shortages, supply side factors that support debt management policies to reduce the trade deficit.
- Continued fiscal prudence and restraint in public debt accumulation.
- A significant in the budget and current account deficits.

4.1. The National Treasury: Overview of the different divisions

Since the National Treasury is the structure for which the Minister must set policy, the overall performance of the National Treasury is also helpful in providing an evaluation. This section summarises some of the main observations made by the functional divisions of the performance of the Treasury from the beginning of the year to date. The divisions roughly accord with the Programmes for budget allocation purposes, although a programme may straddle more than one division.

Monthly management committee (MANCO) meetings were held between the Minster and the senior management team (Director-General and heads of entities listed below). Where the Minister was not available to chair a meeting, this was done by the Deputy Minister. Records were kept of these formal meetings.

***4.2.1.* Assets and liabilities management**

Purpose: Manage government's annual funding programme in a manner that ensures prudent cash management and an optimal portfolio of debt and other fiscal

obligations; and promote and enforce prudent financial management of state-owned entities through financial analysis and oversight.

Our strengths: With the current economic situation there is a possibility that South Africa could be downgraded. It would be important manage this process to ensure that this does not happen.

Our weaknesses: Public debt continues to grow, eroding the credibility of policy and contributing to downgrades in sovereign ratings. Credit outlook is further constrained by the weakening investor confidence due to persisting socio-economic challenges instability in the mining sector, low infrastructure implementation which delays the country in achieving its capacity to produce more.

Key issues:

1. Extension of the leases on the remaining two A319 aircraft:

   SAA have requested approval in terms of Section 54 of the PFMA to extend the leases of three A319 aircraft with leases that expire on 9 November 2015; 12 December 2015 and 27 January 2015. Thus far, the Minister has only approved the extension of the first lease (i.e. 9 November 2015) subject to the finalisation of the A320/A330 swap transaction and the submission of a fleet strategy which were submitted on 7 December 2015. Approval to extend the remaining two leases needs to be granted before 12 December 2015 to ensure that SAA does not trigger a default with the lessor, which could trigger cross defaults on other leasing arrangements and the airline's guaranteed debt obligations totalling R11.3 billion, or incur penalties.

2. Information to be submitted for National Treasury to consider the going concern guarantee application:

   SAA had applied for a going concern guarantee. The Minister had indicated to SAA that the going concern guarantee would only be considered once SAA had finalised a number of outstanding matters that would improve the financial position of the airline. These were:

   - Adherance to all guarantee conditions;
   - Board approved strategy to ensure that SAA has sufficient funding to meet its liquidity requirements as they fall due;
   - Way forward on the loss making Abu Dhabi route;
   - Decision making framework for the exiting and commencement of new routes;
   - 2015/16 Shareholder Compact to be signed off;
   - Conclusion of all Master and supporting commercial agreements between SAA and South African Express Airways ("SAX"); and
   - Conclusion of the A320/A330 swap transaction.

   All of these matters have been finalised except for the decision making framework and the conclusion of the commercial agreements. SAA's auditors have indicated that, due to the delays in finalising the financial statements, the going concern period has been extended up until March 2017 which requires

that SAA update the going concern calculation and, if a guarantee is still required, submit the application to National Treasury for consideration. Finalisation of the going concern guarantee is critical for SAA to be able to finalise their financial statements which they are required to submit to Parliament by 15 January 2015.

Week 14-18 December

3. South African Airways

Guarantee agreement for a R1 billion three month bridging facility: As at 10 December 2015, SAA was projecting a cash shortfall of around R150 million from 21 December 2015 and which increases thereafter. The company has been negotiating a government guaranteed R1 billion three month bridging facility with Standard Chartered Bank. The guarantee agreement is still being negotiated. If the negotiations are successful, once the execution version of the guarantee agreement is ready, the Minister will need to approve the terms and conditions of the loan and sign the guarantee agreement. Failure to secure funding to meet the cash shortfall before 21 December 2015 would result in SAA defaulting on its obligations which could trigger cross-defaults on leases or the government guaranteed debt totalling R11.3 billion. Currently, none of the short term facilities are guaranteed (these amount to R1.3 billion), and there is a risk that if this facility is guaranteed other short term lenders will also require government guarantees.

4. Responses to letters from Business Leadership South Africa (BLSA), Federation of Unions of South Africa (FEDUSA), Western Cape Government and Democratic Alliance:

These parties have written letters to the Minister raising various concerns relating to SAA.

5. Progress report on finalisation of Annual Financial Statements to be submitted to Parliament by SAA.

6. South African Express (SAX)

Guarantee for SAX to raise a R567 million 5 year loan with HSBC: The Minister has already approved the terms and conditions of the loan. The loan facility agreement and guarantee agreement are being negotiated with HSBC. Once the execution version of the guarantee agreement is ready, the Minister will need to approve and sign the agreement. Failure to secure funding before the end of December 2015 would result in SAX defaulting on its obligations which could trigger cross defaults on the government guaranteed debt totalling R300 million as well as other leases (some of which have been guaranteed by government).

7. Guarantee framework agreement (GFA) between SAX, MPE and Minister:

The GFA regulates the relationship between the Minister, MPE and SAX in respect of the guarantee facility that has been provided to SAX totalling R1.106 billion.

8. Eskom

Letter to Eskom and MPE regarding the transfer of the next R10 billion tranche of the R23 billion equity allocation to Eskom:

The Eskom Special Appropriation Act was signed into law in July 2016. The Act enables the allocation of R23 billion to Eskom in the form of equity, subject to the receipt of proceeds from the sale of assets into the National Revenue Fund. The first tranche of R10 billion was transferred to Eskom in July 2015, with a further R10 billion scheduled to be transferred in December 2015 and another R3 billion in March 2015. The allocation is subject to a number of conditions imposed by the Minister, and the Minister may stop the transfer of the funding until the conditions have been met. Eskom has been requested to submit the documentation to demonstrate compliance with the conditions by 11 December 2015. Having evaluated whether Eskom is in compliance with the conditions, the Minister will need to approve whether the transfer of the R10 billion can take place. The proceeds from phase II of the sale of government's shareholding in Vodacom were received on 4 December 2015. The total proceeds from the sale amount to R25.3 billion.

9. South African Post Office

Guarantee for SAPO to raise R250 million: Earlier this year, SAPO issued a Request for Proposal (RFP) to raise R1.25 billion of funding. Thus far, R600 million has been secured from Investec and R400 million from ABSA. In addition, SAPO have a R270 million government guaranteed overdraft facility with Standard Bank. Nedbank is seeking credit approval to lend R250 million to SAPO. There is a risk that Nedbank may not approve this loan as it was already declined by their credit committee. If approved, the loan facility agreement and guarantee agreement will need to be negotiated. Once the execution version of the guarantee agreement is ready, the Minister will need to approve the terms and conditions of the loan and sign the agreement. SAPO is projecting a cash shortfall of R540 million up to March 2015 (this does not take into account the loan from ABSA or repayment of any of SAPO's creditors which totalling more than R800 million, but does allow for a reduction in the overdraft facility which is no longer necessary). SAPO appears to be under the misapprehension that they are not permitted to use the debt funding raised with the support of the government guarantees to pay salaries. SAPO has also been instructed to issue a further RFP to raise any additional funding required to meet any remaining shortfall.

CONFIDENTIAL

Rest of December and early January 130

10. Eskom

Request from MOE for Minister's concurrence to bind the National Revenue Fund and provide indemnities in respect of Bid Window 1A of the co-generation programme: The Minister of Energy has submitted a request for the Minister's concurrence to bind the NRF to future financial commitments and to issue indemnities relating to Bid Window 1A of the co-generation Independent Power Producers (IPP) Programme. The Minister will also be required to sign the addendum to the Government Framework Support Agreement (GFSA). After the request has been considered by the Fiscal Liability Committee in early January, the recommendation will be submitted to the Minister for his consideration.

11. Letter to Eskom on the review of the second quarter report: Eskom is required to submit quarterly reports on their performance to National Treasury. Together with DPE, a meeting to discuss the report is scheduled for 15 December 2015. After the meeting, a letter to Eskom based on National Treasury's analysis of the report and the discussions will be submitted to the Minister for his consideration.

12. SAA

Going concern guarantee request: It is anticipated that SAA will require additional government guarantees in order to be able to finalise their financial statements as a going concern. Once the updated request is received from SAA, this will be considered by the Fiscal Liability Committee, who will make a recommendation for the Minister's consideration. This guarantee will need to be finalised during the first week of January in order to enable SAA to submit their financial statements to Parliament by 15 January 2015 as required.

13. Tabling of Annual Financial Statements in Parliament: Parliament has required that SAA table its Annual Financial Statements in Parliament by 15 January 2015.

14. Holding of Annual General Meeting (AGM): Once SAA have finalised the Annual Financial Statements, the AGM can be held where the Annual Financial Statements are adopted. The Minister will also be required to approve various other Shareholder Resolutions, e.g. Appointment of Auditors for 2015/16; financial assistance from SAA to its subsidiaries etc. Once the resolutions are finalised, a briefing will be compiled for the Minister's consideration.

15. Amendment of the Memorandum of Incorporation: Amendments to the MOI relating to the appointment of the Acting CEO and Acting CFO and the appointment of the CFO have been proposed for the Minister's consideration.

16. Appointment of a permanent Board at SAA: term of the interim board was extended so that they remain in place until a permanent board for SAA is appointed. There are currently only three non-executives, following the resignation of Tony Dixon, and two executives on the Board. The Companies Act allows the Board to continue to making binding decisions provided that there are

a minimum of three non-executive directors. However, the Audit and Risk Committee is not quorate as a minimum of three non-executive directors, which should not include the Chairperson of the Board, are required to achieve quorum. Possible candidates for appointment/reappointment have been compiled for the Minister's consideration.

17. Guarantee to raise long term financing: Earlier this year, SAA issued a Request for Proposal (RFP) to raise R15 billion of long term government guaranteed financing. The Board of SAA have not approved the preferred bidders that were identified and have approved that the RFP be reopened. Once the new preferred bidder/s has been identified and approved by the Board and the loan facility agreement/s and guarantee agreement/s have been finalised, the Minister will need to approve the terms and conditions of the loan and sign the guarantee agreement. SAA is expected to have a cash shortfall during January 2015. Failure to secure funding would result in SAA defaulting on its obligations which could trigger cross-defaults on leases or the government guaranteed debt totalling R11.3 billion.

18. Respond to letter to the MPE regarding coordinating oversight of SAA and SAX: The MPE wrote to the Minister highlighting various issues that have arisen in coordinating the oversight of SAA and SAX. A response will be drafted for the Minister's consideration. National Treasury is also still finalising negotiations with DPE regarding the transfer of resources relating to the oversight of SAA from DPE to National Treasury

19. Request SAA to provide the implementation plan for implementing the 2015 Corporate Plan: A Cabinet Memorandum to brief Cabinet on the refinements that have been made to the Long Term Turnaround Strategy (LTTS) which was noted by Cabinet in 2013 and brief Cabinet on SAA's 2015 Corporate Plan. An implementation plan was to be included as an Annexure to the Cabinet Memorandum, but SAA has not provided the implementation plan. A letter will be drafted requesting SAA to submit the implementation plan.

20. Strategic Intent Statement for SAA and comments on SAA's draft 2016 Corporate Plan: SAA is due to submit the draft of its 2016 Corporate Plan by 15 December 2015. After having reviewed the plan, comments on the Corporate Plan will be compiled for submission to SAA for the airline to take into consideration in finalising their 2016 Corporate Plan. It is planned that this will be accompanied by the Strategic Intent Statement – a governance instrument introduced by DPE which outlines the Minister's expectations of the airline for the coming year.

Other:

21. Going concern guarantee for Broadband Infraco (BBI): The Minister of Telecommunications has indicated that he intends to submit a request for a guarantee of R246 million to enable to sign off their annual financial statements as a going concern. Once the updated request is received, this will be considered by the Fiscal Liability Committee, who will make a recommendation for the Minister's consideration. Failure to finalise this guarantee before the end of December may mean that BBI is unable to pay salaries at month end.

22. Response to pre-notification from SAX for new fleet options: SAX have proposed to acquire a new fleet to replace their aging aircraft. The current proposals include an option of purchasing the new aircraft outright which would require guarantees or fiscal injection to SAX. Once the application has been reviewed, a submission will be compiled for the Minister's consideration.

23. Deliverables related to Cabinet Decisions to strengthen SOCs: In January 2015, Cabinet approved a number of resolutions aimed at strengthening SOCs. National Treasury was required to develop proposals relating to the following:
    The development of a Private Sector Participation Framework;
    The consideration of a Framework on the disposal of less strategic State assets to fund critical SOCs. The first list must be submitted for Cabinet approval through the IMC by June 2015;
    The separation of the developmental and commercial mandates of SOCs be referred back to the IMC for further consideration. This includes a requirement that training and skills development, in particular scarce skills, be included in the developmental mandates of SOCs.

    Draft proposals have been developed and may be required to be submitted as input to the Cabinet Lekgotla. If so, the Minister will need to first consider the proposals

24. Respond to proposals by water boards to implement tariff adjustments: The Municipal Finance Management Act (MFMA) requires that water boards submit their draft tariff adjustment proposals to National Treasury for comment. The proposals are currently being submitted and responses should be sent early in January. Usually these have been sent under the signature of the DDG: Asset and Liability Management.

25. Respond to letter from MWS relating to water infrastructure development projects and the disestablishment of Umgeni and Mhlathuze water boards: A number of letters have been received from MWS and responses will be drafted for the Minister's consideration.

4.2.2. Intergovernmental fiscal relations

Purpose: Coordinate fiscal relations between national, provincial and local spheres of government, coordinating input on the division of revenue.

1.1 **Major achievements**

Provinces:

- All provinces have budgeted for at least 80 per cent of their budgets on pro-poor spending.
- Completed numerous publications in 2014/15, including the Provincial Budgets and Expenditure Review (2010/11 to 2016/17); and Induction Manuals for MECs and Accounting Officers of provinces.
- Lowering fiscal risks in provinces, reducing staff numbers and unauthorised expenditure.

- Phase IV of the Infrastructure Delivery Improvement Programme (IDIP) is supporting the institutionalisation of best practises and the development of skills to improve capacity in provinces. This will contribute to improvements in the effectiveness and efficiency in the implementation of the infrastructure delivery management system in provinces. The performance based system in provincial infrastructure grants (currently applicable to schools and health infrastructure) will be extended to provincial roads over the MTEF.
- Infrastructure procurement note issued in terms of PFMA.

Municipalities:

- The Cities Support Programme (CSP) has supported to metropolitan municipalities (metros) to align planning, programme and protect preparation for urban spatial and economic transformation and supported the ongoing project preparation in selected cities, including the establishment of a Project Preparation Facility with the DBSA.
- Launched a strategic support programme for metros focussing on inclusive economic development, including the launch of the Sub National Cost of Doing Business Study and hosted an executive leadership course for senior city political and administrative leadership on economic development strategies and practices, and a review of strategic issues in urban water and sanitation service.
- Launched support measures for improve urban mobility, including a review of the fiscal architecture for urban public transport and support to metros in the design and implementation of Integrated Public Transport Strategies and systems. Supported the stabilisation of governance and financial systems in Nelson Mandela Bay and Buffalo City municipalities.
- The successful collaboration and preparation of Urban Network Plans for spatial targeting of infrastructure funding as part of the Built Environment Performance Plans for the 8 metros within South Africa. This is part of a spatial targeting and integrated infrastructure planning strategy (the Urban Investment Strategy) in providing for the poor by growing the economy and creating liveable places with access to job opportunities, affordable shelter, goods and services by means of city wide spatial transformation though a spatial targeting and budgeting approach.
- 79 township projects completed to the value of R3.0 billion; 42 township projects currently in construction to the value of R1.07 billion.
- Approximately R5 billion private and public sector investment leveraged in townships.
- 26 urban hubs (strategic township economic nodes) identified, in line with the National Development Plan's principle of spatial targeting, for targeted NDPG township investment serving 15m people living in 86 townships.
- Support to DCoG's Municipal Infrastructure Support Agency (MISA) for the 27 district municipalities
- Provided specific infrastructure standards for local government through an MFMA circular (available on NT website)
- The annual municipal budget process and financial reporting was institutionalised in terms of the Municipal Finance Management Act.

Currently all municipalities report their in-year performance to the local government database and compile budgets that comply with the format prescribed in the Municipal Budget and Reporting Regulations.

- The annual budget benchmarking engagements for the 17 non-delegated municipalities institutionalised by National Treasury are now also undertaken by provincial treasuries for the delegated municipalities. Support is also provided to provincial treasuries to strengthen their monitoring and oversight responsibilities in respect of delegated municipalities, which resulted in 8 provinces signing-off on the their strategies to address municipal service delivery failures.
- Both the provincial and local government equitable share formulas were revised (implemented in 2011 and 2013 respectively) to improve the targeting of allocations to increasingly recognise the different service delivery and development challenges faced between individual provinces and municipalities.
- A number of reforms have also been made to the provincial conditional grant system, including the introduction of incentives in the health and education infrastructure grant system since 2013/14 to ensure that best practices are applied by requiring that provinces to plan two years in advance for infrastructure projects that are funded through these grants. This will support the institutionalisation of a proper planning in order to achieve better value for money and to prevent delays in project/programme implementation. Incentives will now be introduced to other sectors starting with transport, specifically roads grants from 2017/18 onwards.
- The system of local government infrastructure grants has been reviewed and reforms are being phased-in to reduce the proliferation in the number of grants; increase the differentiation in the system (so that rural and urban areas are catered to differently); promote improved asset management and fund refurbishment of ageing infrastructure; and improve the grant management capacity and practices of national departments.
- Municipal own revenue powers are being reviewed and enhanced. This has included work to increase the ability of municipalities to borrow to invest in infrastructure, including hosting an Urban Investment Partnership Conference in August 2015. A policy framework on development charges has been completed and amendments to the Municipal Fiscal Powers and Functions Act have been drafted.
- The Infrastructure Skills Development Grant is being restructured to have better impact and outcomes. It is projected that 80 built environment graduates will be registered by end of this year.
- National Treasury is working with the DBSA to assist municipalities with infrastructure project preparation through the Project Preparation Facility (PPF). 10 project feasibility studies are currently underway.

DVR-APPLICATION-233

1.2 **Key objectives that have not been achieved. Indicate constraints that prevented the attainment of the objectives**

Provinces:

- Fiscal stability in the Free State province, and poor non-financial performance in most other provinces, due to poor technical skills in departments of Education and Health, poor EXCO political stability and poor political oversight by provincial legislatures.
- Capacity challenges in national departments and provincial departments have hampered successful implementation of IDIP. For example, Mpumalanga and Limpopo have not been able to successfully introduce the required innovations/reforms required under IDIP.
- Not all provinces have fully complied with the norms and standards as set in the costing model for the school building programme (developed by the OCPO).

Municipalities:

- A review of housing finance mechanisms and support to upgrading of informal settlements in cities has been delayed due to challenges of coordination with the Department of Human Settlements.
- Progress with the stabilisation of governance and financial systems in Buffalo City have been constrained by ongoing political and institutional instability. Progress with the provision of support to Tshwane and Mangaung municipalities are at risk due to institutional instability and emerging fiscal risks. The primary challenge to the achievement of planned objectives arises from the impact of the forthcoming local government elections and subsequent leadership transitions in municipalities.
- The key objective is to have sustainable municipalities that deliver services; and this requires that municipalities table funded, sustainable and credible budgets. Among the constraints to achieving funded budgets is that municipalities revenue estimates are not always achievable and they underprovide for bad debt. When municipalities then fail to collect the budgeted revenue and fail to cut expenditure accordingly, they experience cash flow problems. The most recent is municipalities that are defaulting on payment arrangements to service delivery creditors (Eskom and water boards) is further evidence of weak financial management at municipalities. In spite of the revision of the equitable share formula and the steady increases on conditional grant funding municipalities are struggling to address service delivery imperatives and backlogs remain a challenge. Contributing factors to municipal service delivery failures include, amongst others, inefficient administration, bloated and unaffordable organisational structures, poor leadership, financial mismanagement, ill-informed Council decision-making and incompetent officials.
- Unlikely to meet target to table the Municipal Fiscal Powers and Functions Amendment Bill by the end of 2015/16. This process has been delayed by the requirement to submit a socio-economic impact assessment with any

new legislation submitted to Cabinet. The Bill will be submitted in 2016/17.

1.3 Other policy implementation plans

- In addition to MinMec decisions, current plans include Monitoring and Planning tool for provincial public entities and a forecasting model for personnel management in provinces.
- The Cities Support Programme (CSP) provides a common platform for collaboration across national departments and metropolitan municipalities to assist the 8 largest cities to respond to urbanisation challenges through urban spatial transformation to drive faster, more inclusive economic growth and poverty reduction. It focusses on aligning policy, practice and support to metros in core governance (planning, infrastructure finance and delivery), human settlements, public transport, environmental sustainability and economic growth.
- *Municipal own revenue:* Initiated a process to review the own revenue powers of municipalities. These include reforms to development charges framework and municipal borrowing framework. Consideration is also being given to the desirability of introducing new local taxation instruments. A review process is underway to inform this.
- *Reviewing intergovernmental transfers:* National Treasury continually reviews the transfers allocated to provinces and municipalities. At present we are beginning a review of the provincial equitable share formula. This will examine the fairness of transfers to all 9 provinces. A review on the local government infrastructure grant system was conducted and several proposals to improve the system were announced in the 2015 MTBPS. These include rationalisation in the number of grants, increasing differentiation, measures to promote improved asset management practices and fund refurbishment of aged infrastructure as well as improvements to grant management practices of national departments.

2. Summary of main issues from last MinMec meetings

There are two MinMEC structures managed by National Treasury, Intergovernmental Relations Branch, namely the Budget Council (dealing with provincial finance matters) and the Budget Forum (dealing with local government finance matters). The Budget Council and Budget Forums are institutionalised in the Intergovernmental Fiscal Relations Act.

The Budget Council must meet at least twice a year to consider matters impacting the finances of provinces. It is chaired by the Minister of Finance and includes all Finance MECs.

The last meeting was on 29 September 2015 and focused on matters impacting the 2016 Budget, and there are few outstanding matters at present. This meeting was preceded by several budget process forums including MinMECs and MTECs with detailed proposals across sectors. At present the largest outstanding matter for immediate resolution is a meeting between Minster of Finance and Minister of Basic Education to resolve how the two

sector grants Education Infrastructure Sector and Schools Backlog Infrastructure Grant (SBIG) will be merged, especially considering that the SBIG moves from being a nationally administered grant to a provincial grant. With live projects still under the SBIG, the transition process for these have yet to be agreed upon. The grants together amount to R36.4 billion over the MTEF.

Ongoing and future review work of the TCF and Budget Council includes the review of Provincial Equitable Share formula, review of school funding model, tightening cost-containment measures, reducing accruals (unpaid invoices), improving contract management, and improving transparency of the procurement processes of government to the public.

The Budget Forum must meet at least once a year. The Budget Forum consists of the members of the Budget Council plus the South African Local Government Association. It has been co-chaired by the Minister of Finance and Cooperative Governance. The MECs of local government attend by invitation. The Budget Forum meets once a year and last met on 29 September 2015. This meeting considered updates on work done since a special policy-focused Budget Forum held in June 2015. The Minister will need to consider whether to hold another policy-focused Budget Forum in 2016. The September Budget Forums tend to focus on the budget allocations for the next MTEF The outstanding matters, as contained in the respective Action Plan, include implementing the outcomes of the review of infrastructure grants and continued work relating to payments owed by municipalities to Eskom. Government and SALGA must also review the unfunded mandates of municipalities.

3. **Legislation drafted and implemented (IGR)**

- Public Finance Management Act, 1999
- Municipal Finance Management Act, 2003
- Intergovernmental Fiscal Relations Act, 1997
- Municipal Fiscal Powers and Functions Act, 2007
- Provincial Tax Regulation Process Act, 2001
- Borrowing Powers of Provincial Governments Act, 1996
- Annual Division of Revenue Bill/Act
- Annual Division of Revenue Amendment Bill/Act

Bills awaiting President's assent at 11 December 2015 (IGR)

- 2015 Division of Revenue Amendment Bill (challenges with parliamentary procedural compliance can delay the sign-off/accent of the Bill by the President to January 2016.

4. **List of projects in which the Department is the lead agent**

- Provincial personnel modelling, financial data management, financial planning, provincial public entities planning.
- Coordination of the Cities Support Programme

P(c)-DDVR-0244

DVR-APPLICATION-236

- The implementation of Standard Chart of Accounts (SCOA) in local government.
- The introduction of budget reforms which includes: municipal revenue management, tariff determination, non-financial indicators and business process flow improvements.

Report on Outcome 9 - A responsive, accountable, effective and efficient local government system: Outcome 9 is administered by the Department of Cooperative Governance (DCoG) and consists of five sub-outcomes. National Treasury is responsible for reporting on sub-outcome 3, sound financial and administrative management. Under this sub-outcome, National Treasury is responsible for the review of the local government infrastructure grants, monitoring and reporting on financial health of municipalities and compliance with financial management legal frameworks; and reporting on measures taken to support municipalities to comply with legislative requirements. The local government infrastructure grants were reviewed and some proposed reforms will be implemented during 2016/17 budget (see 2015 MTBPS for further information). Financial health of municipalities and compliance with the relevant legislation were monitored and plans were developed to support municipalities that indicated to be facing challenges.

4.2.3. Budget Management

Purpose: Budget Management entail providing fiscal advice, overseeing expenditure planning and the national budget process, leading the budget reform programme, compiling public finance statistics, with the view to ensuring effective, efficient and appropriate allocation of public funds.

Our strengths: The integrity of the budget process is the strategic focus – this relates to both the extent of stakeholder engagement and the quality of technical analysis that informs decisions.

Firstly, there have been significant improvements in Cabinet's engagement with the budget process. There has also been a shift from a budget process based on large additions to the baseline (the norm from 2001 to 2011) to one acknowledging the difficult budget constraints, and therefore focused on reprioritisation and saving - which was successfully managed. A non-interest expenditure ceiling was established in the 2013 Budget and remains intact. This was done with the aim of managing global macroeconomic pressures, while ensuring the country's long term fiscal sustainability and inter-generational equity. Lastly, internationally South Africa is held in high regard in terms of its budget transparency and public participation – in the 2015 Open Budget Index Survey South Africa ranked third out of 102 countries.

Issues for noting

1. **Expenditure Planning**

- The Adjustments Appropriation Bill (AAB), 2015 has not yet been assented to by the President (normally enacted in December). The DA has lodged a procedural challenge regarding the Division of Revenue Amendment Bill, and this is also affecting the AAB.

As such departments aren't able to access funds allocated in that Bill. Delayed departmental spending of these allocations may mean that service delivery is hampered and that underspending may occur at the end of the financial year, if departments are unable to spend funds by then.

- The 2016 MTEF allocations require the approval of Cabinet (normally in November). Budget documentation is prepared on the basis of these allocations. Finality is required in respect of allocations such that documentation can be prepared and edited in time to be tabled on Budget Day in February. The production of the Estimates of National Expenditure (ENE) documentation has already began, based on preliminary allocation letters issued to institutions. Some new allocation options are being prepared for the scheduled 13 January MinComBud meeting.
- Eskom payment: Eskom was allocated R23 billion in the Eskom Special Appropriation Act, 2015. R10 billion was transferred in July 2015. The next tranche is scheduled to be paid in December 2015. Compliance with conditions imposed on the payment of funds is being investigated by the Asset and Liabilities division. Before any payment may be made, a letter would need to be sent to the Department (if the stated conditions have been met).

2. Public Finance Statistics

- Work is in progress in order to consolidate the government account for the budget review publication and provide data tables for the ENE publication.

3. Fiscal Policy

- The release of the December 2015 South African Reserve Bank's quarterly bulletin means that the macroeconomic forecast that informed the 2015 MTBPS has to be updated. The revised macroeconomic forecast is a key component of the fiscal framework and the relevant budgetary aggregates.
- Downward revisions to economic growth have implications for revenue performance, and the likelihood of achieving the fiscal framework targets need to be reconsidered. Any revisions to projections will follow discussions at the Revenue Analysis Working Committee– which is a National Treasury lead forum, including the SARB and SARS.
- A revised main budget fiscal framework will be presented at the MinComBud scheduled to take place on 13 January 2016. The revised framework will be updated with the following: a revised macroeconomic forecast, revised revenue forecast, changes to the division of revenue and budget allocations for the 2016 Budget.

4. Public Sector Remuneration Analysis

- NT is working with the DPSA to implement the Government Employee Housing Scheme.
- A memorandum has been sent to the President advising on benefit increases to be awarded to public office bearers – the President's is to take a decision in this regard.

P(c)-DDVR-0246

DVR-APPLICATION-238

- NT is making inputs into the Department of Cooperative Governance's processes for the determination of the upper limits for salaries of Senior Managers in local government.

5. International Development Co-operation

- Country strategies will be finalised with the Swiss and French in the first quarter of 2016 to programme National Treasury's GTAC support (€ 6m) and support for SMMEs (€ 60m).
- A meeting will take place in Ottawa, Canada led by DIRCO to discuss amongst others, future development support to SA (about Canadian $ 10m) in the areas of public service capacity building through both the DPSA and the DPME.
- Project financing agreements are being concluded:
    - European Commission – National School of Government – institutional building and capacity development programme for € 10 m for July 2016; and
    - Department for International Development, UK, £ 2.5m grant to the National Treasury for e-Procurement and financial management improvement.
- Global Funds funding agreement to be concluded by February/March 2016 with $ 304m for the health sector generally and $ 100m to the National Department of Health for HIV & AIDS, TB and Malaria.

6. Public Entities Governance Unit

- Changes to the benefits structure and contributions to the Political Office Bearers Pension Fund – directly related to the Tax Amendments are due to take effect in March 2016: Sign-off is required on the memoranda and letters to the President, the Independent Commission for Remuneration of Public Office Bearers, Ministers in Cabinet, Speakers of Parliament and Provincial Legislatures.

4.2.4. Public Finance

Purpose: Oversee budgetary planning and execution in national departments, provide advice and analysis on sectoral policies and programmes, monitor public expenditure and advise on financial and budgetary aspects of public policy and spending proposals.

Key issues to note

1. NATIONAL HEALTH INSURANCE

- The combined Cabinet Memo was considered by the Social Cluster and goes to main Cabinet on the 9thDecember. The draft is a bit of unclarity in the draft minutes, where there is a decision that the financing model/paper also be made available electronically. This is potentially very positive, but it is not completely clear what it is referring to and it would be useful if the draft minutes could be amended to clearly state the Financing Paper.

P(c)-DDVR-0247

DVR-APPLICATION-239

- The NHI workstreams have now commenced and we attended the meeting of Monday this week. Our list of formally nominated representatives from the National Treasury to each of the 6 work streams is in the DGs office and needs to go out. We are aiming to recruit a consultant through the World Bank's reimbursable advisory services to support us, and are trying to identify funding for this.
- We propose that the World Bank, WHO and GTAC should play a significant role in the workstreams. Once the combined paper is publicly released there will be a need to establish a process to involve provincial Treasuries, through a working group, TCF and Budget Council.

2. SOCIAL SECURITY REFORM

- This process is being led from our side by Financial Sector and Tax Policy Division. The process seems a bit stuck at present. NT has sent technical comments on the last draft, but DSD has refused to incorporate these either into the text of the document or as annexure showing points of residual difference in viewpoint.
- The two Ministers are supposed to meet to unblock this. The sensible way forward is for the DSD team to address the last round of comments from NT and to move forward. Although it does have some technical problems, the paper has been delayed too long and needs to be released.

3. HIGHER EDUCATION AND TRAINING (DHET)

- ***No fees increase*** - Following the President's announcement on 23 October 2015 that there would be no increase in university fees for 2016, the DHET, National Treasury, and the Presidency worked on quantifying the shortfall arising from the zero increase in 2016 as well as the options for providing the funding to address this shortfall.
    i. The shortfall in 2016 amounted to R2.330 billion,
    ii. The DHET and National Treasury will secure the remaining R1.935 billion (83%) through reprioritisation of funds from other programmes, and uncommitted surplus funds from sector education and training authorities (SETAs) that have been transferred to the national skills fund (NSF) and the rest from own funding from universities
    iii. The 2016 Budget process is addressing funding for DHET over the MTEF

4. SPORT AND RECREATION

- ***2022 Commonwealth Games*** - Provision for this not made in the Budget. Departments were asked to specify what, if anything, they were contributing to the hosting of the 2022 Commonwealth Games; what that would cost; AND then to specify where they would be reprioritising the required funds from.
- ***15% of Municipal Infrastructure Grant*** - There are ongoing discussions regarding this and we are far from finalisation or reaching an understanding with the department.

5. JUSTICE AND PROTECTION SERVICES

- ***Remuneration of the solicitor general*** - The State Attorneys Amendment Act (2014) provides for the appointment of the Solicitor- General. In terms of the Act the salary of the Solicitor-General (SG) shall not be less than the salary of a judge of the high court. The SG will be appointed by the President. In simple terms the SG will be the head of the current State Attorneys Office. The appointment of the SG is a similar arrangement to that of the National Director of Public Prosecution (NDPP). The SG will have powers to appoint personnel to execute policies determined by the Minister of Justice and Correctional Services.

- ***Funding of VIP Jet for the President*** - Following media articles regarding the purchase of a VIP jet for the President, the National Treasury consulted the Department of Defence in this regard. The department has indicated that it is only requesting for information to test the market. Once the department knows how much it is likely to cost it will approach National Treasury with factual information. It is therefore not clear when the purchase will take place and how it will be funded. It should however be noted that the Department of Defence has a Defence Special Account and purchases from this Account are approved by the Minister of Defence and Military Veterans. The Department of Defence therefore does not need to get specific approval from the Minister of Finance if it has funds to purchase the jets. The Minister will be informed of any new developments in this regard.

6. BUSINESS INCENTIVES REVIEW TO INFORM THE 2017 MTEF PROCESS

- The Minister's Committee on the Budget (MinComBud) identified the need for a detailed assessment of the impact of business incentives on

employment creation, economic growth, productivity, empowerment, export competitiveness and the balance of trade which will inform resource allocations during the 2017 MTEF process.

- Greater evidence is required on how these initiatives achieve government priorities and need to be assessed in terms of their effectiveness and whether value for money is being achieved.
- The success of the review is dependent on the commitment by departments to participate and contribute meaningfully in order to improve the impact of government interventions which would include the APDP, MCEP amongst others.
- Thus it is proposed consultation occurs between the respective Directors-General of National Treasury, Trade and Industry and Planning, Monitoring and Evaluation and their respective senior officials on the basis of the draft Terms of as presented to the Ministers' Committee on the Budget is prioritised.

7. BLACK INDUSTRIALISTS POLICY

- There are still significant concerns with the proposed incentive design, funding package, and the utilisation of the procurement lever. The subsequent revision of the Black Industrialist Policy presented for approval to Cabinet, no longer makes reference to how the proposed incentive will be structured.
- NT gave substantial inputs in this regard. It is difficult to comment on the appropriateness of the quantum of support that BIs will receive, in the absence of further details on incentive design. The original proposal was overly reliant on generous grant funding.
- In addition, more consideration is required of how to achieve sustainable development of Black Industrialists beyond the use of the government procurement lever. Traditionally industrial policy has focussed on export markets. A desirable outcome would thus be the involvement of NT in incentive design and the Black Industrialist Financing Forum and improved interactions with the DTI prior to cabinet proposals.

8. PROJECT KOPANO: NEF MERGER INTO THE IDC

- In July 2014, in concurrence with the Minister of Economic Development, the Minister of Trade and Industry approved the recommendation that the Industrial Development Corporation (IDC) convene a Task Team to oversee the combination of the National Empowerment Fund (NEF) into the IDC.
- The Task Team has thus far recommended the business combination of NEF into IDC as one operation involving close integration of IDC and NEF's

structure, processes and products while maintaining a separate identity. The organisations can be integrated with NEF either being a division or a closely managed subsidiary of IDC. It is believed that these will improve the operational efficiencies, developmental effectiveness and the funding challenges faced by the NEF.

- While NT and IDC representatives agree on the proposed recommendations, the NEF rejects the findings of the report and would likely maintain the need to be re-capitalised on the basis that it can be self-sustainable and fulfil the black economic empowerment function.
- The dti have now indicated willingness for the NEF to be incorporated as subsidiary of the IDC, but as an arm's length subsidiary. This would mean that the IDC would not have sufficient control over NEF credit policies, quite possibly resulting in the further need for recapitalisations.
- The DGs' Trilateral proposed for 11 November 2015 was cancelled due to the unavailability of DTI colleagues and it is paramount that the meeting be reconvened and to ensure alignment on the finalisation of Project Kopano.
- This matter has to be finalised

9. DEPARTMENT OF AGRICULTURE, FORESTRY AND FISHERIES (DAFF) -

- ***Reducing duplications*** The DAFF, Department of Rural Development and Land Reform and National Treasury are working on identifying overlapping agriculture and rural development functions between the Department of Rural Development and Land Reform and DAFF and propose solutions.
- This follows wide concerns that despite substantial financial resources in the agriculture and rural sector, the contribution to growth and employment creation has been minimal. The work aim to properly align financing of the functional group to increase effectiveness, efficiency and value for money in the agriculture and rural sector and also define the mandates of the Department of Rural Development and Land Reform and the DAFF. Public Finance division will lead a task team to eliminate duplication in funding.

- ***Drought funding*** - The country is currently experiencing drought and it is forecast that even 2016/17 rain season will not receive enough rainfall. DCOG working with other departments are working up a plan to combat drought. DAFF has pledged R200 million towards responding to the devastating drought. Most of this money will be sliced from the conditional grants and IGR together with DAFF are still waiting for confirmation from provinces on how much they will contribute.

P(c)-DDVR-0251

DVR-APPLICATION-243

10. BORDER MANAGEMENT AGENCY

- In October, the Department of Home Affairs submitted a formal request to the National Treasury for classification of the Border Management Agency (BMA) as a Schedule 3A public entity. Accordingly, this submission to the National Treasury constitutes the first formal request from the Department of Home Affairs for approval of the business case for the BMA.
- The National Treasury's analysis of the business case will be coordinated and led by the Public Entities Governance Unit. It is also this chief directorate which will ultimately prepare a motivating memorandum for the appropriate response to the request from the Department of Home Affairs for classification of the BMA
- A Border Management Bill has been approved by cabinet for tabling in Parliament. Process wise, this bill will be considered or assessed by the National Economic Development and Labour Council (NEDLAC) before being discussed by Parliament. Presently, NEDLAC is discussing the bill, and will take 3 to 6 months to arrive at recommendations for the consideration of Parliament.

11. TRANSPORT

- Significant engagement on the allocations to conditions grants having to take into account forensic investigations in Nelson Mandela and introducing a new formulae for city public transport. Bus subsidies remain a problem in terms of rising costs, a lack of prioritization in some provinces and the lack of progress on devolution to cities.

- The Gauteng Provincial government is reluctant to take on the responsibilities relating to the GFIP New Deal agreements.

- PRASA procurement processes for new Shosholoza Meyl services was flawed as required documentation was not presented by bidders, technical specification not followed and rising costs due to forex shifts since the closure of the contract have seen costs rise significantly. The new rolling stock programme has also reported a total expenditure of R59 billion, contrary to the expenditure limit of R53 billion set by the MOF in the Gazette. Public Finance unit will write a memo for MOF to write to Chairperson of the Board.

- The eNATIS again needs attention as the DOT lost against TASIMA in the Supreme Court of Appeal.

P(c)-DDVR-0252

DVR-APPLICATION-244

12. WATER AND SANITATION

- Key work has been on the draught and ensuring that there is sufficient resources to address operational costs relating to trucking in water for communities and animals. Infrastructure responses will be funded through reprioritization.

- Comments have been sent back to the department on the Raw Water Tariff and the Sanitation Policy, both of which introduce new streams of subsidy which have not been costed.

13. COGTA

- Budget pressures are the mayor matter in this department with entities such as Municipal Demarcation Board complaining about not being able to meet their mandate and SALGA's baselines that needs to be re-established as agreed with the Deputy Minister of Finance. We have managed to get resources through reprioritization to address this.

- Traditional Affairs is unhappy about NT not creating a separate Vote but dealing with their ENE as a Department in a Vote. There are technical challenges that we are addressing with Budget Office and we hope this will be possible in FY17/18

14. ENERGY

- There is an outstanding matter regarding the solar water geyser replacement programme. A briefing will be prepared for the Minister in this regard
- A cleaner fuel depreciation incentive proposal for the Minister of Energy is being developed
- SANEDI is concerned that they are not receiving any funding to deal with the Energy Efficient Tax Incentive.
- Cabinet discussed Nuclear programme on the 9th December 2015. The preliminary view of the Office of the Chief Procurement Officer is that the Strategic Hybrid Procurement Model proposed by DoE regarding the nuclear programme has aspects that conflicts the procurement and SCM legal provisions. Further engagements are necessary between the OCPO and DoE in this regard.

15. TELECOMMUNICATION

- The Minister of Communications has instituted a forensic audit on the use of Set-top box funds in the Universal Service and Access Agency of SA.

- Proposal to appoint TELKOM as the lead agent for the Broadband programme was discussed in Cabinet on the 9th Dec 2015

4.2.5. Economic Policy, Tax, Financial Regulation and Research

Purpose: to conduct specialist policy research, analysis and advisory services on macroeconomics, microeconomics, taxation, the financial sector and regulatory reform so as to advise on polices to promote growth, employment and macroeconomic stability.

Our successes: The inflation targeting regime has been successful in anchoring inflation expectations and maintaining CPI within the 3 to 6 per cent target. Joint efforts by the National Treasury and the South African Reserve Bank to boost foreign exchange reserves through outright purchases and use of foreign exchange swap transactions have seen steady increase in reserves to the current level of just under $50bn. The flexible exchange rate policy remains a valuable shock absorber in episodes of market distress.

The Davies Tax Commission was set up to explore and make recommendations of reforming the SA landscape (proposals on taxation on small businesses have already been presented to the Minister); we launched the Office of the Tax Ombud in November 2013; we passed legislation to implement a "Twin Peaks" oversight model for the financial sector; a number of discussion papers on savings and retirement reform were published; financial inclusion (access to basic financial services) has been improved to compare favourably with highest levels measured in comparative countries; major proposals have been developed to reduce the carbon footprint of the SA economy, and are envisaged to be implemented in January 2016; and the Employment Tax Incentive schemes was implemented on 01 January 2014.

Our weaknesses: The limited ability to directly steer micro-economic policy reforms as implementation lies outside of National Treasury at various other departments.

Key policy areas

- **National minimum wage negotiations are ongoing**, as government tries to balance the need to address wage inequality with the need to manage the potential negative consequences. The moves are intended to be linked to reforms in labour relations. Treasury has been supporting Department of Labour since September last year on this process, and has developed good working relationships with all task team members.
- **Evaluation of the employment tax incentive.** The ETI is being evaluated in order to determine if it should be extended in September 2016. National Treasury

P(c)-DDVR-0254

DVR-APPLICATION-246

is awaiting data from SARS to evaluate the impact. A draft report will be due in April for Minister.

- **Managing vulnerability to capital outflows**. NT and the SARB are working on a framework to ensure that operating procedures are in place t manage market instability.

4.2.6. Government Procurement

Purpose: Address poor procurement practices and systems in the government wide system to address inefficiencies, waste and wilful fraud and corruption.

Successes

1. Technological reforms (SCM ICT)

a) The OCPO initiated a number of ICT initiatives to practically translate the objective of modernising SCM through the use of technology. The eTender Publication Portal was introduced. On 1 April 2015, a National Treasury Instruction Note (1 of 2015) was issued prescribing the mandatory advertisement of bids and the publication of awards on the eTender Publication Portal by all departments, constitutional institutions and public entities listed in schedule 2 and 3 to the Public Finance Management Act (PFMA).

b) On 1 April 2015 the OCPO launched the eTender Publication Portal that can be accessed at http://www.etenders.gov.za The eTender Publication Portal displays all tender opportunities as well as the contract information of awarded tenders that exceeds the R500 000 threshold. Quarterly procurement schedules are also published indicating what bid opportunities the National Departments and related Public Entities are planning to issue during the next quarter. Access to the portal is available free of charge and tenders are categorised by department, province and commodity type, making it simple for small, medium and large enterprises to find government opportunities related to them.

c) At this stage 40% of the departments, constitutional institutions and public entities are publishing on the portal. To date 2052 opportunities was published on the portal. The OCPO is currently engaging with Local Government to see how best the solution could be implemented as well as how CIDB integration could be enabled.

d) The OCPO has the ambition to consolidate the supplier databases of government (estimated at between 2500 and 3000 different supplier masters with endless number of duplications). In order to achieve this objective, the OCPO has initiated the Central Supplier Database (CSD) Project launched on 1 September 2015. All current and prospective suppliers of government are required to register on the CSD before 1 April 2016. As from 1 April 2016, use the CSD as the only source of registered and verified suppliers becomes mandatory for all National and Provincial Departments.

e) It is a supplier's responsibility to keep information current and will be prompted through emails or sms when expiry dates are eminent. The database will also be the central point of audit and it is estimated that huge benefits will be realised in terms of eliminating the duplication, cost and effort required to transact with government. It will lead to a reduction in audit costs

P(c)-DDVR-0255

DVR-APPLICATION-247

as compliance related information need to be audited only once on behalf of government. Purchasing entities will have the responsibility to ensure that service providers have registered on the CSD before they participate in procurement activities.

f) The benefit for suppliers will be the reduction of red tape and administrative effort to do business with government. Compliance requirement will be easy to meet for suppliers that are in good standing on the various aspects. It will also be possible to systematically verify if information submitted is indeed correct and compliant to requirements.

g) As on 11 December 2015, 60,449 users maintaining supplier have registered on the CSD. A total of 55,427 supplier registrations have thus far been captured by suppliers and electronic compliance verifications conducted on these – once all required sections have been completed by suppliers, they will be able to submit the finalised registrations. A total of 15,972 supplier registrations have been finalised by suppliers.

h) G-commerce is another innovative initiative which the OCPO has been working on. It will eliminate the Manual Orders on transversal contracts to an online purchasing system. The system is currently being piloted at National Departments of Correctional Services (DCS) and Health.

i) Parallel to the dry run, the OCPO has a target of loading 8700 items on online catalogue by the end of 15 December 2015.

2. SCM Stakeholders and Client Management

a) Stakeholder management has been added as one of the responsibilities for the stakeholder management. This will ensure that stakeholders across government and externally are aware of the changes occurring with the SCM environment and how these will impact on their lives. Various provinces were visited to share the roll-out and to date, national campaigns are currently executed to by this unit to alert the suppliers on the looming deadline for registration on the Central Supplier Database and the access to e-Tendering portal for opportunities.

b) Since the launch of the CSD and eTenders, road shows were held across 6 provinces facilitating training for SCM practitioners and information sessions with the top 100 suppliers in each province. Most of the provinces invited all suppliers instead of the top 100.

c) One of the key issues that came out of the sessions, were the concerns and the negative impact of the 30-day payment. Most SMMEs went out of business as a result of non-payment.

3. Strategic Procurements

a) Framework and Methodology

- The Strategic Procurement Framework (SPF) has been developed and work shopped with National and Provincial Departments as well as a few Metros. The SPF has been published on the OCPO website for further comments and refinement. The purpose of this framework is to advocate the principle that government must have a differentiated approach to

procurement where, through a systematic and rigorous analysis process, different commodity groups have different procurement approaches.

b) Medical Equipment Project

- The focus of this initiative is to establish transversal contracts for medical equipment. The OCPO is assisting the Department of Health with a procurement reform initiative. The project comprises three phases. Phase 1 comprises 45 items which have completed specifications and have undergone Provincial and Industry Consultations. The market engagement documents are being developed to be put out on tender during January 2016 with a planned implementation from 1 April 2016 onwards. Phase 2 and 3 will comprise some 400 items and strategic alliances have been established with internal and external stakeholders to fast track the process of compiling the remaining specifications and implementation from July 2016 onwards.

c) Communications Project Implementation

- The OCPO has developed a sourcing strategy for Communication which will include fixed line and mobile communications. The cross functional team from high spend Departments have been identified for the implementation of the strategy that will yield estimated savings of R300 to R600 million.

d) Travel & Accommodation Project Implementation

- The OCPO has developed a sourcing strategy for Travel & Accommodation which will include Domestic Air Transport, Hotel & Guest House Accommodation, Car Rental, Shuttle and Transfer Companies and Travel Management Companies. The cross functional team from high spend Departments have been identified for the implementation of the strategy that will yield estimated savings of R200 to R500 million.

e) Price Referencing System

- The OCPO has developed a price referencing system that is web-enabled. The system was piloted at 6 departments

f) Infrastructure

- Cost Model for Schools

The OCPO undertook to develop cost control measures which will enable the state to realise value for money in the delivery of new schools and additional buildings at existing schools.

The OCPO in consultation with the Department of Basic Education (DBE) developed a cost model which establishes a control budget for the

provision of new schools (small, medium and large primary and secondary) and additional buildings at existing schools.

This cost model is based on the menu of prototype designs and the cost model developed by the DBE during 2011 and is aligned with the Minimum Uniform Norms and Standards for Public School Infrastructure published in terms of the South African Schools Act, 1996.

It takes into account a number of common variables, namely differences in costs associated with building construction in different provinces, different sanitation options, site constraints, founding conditions and price inflation. A Treasury Instruction (02 of 2015) was issued in this regard.

- Standard for Infrastructure Procurement and Delivery Management

A Standard for Infrastructure Procurement and Delivery Management (SIPDM) has been issued and it covers the supply chain management system for infrastructure delivery. It has been framed around the five focus areas proposed by the National Planning Commission for the design of a procurement system and draws upon the work of the 2015 Public Sector Supply Chain Management Review. It is issued as an instruction (Treasury Instruction 4 of 2015) in terms of Section 76(4)(c) of the Public Finance Management Act of 1999 (Act No.1 of 1999) and is applicable to the following organs of state:

- a national or provincial department as defined in the Public Finance Management Act;
- a constitutional institution entity as listed in schedule 1 of the Public Finance Management Act;
- a public entity as listed in schedules 2 and 3 of the Public Finance Management Act of 1999; and
- any organ of state which implements infrastructure delivery projects on behalf of another organ of state.

This standard also forms an integral part of the Model SCM Policy for Infrastructure Delivery Management which has been issued as a Treasury guideline (MFMA Circular 77) determining a standard for municipal supply chain management policies in terms of Section 168 of the Municipal Finance Management Act of 2003 (Act No. 56 of 2003) in support of Regulation 3(2) of the Supply Chain Management Regulations. Accordingly, the standard applies to a municipality or municipal entity whose council or board of directors, respectively, adopts the aforementioned guideline standard.

4. Transversal contracts

a) Transversal contracts are an important instrument enabling government at all levels to purchase goods and services from a central list of approved suppliers who have been vetted for cost and quality. The procurement process for these contracts is conducted through a multidisciplinary approach and involves stakeholders with a direct interest in the contracts. The bidding

process for the contracts is finalised nationally through the OCPO. Government institutions will continue to enter into contracts with service providers, but where a national or provincial transversal contract exists for common goods and services they must limit themselves to suppliers from the nationally-agreed list.

b) Goods and services that are cross-cutting and/or strategic in nature are identified, consolidated and a single contract is facilitated centrally and cross-functional teams comprising of representatives from various government institutions are formed and constitute bid committees that are responsible for drawing specifications, evaluation and adjudication of bids.

c) The OCPO is currently facilitating 40 transversal contracts with an estimated annual value of R14 billion and a consolidated figure of R28 billion over the different contract periods. These are classified into 3 main commodity groups:

- Health & Medical Technology
- Vehicles Equipment & Services
- Textiles, Perishables & Consumables

d) LTSM contracts on school stationery and textbooks have been finalized in 2015 for certain participating provinces. It is envisaged that the non-participating provincial departments of education will be included as their current provincial contracts expire. Significant savings have been realized on the centralization of aforementioned contracts. The OCPO is at an advanced stage in the facilitation process of school workbooks for the Department of Basic Education.

e) The projected savings on textbooks are estimated at R68, 592,532.49 when comparing on a per book basis and R893, 778,252.88 for stationary with an estimated total of R962, 370,785.53

f) Benefits of transversal contracts include, reducing duplication, inconsistencies, wastage, price differences, leakages and therefore generate savings for government through economies of scale. There are other non-financial gains that will be achieved such as the broader multiple socio-economic objectives of government, e.g. BEE, local procurement, supplier development, etc. Savings have been realized from transversal contracts through application of strategic sourcing to certain identified strategic contracts. Centralization of transversal contracts will continue to provide leverage for cost savings in government spending.

5. SCM Policy and Legal

a) OCPO has commenced with the process of reviewing the existing SCM legislative framework with a view of leveraging public procurement in support of various government socio-economic objectives and other policy initiatives. These objectives range from accelerating black economic empowerment, improving procurement efficiency, small business development, supporting township economy, supporting co-operatives, creating opportunities for youth and women owned businesses, black industrialists, localization, etc.

6. SCM Governance Monitoring and Compliance

a) SCM Governance
Transparency in the public procurement is imperative, to ensure that government comply with this, the OCPO publishes the department / entities procurement plans on a quarterly basis. Deviations from normal bidding process and the contract extensions/ expansions will be published quarterly from 2016.

b) SCM Monitoring and Compliance
Compliance and monitoring is also another aspect that the OCPO aims to uphold through reviewing of specifications, evaluation criteria and bid committee minutes, contracts will be reviewed to ensure that adequate performance management on both the contract and supplier is adequately performed.

Current Projects

a) SCM Stakeholders and Client Management

The campaign will run from the 2nd week of December 2015, breaking and restarting again in the 2nd week of January 2016. The campaigns will also be taken to local government space in January 2016, starting with a re-launch in Ekurhuleni on the 27 & 28 January 2016. This will be followed by municipal visits to provinces for training in preparation for 1 July 2016.

It is imperative for government to continuously engage their suppliers to address changes through the reforms and performance of each supplier. On the cards for 2016/17 is the campaign to engage the top 100 suppliers across the sectors and the country with the intention of negotiating better prices and means of transacting.

b) Strategic Procurement
- Framework and Methodology

The complete SPF with supporting Good Practice Guides will be published by April 2016. The OCPO is in the process of developing a model where government departments can propose strategic procurement opportunities, which will then be added to a database of opportunities. An opportunity assessment model is under development that will rate opportunities in terms of scale and impact, as well as resources requirements and timeframes, which will determine the priority of projects.

- Communications Project implementation

The market for mobile communications will be engaged in January 2016 with implementation planned from 1 April 2016. The market for fixed line communications will be engaged from February 2016 with implementation planned from 1 May 2016.

- Travel and Accommodation Project Implementation

The sourcing interventions include:

- Transversal Panel Contracts for Car Rental and Shuttle services by April 2016;
- Corporate negotiated airline agreements for all government departments;
- Corporate negotiated agreements with all major hotel groups for all government departments (phase 1). Phase 2 will include Bed & Breakfast and Guest Houses);
- Introduction of a Travel Buy-site for government.

c) SCM Governance Compliance and Monitoring

- ESKOM

Contracts relating to diesel and coal are being verified. The outcome of these verifications will indicate how many other contracts should be verified.

- SOUTH AFRICAN AIRWAYS

Contracts reviewed by OCPO revealed that the South African Airways does not comply with treasury norms and standards when evaluating and adjudicating tenders. The CPO is currently suspended which increases the risk that many tenders may be irregularly awarded. The Board is also applying subcontracting measures without complying with the legislation. National Treasury will second a CPO to manage procurement and forensic investigations will be conducted on several contracts.

- TRANSNET

Contracts relating to CCTV solution and network services are being verified. The outcome of these verifications will indicate how many other contracts should be verified.

- PRASA

Acceptance letters were sent to various suppliers to conduct forensic audits on PRASA contracts. The verification process will commence in January 2016.

- CORRECTIONAL SERVICES

The department was requested to discontinue the evaluation of Integrated Inmate Management System (IMMS) tender which is worth over R300 million. Feedback not yet received from the department.

- CITY OF TSHWANE

The original contract amounting to R1.4 billion was revised to R955 million. OCPO is reviewing the reasonableness and competitiveness of the contract amount.

- NATIONAL DEPARTMENT OF HEALTH

The contract to supply and deliver condoms and lubricants worth R3.5 billion is being reviewed. The preliminary report indicates that one of the successful tenderer was previously restricted and continued to do business with government during the period of restriction.

- SABC

A number of contracts awarded by the SABC are alleged to have been irregularly awarded. The OCPO requested documents from SABC in order to conduct the review and the GCEO promised to provide the documents and was subsequently suspended. The acting GCEO is applying delaying tactics just to delay the submission of the documents.

- DEPARTMENT OF ENERGY

The Department of Energy submitted a hybrid procurement process for the nuclear built programme. The review revealed that the procurement process in not in line with the legislation. The department was requested to submit a revised procurement process that is in line with the legislation and to apply for exemption before commencing with the procurement process.

- PENDING COURT CASES

Contracts awarded to Carol Bouwer Productions and Swifambo Rail are being investigated by SAPS

d) SCM Policy and Legal

To improve efficiency, the treasury regulations have been revised and the draft SCM regulations will be promulgated during January 2016 to become effective in April 2016. The existing treasury instructions and circulars are also being aligned to the revised Treasury Regulations to become effective at the same time.

To support other objectives and policy initiatives, certain amendments will be made to the PPPFA Regulations, 2011 as an immediate short term measure. It is envisaged that these amendments will become effective in April 2016.

A process to review the entire public procurement legislative regime that will culminate in a single public procurement legislative framework has commenced with inputs from organized business and Organised Community

P(c)-DDVR-0262

DVR-APPLICATION-254

groups. This legislative framework will address most of the aforementioned objectives and other policy initiatives. It is expected that this draft Public Procurement Bill will be published for comments during March 2016.

New Projects

e) SCM Governance Monitoring and Compliance

- Forensic investigation into all PRASA contracts above R10 million
  The Public Protector in her report on PRASA investigation directed the Office of the Chief Procurement Office to conduct forensic investigation in all contracts above R10 million from 2012 to 2015. The SCM process of engaging audit firms and law firms to conduct forensic investigation is currently underway. It is envisaged that these firms will commence with investigation early next year.

Based on an analysis of spend and other factors within Government the following projects have been identified:

- ICT Hardware sourcing strategy
- Medical Waste Management
- Medical Equipment (Phase 2)
- Medical Laundry & Linen
- LTSM

The team is undertaking scoping and investigations into the above categories.

f) Transversal Projects

New transversal contracts have been identified across the following sectors but not limited to:

- Banking services
- ICT infrastructure and services, desktops and laptops
- Professional services and other consultancy services
- Security services, physical security and access control
- Air travel and hotel accommodation
- In the education sector, school textbooks and stationery
- Health technology, research
- Leasing and accommodation
- Learner Teacher Support Material (LTSM)

Office of the Accountant General

1.1 In terms of the Public Finance Management Act (PFMA), Act no1 of 1999, as amended; and the Municipal Finance Management Act (MFMA), Act no. 56 of 2003, the National Treasury may investigate any system of financial management and internal control in any sphere of government and recommend improvements. It may also take any other appropriate steps necessary to perform its functions

effectively. In pursuance of this mandate the Minister of Finance established the Specialised Audit Services in the Office of the Accountant-General Division

1.2 The Specialised Audit Services key strategic objectives is to provide specialised performance auditing and investigative capacity in all spheres of government, constitutional institutions and public entities on a broad range of financial management and internal control.

2. UNIT PRIORITIES

2.1 The following are the priority sectors for the unit during the MTEF 2015/2019:

- Health
- Local Government
- Built environment
- Human Settlements
- Education
- Transversal system (BAS Fraud)

2.2 The unit also participates and supports the Anti-Corruption Task Team **(ACTT)** established by the President on 22 July 2010 and other law enforcement agencies in their investigations of fraud and corruption in the public procurement and provided forensic investigation reports that were utilised to open about 100 criminal cases since 2012 to date.

3. UNIT SUCCESSES

3.1 The Unit has since its inception in January 2010 to 30 September 2015 at least concluded 100 forensic investigations that have been successfully utilised for disciplinary, civil recovery and criminal proceedings.

3.2 The unit supports the investigations of foreign bribery cases in the OECD matrix against South Africa and successfully motivated for removal of certain cases based on their resolution through availability forensic investigation reports.

3.3 Procurement contracts estimated at R10 billion were subjected to investigation by the unit.

3.4 Recoveries of proceeds of crime and State assets to the value of R200 million were recovered back to National Revenue Fund, through NPA-forfeitures and civil recoveries from Commercial Banks.

3.5 The unit's 27 forensic reports were utilised as a basis for disciplinary hearing of senior management members (*still in progress*) and registration of 38 criminal cases by ACTT in the Limpopo section 100 (1) (b) of RSA Constitution intervention.

3.6 Unit has successfully conducted training to about 50 prosecutors in 5 provinces on the utilisation of Public Finance Legislation and National Treasury regulations to establish case law for utilisation during criminal proceedings.

3.7 Unit has availability of all the skills and expertise to deal with reported cases of fraud and corruption, but capacity and financial resources are a limiting factor.

4. UNIT CHALLENGES

4.1 Client departments reluctance or and non- implementation of a corrective action, as a result of the findings in the forensic investigation reports issued by National Treasury.

4.2 Continuing engagement of services of service providers found to have committed irregularities to state tenders and no initiatives to implement restriction or tender defaulters' registration.

4.3 Unit not having access to CARA fund despite its budget utilised by ACTT on the criminal proceedings, as a result of National Treasury forensic investigation reports.

4.4 Requirement to assist client department to implement corrective action beyond the issue of the forensic reports, due to limited expertise in the client's environment e.g Municipalities Council.

4.5 Leakage and public media demands for National Treasury forensic investigation reports while still the subject of criminal proceedings.

4.6 Non-availability of case law in respect of PFMA and MFMA.

Other programmes: The above is just a snapshot view of the performance of the National Treasury over the past five years. The Treasury would not have functioned effectively if it had not been for a well-functioning **Corporate Services Division**. As with the other divisions, details are available in the Annual Reports.

The next section of the report focuses on the National Treasury international and multilateral engagements. The **International and Regional Economic Policy Division** is the Treasury Division that facilitates the programme of deepening of South Africa's role in international and regional affairs.

Another important programme in the Treasury is the **Technical Support and Development Finance** programme, which provides specialised infrastructure development planning and implementation support, to aid capacity-building in the public sector. One of the most innovative programmes falling under this division was the Jobs Fund, a R9 billion employment creation programme launched in 2011.

5. SOUTH AFRICA'S MULTILATERAL ROLE

1. Background

An integral part of South Africa's foreign policy posture is that the country's development is inextricably intertwined with that of the sub-region and ultimately that of the African continent. Overcoming poverty and inequality and achieving economic

P(c)-DDVR-0265

DVR-APPLICATION-257

prosperity will be achieved through a strategy of regional integration aimed at fostering industrialisation and intra-regional trade. South Africa is the dominant source of foreign direct investment on the continent. South African corporations are investing in a range of areas – mining, telecommunications, retail, agriculture and financial services – across the length and breadth of the continent.

The National Treasury works in concert with relevant line function departments and the Presidency to advance South Africa's interests specifically, and those of Africa more generally. The International and Regional Economic Policy (IREP) division supports the Minister of Finance in fulfilling his responsibilities in regional structures and organisations as well as in his role as South Africa's Governor at the World Bank, IMF, African Development Bank and the New Development Bank. Consistent with South Africa's foreign policy objective is the importance of increasing South Africa's and Africa's role, voice and influence in decision-making within these structures and effectively representing South Africa's domestic interests and concerns within frameworks of financial and economic governance.

2. The African Agenda

2.1 South African Customs Union (SACU)

At the sub-regional level, National Treasury has played a key role, together with the Department of Trade and Industry (DTI), in forging a Cabinet position on how to break the impasse over the implementation of the 2002 Agreement. In particular, National Treasury's focus is on the review of the SACU Revenue Sharing Formula. The major proposal emanating from these discussions has been the creation of a mechanism which would give effect to the financing of regional (SACU) developmental and industrial ambitions. National Treasury is of the view that the current SACU situation is not sustainable and that international best practice has shown that pooled funds should be used for addressing common challenges.

Negotiations have not concluded and have been put on hold since July 2013, pending political guidance and an opportunity for the President to discuss the SACU issues with his counterparts. On 11 November 2015, SACU Council met to discuss the impasse and draft a proposed roadmap for a way forward, which was endorsed by SACU Heads of State and Government on 12 November 2015. There will be a Ministerial Retreat in April 2015, followed by President Zuma's bilateral visits to each of the BLNS countries and a SACU Summit in June 2016 in South Africa.

Urgent attention for December 2015: The chairing of SACU is rotational, South Africa is currently the Chair until 15 July 2016. President Zuma chairs Summit, Minister van Rooyen will chair Council and the DTI chairs Commission. It is important that Minister circulates the report from the Commission meeting that was held on 8 November 2015 for Council approval. This report contains details of the revenue shares that need to be paid to SACU countries by January 2015. However, these shares cannot be paid until Council has approved the Commission report.

2.2 Southern Africa Development Community (SADC)

Although DIRCO is the lead department in South Africa's overall engagement with SADC, the National Treasury plays a lead role in the Finance Sub-Committee and in

P(c)-DDVR-0266

DVR-APPLICATION-258

the implementation of the Finance and Investment Protocol (FIP). A key point of discussion currently is the Regional Development Fund (RDF). Although the RDF was initially conceptualised as a project financing mechanism, South Africa through the leadership of the National Treasury, has played a key role in changing the scope of the RDF to focus on project preparation. This will be one of the major agenda items at the next meeting of SADC Ministers of Finance, as well as Council in February 2016 and Summit in August 2016.

3. The continental level

3.1 African Union

South Africa has played an influential role far beyond the sub-region. It is has been active in economic and financial debates at the African Union over the past five years. Concerning participation at the African Union Commission, National Treasury represents South Africa in a number of technical discussions including the establishment of two of the AU financial institutions, the African Monetary Fund (AMF) and the African Investment Bank (AIB)

The most important agenda item currently on the agenda of Ministers of Finance is the alternative sources of financing the AU, which aims to increase the AU's self-reliance through greater contributions from Africans. The Minister of DIRCO chairs the Ad Hoc Ministerial Committee on the AU Scale of Assessment. This committee has recommended an increase that would see South Africa's contribution to the AU scale from approximately $16 million to $64 million, starting in 2016. In light of the implication of these increases for the fiscus, National Treasury has been working closely with DIRCO to ensure that a Cabinet Memo is developed.

This matter is on the agenda of the January 2016 AU Summit, therefore Minister may be consulted by DIRCO Minister. DIRCO is likely to present a memorandum to Cabinet in February 2016 and Minister will be apprised of developments prior to Summit.

3.2 African Development Bank

National Treasury represents the South African government in the African Development Bank Group, the Minister is the Governor at the Bank and DG is the Alternate Governor. In 2010, South Africa received a permanent seat in the Board of Directors of the Bank. South Africa shares a constituency office with Lesotho and Swaziland.

On policy issues, in 2010, South Africa supported a decision to increase the capital of the Bank by 200 per cent which was the Sixth General Capital (GCI-VI) of the Bank this was to enable the bank to respond to the financial crisis without denting its AAA credit rating. South Africa subscribed to all the 200,566 shares that were allocated to us. The shares consisted of 12,033 paid-up shares and 188,523 callable shares. This didn't have an impact on our shareholding. In addition to this we also subscribed to 110,977 relinquished shares from the GCI-VI that were offered to member countries. The aim was to get to the six per cent shareholding that approved by the Cabinet in 1996(not sure now). Of those relinquished shares, SA was

allocated 15,929 shares. In February 2014, we paid the third instalments to these shares to the tune of R192 million.

In 2013, the bank again offered 4,418 shares to regional member countries, we applied for all the shares and we were allocated 3,560 shares Our shareholding stands at 4.6 per cent now, still less than the 6 per cent approved by Cabinet. We are the third largest regional member country after Nigeria and Egypt and the fifth largest member when you include non-regional member countries (Nigeria, US, Japan, Egypt and SA). South Africa is in a position to influence and shape the Bank's policies and strategies.

South Africa is also a contributor to the African Development Fund (ADF) which is the concessional lending window of the AfDB. The Fund is replenished every three years. We were the only regional member country that contributes to the ADF until the 11th Replenishment when Egypt joined with a pledge of US$2 billion in the 12th Replenishment. The 13th Replenishment which was concluded in September 2013 saw the number of African countries contributing to the ADF increase from two to four with Angola and Libya joining.

South Africa's contribution to ADF-13 is R230 million representing an increase of 91 per cent from the ADF-12 of R120 million. Unlike previous contributions which were paid over a three year period of equal instalments, SA's contribution to the ADF-13 will be paid over a period of ten years.

Although SA's contribution is relatively small compared to other traditional donors and emerging donors, the most important thing is that the country is in a favourable position to influence and shape the policy direction of the Fund. Hence we view the increase in the number of African (regional member) countries as critical in ensuring a greater African voice in the ADF policy discussions. These developments signal a willingness for African countries to take care of their own development.

In 2012, South Africa was nominated with Kenya to host the two Regional Resource Centres of the Bank as part of the Bank's Decentralisation Strategy. The establishment of the Regional Resource Centres is aimed at bringing the bank closer to its clients and enhance regional integration. The Southern Africa Regional Centre serves 12 regional member countries from the SADC region.

The Bank's Country Strategy Paper (CSP) for South Africa for the period (2013-2017) is based on two pillars, regional integration and infrastructure development with cross cutting themes such as knowledge solutions, good governance and capacity development and gender equality. The drafting of the CSP is consulted with all the relevant key stakeholders including government, state owned enterprises and civil society.

To take advantage of our position in the Bank, in April 2014, the IREP division worked with the SARC to host a Business Opportunity Seminar for the South African private sector. The seminar was aimed at presenting the business and procurement prospects linked to the Bank Group financed operations in Africa as well as their participation in the implementation of the Bank financed projects, programs and studies. More seminars will be held in the future. Other seminars will involve the

state-owned enterprises and government departments to increase the awareness of the Bank's activities in the country, the region and the continent.

4. BRICS

On 15 July 2014, the BRICS countries signed the Agreement establishing the New Development Bank (NDB) at the Sixth BRICS Summit held in Fortaleza, Brazil. It was agreed that the Bank shall have an initial authorized capital of US$ 100 billion, and that the initial subscribed capital shall be US$ 50 billion; equally shared among the founding members.

In addition, it was agreed that the first chair of the Board of Directors shall be from Brazil; the first chair of the Board of Governors shall be from Russia; the first President of the Bank shall be from India; the headquarters of the Bank shall be located in Shanghai, China; the first regional office, the African Regional Centre (ARC) as expressly captured in the Minutes of the BRICS Ministerial meeting, shall be established in Johannesburg, South Africa, and opened concurrently with the headquarters. As agreed in the same meeting, subsequent regional offices will be established, as needed, in Brazil, Russia and India, with the second regional office to be established in Brazil.

4.1 The Purpose of the NDB

The overarching purpose of the NDB "shall be to mobilize resources for infrastructure and sustainable development projects in BRICS and other emerging market economies and developing countries to complement the existing efforts of multilateral and regional financial institutions for global growth and development" as expressed in the Articles of Agreement between the BRICS countries.
The functions of the Bank under Article 3, as follows:

- to utilize resources at its disposal to support infrastructure and sustainable development projects, public or private, in the BRICS and other emerging market economies and developing countries, through the provision of loans, guarantees, equity participation and other financial instruments;
- to cooperate as the Bank may deem appropriate, within its mandate, with international organizations, as well as national entities whether public or private, in particular with international financial institutions and national development banks;
- to provide technical assistance for the preparation and implementation of infrastructure and sustainable development projects to be supported by the Bank;
- to support infrastructure and sustainable development projects involving more than one country; and
- to establish, or be entrusted with the administration, of Special Funds which are designed to serve its purpose.

4.2 Governance

A Board of Governors consisting of the Finance Ministers of the respective BRICS countries was established. A Board of Directors was also established with each country having a representative. Thus, in the Case of South Africa, the Minister of

P(c)-DDVR-0269

DVR-APPLICATION-261

Finance is a member of the Board of Governors and the Former Governor of the Reserve Bank, Mr. Tito Mboweni, is the independent representative on the Board of Directors for South Africa.

A President of the Bank, Mr. Kamath from India, was appointed with four (4) Vice Presidents reporting to him of whom one is a South African, Mr. Leslie Maasdorp. Mr. Maasdorp has recently been confirmed as the Vice President and Chief Financial Officer of the Bank. Mr Maasdorp was instrumental in the conceptualisation of the ARC. Two Board of Directors' Meetings have taken place, the latest on 24 November 2015, in Shanghai, China. The last Board Meeting also deliberated on all policies which the NDB will require to make it functional.

4.3 The Role of the National Treasury

The National Treasury, through the International & Regional Economic Policy (IREP) Divisional Head, Ms Mmakgoshi Phetla-Lekhethe, is the government representative in support of Mr Mboweni, the non-Executive Director of the Board of Directors. IREP draws on a team in the Global Emerging Markets (GEM) Section which is the nodal point and co-ordinates all activities in support of the setting up of the NDB as well as the ARC in relation to the National Treasury Responsibilities.

[redacted]

4.4 The Establishment of the Africa Regional Office (ARC)

The ARC will be located in Johannesburg. The National Treasury is in the process of securing interim premises for the ARC as part of its commitment to the establishment process. The permanent location still has to be decided and is being managed by the Dept. of International Relations and Cooperation (DIRCO). It is expected that the ARC will become operational in January 2016. Currently, it is envisaged that staff from government departments including the National Treasury will be seconded, while the NDB advertises all positions globally in January 2016. Project Preparation capability is what is urgently required to enable the NDB to process its first loan. The President of the NDB made a commitment that the first loans will be announced by the second quarter of 2016.

5. The Group of 20 (G20)

South Africa is a member of the G20, representing the 20 systemically significant economies in the global economy. G20 debates and activities have expanded beyond the core area of country coordination and cooperation on key economic and financial policy issues. A presentation is attached detailing our G20 activities.

6. IMF and World Bank

P(c)-DDVR-0270

DVR-APPLICATION-262

South Africa has the most developed capital markets and most advanced financial sector in sub-Saharan Africa. South African investors are also increasingly exposed to economies in sub Saharan Africa and the growth, development and financing policies of the IMF and World Bank both in relation to South Africa's own domestic objectives and strategic goals for many economies in the region makes our role and voice at the IMF and World Bank of particular importance.

South Africa shares the Africa Group 3 constituency office at the World Bank with Nigeria and Angola and uses that office to pursue the interests of members and to increase African Middle Income voices in that institution.

Within the AfG1 constituency at the IMF, South Africa holds two positions, permanent Alternate Executive Director, and Senior Advisor in a constituency office that represents 21 countries. South Africa also plays a key role in Caucus groups within the BWIs including the Africa Caucus and the G24. Both are useful for an exchange of views and efforts to agree collective positions and messages for the Heads of the Bretton Woods Institutions (BWIs) during their Spring and Annual Meetings.

Pending issues:

- IMF Quota reform.
- A Third chair at the IMF's Executive Board.
- Further intensifying presence and engagement within the BWIs by South Africa.

Media statement by President Jacob Zuma: South Africa to maintain prudent fiscal position

11 December 2015

On Wednesday, 9 December, I appointed Mr David Douglas van Rooyen as the new Minister of Finance.

His appointment as Minister of Finance does not signal a change in the government's fiscal stance.

Government will not abandon the fiscal path that we have chosen in the last few years. Maintaining a prudent fiscal position remains one of government's top priorities.

The new Minister will strengthen the path and continue to support all efforts aimed at improving the lives of ordinary South Africans.

Minister van Rooyen is supported by Deputy Minister Mcebisi Jonas who carries many years of experience in the economic cluster.

They are supported by the hard-working and capable National Treasury team, led by the Director-General, Mr Lungisa Fuzile.

I would like to thank the former Minister of Finance, Mr Nhlanhla Nene for his sterling contribution to the National Executive and to taking forward the goals of building a better life for all our people.

The urgency of the changes in the leadership of the National Treasury was occasioned by the need to send nominations to Shanghai, of the head of the African Regional Centre of the New Development Bank/BRICS Bank, to be based in Johannesburg. Mr Nene is our candidate for this position.

We are fully backing his candidature, knowing full well that he will excel and make the nation proud in his next assignment.

Government remains committed to adhering to the set expenditure ceiling while maintaining a stable trajectory of our debt portfolio, as set out in the February 2015 Budget.

P(c)-DDVR-0272

DVR-APPLICATION-264

237

Our commitment to diversifying our economy, reduce the cost of doing business and utilizing resources much more efficiently to enable a more inclusive economic growth remains important.

We will continue to improve the budget process in order to maintain our international reputation as a global leader in budget transparency.

136

South Africa continually seeks to enhance the expansive information it provides to its citizens on how public resources are generated and used with the aim of improving budget participation.

To support the economy, government is committed to sustaining public sector capital investment, by attracting private sector capital into public infrastructure projects.

Government also remains committed to provide support to State Owned Companies in a fiscally sustainable manner, including South African Airways.

We assure the nation that nothing will be done, in supporting state owned entities, that runs contrary to the fiscal prudence that our country is renowned for.

No state-owned entity will dictate to government how it should be assisted.

The implementation of the National Development Plan remains the cornerstone of our economy. We will continue our actions in alleviating the most binding constraints to growth and we have set out a series of urgent economic reforms to build a more competitive economy.

These, among others include:
- Continued investment in economic infrastructure
- Reforming the governance of the State Owned Companies,
- Rationalizing state holding and encouraging private-sector participation.
- Address our energy challenges.
- Encouraging affordable, reliable and accessible broadband access.
- Promoting black ownership of productive industrial assets.
- Reviewing business incentive programmes in all economic sectors to ensure that resources support growth.

The economic cluster will meet on Tuesday, 15 December as announced by Minister Jeff Radebe to prepare for a special cabinet meeting on the economy, which will take place on Friday 18 December.

This will enable us to focus specifically and exclusively on the current economic climate and on the country's response.

I thank you.

JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

Dear Mr Van Rooyen

1. We write to request your availability to consult and drafting your statement for the Judicial Commission of Inquiry into Allegations of State Capture, Corruption and Fraud In The Public Sector Including Organs of State (Commission). As you are aware, evidence has been led at the aforementioned Commission in which allegations have been made against you regarding your conduct upon being appointed by the President of the Republic of South Africa, Mr Zuma to the position of Minister of Finance in December 2015.

DDD

2. As you know, we have given you a 7 (seven) full arch-lever files of the relevant documents on which the allegations were made. We estimate that we will require approximately 2 (two) weeks to consult with you and complete a statement to be forwarded to the Commission.

3. Kindly advise on your availability for this purpose.

4. We looking forward to your confirmation to consult with us. Please note that the consultations will take place in Johannesburg.

RE: JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE:

MR DAVID DOUGLAS DES VAN ROOYEN

Dear Dr Lubisi

1. The above subject matter refers.

2. Please be advised that we act on behalf of Mr David Douglas Des Van Rooyen, MP (hereafter referred to as "our client").

3. Our client received a notice in terms of Rule 3.3 of the Rules Governing the Proceedings of the Commission which stipulated the following:

> *"3.3. If the Commission's Legal Team intends to present to the Commission a witness, whose evidence implicates or may implicate another person, it must, through the Secretary of the Commission, notify that person ("implicated person") in writing within a reasonable time before the witness gives evidence:*
>
> *3.3.1. that he or she is, or may be, implicated by the witness's evidence;*
>
> *3.3.2. in what way he or she is, or may be, implicated and furnish him or her with the witness's statement or relevant portions of the statement;*
>
> *3.3.3. of the date when and the venue where the witness will give the evidence;*
>
> *3.3.4. that he or she may attend the hearing at which the witness gives evidence;*
>
> *3.3.5. that he or she may be assisted by a legal representative when the witness gives evidence;*
>
> *3.3.6. that, if he or she wishes:*
>
> *3.3.6.1. to give evidence himself or herself;*
>
> *3.3.6.2. to call any witness to give evidence on his or her behalf;*

DDD

3.3.6.3.or to cross-examine the witness;

he or she must, within two weeks from the date of notice, apply in writing to the Commission for leave to do so; and

3.3.7. that the Chairperson will decide the application".

4. In preparation for our intended Application to be made to the Chairperson of the Commission DCJ Zondo in terms of Rule 3.3.6 of the Rules Governing the Proceedings of the Commission, we hereby make a request in terms of the Promotion of Access to Information Act, No 2 of 2000 (PAIA), for access to certain information that is in the possession of your Department, we enclose herein a duly completed J750 form of PAIA and an additional folio marked Annexure "DDD1".

5. We further attached the following documents for your attention:

   5.1 Notice in terms of Rule 3.3 of the rules of the Judicial Commission of Inquiry, marked annexure "DDD2";

   5.2 Identity document of Mr Lucky Lempiditse Thekisho, Annexure "DDD3", as the Director of Lucky Thekisho Inc.

6. It will be appreciated if we can receive the requested information within a reasonable time taking into consideration the sensitivity and time constraints surrounding this matter.

JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

NOTICE IN TERMS OF RULE 3.3

TO : **Mr. DES VAN ROOYEN**

C/O : Lucky Thekisho Inc. Attorneys
Burlington House
1st Floor Suite 106-108
235 Helen Joseph Street
Pretoria (CBD)
Email: thekishol@gmail.com

IN TERMS OF RULE 3.3 OF THE RULES OF THE JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION, FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE ("THE COMMISSION"), YOU ARE HEREBY GIVEN NOTICE THAT:

1 On 16 November 2018 the Commission received a signed statement from Mr LUNGISA FUZILE ("the witness") wherein he implicated or may have implicated you. A copy of the witness's statement that implicates or may implicate you is attached as "A".

DDD

2 The Commission's Legal Team intends to present this evidence contained in Annexure "A" on 21 and 22 November 2018 at 10H00 .

3 The witness statement implicates you in, *inter alia*, the following respects:

3.1 During and in December 2015, you appointed Mr Bobat, Mr Mabaso and Mr Whitley as your advisors and Chief of Staff , respectively, in a manner that was improper and/or unlawful .

3.2 At the time Mr Mabaso was appointed as an advisor to yourself he was allegedly employed as an advisor to Minister Mosebenzi Zwane and he was thus bringing expertise on how to " take over an institution" in the context of the state capture phenomenon.

3.3 The witness formed an impression from your appointment of these three advisors that there was a connection between what the Guptas wanted and what the President of the country wanted and was doing.

3.4 Mr Bobat , as your advisor, shared classified information with the people outside government, such as Mr Eric Wood, for their benefit.

3.5 Mr Bobat ,as your advisor , interfered unlawfully with the administration and management of the National Treasury by giving instructions to , inter alia, the Director- General and the Head of Communications.

3.6 In your appointment of your advisors you failed to follow proper processes and background checks and policies and may have contravened the Public Service Act and the provisions of the Dispensation for the Appointment and Remuneration of Special Advisers.

DDD

4 As indicated above, the witness will give evidence at the hearing on 21 and 22 November 2018 at 10H00 at 4th Floor, Hill on Empire, 16 Empire Road, Parktown, Johannesburg.

5 You may attend the hearing at which the witness gives evidence.

6 You may be assisted by a legal representative when the witness gives evidence.

7 If you wish to:

7.1 give evidence yourself;

7.2 call any witness to give evidence on your behalf; or

7.3 cross-examine the witness

then you must apply, within fourteen (14) calendar days of this notice, in writing to the Commission for leave to do so.

8 An application referred to in paragraph 7 above must be submitted to the Secretary of the Commission. The application must be submitted with a statement from you in which you respond to the witness's statement in so far as it implicates you. The statement must identify what parts of the witness statement are disputed or denied and the grounds on which they are disputed or denied.

9 In the event that you believe that you have not been given a reasonable time from the issuance of this notice to the date on which the witness is to give evidence as set out in

DDD

paragraph 4 above and you are prejudiced thereby, you may apply to the Commission in writing for such order as will ensure that you are not seriously prejudiced.

DATED AT Johannesburg on this 19th day of November 2018.

Dear Mr. Mabunda

JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE: STATEMENTS BY MR LUNGISA FUZILE, MR DONDO MOGAJANE AND MS PHUMZA MACANDA / NOTICE TO MR DAVID DOUGLAS DES VAN ROOYEN

1. The above matter refers.
2. As you know, we act on behalf of Mr. David Douglas Des van Rooyen, MP ("**our client**").

3. Our client was served with a notice in terms of Rule 3.3 of the Rules Governing the Proceedings Judicial Commission of Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector Including Organs of State ("Commission") on 19 November 2018. The notice was accompanied by the statements of Mr. Lungisa Fuzile, former Director-General of National Treasury, Mr. Dondo Mogajane, the current Director-General of National Treasury, Ms Macana who is a former head of communications at National Treasury, and related attachments.

4. Our client was given 14 calendar days from the date of the notice, to apply to the Commission for leave to give evidence; call any witness to give evidence on his behalf; or cross-examine the witness. In our calculation, our client was expected to make a decision and respond to the notice by Monday, 3 December 2018.

5. In terms of paragraph 9 of the notice in terms of Rule 3.3 letter, our client was informed that if he believed that he had not been given reasonable time from the issuance of the letter to the date on which the witness is to give evidence as set out in paragraph 4 of the notice and he is prejudiced thereby, he could apply to the Commission in writing for such order as will ensure that he was not seriously prejudiced.

6. As you know fully well, whilst our client was served with the notice on 19 November 2018, the witnesses referred to above, namely Messrs Fuzile and Mogajane, and Ms Macanda testified from the 21 and 22 November 2018. That

happened whilst our client had not yet had time to consult with his legal representatives. In fact, consultation with our client took place on Friday, 23 November 2018, after Mr Fuzile had already testified. The reason is that we as his legal representatives had to attend the hearings of the Commission, whilst he was in Cape Town on Parliamentary duties.

7. Due to short notice given before the witnesses testified, the nature of the allegations made, the need for further consultation and drafting of the statement for our client, which is exacerbated by the fact that our client is employed in the Parliament and had to seek leave from there to be able to focus on the statement and consult with his legal representatives in Johannesburg, we submit that the time given to our client was too short, and if our client were to respond to the Commission by 3 December he would be seriously prejudiced. We also want to mention that as some of the allegations made in the statement of Fuzile against our client related to meetings which took place at National Treasury and the Presidency, our client has asked us to seek information in terms of the Promotion of Access to Information Act 4 of 2000 ("**PAIA**"), to enable him to include such in his statement in response to the statements made by Fuzile and by the witnesses who seemed to corroborate his testimony. The relevant requests for information were dispatched on 3 December 2018.

8. As alluded to, our client is working in Parliament as an ANC MP which as you know, is in Cape Town. We confirm that our client requested time from the Chief Whip of the ANC to be temporarily released from his parliamentary

responsibilities to focus on this matter. At the time of our preparation of this letter he was still awaiting a response to his request.

9. We consulted with our client on Friday, 23 November 2018 in Johannesburg, at which meeting it became plain that we would need more time to consult with our client and prepare the statement for the Commission. Also that he needed to seek permission to be released from his Parliamentary duties to be able to focus on the preparation of his statement and be available to consult with us in Johannesburg.

10. In the above regard, our client has instructed us to ask the Commission to give him until Friday, 14 December 2018 for him to respond to the notice served on him by the Commission on 19 November 2018. This is therefore a request for extension of time.

11. We await the order of the Commission.

Dear Mr. Mabunda

RE: JUDICIAL COMMISSION OF INQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE: RULE 3.3 NOTICE TO MR DES VAN ROOYEN: REQUEST FOR FURTHER EXTENSION.

1. The above matter and the telephonic conversation between you and our Mr Lucky Thekisho on 10 December 2018, has reference.

2. As you know, we act on behalf of Mr David Douglas Des van Rooyen, MP ("our client").

3. On 19 November 2018 you served us with a notice in terms of Rule 3.3 of Rules Governing Proceedings of the Judicial Commission of Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector, Including Organs of State ("Rules"), which notice was addressed to our client.

4. I confirm that you advised that the Commission has adjourned its Public hearings for this year until it resumes in January 2019. I further confirm that you advised that we can still make application in terms of Rule 3.3 of the Rules.

7. Furthermore, we refer you to our letter emailed to you on 3 December 2018 at 08:42, requesting extension of time until Friday the 14th December 2018 to finalize the application of our client. Please note that on Thursday, 13 December 2018, we had a further consultation with a client with a view to finalizing the statement. Whilst we have made a lot of progress in the preparation of our client's statement, we are not of the view that we will not be able to finalize the statement and application, and submit same to the Commission by Friday, 14 December as we had initially thought. It therefore necessitates us to request a further extension to finalize our client's application.

DDD

9. In the above regard, we request further extension until Friday the 11th of January 2019. We await the order of the Commission extending our client's period of act in terms of Rule 3.3.6 of the Rules.

10. Please let us know if there is any need for us to make application for condonation for the later filing of our client's Rule 3.3.6 application.

Dear Sir,

REQUEST FOR INFORMATION SUBMITTED IN TERMS OF THE PROMOTION OF ACCESS TO INFORMATION ACT (PAIA) 2 OF 2000 ("THE ACT")

1. Your requests for information in terms of section 18 of the Promotion of Access to Information Act (PAIA) 2 of 2000 received on 03 December 2018 refers:
2. Your request has been assessed and it has been determined that:
   (i) The meeting between the National Treasury Executive and Mr Douglas Van Rooyen when he was the Minister of Finance on 15 December 2016 was not recorded and there are no minutes or any recordings of the meeting;
   (ii) The video footage is no longer available, since the security system does not keep video footages for longer than six months;
   (iii) The Government's Communications Policy which guides the functioning of the Communications Unit in the National Treasury is attached hereto; and
   (iv) The government gazette no 40167 as well as the ministerial handbook of 2009 which outlines the process for appointing Ministerial staff and Chief of Staff are attached hereto.
3. I trust that you will find the above in order. Should you have any further queries, kindly contact Talent Mtungwa at (012) 315 5517/5102 or on e-mail at paia@treasury.gov.za .

IN THE JUDICIAL COMMISSION OF INQUIRY INTO

ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD

IN THE PUBLIC SECTOR INCLUDING ORGANS OF THE STATE

In the matter between: -

DAVID DOUGLAS DES VAN ROOYEN Applicant

and

THE COMMISSION'S LEGAL TEAM First Respondent

LUNGISA FUZILE Second Respondent

SUPPLEMENTARY FOUNDING AFFIDAVIT

I, the undersigned,

DAVID DOUGLAS DES VAN ROOYEN

do hereby make oath and state:

DDD

1. I am an adult male and a Member of the Parliament of the Republic of South Africa ("Parliament") with my working address as 120 Plein Street, Cape Town.

2. The facts contained herein are, save where otherwise stated or where the converse appears from the context, within my personal knowledge, and are to the best of my belief, both true and correct.

PURPOSE OF THIS SUPPLEMENTARY AFFIDAVIT

3. On 29 January 2019 my attorneys delivered my applications for leave to cross-examine and to testify as a witness to the Commission.

4. On Friday 15 February 2019, my attorneys drew my attention to a letter of even date which had been sent to them, by email, by the acting Secretary of the Commission Mr P Pedlar. I attach the letter hereto duly marked as "**DD12**". Paragraph 2 of the letter reads: -

"***2. The Chairperson has directed that we must bring to your attention the following:***

2.1 Your client's applications will be heard on Monday, 18 February 2019 at 10:00

2.2 Your client must deal with the findings of the Public Protector in her report where she dealt with cellphone tower records allegedly

DDB

3

placing your client at Saxonwold prior to his appointment as a Minister of Finance. These may be found at pages 104, 105, 106 and 343 of the Public Protector's State of Capture report. This information is required by the Chairperson as it will assist him in doing the work of the Commission.

2.3. In his response to Mr Fuzile's application attached an affidavit from a High Court application under case number 22943/17 and made references to certain annexures at pages 143 paragraphs 46 to 47; and at page 151 paragraphs 64 and 66. These Annexures are not attached. You must make all relevant Annexures available to the Commission.

2.4. Your client must furnish the information requested in a supplementary affidavit by Monday, 18 February 2019."

5. With regard to paragraph 2 it has since been clarified to my legal representatives that the Chairperson did not really give a directive but merely pointed out the findings in the Public Protector report on State of Capture that I needed to address in relation to my application for leave to cross examine and to testify as a witness, by means of a supplementary affidavit. I have considered the suggestion and agreed to it.

DDS

4

MY RELATIONSHIP WITH THE GUPTAS

6. In my Statement to the Commission I did not deal with the findings of the Public Protector which referred to telephone records which placed me at Saxonwold before and after my appointment as Minister of Finance. In the first draft of my statement I had included a section dealing with my relationship with the Guptas. My legal representatives discussed the matter with me and advised that, as I had specifically been requested to respond to the statement of Fuzile, who had implicated me, I should confine my response thereto. I took the advice.

7. I now welcome the opportunity to respond to the findings of the Public Protector which placed me at Saxonwold on 8 December 2015. Before I do that, I wish to take this Commission into my confidence regarding my relationship with the Guptas.

8. During its National General Council held on 24-27 September 2015, the Umkhonto Wesizwe Military Veterans Association ("**MKMVA**") elected me to serve as its Treasurer General ("**TG**"). I am still occupying the position of TG. Part of my responsibilities as the TG is to fundraise as well as to promote and support economic empowerment of military veterans and their dependants.

COMMISSION OF INQUIRY INTO STATE CAPTURE

DDDB.

9. The execution of my mandate as the TG requires, amongst others, the forging of partnerships and collaboration with businesses and these have included businesses in which the Gupta family members have interest. Due to the dire situation and constant challenges being encountered by our members (members of the MKMVA) and their dependants during the first time of each year, I found myself as the TG initiating many meetings with businesses during the last term of each year in order to prepare for the assistance of the members of the MKMVA and their dependants. Around October of 2015 I initiated a meeting with Rajesh Tony Gupta. The purpose of the meeting was to explore possible funding and support initiatives. Our constant engagement led to some of the Gupta family businesses becoming part of the MKMVA annual golf event, the proceeds of which were used to help struggling MKMVA members or their dependants.

MY RESPONSE TO THE FINDINGS OF THE PUBLIC PROTECTOR

10. Now that I have set out my relationship with the Guptas, I turn to respond to the findings of the Public Protector report on State of Capture. I have been specifically asked to deal with the findings of the Public Protector in her report where she dealt with cellphone tower records allegedly placing me at Saxonwold prior to my appointment as

Minister of Finance. For ease of reference I attach to this Affidavit pages 104, 105, 106 and 343 of the Public Protector report on State of Capture bound together and marked as Annexure "**DD13**". I refer to the following findings on those pages: -

10.1. On pages 104-105, paragraph 5.24 (d) and (e) the Public Protector finds that I was at Saxonwold on 8 December 2015, the day on which former finance Minister Nhlanhla Nene was informed by former President Zuma that he would be removed as Minister of Finance. She also found that the telephone records showed that I frequently visited Saxonwold.

10.2. On page 105 there is a sketch which the Public Protector says is a reflection of calls made by me whilst at Saxonwold.

10.3. On page 343 of the report, paragraph 7.1.3, the Public Protector states that it is equally worrying that I was placed at Saxonwold area at least seven times, including the day before I was announced as Minister. She says it looks anomalous given that I was a member of Parliament in Cape Town at the time.

My response

11. I respond to the findings of the Public Protector as follows: -

DDS

7

12.1. I do not understand the sketch which appears on page 105 of the report. According the last sentence of paragraph (e) the sketch is a reflection of calls that I made whilst I was in the Saxonwold area. But my perusal of the sketch reflects that some of the dates speak of SMSs, MS Terminating, MS Originating, MS Terminating SMS in MC. I cannot make head or tail of these.

12.2. What I want to state categorically is that I visited the Gupta house at Saxonwold several times since around October 2015 after I was appointed the TG of MKMVA. I did not keep a record of the dates on which I went to the house. It is also important to note that the meetings continued even after I had been appointed Minister of Finance and later Minister of Cooperative Governance and Traditional Affairs. It will be noted from the sketch that the dates go up to 30 January 2016. I wish to state that I actually met with Rajesh Tony Gupta when I visited the Gupta house. He is the only member of the Gupta family that I met.

12.3. I now turn to deal with my presence at Saxonwold on 8 December 2015. As I have stated in my statement (page 16 para 33), I flew back from Durban to Johannesburg on 7 December 2015. On 8 December 2015 I initiated a meeting with Rajesh Tony Gupta in my capacity as the TG of the MKMVA, in relation to fundraising

8

matters of the MKMVA. To this end, I went to the Gupta house in Saxonwold for the meeting. I took advantage of the fact that as I was back in Johannesburg, I could well use the time that I had beneficially. Unfortunately, the meeting with Rajesh Tony Gupta could not take place, because he was held up in another meeting.

12.4. On page 106 paragraph 5.25 of the Public Protector report on State of Capture it is stated that Mr Ajay Gupta denied that I visited his residence. I wish to state that I never had any meeting with Ajay Gupta and therefore cannot say that he was aware of my presence at the Gupta house.

12.5. In paragraph 7.1.3 on page 343 of the Public Protector report on State of Capture, it is stated that it looks anomalous for me to be placed at Saxonwold area on at least seven occasions including the day before I was announced as Minister of Finance. I hope that I have now fully explained why I was at the Guptas house on 8 December 2015 in this supplementary affidavit.

12.6. The fact of the matter is that the Public Protector only gave me effectively 24 hours to respond to her preliminary findings, and to make it worse, those preliminary findings did not include the alleged telephone records placing me at the Saxonwold area. In

DDD

this regard I attach the relevant letter of the Public Protector dated 10 October 2016 duly hereto duly marked as Annexure "**DD14**".

CONFUSION WITH REGARD TO PARAGRAPHS IN THE AFFIDAVIT WHICH WAS ATTACHED TO MY STATEMENT AS ANNEXURE DVR 2

13. I want to use the opportunity presented to me by this supplementary affidavit, to address a confusion that I might have created by attaching my High Court application affidavit to my statement. In particular, I refer to the middle of paragraph 26 of my Statement in which I stated, "***The first question I need to answer is how I was appointed. I have dealt with this issue in an affidavit filed with the High Court involving a review of the Public Protector's finding that I was appointed at the instance of the Gupta influence. I attach that affidavit as DVR2.***"

14. Upon further reflection on what I said above, it is plain that the affidavit which I attached did not deal with how I was appointed. Instead, I have dealt with how I was appointed in paragraphs 26 to 35 of my Statement. I apologise for the confusion I might have caused when I attached the affidavit suggesting that it dealt with my appointment. I was then under the wrong impression that it did.

COMMISSION OF INQUIRY INTO STATE CAPTURE

DDS

CONCLUSION

15. I wish to put it on record that apart from my relationship with Rajesh Tony Gupta in my capacity as the TG of the MKMVA, I do not have any personal relationship with the Guptas. I also wish to reiterate that as far as I know, the Guptas did not play any role in my appointment as the Minister of Finance. In my engagement with Rajesh Tony Gupta, he and I never discussed my appointment as minister or in any other ministerial capacity. Given the fact that the power to appoint ministers lies with the President of the Republic alone, I would not have agreed to be appointed at the instance of the Guptas or anyone else, if I had been approached accordingly.

16. Once again, I wish to state that I am available to assist the Commission in carrying out its mandate.

DAVID DOUGLAS DES VAN ROOYEN

Dear Sir

MR DES VAN ROOYEN

1 The Chairperson has had regard to the response and your application for condonation and to cross- examine Mr Fuzile.

2 The Chairperson has directed that we must bring to your attention the following:

2.1 Your client's applications will be heard on Monday 18 February 2019 at 10h00.

2.2 Your client must deal with the findings of the Public Protector in her report where she dealt with cellphone tower records allegedly placing your client at Saxonworld prior to his appointment as a Minister of Finance. These may be found at pages 104, 105, 106 and 343 of the Public Protector's State of Capture report. This information is required by the Chairperson as it will assist him in doing the work of the Commission.

DDVR

13

2.3 In his response to Mr Fuzile's application your client attached an affidavit from a High Court application under case number 22943/17 and made references to certain annexures at pages 143 paragraphs 46 to 47; and at page 151 paragraphs 64 and 66. These Annexures are not attached. You must make all relevant Annexures available to the Commission.

2.4 Your client must furnish the information requested in a supplementary affidavit by Monday, 18 February 2019.

Yours sincerely

MR P PEDLAR
Acting Secretary
Judicial Commission of Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector including Organs of State

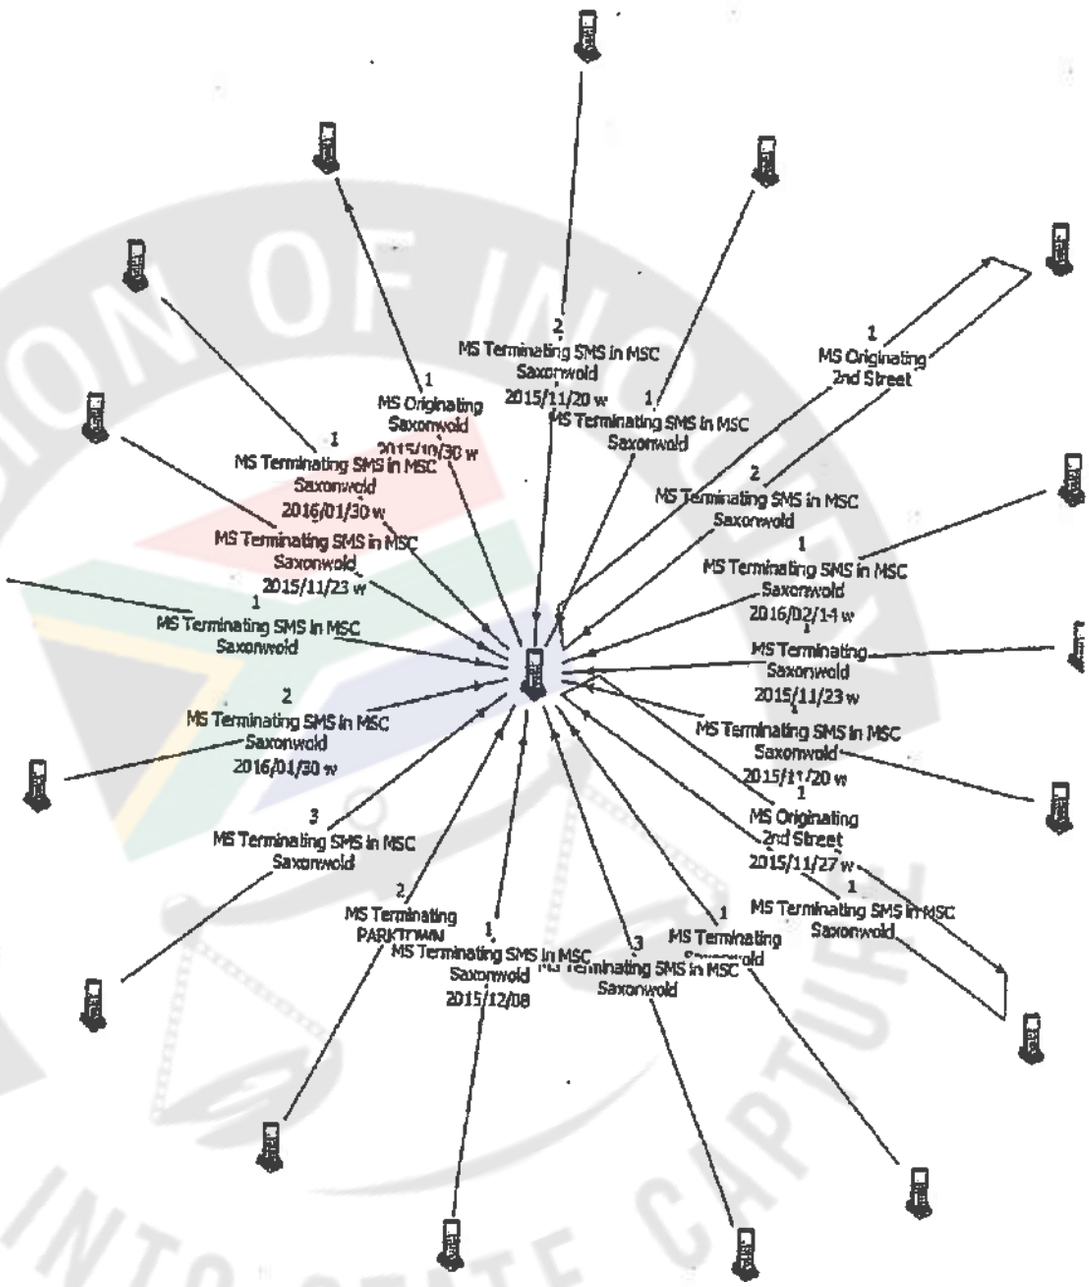
k) The telephone records show that Mr Jonas was at the airport on at 16:42:33 PM on the same date.

5.24. The above telephone communication appears to confirm Mr Jonas version of events that prior to October 2015, he had never communicated with Mr D. Zuma.

a) The records further appear to confirm his version of events that he met with Mr D. Zuma at the Hyatt Regency Hotel in Rosebank who later transported him to Saxonwold.

b) Whilst the records place both Mr Hlongwane and Mr D. Zuma at Saxonwold, they did not show Mr Jonas at the same location. The records however show that Mr Jonas was at the airport later on the same date, which also confirms his version of events. According to the cellular network companies, there needs to be a billable event for a tower location to be recorded.

c) I am yet to interview both Mr Hlongwane and Mr D. Zuma to obtain their version of events.



d) Having had regard to the wider allegations including the allegations that members of the Gupta family are involved in the appointment of Cabinet members, I reviewed the telephone records of Mr Van Rooyen to establish his whereabouts on 8 December 2015, the day Mr Nene was informed by President Zuma that he will be removed as Minister of Finance.

e) The telephone records show that Mr Van Rooyen was at Saxonwold on 8 December 2015. The records further show that Mr Van Rooyen frequently

DDD DDD

P(c)-DDVR-0344

visits Saxonwold. Below is a reflection of calls made by Minister Van Rooyen while at Saxonwold:

P(c)-DDVR-0345

5.25. Mr Ajay Gupta denied that Mr Van Rooyen visits his residence during my interview with him.

5.26. I received unsolicited letter from Mr Hlongwane on 29 September 2016 relating to the investigation. The title of Mr Hlongwane's letter *"Investigation into complaints of improper and unethical conduct by the President and officials of state organs due to their alleged inappropriate relationship with members of the Gupta family"* is consistent with the title I have used in all my correspondence relating to the investigation. This indicates that Mr Hlongwane has had access to one of my official documents relating to the investigation prior to any correspondence with my office. The letter is summarised below:

a) The letter states *"With respect to the alleged meeting involving Deputy Finance Minister Jonas, I had been made aware (by Duduzane Zuma) that Deputy Finance Minister had made statements that I was blackmailing him. I asked Duduzane Zuma to urgently convene a meeting between the three of us";*

b) *"Duduzane duly convened the meeting at the Rosebank Hyatt. Prior to my arrival, I interrupted the meeting by calling Duduzane to speak to Deputy Minister Jonas. In that conversation with Deputy Minster Jonas, I proposed we move that meeting to a private venue. All parties agreed to this";*

c) *"At the private venue, the blackmail story was specifically raised with Deputy Finance Minister Jonas. He (Jonas) stated that he had no recollection of any such blackmail conversations with anyone."*

7. OBSERVATIONS

Having considered the evidence uncovered during the investigation against the relevant regulatory framework, I make the following observations:

President Zuma's conduct

7.1. **Regarding whether President Zuma improperly and in violation of the Executive Ethics Code, allowed members of the Gupta family and his son, to be involved in the process of removal and appointment of the Minister of Finance in December 2015:**

7.1.1 President Zuma was required to select and appoint Ministers lawfully and in compliance with the Executive Ethics Code.

7.1.2 It is worrying that the the Gupta family was aware or may have been aware that Minister Nene was removed 6 weeks after Deputy Minister Jonas advised him that he had been allegedly offered a job by the Gupta family in exchange for extending favours to their family business.

7.1.3 Equally worrying is that Minister Van Rooyen who replaced Minister Nene can be placed at the Saxonwold area on atleast seven occations including on the day before he was announced as Minister. This looks anomalous given that at the time he was a Member of Parliament based in Cape Town.

7.1.4 Another worrying coincidence is that Minister Nene was removed after Mr Jonas advised him that he was going to be removed.

Dear Minister van Rooyen

NOTICE IN TERMS OF SECTION 7(9) OF THE PUBLIC PROTECTOR ACT 1994: AN INVESTIGATION INTO COMPLAINTS OF ALLEGED IMPROPER AND UNETHICAL CONDUCT BY THE PRESIDENT AND OTHER STATE FUNCTIONARIES RELATING TO ALLEGED IMPROPER RELATIONSHIPS AND INVOLVEMENT OF THE GUPTA FAMILY IN THE REMOVAL AND APPOINTMENT OF MINISTERS AND DIRECTORS OF SOES RESULTING IN IMPROPER AND POSSIBLY CORRUPT AWARD OF STATE CONTRACTS AND BENEFITS TO THE GUPTA FAMILY'S BUSINESSES

1. Please take note that I am finalising an investigation into complaints regarding alleged improper and unethical conduct by the President of the Republic and relating to alleged improper relationships and allegedly allowing improper influence of the Gupta family in the removal and appointment of the Minister of Finance, other Cabinet Ministers and Boards of State Owned Enterprises (SOEs) and the Gupta family allegedly being enabled to leverage such improper relationships to influence and possibly corruptly benefit from state contracts, state provided finance and to receive preferential treatment in the award of business licences. The investigation is conducted in terms of section 182 of the Constitution, Section 3(1) of the Executive Ethics Code and Section 6 and 7 of the Public Protector Act read with the Prevention and Combatting of Corrupt Activities Act.

2. The notice is being served on the Minister in terms of section 7(9) of the Public Protector Act which enjoins the Public Protector to advise a person implicated by evidence s/he has and that may lead to her/him making adverse findings against that person. The purpose is to advise that I have such evidence and present an opportunity for a response thereto.

Key Allegations against President Zuma

3. The investigation emanates from complaints lodged against the President by Father S. Mayebe on behalf of the Dominican Order, a group of Catholic Priests, on 18 March 2016 (The First Complainant); Mr. Mmusi Maimane, the leader of the Democratic Alliance and Leader of the Opposition in Parliament on 18 March 2016 (The Second Complainant), in terms of section 4 of the Executive Members' Ethics Act, 82 of 1998 (EMEA); and a member of the public on 22 April 2016 (The third Complainant), whose name I have withheld.

4. The complaints followed media reports alleging that the Deputy Minister of Finance, Hon. Mr. Mcebisi Jonas, was allegedly offered the post of Minister of Finance by the Gupta family long before his then colleague Mr. Nhlanhla Nene was abruptly removed by the President on 9 December 2015. The post was offered to him by the Gupta family, which has a long standing friendship

with President Zuma's family and a business partnership with his son Mr. Duduzane Zuma. The offer took place at the Gupta residence in Saxonwold, City of Joburg Gauteng. The allegation was that Atul Gupta, the oldest of three Gupta brothers who are business partners of President Zuma's son, Mr. Duduzane Zuma, in a company called *Oakbay*, among others, offered the position of Minister of Finance to Deputy Minister Jonas and must have influenced the subsequent removal of Minister Nene and his replacement with Min Van Rooyen on 9 December 2015, who was subsequently abruptly shifted to the Cooperative Governance and Traditional Affairs portfolio 4 days later, following a public outcry. It was alleged that Mr Gupta said President Zuma wanted would like to offer the post of Minister of Finance on condition that on appointment as Minister, Deputy Minister Jonas would work with the Guptas.

5. The media reports also alleged that Ms. Vytjie Mentor was also offered by the same Atul Gupta the post of Minister for Public Enterprises in exchange for cancelling the South African Airways (SAA) route to India and that President Zuma was at the Gupta residence when the offer was made and immediately advised about the same by Ms. Mentor. The media reports alleged that the relationship between the President and the Gupta family had evolved into "state capture" underpinned by the Gupta family having power to influence the appointment of Cabinet Ministers and Directors in Boards of SOEs and leveraging those relationships to get preferential treatment in state contracts, access to state provided business finance and in the award of business licenses.

Key Allegations implicating Minister van Rooyen

6. Specific allegations implicating Minister van Rooyen include the following:

6.1 The appointment of Minister van Rooyen to Minister of Finance was known by the Gupta family beforehand;

6.2 Mr van Rooyen frequently visits the Saxonwold residence of the Gupta family;

6.3 Upon taking over the role of Finance Minister, Minister van Rooyen, arrived at the National Treasury on 11 December 2015 with several advisors which included Mr Ian Whitley and Mr Mohammed Bobat;

6.4 Mr Whitley and Mr Bobat are aligned to the Gupta family;

6.5 Minister van Rooyen appointed Mr Whitley and Mr Bobat to the National Treasury without proper procedure; and

6.6 Either Mr Whitley or Mr Bobat, under your direction or control, asked a member of National Treasury for information on the SAA Airbus swap deal, amongst others.

General observations and evidence

7. I have made the following observations and inferences during the assessment of the evidence received during the investigation:

7.1 You became involved in the process of appointing Cabinet ministers and/or sought to influence the same process for purposes of benefiting your relationship with the Gupta family; and

7.2 You or your advisors, under your direction or control, sought to influence a Government official to award contracts to the Gupta family in an irregular and unfair manner.

Conclusions

8. If not contradicted, it appear that your actions are a violation of amongst others Section 2 of the Executive Members Ethics Act as your conduct appears to compromise the credibility and integrity of your office and of

government. It further appears that you have used your position as Minister of Finance to improperly benefit another person.

9. I would like your response with regard to the above allegations.

10. It is important to note that there are no findings at this stage and that the purpose of this letter is to facilitate your considered response, which takes into account likely adverse findings in the event the picture painted by current evidence remains unchanged.

11. I am affording you as a Cabinet Minister, and a person against whom I am likely to make an adverse finding against, an opportunity to respond to the above by no later than **17h00, 12 October 2016** to enable me to conclude the investigation and issue my report on the outcome thereof as soon as possible. Alternatively, you are invited to engage with myself and the team on the report in the meantime.

12. Kindly further take note that in terms of section 7(2) of the Public Protector Act, the contents of this notice are confidential and no person may disclose them without the authorisation of the Public Protector.

13. Contravention of section 7(2) is in terms of section 11 (1) of the Public Protector Act an offence and upon conviction, punishable in terms of subsection (4) to a fine note exceeding R40 000 or to imprisonment for a period not exceeding 12 months or to both such fine and such imprisonment.

14. Should you need further clarity in the above regard, kindly contact Adv Nkebe Kanyane, Acting Executive Manager of the Good Governance Branch of the Public Protector South Africa who may be reached at 012 366 7162 or Nkebek@pprotect.org

15. I look forward to hearing from you in the above regard and thank you in anticipation of your cooperation herein.

Best wishes

COMMISSION OF INQUIRY INTO STATE CAPTURE

888 : 8 : 11

Exhibit P(c).3

SEQ 38/2019-006

IN THE JUDICIAL COMMISSION OF INQUIRY INTO THE ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

In the application for cross-examination of Mr David Douglas Des Van Rooyen:

LUNGISA FUZILE Applicant

and

DAVID DOUGLAS DES VAN ROOYEN Respondent

FOUNDING AFFIDAVIT

I, the undersigned,

LUNGISA FUZILE

do hereby make oath and say the following:

1 I am the former Director- General at the National Treasury and I make this affidavit in relation to the role I played as such. I held this position from May 2011 until I resigned on 15 May 2017.

2 The facts described in this affidavit fall within my personal knowledge, unless I state otherwise, or the context of this affidavit makes it clear that they do not. I confirm that those facts are true and correct to the best of my knowledge and belief.

3 For purposes of this affidavit, I have had regard to documentary files dealing with the matter between the parties. To the extent necessary, I rely on the documents at my disposal and information made available to me in order to describe the facts upon which

L.F.

I rely in support of my application. I believe that such information and documents are both true and correct.

4 Where I make legal submissions, I do so on the advice of my legal representatives, which was obtained during the preparation of this affidavit.

PARTIES

5 I am the Applicant in this application. I have appeared before the Commission of Inquiry into Allegations of State Capture, Corruption and Fraud in the Public Sector including Organs of State ("the Commission) on behalf of National Treasury and in my capacity as former Director- General (DG) of the National Treasury.

6 The Respondent is Mr David Douglas Des Van Rooyen ("Mr Van Rooyen"), a member of Parliament and former Minister of Finance from his appointment on 9 December 2015 and swearing in on 10 December 2015 to his removal as Minister of Finance on 13 December 2015.

PURPOSE OF THIS APPLICATION

7 This is an application before the Chairperson of the Commission to seek an order that I, through my legal representative, be granted permission to cross-examine Mr Van Rooyen in terms of Rule 3.3.6 of the Rules of the Commission.

8 In terms of Rule 3.3.6 and 3.4, upon notice that the Commission's legal team intends to present evidence of a witness whose evidence implicates another person, that person is given an opportunity, amongst others, to bring an application in writing to cross-examine the witness within two weeks from the date of notice.

9 In terms of Regulation 8(3) of the Regulations of the Commission "*any witness appearing before the Commission may be cross-examined by a person only if the Chairperson permits such cross-examination should he deem it necessary and in the best interest of the function of the Commission.*" Rule 3.7 further emphasises that there is no right to cross-examination, but the Chairperson may permit it if he deems it necessary and in the best interests of the work of the Commission.

10 Therefore, in terms of Regulation 8.3 and Rule 3.7, the Chairperson has a discretion on whether to grant leave to cross-examine a person or witness if he deems it necessary and in the best interests of the work of the Commission.

LF

11 For the reasons that I demonstrate later in this affidavit, I am advised and submit that it is necessary and in the best interest of the work of the Commission.

BRIEF BACKGROUND AND CONDONATION

12 I was subpoenaed by the Commission's legal team on 7 November 2018 to appear before the Commission on 21 and 22 November 2018. I was informed that my evidence should be confined to paragraph 1.8 of the Terms of Reference for the Commission which provide that:

> *"whether any advisers in the Ministry of Finance were appointed without proper procedures. In particular, and as alleged in the complaint to the Public Protector, whether two senior advisers who were appointed by Minister Des Van Rooyen to the National Treasury were so appointed without following proper procedures."*

13 I have provided the Commission with two statements dated 16 November 2018 and 15 February 2019. I appeared before the Commission to give evidence on two occasions on behalf of National Treasury – that is, on 21 and 22 November 2018 (in relation to paragraph 1.8 of the Terms of Reference) and on 18 February 2019 (in relation to more general aspects of the Terms of Reference).

14 This application relates to my written statement of 16 November 2018 and oral testimony of 21 and 22 November 2018. I provided evidence regarding the removal of Mr Nhlanhla Nene as the Minister of Finance on 9 December 2015 and the appointment and swearing in of Mr Van Rooyen as the new Minister of Finance on 10 December 2015. I further testified regarding the appointment of Mr Van Rooyen's advisor Mr Mohamed Bobat ("Mr Bobat") and Mr Ian Whitley ("Mr Whitley") as Chief of Staff and the interactions I had with them and Mr Van Rooyen during their short stint at the National Treasury.

15 My evidence on this issue was corroborated by Ms Phumza Macanda ("Ms Macanda"), the former Head of Communications at the National Treasury and Mr Dondo Mogajane ("Mr Mogajane") the current Director- General of the National Treasury. Ms Macanda gave oral evidence on 26 November 2018 and Mr Mogajane gave oral evidence on 23 November 2018.

16 On 11 February 2019, the National Treasury team informed me that the Commission had provided them with a bundle of documents, which included Mr Van Rooyen's

LF.

application to cross-examine me, and for condonation for the lateness of the application dated 25 January 2019. The bundle also contained a statement made by Mr Van Rooyen in response, primarily, to my statement and testimony on 21 November and 22 November 2018 but also to some of the allegations made by Ms Macanda and Mr Mogajane.

17 It is in respect of this response statement that I seek application to cross-examine Mr Van Rooyen because of the various inaccuracies in the statement that he has made.

18 In terms of Rule 3.4, an application to cross examine must be "*accompanied by a statement from an implicated person responding to the witness's statement insofar as it implicates him or her. The statement must make it clear what parts of the witness's statement are disputed or denied and the grounds upon which those parts are disputed or denied.*"

Condonation

19 Rule 3.4 of the Rules of the Commission requires me to bring this application within 14 days of the date of notice of Mr Van Rooyen's application. This means that this application should have been served on the Commission and the respondent on 1 March 2019.

20 Mr Van Rooyen's application was served at the offices of the state attorney, Pretoria on 8 February 2019. Due to an administrative mishap at the office of the state attorney's registry the application was not brought to my attorney Ms Nhlanzi's attention. It was only when the Commission contacted my counsel on 11 February 2019 that my attorney became aware of its existence and arrange for it collection from the Commission.

21 Due to the logistical arrangement of finalising the affidavit with my legal team coupled with the responsibilities of my current job hindered the ability to finalise the preparation of this affidavit.

22 In addition, I wished to locate the documents that I have annexed to this affidavit in support of my application.

23 The result is that this application is brought one day late. I regret any inconvenience that this may have caused to the Commission.

24 I submit that there is no prejudice to the respondent in the light of the shortness of the delay, and given the very late filing of his own application to cross-examine me.

L.F.

25 I humbly request the Chairperson to condone the non-compliance with Rule 3.4 of the Rules of the Commission.

26 I now turn to deal thematically with the allegations made by Mr Van Rooyen in his statement which I refute and my response in relation to such allegations.

THE PURPOSE OF EVIDENCE BY TREASURY WITNESSES

27 In his statement Mr Van Rooyen accuses Mr Mogajane, Ms Macanda and I of making 'glib and irresponsible statements against him that were made with the sole purpose to distort the truth and to tarnish his character'.[1]

28 Mr Van Rooyen further alleges that he has not been able to ascertain from our statements what we allege he has done to promote state capture, fraud or corruption.[2]

29 I deny the allegations made against me and the other National Treasury witnesses. The purpose of our evidence was specifically in response to paragraph 1.8 of the Terms of Reference of the Commission.

30 Like all witnesses that have appeared before the Commission, especially at the request of the Commission to assist it in its investigation of the facts, I made statements and gave evidence that would assist the Commission in its work. The Commission's Terms of Reference in paragraph 1.8 is to inquire into the appointment of Mr Van Rooyen's advisors and in particular, whether they were appointed by Mr Van Rooyen to the National Treasury without following proper procedures.

31 It is therefore the responsibility of every official of the National Treasury who had interactions with Mr Van Rooyen and his Ministerial support staff ("staff") and who has insight on the process followed from Mr Van Rooyen's appointment and the appointment of the aforementioned staff to assist the Commission in order for it to ultimately make findings, report on and make recommendations concerning such matters arising from Terms of Reference 1.8.

32 I therefore deny that there was any ulterior purpose that was aimed specifically at Mr Van Rooyen that I had. It is also not my role to prove to the Commission how Mr Van Rooyen promoted state capture, fraud or corruption. This is the mandate of the Commission and the Chairperson will make his findings independently and having

L.F.

considered the evidence of every witness that appears before the Commission. However, it is not inconceivable that the evidence I and others gave and might give in future, if and when asked to do so, might contribute towards proving that indeed there was state capture and that indeed persons such as Mr Van Rooyen and possibly those he brought with him to the National Treasury contributed to or aided state capture.

33 It is, with respect, reckless of Mr Van Rooyen, who claims to be committed to the values of the Constitution, to undermine the work that is being done by the Commission and to criticise me for coming forward to assist the Commission to do its investigations in relation to paragraph 1.8 of its Terms of Reference.

MY RELATIONSHIP WITH MR VAN ROOYEN

The first time I met Mr Van Rooyen

34 My recollection is that I first met Mr Van Rooyen when he was a Member of Parliament. During my tenure as the Director-General of the National Treasury he was a member of the Standing Committee on Finance and a Chief Whip of the majority Party (the ANC).

35 We had a very good professional relationship. My recollection of our interactions is that we evinced mutual respect for each other's roles.

36 I would use two examples to illustrate the quality of our interactions:

36.1 First, on 10 February 2015 Mr Van Rooyen sent me an sms from his mobile phone in which he requested data that he could use to prepare and enrich his speech for the President's State of the Nation Address debate. (refer to attached email, **LF1**. As the message shows, so good was our relationship that in his message he refers to me as a comrade.

36.2 Second, I met Mr Van Rooyen (who had become the chief whip of the ANC on SCOF) on 9 November 2015, at the offices of the National Treasury in Pretoria. I was with Mr Nene, Mr Ismail Momoniat (the DDG responsible for Tax Policy and Financial Regulation) and other officials from the National Treasury. We were meeting organised labour (representatives of COSATU) to discuss a policy proposal on the preservation of provident funds. In that meeting, Mr Van Rooyen played the role of "a mediator". He was very polite and constructive throughout the engagement.

L-F.

37 It is against this background that I have a real difficulty reconciling the demeanour of the Mr Van Rooyen I met on the 10 and 11 December 2015 with the one I had known (or thought I knew) for many years.

38 The cordiality that prevailed between Mr Van Rooyen and I throughout the many years of our interactions can be attested to by my former colleagues from the National Treasury and his colleagues (other MPs).

My approach with Mr VanRooyen was supportive

39 In his statement, Mr Van Rooyen accuses me, among others, of having assumed a position of a 'hostile foe' and that he did not have my support because of what I had heard from Mr Godongwana.[3] He is at pains to show how, despite my offers to assist him, I did not wish him success and did not communicate with him with an open mind but rather labelled him as a Gupta Minister and an enemy of the state who did not deserve my support.

40 Mr Van Rooyen's depiction of me in paragraph 39 of his statement is completely wrong. I specifically deny that I positioned myself as Mr Van Rooyen's foe and that I did not approach my interactions with him with an open mind.

41 As I mentioned in my previous statement, I was perplexed by what I was informed of by Mr Godongwana but didn't make much of it at the time. Even though Mr Godongwana suggested that I verify what he told me with one of my colleagues, Dr. Ramontja, who was the DG at the Department of Mineral Resources, I never did so.[4]

42 Quite contrary to what Mr Van Rooyen would like this Commission to believe, I was genuinely concerned about the work of the National Treasury and made every attempt to assist him to mitigate the negative impact in the market and general public that resulted from the unexpected and untimely removal of Mr Nene and Mr Van Rooyen's unexpected elevation to the position of Minister of Finance.

43 Despite the distress that all of us at the National Treasury felt after the removal of Mr Nene, in the interest of the institution, and without loyalty to any one Minister, I made several attempts to support Mr Van Rooyen which he appeared reluctant to accept or

[4] Statement 7 November 2018, p 5 para 17

LF.

outrightly rejected. I have consulted my records and note the following attempts I made to support Mr Van Rooyen:

43.1 On 9 December 2015, at around 22:11, I sent him a message congratulating him on his appointment. I asked him where and when we should meet to talk about introductions to the staff and top priorities before the end of the year because there was a lot of unfinished business. Mr Van Rooyen's response was simply; "*Thx, will see tomorrow*".

43.2 On 10 December 2018, at around 05:51, I sent Mr Van Rooyen yet another message where I recommended that he should try his best to get to the office early. I stated that doing so would enable me to call staff so that he, the Deputy Minister and I can speak to them and give them direction. I specifically stated that he need not wait for formalities like the swearing in.

43.3 On the same morning, I sent another follow-up message where I offered to assist Mr Van Rooyen with transport arrangements. Mr Van Rooyen responded to my messages around 08:31 by saying "*Morning DG will engage you at an appropriate moment. Please ensure that all continues as usual.*" As Messrs Nene, Gordhan, Mogajane and Ms MacLeod and I have testified before this Commission it was not business as usual. There were negative news stories about the developments of the previous night. The currency was taking a pounding and bond yields had short up.

43.4 Despite this response, when I got to the office, when Ms Macanda proposed that we consider the idea of issuing a statement to calm the markets, I immediately telephoned Mr Van Rooyen. The purpose of the call was to again try and get him to come into the office to address staff, especially because Mr Nene was also there to say his good byes, but most importantly to get him to consider issuing a media statement prepared by the National Treasury which would address the negative market reaction. My suggestions were again turned down by Mr Van Rooyen.

43.5 The offer to assist Mr Van Rooyen was further repeated at the meeting room at the Union Buildings shortly before Mr Van Rooyen's swearing in.

43.6 As I have indicated in my statement, I was quite disappointed with Mr Van Rooyen's reaction, especially that he did not like National Treasury's tendency to issue statements. Quite to the contrary of what Mr Van Rooyen states in his

LF.

statement, I had very high expectations of him. I expected Mr Van Rooyen to be aware of the impact that the announcement of Mr Nene's removal and his appointment would have for the National Treasury and the country and the need to actively and openly communicate his views on economic (fiscal) policy and to get on with the process of building his profile. Mr Gigaba and Mr Buthelezi agreed to this approach after their appointment and they embarked on both a domestic and an international roadshow.

43.7 As evidence has been led by the National Treasury witnesses before the Commission, the effect of what has come to be known as 'Nenegate' was catastrophic and the country has not yet fully recovered from that.

43.8 Another important factor to mention is the meeting of 11 December 2015 where Mr Van Rooyen requested me to provide him with a handover report by Monday 14 December 2015. Despite the fact that I was also soon to be going off on leave (which I had delayed to welcome him) and that most of my colleagues were away on leave, I nevertheless agreed to prepare and submit the report that he requested me to prepare. Whether he wishes to call it a status quo report or a handover report is immaterial.

43.9 I also began the process of facilitating the appointment of and completion of the paperwork for Mr Van Rooyen's advisors of choice.

43.10 As my sms record also reveals I also went as far as to offer to arrange transport to Mr Van Rooyen. The record of my sms communication with him shows that he ignored me most of the time.

44 I submit that the above facts and conduct demonstrate more than a willingness on my part to assist Mr Van Rooyen. My conduct simply contradicts the statement that I never intended to assist or support Mr Van Rooyen "*in any manner because to do so would have been to assist what [I] regarded as the nefarious agenda of the Gupta Minister.*"

I was not prejudiced against Mr Van Rooyen

45 In paragraphs 67 to 82 of my statement, I expressed my views to the Chairperson about how I subsequently connected the dots between what I witnessed in my meetings with Mr Van Rooyen and his advisors, with what I had heard from Mr Godongwana and the Deputy Minister, Mr Mcebisi Jonas ("Mr Jonas").

L-F.

46 It is important to note that my views expressed regarding the appointment of Mr Van Rooyen's advisor and Chief of Staff and what I subsequently heard from Mr Jonas and what I later learned from Gupta leaks and the media about Mr Mabaso, were made after my interactions with Mr Van Rooyen and his advisor and Chief of staff. At no point did I ever again meet them before Mr Van Rooyen was himself removed and Minister Pravin Gordhan appointed to be Minister of Finance in his stead.

47 What is correct is that I was not prepared to refrain from expressing my views to him and his advisors about what the Ministerial Handbook had to say regarding the appointment of advisors and chief of staff. This was the only uncomfortable conversation I had with Mr Van Rooyen. The views I expressed in that regard, however, were not based on what I had heard from Mr Godongwana or what was later revealed to me by Mr Jonas and what I read from the media. They stemmed from a strong conviction that I had about my role as the DG (as the Accounting Officer) and my own personal conviction to do what is right. I therefore strongly deny the allegations made by Mr Van Rooyen in paragraphs 39 and 40 of his statement. These allegations are not borne out by the facts.

THE APPOINTMENT OF ADVISORS

The bases for the appointment of the advisors

48 Before I address the process that Mr Van Rooyen states he followed to appoint his staff, I would like to deal with the allegations that he makes against me in paragraph 38 of his statement. In this paragraph Mr Van Rooyen states that he appointed his staff based on the following criteria:

48.1 people he trusted even if he did not personally know them;

48.2 experts in the financial sector who were prepared to perform under extreme hostile conditions;

48.3 patriots who would give attention to the complex issues at the National Treasury with professionalism and expertise;

48.4 exceptional professionals with a sound experience and grasp of the financial sector and the markets.

49 I dispute that Mr Van Rooyen is being candid with the Commission in this regard. On his own version he was constrained to make very hasty appointments of people that he

barely (at best) knew. He admits that Mr Whitley was introduced to him a short while before he made his way to the National Treasury

50 In light of the above, I deny that I have no reason to question Mr Van Rooyen's decision to appoint his staff. To be blunt, I submit that Mr Bobat is neither qualified nor fit and proper to be an advisor, certainly not in the National Treasury. He knew very little or nothing about its work He also lacks the integrity required in a role where one has access to privileged market-moving information. This is evidenced by his swift sharing of classified information with persons outside the employ of government without seeking the permission of the Minister. Of course, if Mr Van Rooyen can confirm that he had directed or permitted Mr Bobat to share the information, the views I hold in relation to Mr Bobat would equally apply to Mr Van Rooyen.

The process for appointing an advisor and chief of staff

51 I disagree that Mr Van Rooyen followed proper procedures in the appointment and involvement of Mr Bobat and Mr Whitley in the work of the National Treasury. The evidence shows that Messrs Bobat and Whitley had not signed any contracts, quite apart from the question of security clearance, before seeking access to sensitive information held by National Treasury.

52 Mr Van Rooyen is simply incorrect when he states that I was not aware of the 'practice' of the appointment of special advisors. I am not aware of "a practice" whereby Ministers:

52.1 Show up with persons they barely know and call them advisors whereby such persons issue instructions to everyone, including the DG against the rules of the civil service.

52.2 Allow such persons (advisors and Chiefs of Staff) who have no contracts of employment specifying their terms of employment access to sensitive and classified information, and

52.3 Bring persons employed in other departments without proper secondment arrangements (signed by the relevant accounting officers) to a department to help perform unspecified roles as was the case with Mr Mabaso.

53 I would hope that Mr Van Rooyen's dismissiveness of this aberration does not suggest that when he was removed from the portfolio of Finance he went and repeated the same thing at CoGTA. This was not the way things were done at the National Treasury and it was not going to start during my tenure as the DG.

LF.

54 In addition, contrary to the Dispensation for the Appointment and remuneration of Special Advisors ("the Dispensation") attached to my first statement as annexure "LF1", Mr Bobat immediately began giving out instructions to me as the DG.

55 Moreover, Mr Bobat and Mr Whitley shared classified information of the National Treasury with persons not employed by the National Treasury, or government.

56 All this happened before the procedure authorised by the section 12A of Public Service Act of 1994 ("PSA") was followed. Whereas one can reluctantly accept that it happens in practice that individuals are permitted to resume duties whilst still awaiting the outcome of the vetting process by the State Security Agency, it is not the practice that such a person resumes their duties without there being a contract in place which specifies how departmental information should be handled or without a parallel process being undertaken to formalise the appointment. Therefore, even if a Minister had moved along to the National Treasury with their own advisors from another department, they are not exempt from the requirement to enter into a contract.

57 The fact that Mr Bobat and Whitley were able to leak information to persons outside the National Treasury demonstrates how crucial it is that the executive authority should follow the law and exercise caution at all times when allowing their advisors to circumvent process.

58 Mr Van Rooyen criticises me in paragraph 50 of his statement for not immediately bringing it to his attention that there were deviations and interferences by Mr Bobat. This criticism must be placed in its proper context. I did not become aware of some of the conduct of Mr Bobat and Whitley until after Mr Van Rooyen had been removed as Minister of Finance.

59 It is also important to understand that although it seems easy to say why I did not report to him, the truth is that Mr Van Rooyen and his team came in unexpectedly and they spent the shortest time a Minister has ever spent in a department in our short history. They were physically in the department on the Friday only.

60 I make a note that despite the cynicism in the tone of the statements made by Mr Van Rooyen in paragraph 50 of his statement, he agreed with me that Mr Bobat's behaviour amounts to an unlawful interference.

61 It is correct that I agreed to facilitate the appointments of Messrs Bobat and Whitley. I did not wish to be obstructive to Mr Van Rooyen. However, I deny that I did not tender

any reservations whatsoever. I objected to the request that I should provide Mr Malcom Mabaso ("Mr Mabaso") with an access card because he was "*just going to be around*". It is at this point that Mr Van Rooyen told me that I am just a DG. Mr Van Rooyen must recall that I did not take kindly to his denigration of the role of DG. I say he must recall because I took a moment or two to explain to him in the presence of his advisor, Chief of Staff and Mr Mabaso about the role of the DG as accounting officer. Although Mr Van Rooyen skims through this part in his evidence it is now clear that Mr Mabaso was there to complete his task of giving Mr Van Rooyen his chief of staff, Mr Whitley.

62 I also submit that it would have been unrealistic for me to expect Mr Van Rooyen to "protect me" from Mr Bobat when he could not protect himself from Mr Bobat when he verbally abused him at the Union Building a day earlier.

63 It is my view that rather than to contradict my evidence regarding Mr VanRooyen's arrival at the National Treasury with his staff, Mr Van Rooyen's statement supports my evidence. I wish to put this proposition to Mr Van Rooyen.

Handover report from Mr Nene

64 In paragraph 64 of his statement Mr Van Rooyen attempts to contradict the fact that I said he refused to come to the office on 10 December 2015 to meet Mr Nene and discuss a handover, except that instead of contradicting me, he instead confirms it. He confirms that he rejected my recommendation and that he received the handover report later from Mr Geswint.

Meeting with Senior Management Team

65 I note that Mr Van Rooyen concedes that he does not recall the details of this meeting.

66 Mr Van Rooyen criticises me for saying that I had hoped that the meeting was going to be a long one. I disagree with his characterisation of my expectation. Instead, I wish to point out he does not seem to understand the import of his meeting with the Senior Management Team for the first time as Minister of Finance, particularly given the circumstances of his appointment. There were enormous expectations of the Minister by the markets and the public in general. Similarly, there was an expectation amongst senior National Treasury staff that the new Minister would seek to address concerns, calm the markets and therefore get quickly up to speed with the key policy issues before the National Treasury.

L.F.

67 As I indicated to Mr Van Rooyen in my sms message on 9 December 2015 at 22H11, "*there [was] a lot of unfinished business*". As I testified before the Commission previously, we needed to reflect on the fact that for the first time we were ending the year without having sent final allocation letters to departments and the decision to freeze fees at higher education institutions had profound impacts on the division of revenue between spheres of government and the processes connected thereto (such as the finalisation of the Division of Revenue Bill, consultations with provinces and the FFC thereon, etc).These are weighty issues. Any Minister of Finance who steps into the role at such a time as Mr Van Rooyen did, would certainly pay attention to his work immediately.

68 In relation to the accusation that I lied to the Commission about the fact that Mr Van Rooyen confused the roles of his advisor and chief of staff, I wish to point out that my evidence was corroborated by Mr Mogajane and Ms Macanda.

69 I deny that the statements of Ms Macanda and Mr Mogajane are contradictory.

The Media Statement

70 In paragraphs 77 to 80 of his statement, Mr Van Rooyen accuses me of insinuating that he did not write his own speech for the purposes of the swearing-in ceremony. I deny this accusation. I had no basis for making such an insinuation. I had not learnt about the fact that Mr Bobat had assisted Mr Van Rooyen in the past, so there was absolutely no basis for me to make such an insinuation.

71 I further did not say or state that the National Treasury would have written a better statement. What I do say in paragraph 38 of the first statement is that the National Treasury would have ensured that the statement addresses issues that the nation, investors, markets and rating agencies wanted to be reassured of. Mr Van Rooyen was reluctant to accept our assistance.

72 I deny that we agreed with the content of Mr Van Rooyen's statement. We made suggestions of how it can be enhanced to include the most pressing concerns of the nation and the world at large, but he rejected the offer out of hand.

MR VANROOYEN VISITED THE GUPTAS THE DAY BEFORE HE WAS APPOINTED

73 On 21 February 2019 my legal representatives were provided with a supplementary statement by Mr Van Rooyen. I have read this statement.

LF.

74 In this statement, for the first time, Mr Van Rooyen admits to having 'visited the Gupta house several times since October 2015. He also admits that he visited the Gupta home in Saxonwold on 8 December 2015, the day before he was appointed as Minister of Finance by the President. This confirms the finding by the Public Protector in the State of Capture Report.

75 The admissions also support my version that he was connected to the Guptas. In this regard, it important to recall that when Mr Godongwana phoned me in the evening of 9 December 2015 there was no report of the Public Protector. Similarly, when Mr Jonas told me about the offer (of the Minister of Finance job, money and advisors) that a Gupta brother made to him there was no report by the Public Protector.

MARKET REACTION TO PREVIOUS MINISTER OF FINANCE AS COMPARED TO MR VANROOYEN

76 I attach as **"LF2"** several media reports to show their reaction to the appointment of successive ministers of finance in the post-apartheid era

77 My reading of these leads me to the firm conclusion that, while there had been market movements following the change of Ministers of Finance, Mr Van Rooyen is incorrect in saying that the market and media reaction of the market to his appointment was the same as during the appointment of the other Ministers.

78 In several cases the media made a couple of positive comments about the achievements of the persons concerned before they were appointed to the position of Minister of Finance. They never questioned seniority and did not even appear to doubt that the appointments were intended to advance the national democratic project.

79 Even in those instances where there was evidence of market movement (bond yields and currency) these were fairly muted.

NECESSITY AND BEST INTERESTS OF THE COMMISSION

80 I am advised that it is in the best interest of the work of the Commission that I place my version in response to Mr Van Rooyen's testimony against me and that my legal representatives be given an opportunity to cross-examine Mr Van Rooyen in respect of the issues that he raises in his statement. It is indeed in accordance with justice that all facts be placed before the Commission and that where facts that contradict those that

LF

have been provided, that they too be tested in order for the Commission to make its ultimate findings.

81 I further submit that it is necessary to cross-examine Mr Van Rooyen because of many inconsistent statements that appear from his statement. It can also be demonstrated that his recounting of events is incomplete and begs many questions which Mr Van Rooyen must answer in the interest of justice and in the furtherance of the work of this Commission.

CONCLUSION

82 In this affidavit I have referred to the aspects in which I dispute the version of Mr Van Rooyen and on what basis. It is not intended as an exhaustive account of every detail of the grounds of the dispute. I expect that there may be additional and relevant detail that is canvassed during cross-examination of Mr Van Rooyen by my legal representatives, particularly in the light of how Mr Van Rooyen may respond to questions. There may also be additional facts and grounds of dispute that I canvass during my cross-examination by Mr Van Rooyen's legal representatives if his application to cross- examine me is granted.

83 In the circumstances, I pray for an order in terms of the notice of motion to which this affidavit is attached.

LUNGISA FUZILE

Thus signed and sworn to before me on this the 2nd day of **MARCH 2019**, the Deponent having acknowledged that he knows and understands the content of the above affidavit, the regulations contained in the Government Notice No. R1258 of 21 July 1972, as amended, and Government Notice No. R1648 of 19 August 1977, as amended, having been complied with.

SOUTH Africa got its first black finance minister late on Thursday—- in the person of Trade and Industry Minister Trevor Manuel. In a Cabinet reshuffle sparked by the resignation of Chris Liebenberg, Deputy Minister of Finance Alec Erwin will now take over Manuel's portfolio, while ANC MP Gill Marcus, chairman of Parliament's joint standing committee on finance, will become Deputy Finance Minister.

President Nelson Mandela announced Liebenberg's long-anticipatedresignation and the reshuffle at the conclusion of the first reading debate of the budget in the National Assembly on Thursday evening. He consulted with his government of national unity partners, National Party leader FW de Klerk and IFP leader Chief Mangosuthu Buthelezi, during a meeting at Tuynhuis on Wednesday afternoon.

Liebenberg had already retired as chief executive of Nedcor when he was persuaded to take the position of finance minister in the wake of Derek Keys' sudden resignation in 1994. Liebenberg, who helped the ANC investigate its economic policy before it came into government, has made it clear in the past that he saw his task as a bridging role.

It is understood that he discussed his desire to resign with President Mandela some months ago. Manuel impressed many as a "quick study" when he took the helm of the Ministry of Trade and Industry and steered South Africa back into international trade.

His award in January 1994 from the World Economic Forum as "Global Leader for Tommorrow" recognised the former Western Cape political activist's impact on the world business arena—- a far cry from his previous record of one of the longest detained Cape activists during the 1980s.

He introduced the South African political economy to the concepts of globalisation and international competitiveness. Despite grumblings from unions and business, his achievements have been remarkable, considering the economic self-sufficiency and isolation inherited from successive apartheid governments.

Manuel began his career as an engineer and practised as a technician in Cape Town before being catapulted into the hurly-burly of protest politics. His first foray into politics began in the Cape Areas Housing Action League from which he was soon identified as leadership material for the United Democratic Front which he served as a national executive member.

During the security crackdown in the 1980s he spent 35 months in detention and under house arrest. His first experience in the economic arena was in 1989, when the was employed by the Mobil Foundation as policy manager on Entrepreneurial and Community Development.

After the unbanning of the ANC, he headed the organisation's Department of Economic Planning, shaping its economic policy.

Market reaction to the musical chairs was muted last night, although there were no immediate fears of dramatic policy changes. Dealers, while not overly enthusiastic at Manuel's appointment, felt he

would have to continue the consultative line taken by his predecessor. Certainly, no instant lifting of exchange controls was expected. But once the news has been digested, the picture could be very different, especially if foreign investors take fright.

Markets and business will adopt a wait-and-see approach; nobody was rushing in with great confidence. This attitude was reflected in late trading; the rand was uncharacteristically steady at R3,98.

Pretoria - Newly inaugurated President Jacob Zuma has named Pravin Gordhan as the country's new finance minister. Nhlanhla Nene remains as Deputy Minister of Finance. Mr Gordhan, not a member of parliament (MP) has been commissioner of the South African Revenue Service (SARS) since 1999.

The law allows the President to appoint two ministers, and two deputy ministers, who are not MPs to his cabinet. Since Mr Gordhan's appointment as commissioner of SARS, revenue collection in the country improved dramatically. Mr Gordhan was a leader of the Natal Indian Congress, the United Democratic Front and a key leader of the African National Congress (ANC) underground structures.

Between 1991 and 1994, he chaired the Convention for a Democratic South Africa. He was also co-chairman of the Transitional Executive Council, which oversaw the transition to the first democratically elected government.

He chaired the parliamentary committee that focused on the implementation of the new Constitution and the transformation of local government. Mr Gordhan was re-elected for the fourth time as Chairman of the Council of World Customs Organisation in 2004.

Delivering his inaugural speech on Saturday, President Jacob Zuma said the foundations of our economy are strong and we will need to continue to build on them. However he was quick to point out that "this will require more hard work than ever before."

South Africans will watch in anticipation to see how the ministry under Mr Gordhan will continue to respond to especially the difficult economic times and its negative impact. Mr Gordhan takes over from Trevor Manuel who has been one of the country's longest serving finance ministers. He was appointed the country's finance minister in 1996. Mr Manuel will now head up the country's National Planning Commission to be located in the Presidency.

The planning commission was decided upon following research on international models on how governments in other parts of the world plan and monitor performance. "The NPC will be responsible for strategic planning for the country to ensure one National Plan to which all spheres of government would adhere.

VF.

This would enable us to take a more comprehensive view of socio-economic development in the country," President Zuma said on Sunday. Following the first democratic elections in 1994, Mr Manuel was appointed Minister of Trade Industry.

In March 1996 he became Minster of Finance, and his work has been praised by all sectors of society for his forward-thinking policies which have largely cushioned South Africa against the global economic crisis.

On September 23, 2008, Trevor Manuel stepped down as Finance Minister along with a number of other cabinet members after the resignation of President Thabo Mbeki. However, shortly after, he announced that he would be willing to continue to serve under the next president. His resignation had an unsettling effect on the country's financial market.

Mr Manuel remained in his post under former President Kgalema Motlanthe. His political involvement started with the founding of the United Democratic Front (UDF) in the Western Cape. He subsequently became the regional secretary of the UDF and was later elected to the national executive.

He was detained and banned in September 1985. However, it was later found that the banning was not in line with the provisions of the Internal Security Act. He was detained twice again and released under severe restrictions

Trevor Manuel, one of the longest-serving finance ministers in the G20, who has been the architect of South Africa's extended period of economic growth and budget surpluses, left his post. But he was given a new position as the head of a national planning commission in Mr Zuma's office, in which he may become even more powerful than before. With Mr Zuma having been strongly supported by the unions and the South African Communist Party, which have made no secret of their dislike for Mr Manuel's policies, his departure from the finance ministry was widely expected.

But when Mr Manuel's resignation was announced in the wake of the sacking of the then president, Thabo Mbeki, last year the rand and the Johannesburg stock exchange slumped immediately, until it was revealed that he was only stepping down for reasons of protocol and was willing to be reappointed.

The new president has a reputation for being a consensus-builder, and is well aware of the need to retain business confidence – which is likely to be achieved by Mr Manuel's new role. At the same time, his successor at the finance ministry is Pravin Gordhan, who as head of South Africa's tax services has overseen substantial growth in government revenues that have been key to Mr Manuel's success.

"I think the markets are going to react very positively, very normally, there's not going to be any mishap," said Mr Zuma, "but who can predict the markets?"

"Comrade Trevor Manuel has being given a new structure, a very powerful structure that's going to work out a national plan of government. His handling of the finances has empowered him to understand the government inside out." The concept behind the planning commission is to make government more effective across the board.

Millions of South Africans remain deeply poor even 15 years after the end of apartheid, with many households still without running water and electricity, and having promised them meaningful change, Mr Zuma will be under pressure to deliver.

"We will not tolerate laziness and incompetence," he said.

Analysts suggested that the planning commission could also have input into foreign policy, after the appointment of a virtual unknown, Maite Nkoana-Mashabane, a former high commissioner to India whose last post was as a provincial housing minister, to head the renamed ministry of international relations.

Mr Zuma denied it was a strange choice, saying the suggestion was in the mind of the questioner and the ANC knew the strengths of its "cadres" and deployed them accordingly.

With Mr Zuma having to balance different competing interests prominent Left-wingers were included in the new cabinet, but only in relatively minor posts, such as Blade Nzimande, general secretary of the SACP, as higher education minister, and his deputy, Jeremy Cronin, as deputy transport minister.

A surprise appointment was that of the leader of the Afrikaner- focused Freedom Front Plus, Pieter Mulder, as deputy agriculture minister. Mr Zuma has made a point of reaching out to the Afrikaner community, calling them the most African of the country's white population.

The FF+ has four seats in parliament, which could technically push the ANC over the two-thirds majority it just failed to achieve in last month's general election, but it is not entering a formal coalition with the party, leaving changes to the constitution still unlikely.

There was no place for Winnie Madikizela-Mandela, Nelson Mandela's highly controversial ex-wife, nor Manto Tshabalala-Msimang, who has health minister under Mr Mbeki oversaw the denial of state-funded anti- retroviral medicines to HIV-positive South Africans for years, instead espousing the supposed abilities of beetroot, garlic and lemon to treat Aids – policies which are independently estimated to have cost more than 300,000 lives.

In the government of Kgalema Motlanthe, who was installed as president as an interim measure (NB not 'interim president') after Mr Mbeki's sacking, she had been moved sideways to the office of the presidency. Her departure from office altogether, along with several other Mbeki appointees, emphasises the scale of Mr Zuma's changes. INVESTOR CONFIDENCE DENTED

As markets pick up pieces in the wake of the finance ministers, some say lessons would not fade overnight.

Business leaders say the re-appointment of Pravin Gordhan as Finance Minister will bring much needed stability, but damage to investor confidence won't be undone overnight. President Jacob Zuma's decision to undo his previous decision to replace former minister Nhlanhla Nene with David van Rooyen by removing the latter and replacing him with Gordhan, helped the markets recover somewhat from last week's value destruction.

Picking up

Over R169 billion in market value had been wiped out last week and may take time to recover. The rand has also started retracing its steps from the sub-R16 level seen last week, but was struggling to break out of the slump.

By 4pm, the Financial Index was up 6.01%, Gold Mining lost 7.66%, and the All Share was slightly up by 0.42%. The bond market also saw some recovery yesterday and financial shares, which were particularly hard hit by the announcement, rose sharply.

But concerns remain about the long-term impact of the events.

Donna Oosthuyse, head of capital markets at the JSE, says the expectation is the rand's depreciation will impact inflation. Against this background, as well as the current drought, South African will be importing about a million tons of white and yellow maize – about twice the usual quantity – which will have a knock-on effect on food prices.

Oosthuyse says even though the president reappointed Gordhan, who is well-known and respected, the re-pricing is likely to have a long-term impact. Concerns remained about structural issues in the economy that will need to be tackled before the long-term impact can be addressed, she says.

Christo Botes, chief executive officer of the Afrikaanse Handelsinstituut (AHI), welcomed Gordhan's return, but said the damage caused over the past week wouldn't be erased immediately.

Cas Coovadia, managing director of The Banking Association South Africa, says Gordhan's return would help market confidence. While the recovery may not be as quick or as sharp as the fall last week, he expects markets, investors and ratings agencies to view the move as positive. What the country needs is confidence and certainty that will attract investors and create jobs to address inequality, unemployment and poverty.

L.F.

Nico Vermeulen, director of the National Association of Automobile Manufacturers, says the key challenge is confidence. "The biggest challenge he has as minister of finance now is to re-establish confidence in South Africa's economic and financial administration."

'Resilient response'

Business Leadership South Africa (BLSA) said the turmoil "demonstrated SA's resilience in crisis and responsiveness while under pressure". It stressed that a commitment to fiscal prudence, the creation of a positive investment climate, rectification of the governance and performance of key state-owned enterprises and decisive action on corruption were imperatives.

NEWLY-appointed Finance Minister Pravin Gordhan yesterday recommitted the government to sound and responsible fiscal management and stressed that axed former minister Nhlanhla Nene's decision declining the proposed restructuring of SAA's Airbus transaction "obviously stands until there is a necessity to change it for any reason".

Gordhan said that the government was serious when it said that good governance was non-negotiable. "It's time that individuals or groups of individuals stop playing with state entities whether they are SOEs (state-owned enterprises) or other government components as if it's a personal toy from which they can extract money when they feel like it," Gordhan said.

"We are not going to make reckless decisions. We are going to ensure the kind of discipline that government has demonstrated since 1994 is the kind of discipline that will continue and nobody needs to fear that we will move in any other direction," he said.

Gordhan confirmed a cabinet decision was taken last Wednesday that there would be a formal procurement process in accordance with South African law on planned nuclear power build programme.

But Gordhan stressed the government would only spend money it had and if money was unavailable for a specific project, be it for the nuclear build programme, the national health insurance or some other programme "it would have to wait".

"We will only spend money we have and we will spend money as we get more. "The only way we get more is by growing the economy, growing the revenue base, blocking the loopholes in the tax system or by raising taxes. "Making sure we manage the R1.8 trillion of debt is also an important objective for us as part of our overall fiscal management. If that doesn't allow us to do X, Y or Z, it will have to wait.

"We are not saying we will throw it out necessarily. This is a very pragmatic thing. There is nothing ideological or sophisticated about it. You have got the money and you spend it or when you get the money, you think about it," the new minister said.

February Budget

Gordhan was speaking at a media conference following his appointment as finance minister by President Jacob Zuma, four days after David van Rooyen was appointed to the post. On Sunday night, Van Rooyen was shifted to Gordhan's previous position as minister of co-operative governance and traditional affairs. Speculation was that Van Rooyen's appointment was linked to Nene refusing permission for SAA to restructure the Airbus transaction and his insistence that the nuclear build programme must be affordable.

Credit ratings agency Fitch said yesterday the replacement of a second finance minister within five days had not enhanced confidence in government effectiveness and questions remained over the direction of economic policy.

Fitch added that the Budget in February would be an important event in assessing the government's commitment to prudent management of the public finances.

South African Reserve Bank governor Lesetja Kganyago said yesterday R169 billion was knocked off the market capitalisation of the JSE while R52bn was wiped off the market capitalisation of the bond market. But Kganyago said prices continued to be quoted and the market continued to trade, which was a testimony to the country's deep and liquid financial markets that they could withstand a shock of this magnitude.

There has been speculation that the contract of National Treasury director-general Lungisa Fuzile would not be renewed next year, but Gordhan said that he had "absolute confidence" in Fuzile.

THE BENCHMARK Top40 index reversed earlier gains yesterday as newly-appointed Finance Minister Pravin Gordhan tried to calm market volatility following a sell-off last week. The blue chip index opened about 2 percent higher yesterday but closed 0.33 percent lower at 43 415.47 points. The broader all share index inched up 0.03 percent to close at 48 081.71.

Gordhan made his first speech in the capital after he was appointed by President Jacob Zuma on Sunday, replacing a little-known lawmaker who was assigned on Wednesday, causing a rout in local markets. "Gordhan is trying to put the market at ease but the market is not really buying it at this point, it's causing a bit of volatility right now," Petri Redelinghuys at Inkunzi Investments said. "It seems the government is getting the point that what they did was immensely detrimental."

The banking index shot up 13 percent in afternoon deals, erasing most losses sustained last week, but pared gains to close at 8.53 percent. Among others Standard Bank gained 4.55 percent to R106, RMB Holdings leapt 12.16 percent to R54.07, FirstRand surged 13.02 percent to R40.20 and Barclays Africa Group jumped 8.89 percent to R139.21.

SEQ 38/2019-034

THE REAPPOINTMENT of Pravin Gordhan on Sunday as Finance Minister sparked varied reactions yesterday, with some welcoming the move as a step in the right direction. Gordhan's appointment is aimed at reversing the tumult sparked by the shock firing of Minister Nhlanhla Nene last Wednesday by President Jacob Zuma. Others noted that more work still lay ahead.

Ettiene Retief, chairman of the National Tax Stakeholders Committee at the South African Institute of Professional Accountants (Saipa) said the reappointment should not detract from the implementation of responsible long-term policies that will grow business, restore investor confidence and attract foreign investment. He outlines the steps necessary to make this happen:

Since December 9 it is estimated that the JSE dropped R169 billion in value, in addition to the rand weakening against major currencies. What will it take to recover from this?

Policy needs to be created and implemented that stimulates business and makes foreign investment attractive, easy, and lucrative. Policies can be created and implemented very fast; the real question is how long it will take for the results, and for foreign investors to have faith in SA's stability again.

Is tax policy recovery?

The fastest road to recovery is to immediately stop spending what the South African fiscus cannot afford, followed by taking action against those who allow wasteful spending. This needs to be supported by a budget that prioritises spend allocations that grow the economy, rather than keep the majority of citizens in a state of perpetual poverty through a dependence on social grants and other state interventions.

What about the millions of citizens that can't survive without social grants?

While social spend cannot be stopped abruptly, we cannot sustain the demand as a substantial portion of the budget is towards social spend. We will always have a need for social spend, but we should start focusing on sustainable options. Previously, when Gordhan was Minister of Finance he highlighted the need to move towards the principle of teaching a man to fish, and not merely to feed him for the day.

How can this work if unemployment is still rife?

The government should not take responsibility for being the biggest employer, as it does not produce income. It should spend the country's resources to strengthen the economy through business growth, which will allow business to employ more people. We don't need a large cabinet; we need an effective cabinet that consults with business.

Other than a move away from a grant-dependent society, which areas of spend allocation could have the biggest impact?

A focus on tourism, and increased cross-border trade. Exchange controls are still restrictive and not conducive for business when considering the currency volatility, and need to be amended in-line with international practice. South Africa must be able to compete internationally.

Is a tax revolt the answer?

LF.

South Africa has excellent information and infrastructure at its disposal; what it lacks is a truly inclusive facilitation process with business to gain bigger understanding. Business should also understand that good corporate citizenship is not about paying the most taxes, but about the bigger economic impact. When taxpayers have to fund regular acts of wasteful expenditure, corruption, excessive spend on homesteads, to name but a few, then a tax revolt may well be on the cards.

Who holds the key to policy changes that can recover the losses resulting from last week's announcements?

The Finance Minister cannot undo the damage, or recover the wasteful spend, we can only hope to regain stability and rebuild. The President has the real power, and the power lies in a zero tolerance policy to fraud and corruption on all levels, which should start with respect for the office of the public protector.

Will Gordhan be able to implement economic and tax policies currently awaiting decision?

It's not the ideal timing for such dramatic changes, especially when it is such an important role, but there is still time to make changes for next year's budget.

Johannesburg - There's been another surprising announcement from the Presidency overnight as President Jacob Zuma says he has now decided to remove David van Rooyen from the position as finance minister and to reappoint Pravin Gordhan to take over the position once again.
Gordhan will come back in the position he had previously held for five years. Van Rooyen is now going to take over the Cooperative Governance and Traditional Affairs Department.

The rand is already strengthening against other major currencies after the overnight news as Gordhan is generally respected by investors as someone who toed a prudent fiscal line.
Last week, the rand dropped significantly after Zuma said he was replacing Nhlanhla Nene at the National Treasury with van Rooyen.

In his statement, the president said he received many representations to reconsider his position to appoint van Rooyen as finance minister. He then said that after serious consideration and reflection, he decided to bring Gordhan back to the National Treasury.

THE MARKETS

International markets are now digesting the surprising announcement. Nedbank CIB's Mohammed Nalla says this latest development is going to strengthen the rand. "I think we'll see semblance of comfort return to the market, but I think the reputational damage has already been done."

Questions are now being asked about whether this decision does have implications for Zuma's future.

LF.

Economist Chris Hart feels the rand is recovering. "So far it's early days. We need to see how the market unfolds today. The rand has snapped back quite strongly."

Nomura Emerging Markets economist Peter Attard Montalto says it's surprising news. "I'm in complete shock that you can have so many finance ministers in so few days. It's obviously very welcomed, especially on the fiscal front, that Pravin is back. But to be perfectly honest, I think we'd rather have Nene back." Gordhan is expected to hold a press conference this morning after being sworn in.

THE ZUMA EFFECT

At the same time, one of the big questions this morning is whether Zuma's authority has now been weakened.

Political analyst Somadoda Fikeni says this doesn't mean people in the African National Congress (ANC) are going to push for Zuma to be removed now. "I think it won't be a sudden spectacular one off event, it's an accumulative effect of a number of issues that have exposed the president to criticism. But this surely is a tipping point."

Professor Steven Friedman says this shows that it's not true to claim Zuma can do what he wants as president. "Now the markets can see that this is actually a country in which that doesn't happen and I think that's hugely positive."

But there is now going to be speculation about why exactly Zuma changed his mind and whether a group of senior ANC leaders have forced him to actually make this appointment. Friedman says it shows the president is now all-powerful. "Sanity has prevailed. The decision to fire Nene, in my view, was taken at a faction of the ANC without any reference to the top six."

Professor Ben Turok says Zuma has made the worst decision of his career. "The man at the top has lost it. I really think he's rattled. I am speechless with amazement at this kind of behaviour. It is incredible and unacceptable and I think Zuma must think about his position very seriously."

https://mg.co.za/article/2015-12-09-nhlanhla-nene-removed-as-finance-minister

President Jacob Zuma took an unprecedented step on Wednesday night by dismissing Finance Minister Nhlanhla Nene – barely two years after he took office.

In a shocking move that saw the rand plummeting to below R15 to the US dollar, Zuma appointed a relatively unknown backbencher David 'Des' van Rooyen – who served as a member of the finance committee in Parliament – to replace Nene. Nene has been at loggerheads with SAA chair Dudu Myeni – who serves as thechairperson of the president Jacob Zuma's education trust.

Tensions between Nene and Myeni worsened last week after Nene turned down a proposal from the SAA board to restructure a re-fleeting transaction with Airbus. Nene reportedly gave a stern warning that should the board proceed without his permission, it would constitute financial misconduct with consequences for the directors.

The treasury said in a statement last week that the board's proposal to restructure the deal would leave the SAA in a materially "worse off financial position where it is unable to meet commitments as they become due".

Nene is not the first minister to bite the dust after clashing with Myeni. Malusi Gigaba was moved from the public enterprises portfolio to home affairs after he fought with Myeni, and SAA was taken away from the current minister Lynne Brown to the treasury after Brown clashed with Nyeni.

DA leader Mmusi Maimane said Zuma's decision would have a negative impact on the economy. "Nene fought for the fiscal discipline. The implication of this on the economy is that South Africa is now seen [by investors] as unstable. Former minister Trevor Manuel served for two terms. For Zuma to fire Nene after a just over a year is a clear indication of instability within his administration. This will have huge implications for job creation. It is very irresponsible," said Maimane.

Maimane said Nene's sin was to refuse to toe Zuma's line by providing funds to the nuclear deal and the president's private jet – a price tag estimated to be R4-billion. "He [Zuma] needs someone who can toe the line at the expense of South Africans. He believes he comes first, before the people of South Africa. Even the ANC, in this case, is becoming second," said Maimane.

The Economic Freedom Fighters (EFF) said Nene was fired because he refused to take "illegal instructions" made by Zuma and his friends in both business and state-owned enterprises.

EFF spokesperson Mbuyiseni Ndlozi said: "Nene refused to give SAA guarantees and bailout when Zuma's girlfriend and chairperson of the board requested it. Nene also refused to buy Zuma a new luxurious private jet and declined to grant Zuma's staff exemptions from using expensive hotels and flying first class.

Above all, Nhlanhla Nene was reluctant to approve the country's new nuclear deal which Zuma wanted expedited so he can benefit before his term as president ends. There can be no more shocking news coming out of South Africa to signify that we are a country in crisis, with no knowledge of what tomorrow holds.

"We have always warned that with Zuma you must either be corrupt or you fall out of favour with him. No one in the world will trust a political leadership that changes Cabinet and finance ministers like underwear. A decision to change a person that presides over the treasury of the country must come with substance, be predictable and not come as a shock. If so, we all doubt what is being intended with the taxes of the people," Ndlozi said.

Cope spokesperson Dennis Bloem described the decision to fire Nene as the "worst card" ever played by the president.

"Ideally, it is President Zuma who should have been axed by the ruling party. His exit would end the national drift and the policy paralysis that is crippling the economy. He stands between South Africa

and economic growth. He has certainly overstayed his welcome and it is he who should go," said Bloem. He said the axing of Nene would make the jittery market even more dubious about South Africa's prospects of shifting economic gears and holding spending.

"Whatever the reason, Zuma has played his worst card ever. If South Africans were blasé up to now, they should wake up to the fact that our government and our economy are in the very worst of hands. Nene must have been under immense pressure not to apply the fiscal brakes," said Bloem.

The ANC said in a statement on Wednesday night that it noted and respected Zuma's decision to appoint a new finance minister – Van Rooyen – to replace Nene. "The president has exercised his constitutional prerogative to appoint a new minister who we believe has what it takes to lead the ministry," said ANC spokesperson Zizi Kodwa.

"We believe his experience and tenure as the ANC National Assembly whip for both the finance portfolio committee and theANC Caucus' Economic Transformation Cluster will enable him to provide the necessary leadership in the department. We wish the new minister well in his responsibilities. The former minister remains a valuable resource in the organisation and we accordingly commend him for the excellent service he rendered to the department and the people of South Africa."

ANC head of economic transformation Enoch Godongwana said the decision to remove ministers were the prerogative of the president. He said he knew Van Rooyen when he served as a mayor of the Merafong Municipality. "He [Van Rooyen] left for Parliament where he served as a whip of in the economic transformation cluster and the standing committee on finance. Because of that, he attended ETC [economic transformation committee] meetings of the ANC," said Godongwana.

The South African Transport and Allied Workers Union [Satawu], which has defended Myeni throughout, last week called on Zuma to take action against those who were against her.
"SAA has moved from one crisis to another under Public Enterprises Minister Lynne Brown and Finance Minister Nhlanhla Nene. It's time President Jacob Zuma brought this state-owned entity under his fold."

Last week, SAA chair Dudu Myeni confirmed that the Hawks were investigating the airline's financial affairs. It now appears the investigation will go beyond SAA's finances and probe a plot to sabotage the national carrier.

News of the plot came to light on Friday, when SAA Pilots Association head Captain John Harty was summoned to Douglasdale police station for questioning by several members of the Hawks.

Harty was questioned about his alleged involvement in recruiting technicians to interfere with the functioning of an aircraft rudder of a craft flown by a black pilot. Harty was quizzed about his understanding of treason, because if successfully carried out, such a plot would result in the loss of hundreds of passenger lives. "In light of this, Satawu calls for the immediate suspension of Captain Harty as the allegations put to him are serious and tantamount to treason," the union said in a statement.

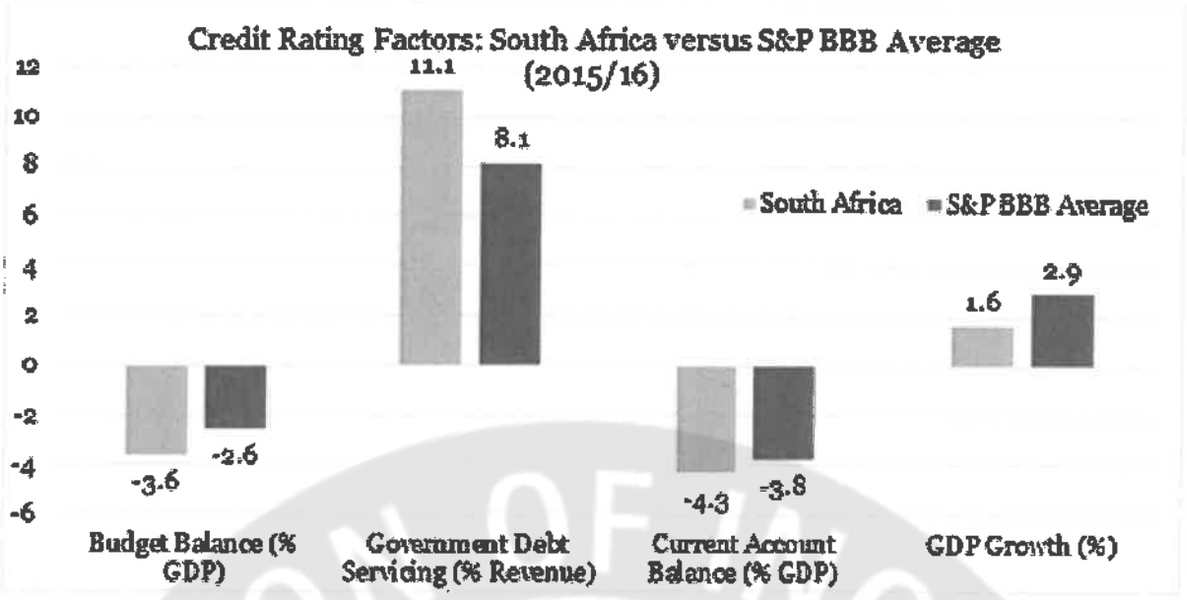
President Zuma surprised markets on Wednesday evening by recalling South Africa's well-respected Finance Minister, Nhlanhla Nene, and appointing David van Rooyen, an ANC veteran, as the head of National Treasury.

The Rand responded to this announcement by plunging from R14.60/US$ before the announcement to an all-time low of R15.38/US$ before settling around R15.00/US$ on international markets on Thursday. The Rand's reaction is essentially a proxy for the response of analysts and investors, and captures the extent to which Zuma's decision shocked – or, at the very least, surprised – and disappointed market participants.

In his statement, Zuma said: "I have decided to remove Mr Nhlanhla Nene as Minister of Finance, ahead of his deployment to another strategic position. Mr Nene has done well since his appointment as Minister of Finance during a difficult economic climate."



Although Zuma said that Nene is to be redeployed to another "strategic position", to be announced in due course, this is little more than a token nod in the direction of policy stability and continuity. More concerning is that Zuma did not give any reasons for Nene's removal. Reading between the lines, Zuma's decision to recall Nene follows a controversial announcement by National Treasury to reject proposed changes to a deal between national airline SAA and aircraft manufacturer Airbus as well as delays in the decision on the financing of SA's investment in the energy cluster, especially spending on the proposed nuclear energy programme.

Nene's successor, David van Rooyen has served as whip of the standing committee for finance and whip for the economic transformation cluster. He is a former Umkhonto we Sizwe operative, and has held various leadership positions in Congress of South African Students, the United Democratic Front and the National Union of Mineworkers. He is a former Executive Mayor of Merafong Municipality and a former North West provincial chairperson of the South African Local Government Association.

Zuma's decision is concerning at a number of levels. First, it follows last week's credit rating downgrade by ratings agency Fitch and S&P's ratings outlook revision to negative (from stable) and comes a week before the Federal Reserve meeting of 15-16 December when US Federal Reserve Chairwoman Janet Yellen is widely anticipated to raise US short-term interest rates for the first time in a decade. If there can be such a thing as a bad time to surprise markets, it would be now.

Second, Zuma's decision to remove Nene will keep the Rand under pressure and further challenge weak investor sentiment. Third, given the relative openness of the SA economy, the weaker Rand can be expected to translate into higher consumer price inflation as a consequence of the pass-through of imported price inflation. Together, these factors are likely to cause higher bond yields, which will undermine fiscal stability and, if anything, point to a ratings downgrade in foreign currency debt to sub-investment grade in 2016.

LF.

If there is any silver lining to this dark cloud, it comes in the form of the temporary relief that the rand blowout may give to South Africa's beleaguered commodity export sector. However, given the well-known infrastructural constraints, especially the energy and skills deficits, it is unlikely that the rand weakness will assist other parts of the economy, such as the manufacturing export sector.

Zuma's action reinforces the view that domestic and foreign investors are rapidly becoming significantly and structurally more bearish on South Africa. This is unlikely to change until some sense of policy direction is created by the new finance minister and the first real opportunity to assess this will come in the upcoming February budget presentation.

Shocks are nothing new to financial markets. In 2013, we witnessed the "taper tantrum" when the US Federal Reserve turned off (or, rather, tapered) one of their quantitative easing programmes. Trimming the flow of funds into capital markets created widespread panic and a market selloff. In 2014, a switch from "risk on" to "risk off", saw a similar market slump. Today, it is a political move that has spooked the market. All we can say with certainty is that the market and the environment always have the capacity to surprise and will do so again in the future.

Given this, our investments are positioned to cater for risk as well as uncertainty – or what might also be termed unknowability. Our investment positioning, therefore, remains unchanged despite the latest bombshell. We believe in diversification as an effective and valuable way to hedge against different risks that investors face and the silver lining in today's rout is that we will make no changes to our house view. Our portfolios are already structured to withstand the buffeting by being overweight offshore, which includes overweight positions in global equity, global property and global hedge funds; overweight South African hedge funds; and overweight protected equity, which offers a valuable defensive element.

Both independent prices, such as bond yields, and the Rand exchange rate are pricing in a bleak 2016 for South Africa. We anticipate volatile markets in 2016 with notably low returns, and our investments are well positioned to cater for this likelihood.

Headline: South Africa finance minister's departure drives rand down to all-time low

https://www.theguardian.com/business/2015/dec/10/south-africa-finance-minister-nene-departure-drives-rand-down-to-all-time-low

The surprise departure of South Africa's finance minister has driven the country's currency to an all-time low and led to sharp falls in the share prices of companies listed on the London Stock Exchange with a major presence in Africa's second largest economy.

The political fallout from the removal of Nhlanhla Nene led to a near-11% fall on Thursday in FTSE 100 financial services group Old Mutual, and an 11% slump in Investec, the stockbroker listed in the FTSE 250 index.

South Africa's president, Jacob Zuma, removed Nene, who had been in the post for less than two years, late on Wednesday, giving no explanation. David van Rooyen, a former mayor and member of parliament who has served on financial committees, was sworn in on Thursday during a brief ceremony in Pretoria.
The main opposition party, the Democratic Alliance, called Zuma's decision "reckless and irrational", saying Nene had been sacked because he opposed "excessive spending" on a proposed deal with international energy companies to build nuclear power stations and on new aircraft purchases for South Africa's struggling national airline.

Economists at Capital Economics said Nene had been regarded as an "advocate of fiscal discipline" and the sell-off in the markets also drove yields on government bonds above 10% for the first time since 2008.

While London-listed companies with large presences in South Africa were hit hard, so was the Johannesburg stock exchange where its banking index lost 13.5%. "The sell-off in South African markets on Thursday was probably a sign of things to come," Capital Economics analysts said. "That added to a sharp sell-off of the rand, to ... its weakest ever rate against the US dollar."

Ratings agencies have already pushed the country's credit rating to just above junk status – which pushes up the cost of borrowing. Ratings agency Fitch downgraded the country to BBB-, while Standard & Poor's maintained South Africa's rating, but revised the outlook to negative.

In response to Nene's departure, Fitch said there were questions about "the motivation for the change in personnel and the implications for economic policy". "The change [in finance minister] would be relevant to our sovereign rating assessment if it led to a loosening of fiscal policy, such as an upward revision to the government's nominal expenditure ceilings, and a faster increase in government indebtedness," Fitch said.

Many economists questioned Van Rooyen's ability to steady an economy being hammered by the collapse in prices of South Africa's commodity exports that range from coal to gold, and raised concerns that public spending could spiral out of control.

London-listed Anglo American, which employs around half its 135,000 workforce in South Africa, rocked the mining industry this week by announcing plans to cut 85,000 roles and sell off more than half its mines in response to the plunging price of iron ore and other metals. Its shares stabilised on Thursday but are still down 13.5% since it announced the restructuring.

https://www.biznews.com/undictated/2016/03/05/calculating-zumas-r500bn-blunder-the-effs-calculation-was-correct

I recently received this letter from Lebohang Mojapelo, a journalist at Africa Check, a non-profit fact-checking website based in the Wits Journalism Department. She wrote: "We are currently looking into a statement made by Julius Malema during the State of the Nation debate in which he stated that R500 billion was lost when Zuma changed finance ministers. I can also see that you have made the claim too.

I would like to find out from you:
1. Is this accurate?
2. If yes, in what ways did South Africa lose that much money?
3. Why does the switching of finance ministers have that much effect on the economy?

Here is my response:

EQUITIES:
As our detailed table shows in the linked article, in two days the market value of the country's 17 biggest financial and property shares fell by R290bn (below). I only referred to the financial and property stocks in the JSE's Top 40 – there are numerous others outside the Top 40 which, obviously, also fell sharply in value.

BONDS:
In the two days post Van Rooyen's appointment, South African bonds lost 12% of their capital value. **At the end of 2013 there was R1.8 trillion in South African bonds listed on the JSE. That has grown since but using the end 2013 number, a 12% capital loss on R1.8 trn is R216bn.**

TOTAL:
The total capital losses sustained by South African bonds and directly affected equities was at least R506bn. The EFF was thus accurate in quoting of this figure in Parliament. Thankfully sanity prevailed on the Sunday night with the reinstatement of Pravin Gordhan of Finance Minister, first stabilising the market and then helping it to recover part of the Nenegate losses. Had Gordhan not been reappointed, as Mr Canter points out in the interview linked, the losses would almost certainly have escalated still further.

Please note I was only using quantifiable facts. The impact of the Rand's depreciation on the national capital stock and the ongoing additional cost of servicing the R300bn of foreign-owned SA bonds and the annual balance of payment deficit of R100bn have not been included.

COMMISSION OF INQUIRY INTO STATE CAPTURE

Exhibit P(c).4

IN THE JUDICIAL COMMISSION OF ENQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF THE STATE

In the matter between: -

LUNGISA FUZILE Applicant

and

DAVID DOUGLAS DES VAN ROOYEN Respondent

ANSWERING AFFIDAVIT

I, the undersigned,

DAVID DOUGLAS DES VAN ROOYEN

do hereby make oath and state:

1. I am an adult male and a Member of Parliament of the Republic of South Africa ("**Parliament**") with my working address as 120 Plein Street, Cape Town.

DDDvR

2. The facts contained herein are, save where otherwise stated or where the converse appears from the context, within my personal knowledge, and are to the best of my belief, both true and correct.

3. I am not legally trained. Where I make legal submissions, I do so on the basis of the legal advice that I have received from my legal representatives, which advice I believe to be true and correct, and have accepted.

4. I have been cited as the respondent in these application proceedings before the Commission of Inquiry Into Allegations of State Capture, Fraud and Corruption in the Public Sector Including Organs of State ("**Commission**").

THE PURPOSE OF THIS AFFIDAVIT

5. I have read the notice of motion and the founding affidavit of **Mr Lungisa Fuzile** ("**Fuzile**") which was served on my attorneys on 2 March 2019 by email. In the notice of motion, Fuzile seeks two orders from the Commission, namely: -

   5.1. An order granting him condonation for the late filing of his application for leave for his legal representatives to cross-examine me; and

COMMISSION OF INQUIRY INTO STATE CAPTURE

5.2. An order granting his legal representatives leave to cross- examine me on a date to be determined by the Commission after I have given evidence at the Commission.

6. I am deposing this affidavit to oppose the application for Fuzile to be granted leave for his legal representatives to cross-examine me. Whilst I do not oppose the application for condonation for the late filing of the application for leave to cross-examine me, I do want to provide some information which the Commission may take into account in deciding the condonation application.

PERTINENT BACKGROUND

7. Before I provide the Commission with my grounds for the opposition of the application by Fuzile for leave for his legal representatives to cross-examine me, I first refer the Commission to the following pertinent background: -

Status of Fuzile at the Commission

7.1. In paragraph 12 of his founding affidavit, Fuzile states that he was subpoenaed by the Commission's Legal Team on 7 November 2018 to appear before the Commission on 21 and 22 November 2018 and to give evidence in relation to paragraph 1.8 of the Terms of Reference of the Commission. Fuzile provided the Commission

DDV

with two written statements, dated 16 November 2018 and 15 February 2019.

7.2. It is important from the outset to keep in mind Fuzile's own account of how he ended up being at the Commission. He came as a witness who had been subpoenaed. He did not come as an implicated person. It is also important to notice that he did not come to the Commission as a representative of the National Treasury or of anyone else, either. It therefore cannot be correct what Fuzile says in paragraph 13 of his affidavit, namely that he gave evidence at the Commission on behalf of National Treasury. The fact that he gave evidence about what transpired at the National Treasury at the time when he was its Director-General does not translate in him representating National Treasury at the Commission.

My statement and application to cross-examine Fuzile

7.3. On 19 November 2018, the Commission's Legal Team served me (through my attorneys of record) with a notice in terms of rule 3.3 of the Rules of the Commission. Copy of four-page notice was attached to my affidavit in support of my application for condonation for late filing of my application for leave to cross-examine Fuzile and to give oral evidence, as Annexure **"DD1".** In

DDV

the notice, they drew my attention to the fact that on 16 November 2018 they received a signed statement from Fuzile wherein he had implicated or might have implicated me.

7.4. In paragraph 7 of their notice the Commission's Legal Team advised me that if I wished to give evidence, call any witness to testify on my behalf or cross-examine the witness (meaning Fuzile), I had to apply within fourteen (14) calendar days of the notice in writing to the Commission for leave to do so.

7.5. I have since made application for leave to cross-examine Fuzile, to give oral evidence and for the condonation of my late filing of the applications for leave to cross examine Fuzile and to give evidence. These applications have all since been granted without any opposition.

7.6. In my statement before the Commission, I have provided the Commission with my own version of events, and have pointed out quite clearly, what parts of Fuzile's statement I dispute or deny, and the grounds upon which those parts are disputed or denied. I do not intend to repeat what I said in my related affidavit and statement.

COMMISSION OF INQUIRY INTO STATE CAPTURE

What the Rules of the Commission say

8. I am advised that the Rules of the Commission, which govern the conduct of the proceedings of the Commission, came into operation on the date of their publication in the Government Gazette on 16 July 2018.

9. In terms of Rule 3.3 of the Rules of the Commission, if the Commission's Legal Team intends to present to the Commission evidence of a witness whose evidence implicates or may implicate another person, it must, through the Secretary of the Commission, notify that person ("*implicated person*") within a reasonable time before the witness gives evidence:

   9.1. that he or she is, or may be, implicated by the witness's evidence;

   9.2. in what way he or she is, or may be, implicated and furnish him or her the witness' statement or relevant portions of the statement;

   9.3. of the date when and the venue where the witness will give evidence;

   9.4. that he or she may attend the hearing at which the witness gives evidence;

   9.5. that he or she may be assisted by a legal representative when the witness gives evidence;

   9.6. that if he or she wishes:

      9.6.1. to give evidence himself or herself;

      9.6.2. to call any witness to give evidence on his or her behalf; or

DDDPT

9.6.3. to cross-examine the witness; he or she must, within two weeks of the date of notice, apply in writing to the Commission for leave to do so; and

9.7. that the Chairperson will decide the application.

10. Rule 3.4 provides that an application in terms of rule 3.3.6 must be submitted in writing to the Secretary of the Commission within fourteen calendar days from the date of the notice referred to in rule 3.3. The application must be accompanied by a statement from the implicated person responding to the witness' statement in so far as it implicates him or her. The statement must make it clear what parts of the witness' statement are disputed or denied and the grounds upon which those parts are disputed or denied.

11. Rule 3.6 of the Rules of the Commission provides that in deciding the application contemplated in Rule 3.3.6, the Chairperson may, in his discretion and on such terms and conditions as he may deem appropriate, grant leave to an implicated person to give evidence; call a witness to give evidence on his or her behalf and/or to cross-examine a witness implicating him or her.

12. Rule 3.7 provides that in accordance with Regulation 8(3) there is no right to cross-examine a witness before the Commission but the Chairperson

may permit cross-examination should he deem it necessary and in the best interests of the work of the Commission to do so.

13. Rule 3.1 provides that subject to anything to the contrary contained in these Rules or the Chairperson's directions in regard to any specific witness, the Commission's Legal Team bears the overall responsibility to present the evidence of witnesses to the Commission.

14. Rule 3.2 provides that a member of the Commission's Legal Team may put questions to any witness whose evidence is presented to the Commission by the Commission's Legal Team, including questions aimed at assisting the Commission in assessing the truthfulness of the evidence of a witness. (All the underlining is mine)

Grounds of Fuzile's application for leave to cross-examine me

15. Having set out the pertinent background to this matter, including the requirements of the Rules, I turn to refer to the grounds advanced by Fuzile for his application for leave to cross-examine me.

16. The grounds on which Fuzile seeks an order granting him permission to cross-examine me through his legal representatives appear in paragraphs 80, 81 and 82 of his founding affidavit, and can be summarized as follows:

16.1. Fuzile says he is advised that it is in the interest of the work of the Commission that he places his version in response to my testimony

DDVR

against him and that his legal representatives be given an opportunity to cross-examine me in respect of the issues that I have raised in my statement.

16.2. Fuzile says it is indeed in the interest of justice that all facts be placed before the Commission and that where facts contradict those that have been provided, that they too be tested for the Commission to make ultimate findings (para 80)

16.3. Fuzile also submits that it is necessary to cross-examine me because of the many inconsistent statements that appear in my statement. He says it can be demonstrated that my recounting of events is incomplete and begs many questions which I must answer in the interest of justice and in the furtherance of the work of the Commission (para 81).

16.4. In paragraph 82, Fuzile states that he has referred to aspects in which he disputes my version and the basis thereof, but that was not intended as an exhaustive account of every detail of the grounds of the dispute.

16.5. Fuzile says he expects that there may be additional and relevant detail that is canvassed during my cross-examination by his legal representatives (para 82).

DDV

16.6. Fuzile also says there may also be additional facts and grounds of dispute that he might canvass during his own cross-examination by my legal representatives (para 82).

MY GROUNDS OF OPPOSITION

17. I have stated at the very beginning of this affidavit that I oppose the application of Fuzile for him to be granted leave for his legal representatives to cross-examine me. I want to put it clearly that I do not fear to be cross-examined or to be asked questions to determine the truthfulness of the statement that I have made before the Commission and the oral evidence which I will give when I get the opportunity to do so. The grounds on which I oppose Fuzile's application for leave to cross-examine me are the following: -

17.1. First and foremost, Fuzile is not an implicated person before the Commission. As a result, he was never served with any rule 3.3 notice by the Commission's Legal Team, informing him that there is a witness who may implicate him before the Commission, and calling upon him to consider making application for leave to give evidence, call someone to give evidence on his behalf or cross-examine a witness that has implicated him. In fact, I have not implicated him into any allegations of State Capture, fraud or

corruption. I accordingly submit that Fuzile does not meet the jurisdictional threshold for someone to qualify to make application to cross-examine a witness at the Commission. I submit that on this ground alone, his application stands to be dismissed.

17.2. Secondly, it is important to notice that Fuzile effectively wants his legal representatives to supplant the Commission's Legal Team by performing their function of putting questions to a witness whose evidence is presented to the Commission, which may include questions aimed at assisting the Commission in assessing the truthfulness of the evidence of a witness. I submit that wittingly or unwittingly, the request to cross-examine me undermines the role of the Commission's Legal Team as provided for in Rule 3.2.

17.3. Thirdly, Fuzile has presented his evidence before the Commission both in a statement and through oral evidence. I have responded to the aspects of his statement which implicated me. He has since provided further evidence before the Commission in reply to my response to his statement which implicated me. It is therefore not obvious why in addition to all these versions of evidence before the Commission, Fuzile wants to cross-examine me. There is no doubt in my mind that one of the reasons why he wants to cross-examine

me is that I made an application to cross-examine him. What he forgets is that I did so as an implicated person and within the purview of the Rules of the Commission.

17.4. Fourthly, in an attempt to motivate why he should be granted permission to cross-examine me, Fuzile suggests that in his statement, oral evidence and his response to my statement, he did not give the Commission "an exhaustive account of every detail of the grounds of the dispute." (para 82) The fact that Fuzile confesses that he did not give a full disclosure to the Commission, is another reason why his application must be dismissed even if he had qualified as an implicated person (which he had not), for want of compliance with Rule 3.4 of the Rules of the Commission.

17.5. Fifthly, Fuzile also wants this application for leave to cross-examine me to be granted on the speculative grounds that during my cross - examination "there may be additional and relevant detail that is canvassed" and also that during his own cross-examination by my legal representatives, "there may be additional facts and grounds of dispute that he may canvass" (para 82). I am advised that this cannot be a ground for an application for leave to cross-examine a witness. This is apart from the fact that as Fuzile is not an implicated person,

he simply does not qualify to make this application in the first place. That is also apart from the fact that he effectively wants his legal representatives to do the work assigned to the Commission's Legal Team.

18. In the above regard, it seems to me that the application by Fuzile for leave to cross-examine, is some form of tit for tat retaliation by someone who is hurt by the fact that I have said that some of the things which he said in his statement is not true. Instead of welcoming the opportunity to be cross-examined as a witness, he seems to feel that what is going to be done to him (cross-examination) by my legal representatives must also be done to me. He is personalizing the matter, to the extent of forgetting that his status before the Commission is that of a subpoenaed witness who must give his evidence truthfully and independently, without seeing himself as a party to a dispute. He is certainly not a party to some dispute with me. I certainly do not see him as my opponent but only as a witness.

19. In the above regard, I submit that the application by Fuzile for leave for his legal representatives to cross-examine me is neither necessary nor in the interest of the work of the Commission.

COMMISSION OF INQUIRY INTO STATE CAPTURE

DDD 1/5

20. It is plain from the reading of rule 3.3 that the person who can apply to the Commission for leave to give evidence, call any witness to give evidence on his or her behalf or to cross-examine a witness, is an implicated person.

21. I accordingly submit that the Chairperson of the Commission must find that Fuzile does not qualify to make the application to cross-examine me because he is not an implicated person but a subpoenaed witness. In any case, I also submit that Fuzile has failed to prove that my cross-examination by his legal representatives is necessary and in the interest of the work of the Commission.

ANSWER TO THE ALLEGATIONS IN FUZILE'S AFFIDAVIT

22. I want to take advantage of the opportunity of this affidavit to answer to some of the allegations made in the affidavit of Fuzile. To this end, I will refer to paragraphs in his affidavit as they appear therein. I will not deal with each of the allegations made and my omission to do so does not mean that I admit those allegations. Where any of the allegations made by Fuzile are inconsistent with what I have already put before the Commission in my statement or affidavit, I deny such allegation.

22.1. **Ad paragraphs 1-4.**

I note what Fuzile says in these paragraphs. As I will demonstrate, I deny that what Fuzile says is both true and correct to the best of his

DDD JPS

knowledge and belief. Furthermore, I note that Fuzile says he has had regard to documentary files dealing with the matter between the parties and information made available to him in order to describe the facts upon which he relies in support of his application. I do not know which documentary files and information he refers to. Lastly, I also note that Fuzile says he is making legal submissions on the advice of his legal representatives. I submit that as I have effectively demonstrated, this application is ill-advised.

22.2. **Ad paragraphs 5-6**

Whilst I admit the allegations made in these paragraphs, I deny that Fuzile appeared before the Commission on behalf National Treasury.

22.3. **Ad paragraphs 7-11.**

I note the allegations which Fuzile made in these paragraphs except those made in paragraph 11. What Fuzile and his legal representatives have missed is what he stated in paragraph 8, namely that a person who is given an opportunity to make an application for leave to cross-examine a witness is the one who is implicated and who has been served with a Rule 3.3 notice. For the reasons which I have already provided in this affidavit, I deny the allegation in

DDD

paragraph 11 that it is necessary and in the best interest of the work of the Commission that Fuzile be granted leave to cross-examine me.

22.4. **Ad paragraphs 12-15.**

I note the allegations made in these paragraphs. I also want to take this opportunity to remind the Commission that in paragraphs 71 and 72 of my statement I have pointed out that whilst Mr Dondo Mogajane ("Mogajane") corroborated Fuzile in saying that I confused the roles of Messrs Whitley and Bobat when I introduced them to National Treasury staff, Ms Phumza Macanda ("Macanda") did not have the same observation. It is therefore misleading for Fuzile to simply say Mogajane and Macanda corroborated his evidence, leaving out the discrepancy, which I pointed out in paragraphs 70 and 71 of my statement.

22.5. **Ad paragraphs 16-18**.

I take note of what Fuzile says in these paragraphs. I take note also that Fuzile admits that he was not served with such notice. In fact, according to what he says in paragraph 16, he came across my statement after it had been given to National Treasury by the Commission. I also note specifically that in paragraph 18 he

correctly states that according to Rule 3.4 an application to cross-examine must be accompanied by a statement from the implicated person, yet he made this application whilst he is not an implicated person.

22.6. **Ad paragraphs 19-26**.

I take note of the allegations which Fuzile made in these paragraphs. I wish to draw the attention of the Commission to the fact that, contrary to what Fuzile says in paragraph 20, my application was not served on the State Attorney Pretoria. As Fuzile was a subpoenaed witness of the Commission, my legal representatives only served the application on the Commission. I attach hereto proof of service and receipt of same by the Applicant's Attorneys of record as Annexures "**DES 1**" and "**DES2**" respectively. I also submit that contrary to what Fuzile suggests in these paragraphs and particularly in paragraph 25, his non-compliance with Rule 3.4 is not only that he did not submit his application on time, but also that he is not qualified to make the application in the first place because he is not an implicated person.

22.7. **Ad paragraphs 27-33**.

DDD

22.8. I take note of the allegations which Fuzile makes in these paragraphs, especially his denial that he had any ulterior purpose that was aimed specifically at me. I, however, deny that Fuzile can speak on behalf of Macanda or Mogajane. I deny that I was reckless in any of my statement. Fuzile was asked to provide a statement in relation to paragraph 1.8 of the Terms of Reference of the Commission but he went beyond that invitation, making false allegations, including that I confused the roles of my Chief of Staff and my Special Advisor. Fuzile also alleged that Godongwana told him that I was a Gupta Minister coming with Gupta advisors that I did not know. I have no issue with Fuzile, Macanda or Mogajane testifying to help the Commission to carry out its mandate. I do have a problem, however, with any of them telling lies about me.

22.9. **Ad paragraphs 34-38**

22.9.1. I admit that Fuzile and I had a good relationship as he explains in these paragraphs.

22.9.2. I add that even when I was the Minister of Finance, I was of the view that we had a good relationship. I was surprised that he would come before the Commission and claim that I appointed my Special Advisor and Chief of Staff without

DDD

following prescribed procedure whilst he, my "Chief Advisor" did not draw my attention. In fact, he agreed to facilitate the appointment of my Chief of Staff and Special Advisor.

22.9.3. I was also surprised that Fuzile claims that my special advisor interfered with the running of the Department but yet did not bring this to my attention despite the long standing good working relationship that we had had.

22.9.4. I deny that I treated Fuzile badly or with any disrespect or lack of cooperation when he and I met on 10 and 11 December 2015.

22.10. **Ad paragraphs 39-42**

22.10.1. What I said in paragraph 39 of my statement about Fuzile must be understood in context. I was looking forward to working with Fuzile at National Treasury and thought that he was cooperating with me. However, what has now emerged in his evidence before the Commission made me conclude that he took the position of a hostile foe who saw himself as dealing with a Gupta minister. His current affidavit continues along the same path. It is interesting that Dr Ramontja who

DDD

testified before the Commission denied having ever discussed the matter with Godongwana.

22.10.2. I deny that I rejected efforts by Fuzile to assist me as the Director-General of National Treasury. Fuzile ought to have facilitated the appointment of my Chief of Staff and Special Advisor once I had made a decision to appoint them. He admits in paragraph 61 that he agreed to facilitate the appointments of Messrs Bobat and Whitley. He says he did not wish to be obstructive. He looked like he was supporting me only to find that he was making attempts to trap me into some non-compliance. The truth is that there was no non-compliance. This kind of conduct speaks of a posture of a hostile foe who smiles with you whilst he is privately planning your downfall.

22.11. **Ad paragraphs 43-44**.

22.11.1. I note the allegations made by Fuzile in these paragraphs.

22.11.2. In particular, I note that in paragraph 43.2 he states he advised that I did not need to wait for my swearing in before I start doing my job, but yet he expected me to wait for some formalities of signing contract before I hit the ground running

COMMISSION OF INQUIRY INTO STATE CAPTURE

DDD

with my support staff in the persons of special advisor and Chief of Staff. If I had assumed duty at National Treasury before I was sworn in as Minister of Finance, today Fuzile would be saying that I acted unlawfully.

22.11.3. It is plain to see that Fuzile's cooperation equaled my taking instructions from him and starting to operate as Minister of Finance even before I was formally sworn as such.

22.11.4. It is interesting that in paragraph 43.9 Fuzile admits that he began a process of facilitating the appointment of and completion of paperwork for my special advisors of choice. This he did without drawing my attention to any non-compliance with any applicable legislation. The truth is that there was no such non-compliance.

22.12. **Ad paragraphs 45-47**.

Fuzile says in paragraph 47 that he was not prepared to refrain from expressing his views to me and my advisors about what the Ministerial Handbook had to say regarding appointment of advisors and chief of staff, but yet at no stage did he tell me that I was wrong to bring my Chief of Staff and Special Advisor to work before they had formally signed contracts of employment. I submit that this is

the case because Fuzile knew that once I had chosen whom to appoint as Special Advisor and Chief of Staff, there was no need to wait for all the formalities before they assumed duty. He also knew that it was his job to ensure that all the formalities were complied with.

22.13. **Ad paragraphs 48-50.**

22.13.1. Fuzile claims that Mr Bobat was not qualified or fit and proper to be my advisor. I attach a copy of his CV to this affidavit for the Commission to see for itself, as Annexure "**DES3**". I deny the allegation that Mr Bobat was not qualified or was not fit and proper. Fuzile persists with his allegation that classified information was "leaked" despite my denial that there was no such classification on the document that was shared.

22.13.2. I also wish to draw the attention of the Commission that I have requested my attorneys to write to National Treasury to secure copies of CVs of Special Advisors that were ever appointed there from 1994 to date for a comparison. I attach a copy of the request for information hereto duly marked as Annexure "**DES4**". When the information requested has been

DDD

provided, I will ensure that same is delivered to the Commission.

22.14. **Ad paragraph 51-57.**

22.14.1. Fuzile is effectively presenting an argument on why, in his view, I am wrong to say I followed the correct procedure in appointing Messrs Bobat and Whitley. It is interesting that Fuzile now reluctantly admits that a special advisor can assume duty before security clearance is done but alleges that the person must have signed a contract before he or she assumes duty. It seems that to Fuzile signing a contract is more important than being vetted, especially in handling what he calls sensitive information. That is not true. I insist that proper procedures were followed when I appointed my Special Advisor and Chief of Staff. I repeat that it was for Fuzile to ensure that the appointments were facilitated and that all paperwork was in place. The Department of Cooperative Government and Traditional Affairs did not have any problems when I came there with Messrs Bobat and Whitley as my special advisor and Chief of Staff respectively. That department facilitated the appointments without any

DDD

qualms and there was no audit query about the appointments. It is interesting that Fuzile effectively suggests that National Treasury operates by different set of rules from those of other departments (para 53).

22.14.2. I wish to state that I did not come with Mr Malcom Mabaso for him to work at National Treasury. In fact, it is not true that I ever asked that he be provided with an access card.

22.14.3. I reiterate that the document which Fuzile claims was shared by Messrs Bobat and Whitley was not classified. It was a type of document on the economic outlook which is shared with the public.

22.15. **Ad paragraphs 58-64.**

22.15.1. I note the allegations made in these paragraphs. First, it is not true that I have agreed that Mr Bobat's behavior amounts to an unlawful interference (para 60). I cannot respond on behalf of Mr Bobat on allegations made by Fuzile against him. My point is that if the behavior of Bobat was wrong from the very day of my swearing-in as Minister, Fuzile ought to have brought this to my attention. He did not. That raises

DDD

questions about its truthfulness. I will, however, leave that to Bobat to answer for himself.

22.15.2. I wish to take this opportunity to state that it is not true that I have ever asked Fuzile to provide Mr Malcom Mabasa with an access card. I inadvertently omitted to answer this allegation in my statement. I also deny that I ever said to Fuzile that he is just a DG. I have fully explained what Mr Mabaso had come to National Treasury for.

22.15.3. I also reject the allegation in paragraph 62 that Bobat verbally abused me at the Union Buildings. That is simply not true.

22.15.4. It is interesting that Fuzile says in paragraph 63 that my statement supports his view with regard to my arrival at National Treasury but yet he went to town to try and rehash his evidence.

22.15.5. In his paragraph 64, Fuzile misrepresents what I said in paragraph 64 of my statement, which speaks for itself. I said I did not meet former Minister Nene because he was not available. I denied that I was opposed to meeting former Minister Nene.

COMMISSION OF INQUIRY INTO STATE CAPTURE

DDD

22.16. **Ad paragraph 65-69.**

22.16.1. I note that in paragraph 66 Fuzile says the situation with markets was such that I had to "get quickly up to speed with the key policy issues before the National Treasury" but yet elsewhere in his statement and in this affidavit, he says I ought to have taken time to have contracts signed with my special advisor and chief of staff, and security clearance undertaken, before they assumed duty. On the one hand he wanted me to hit the ground running, but on the other he wanted me to adopt a business-as-usual approach in appointing my support staff.

22.16.2. I reiterate that there is a clear contradiction between what Mogajane said in paragraph 10 of his statement and what Macanda said in paragraph 37 of her statement. It is like the two were not in the same meeting. I maintain Fuzile and Mogajane lied when they said I confused the roles of Bobat and Whitley when I introduced them at National Treasury.

22.17. **Ad paragraphs 70-72.**

I note that in paragraph 72 Fuzile now admits that I discussed my statement with him and Macanda. It looks like his only problem was that I did not accept everything that they said should be included in

DDV

my statement. I reiterate what I said in paragraph 79 of my statement, namely that I could not have made "a big speech on matters that I had not fully engaged on or being briefed properly on" as Fuzile expected me to.

22.18. **Paragraphs 73-75.**

It is sheer opportunism for Fuzile to say in these paragraphs that I now admit that I have visited the Gupta family and that this supports his version that I was connected to the Guptas. As far as I know Fuzile did not make any statement that I was connected to the Gupta family. At best, he delivered hearsay evidence on what he said he had heard from Mr Godongwana. My visit to the Gupta family has nothing to do with the evidence of Fuzile or what he was subpoenaed by the Commission for. Contrary to what Fuzile seems to suggest, I have never denied that I visited the Gupta family. When I made my statement, I did so to respond to his statement. That is why I did not deal with my visits to the Gupta family which I later dealt with in my supplementary affidavit on the invitation of the Commission.

22.19. **Ad paragraphs 80-82.**

22.19.1. I have no qualms with Fuzile responding to my statement and putting his version in regard thereto.

DDV

22.19.2. However, I deny that it is in the best interest of the work of the Commission that he be given an opportunity to cross-examine me through his lawyers. His job is to present evidence before the Commission. The rest of the work must be left to the Commission itself.

22.19.3. I also deny that any inconsistency between my statement or that of Fuzile or any perceived inconsistency in my own statement calls for Fuzile's legal representatives to cross-examine me.

22.19.4. I also deny that the fact that Fuzile disputes what I said calls for him as a subpoenaed witness to be granted leave to cross-examine me.

22.19.5. I accordingly submit that Fuzile has failed to make out a case for an order granting him leave to cross-examine me through his legal representatives as he is not an implicated person, and in any case, has failed to prove that such cross-examination will advance the interest of the work of the Commission.

DDD

CONCLUSION

23. I submit in conclusion that Mr Lungisa Fuzile ("Fuzile"), who is a subpoenaed witness before the Commission, does not qualify to make application to the Commission for leave to cross-examine me as such a right is preserved for implicated persons in terms of the Rules of the Commission.

24. I submit further that, in any case, Fuzile's confession that he has not given a full disclosure of the details which he was expected to give before the Commission, and his intention to canvass same through cross-examination, disqualifies him to apply for leave to cross-examine me even if I had implicated him (which I have not).

25. I submit further that the application for leave to cross-examine me is simply some form of retaliation because I have applied to cross-examine Fuzile. That is an abuse of the processes of the Commission.

26. Accordingly, I submit that Fuzile's application must be dismissed.

IN THE JUDICIAL COMMISSION OF INQUIRY INTO THE ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF STATE

In the application for cross-examination of Mr David Douglas Des Van Rooyen:

LUNGISA FUZILE Applicant

and

DAVID DOUGLAS DES VAN ROOYEN Respondent

REPLYING AFFIDAVIT

INTRODUCTION

I, the undersigned,

LUNGISA FUZILE

do hereby make oath and say the following:

1 I am a former Director- General at the National Treasury and I make this affidavit in relation to the role I played as such. I held this position from May 2011 until I resigned on 15 May 2017.

2 The facts set out herein are true and correct and within my personal knowledge, save where the context indicates to the contrary. Where I rely upon information furnished to me by other persons, I endeavour to identify the source of such information in this affidavit. I believe that the information furnished to me by such

LF MCM

persons to be true and correct. I also rely on the records of the National Treasury in support of certain facts.

3 Where I make legal submissions, I do so on the advice of the legal representatives made available to me by the National Treasury, during the preparation of this affidavit.

4 I have read the affidavit and annexures thereto delivered by Mr David Douglas Des Van Rooyen ("Mr Van Rooyen") in answer to my founding affidavit dated 12 April 2019.

5 The purpose of this affidavit is to reply to the allegations made in Mr Van Rooyen's answering affidavit.

6 As this is a replying affidavit, it is not necessary, nor appropriate for me to deal with each and every allegation contained in the answering affidavit. My failure to do so, however, should not be construed as an admission of the correctness of the averments made and should be taken to be denied inasmuch as they do not accord with the averments contained in the founding affidavit and herein.

7 I am advised and submit that, on the basis of the new information and allegations set out by Mr Van Rooyen in his answering affidavit, it would be in the interest of justice for the Chairperson to grant the relief sought in paragraphs 1 and 2 of the notice of motion dated 2 March 2019 and the notice of motion in the application for condonation accompanying this affidavit.

8 The rest of this affidavit is structured as follows:

HCM

8.1 First, I explain the grounds upon which I seek condonation for the late filing of this affidavit. A confirmatory affidavit of my attorney, Ms Thembelihle Nhlanzi will be provided in conjunction with this affidavit.

8.2 Second, I address the merits of Mr Van Rooyen's opposition to my application for leave to cross examine him, including, that:

8.2.1 the Chairperson has the discretion to grant leave to cross examine a witness by a person who is not implicated where it is in the interest of justice; and

8.2.2 granting me leave to cross examine Mr Van Rooyen will not undermine the Commission's legal team.

8.3 Third, I answer the contentions that I have:

8.3.1 not given a full disclosure of the details which I was expected to give before the Commission; and

8.3.2 that I treated Mr Van Rooyen as a 'hostile foe'.

8.4 Finally, I reply to those paragraphs which I believe require a specific response over and above that which is set out in my thematic responses.

MR VAN ROOYEN'S AFFIDAVIT WAS RECEIVED A YEAR LATE

9 My former legal representative, Ms Nhlanzi, received Mr Van Rooyen's answering affidavit on 15 April 2020. It is dated 12 April 2019. It was forwarded to Ms Nhlanzi by the Commission's Legal Advisor, Ms Shannon Van Vuuren, via email. I attach the email as "LF1".

LF
NCM

10 As appears from the email, Ms Van Vuuren states:

Secondly, referring to your client's application seeking leave to cross-examine D Van Rooyen, I attach (for ease of reference) his Notice of Intention to Oppose with Supporting Answering Affidavit which I trust was also served on yourselves.

11 Ms Van Vuuren was incorrect to assume that the affidavit had been served on me. I had never received it or seen it until 21 April 2020 when the National Treasury legal team sent it to me.

12 I am advised by Ms Nhlanzi that she had not been served with the affidavit by Mr Van Rooyen's legal representatives. She further advises that she did not receive it from the Commission's legal team before 15 April 2020. Ms Nhlanzi's confirmatory affidavit is attached hereto as **"LF2"**.

13 Ms Nhlanzi's evidence is entirely consistent with that of Mr Van Rooyen, who admits that he does not consider it necessary for his affidavits to be served on me, even though they pertain to my testimony before the Commission. At paragraph 22.6 of his affidavit, Mr Van Rooyen states that he did not even serve his application to cross examine me on my attorney. He explains:

I wish to draw the attention of the Commission to the fact that, contrary to what Fuzile says in paragraph 20, my application was not served on the State Attorney Pretoria. As Fuzile was a subpoenaed witness of the Commission, my legal representatives only served the application on the Commission.

14 In other words, for some reason Mr Van Rooyen's legal representatives take the view that a witness before the Commission, who is a <u>respondent</u> to an application brought by their client, need not be served with such application. Their incorrect opinion has resulted in an inordinate delay in the affidavit reaching my attorney and me.

LF HCM

15 At the time I received the answering affidavit the country was already on a nationwide lockdown that was announced by President Cyril Ramaphosa in order to combat the Covid-19 pandemic. This followed the declaration of a national state of disaster under the Disaster Management Act 57 of 2002. The unusual commitments that have arisen from the impact of the lockdown, both for me and my National Treasury colleagues, has impeded my ability to consult with my colleagues and my legal representatives and to prepare this reply. It was not possible for me to reply to the affidavit any sooner.

16 It would be prejudicial to me if Mr Van Rooyen's affidavit were to go unanswered. Particularly in the light of the allegations that he makes against me in the affidavit; accusing me of being 'a hostile foe', that I am playing a game of 'tit-for-tat' and that I seek to undermine the Commission's legal team.

17 I regret that the Chairperson has to receive this affidavit so late. This could have been avoided had the answering affidavit been served on me timeously.

18 The Rules and Regulations do not expressly deal with the conduct of opposed proceedings before the Commission. The Chairperson has a discretion in this regard. I therefore pray that the Chairperson condones the late filing of this affidavit. As I have demonstrated, the failure to file this affidavit was not wilful and I did not have any intention to disregard the processes of the Commission.

MR VAN ROOYEN'S OPPOSITION HAS NO MERIT

19 There are essentially three bases upon which Mr Van Rooyen relies in opposing my application to cross examine him:

19.1 that I am not an implicated person;

NOM

19.2 that my application is intended to undermine the Commission's legal team; and

19.3 that I have not made a full disclosure to the Commission regarding the points of dispute with Mr Van Rooyen.

Cross examination by a person who is not implicated

20 I do not deny that I am not an 'implicated person' as defined by the Rules of the Commission. My application was not brought on that basis. While Rule 3.3.6 and 3.4 provide for cross examination by a person who is implicated by a witness before the Commission, the Regulations contemplate broader grounds for cross examination.

21 Regulation 8(3) provides that "*any witness appearing before the Commission may be cross-examined by a person only if the Chairperson permits such cross-examination should he deem it necessary and in the best interest of the function of the Commission.*" As I stated in my founding affidavit, the Chairperson therefore has a discretion to permit cross examination by a party who is not an 'implicated person'.

22 Regulation 15 provides that "The Commission may determine its own procedure." Thus, to the extent that the Regulations do not expressly deal extensively with the procedure to be followed when a witness (other than an implicated person) wishes to cross-examine an implicated person, the matter lies within the discretion of the Chairperson.

23 I submit that my application falls squarely within the ambit of Regulation 8(3) read with Regulation 15. This is so for the following reasons.

MCM

24 First, my evidence regarding Mr Van Rooyen was explicitly required in terms of paragraph 1.8 of the Terms of Reference. Unlike other items in the Terms of Reference, which allude more generally to spheres in which corruption and state capture may have taken place, paragraph 1.8 specifically mentions Mr Van Rooyen and the appointment of advisors. It is therefore necessary for the Commission to thoroughly interrogate the circumstances relevant to this aspect with all means available, including cross examination by those who have direct knowledge of the facts. My first statement was written at the direct request by the Commission's legal team that it should be confined to the Terms of Reference contained in paragraph 1.8.

25 Second, I was the person who had the most interaction with Mr Van Rooyen during the few days that he was the Minister of Finance. I interacted with him by virtue of my position as the administrative head of the National Treasury, with particularly onerous responsibilities. I have also served as the Director-General of National Treasury for 6 years, which places me in a position of having deep insight and knowledge of the procedures and protocols that are applicable when Ministers change and when appointments of special advisors are made. In the light of my personal knowledge of what took place in the period 9-13 December 2015, I am best placed to cross examine Mr Van Rooyen through my legal representatives.

26 Third, Mr Van Rooyen places incorrect facts before the Commission and skirts around important facts that I presented. The reality is that Mr Van Rooyen has not denied the following:

COMMISSION OF INQUIRY INTO STATE CAPTURE

26.1 That he failed (for whatever reason) to arrive at the National Treasury in time to meet former Minister Nene;

26.2 That he complained about the tendency of National Treasury to issue statements (which is corroborated by Ms Macanda);

26.3 That he failed to address the key issue that was facing him as the new Minister of Finance and the country – that is the dire state of the economy, which was directly affected by his appointment. He was the person with the greatest responsibility to address the issue in order to calm the market and to gain public trust;

26.4 That the economic fallout arising from his appointment was unprecedented;

26.5 That he failed to take senior National Treasury officials seriously as evidenced by his intention to have a short introductory meeting. And even then, the introductions were to go in one direction only, that is, to introduce his team, and not to learn about the Treasury team and their respective roles. He also pointedly did not involve Treasury officials in the preparation of his first speech;

26.6 He barely knew Mr Bobat before meeting him, and only met Mr Whitley on the same day that he sought to appoint him as chief of staff; and

26.7 That he invited Mr Mabaso to be present at the National Treasury offices even though he was not employed there.

LF

NCM

27 This application is not the place to debate the veracity of the different versions. I merely point it out in order to demonstrate that Mr Van Rooyen's affidavit itself bears out the disputes of fact that renders cross examination necessary.

28 Fourth, Mr Van Rooyen has now had an opportunity to provide three separate responses to my original statement. He has done so in his statement dated 25 January 2019 ("the Response statement"), the statement dated 18 February 2019 ("the Supplementary statement") and the answering affidavit in this application. Each response by Mr Van Rooyen introduces new explanations and allegations regarding the events that occurred over a mere few days. Importantly for this application, Mr Van Rooyen makes allegations against me that call for a response. Amongst others, he alleges that I treated him as a 'hostile foe' from the outset, that my wish to cross examine him arises from a personal vendetta and that I intend to undermine the Commission's team. It would be prejudicial to me if I were not able to protect myself by setting the record straight through cross examination.

29 Finally, Mr Van Rooyen makes much of the fact that I was sent a formal subpoena to appear before the Commission as a basis for opposing my application. It is common cause that I volunteered to provide evidence to the Commission. This much is acknowledged by the Chairperson himself during my oral testimony (at page 78 of the transcript of the hearing of 21 November 2019). I voluntarily agreed to do so after several meetings with the officials from the National Treasury and some members of the Commission's legal team as part of their investigations. I was correctly identified by the Commission's legal team as one of the witnesses that could assist it with the relevant information in paragraph

1.8 of the Terms of Reference. That I was sent a subpoena in order to secure the hearing date is neither here nor there and has no relevance to the permissibility of my cross examination of Mr Van Rooyen.

30 The matters that the Commission is investigating in relation to the appointment of Mr Van Rooyen and his advisors are serious and my evidence is directly relevant to the mandate of the Commission in that regard. It is clearly in the interests of justice that I be allowed to cross-examine Mr Van Rooyen to the extent that he has attempted to discredit my evidence.

31 For these reasons, I submit that the fact that I am not an 'implicated person' is not a bar to my cross examination of Mr Rooyen. Further, it is in the interests of justice and the work of the Commission to grant my application for leave to cross examine Mr Van Rooyen through my legal representatives.

No intention to undermine the Commission's legal team

32 I take exception to the allegation that my application is intended to undermine the Commission's legal team. I have the highest respect for the Commission's legal team and the arduous work that they have undertaken in assisting this historic Commission of Inquiry.

33 The granting of my application would not preclude the Commission's legal team from questioning Mr Van Rooyen. I do not wish to supplant the responsibilities of the legal team. I merely wish to be provided with the opportunity to supplement the legal team's questioning of Mr Van Rooyen.

34 The Commission's Legal Team will always have an opportunity to put questions to any witness, including questions aimed at assisting the Commission in

assessing the truthfulness of the evidence of a witness and may also ask leading questions as contemplated in rules 3.2 and 3.8.

35 I respectfully submit that there is no reason of principle or practicality why I should not be permitted to do so.

THE DISCLOSURES IN MY AFFIDAVIT ARE NOT 'INCOMPLETE'

36 Mr Van Rooyen refers to the statement at para 82 of my founding affidavit – that is, the Conclusion - where I say:

In this affidavit I have referred to the aspects in which I dispute the version of Mr Van Rooyen and on what basis. It is not intended as an exhaustive account of every detail of the grounds of the dispute. I expect that there may be additional and relevant material that is canvassed during cross-examination of Mr Van Rooyen by my legal representatives, particularly in the light of how Mr Van Rooyen may respond to questions. There may also be additional facts and grounds of dispute that I canvass during my cross-examination by Mr Van Rooyen's legal representatives if his application to cross-examine me is granted.

37 I fail to see what is objectionable about this statement. I am advised that what was required of me was to motivate why I sought leave to cross-examine Mr Van Rooyen. This required me to set out the areas of dispute, which I did in some detail. Indeed, it is only in response to that affidavit that Mr Van Rooyen sets out new information for the first time.

38 In my founding affidavit I laid out the key areas in respect of which I expect to cross-examine Mr Van Rooyen. That there may be granular details that are not anticipated by my founding affidavit does not render my application fatal. It is

common cause that my affidavit was prepared before Mr Van Rooyen could give oral evidence to supplement the facts set out in his statement. It was in anticipation of the fact that his evidence is still somewhat also incomplete that I reserved for myself an opportunity to deal with any additional evidence that may also arise in that regard.

39 Consequently, I deny that I have wilfully misled the Commission as to the true extent of intended cross-examination, or 'failed to disclose' pertinent facts.

I WAS NOT A 'HOSTILE FOE'

40 Mr Van Rooyen states that I 'took the position of a hostile foe who saw himself as dealing with a Gupta Minister'. He first made this accusation in his Response statement and persists with it in his answering affidavit despite the fact that my founding affidavit makes it clear that this was not the case. I indicated that I:

40.1 was perplexed by what Mr Godongwana said to me, but I did not make much of it at the time and despite Mr Godongwana's suggestion that I should verify it with Dr Ramontja, I never did so (para 41).

40.2 I was genuinely concerned about the National Treasury and made an attempt to assist Mr Van Rooyen in order to mitigate the negative impact in the market and public (para 42).

40.3 I made several attempts to support Mr Van Rooyen which he appeared reluctant to accept or outrightly rejected. I had also contacted Mr Van Rooyen the very night that the announcement of his appointment was made to congratulate him and set up a meeting for the morning (para 43).

COMMISSION OF INQUIRY INTO STATE CAPTURE

40.4 The only uncomfortable conversation with Mr Van Rooyen was in relation to the Ministerial Handbook regarding the appointment of advisors and chief of staff. But this was not based on what Mr Godongwana had said or what Mr Jonas later revealed or what I read from the media (para 47).

41 The issue that Mr Van Rooyen needs to confront is not my state of mind, but the facts as I present them.

AD SERIATIM RESPONSES

42 In this section I address those paragraphs in Mr Van Rooyen's answering affidavit that I consider still require a specific response. My failure to address any particular paragraph must not be understood to be an admission or concession on my part. Any paragraph not specifically dealt with must be taken to be denied to the extent that it is inconsistent with what is stated in the founding and this affidavit.

43 **Ad paragraph 7.2**

43.1 I wish to reiterate that my 'status' at the Commission – whether under subpoena or not - does not detract from the discretion that the Chairperson has to grant a person leave to cross-examine a witness. The Chairperson is not constrained to only permit cross-examination by implicated persons.

43.2 While I was no longer employed by National Treasury at the time of giving my evidence, I was representing the position of National Treasury in respect of the events of 9-13 December 2015.

44 Ad paragraphs 8-14

44.1 I note the recitation of the Rules of the Commission and deny that they give rise to the interpretation contended for by Mr Van Rooyen – that is, that they preclude cross-examination by any person other than an implicated person.

45 Ad paragraph 16

45.1 The grounds for my application are set out in paragraphs 7 to 11 of my founding affidavit, as well as paragraphs 80 to 81.

46 Ad paragraph 17

46.1 I have addressed the grounds of opposition above. While this paragraph purports to set out five grounds of oppositions, they in fact overlap.

47 Ad paragraph 18

47.1 I have not brought this application as a means of a 'tit-for-tat retaliation'. I wish to cross-examine Mr Van Rooyen on his distortion of the facts of what occurred in December 2015. It is true that I take my evidence before the Commission very seriously, as would anyone who is interested in assisting the Commission in its important task of exposing state capture and ensuring that it never takes place again.

47.2 I deny that I have not been truthful and independent in providing evidence to the Commission.

48 **Ad paragraphs 19-21**

48.1 I refer to paragraphs 24 to 30 above in which I set out why it is necessary and in the best interests of the work of the Commission for me to cross-examine Mr Van Rooyen.

49 **Ad paragraph 22.1**

49.1 The documents that I considered, include, *inter alia*, National Treasury emails, contract documents, policy documents on the appointment of advisers, economic impact documents, media statements. These documents have been included as annexures to my statement and the documents included into my bundle of evidence at the Commission. These documents also include those attached to the statements of my former colleagues Mr Dondo Mogajane and Ms Phumza Macanda.

49.2 To the contrary, I believe the advice of my legal representatives to be correct.

50 **Ad paragraph 22.4**

50.1 Mr Van Rooyen fails to refer to the oral evidence of Ms Macanda on 26 November 2018 where she stated that she may have not perceived the confusion of the names of Mr Van Rooyen's advisors because she was not seated close enough.

50.2 He also fails to refer to Ms Macanda's evidence that she herself formed the impression that Mr Van Rooyen did not know his new advisor very

well when she witnessed them exchange phone numbers in her presence on the day of Mr Van Rooyen's swearing in.

51 **Ad paragraph 22.6**

51.1 Again, it is curious that Mr Van Rooyen's legal representatives did not consider it necessary to serve the application on a person who is a respondent to the application brought by their client.

52 **Ad paragraph 22.8**

52.1 I deny that I have uttered any lies about Mr Van Rooyen. My evidence on what Mr Godongwana told me about receiving a Gupta Minister is clear. It is up to the Chairperson to make findings of whether Mr Van Rooyen was a 'Gupta Minister' based on all the evidence before the Commission, including Mr Van Rooyen's confession to having visited the Gupta home many times.

53 **Ad paragraph 22.9**

53.1 The averments in this paragraph disregard what I stated in my founding affidavit.

53.2 In my testimony before the Commission I explained the proper procedure for the appointment of special advisors. I also stated, and I reiterate here, that I pointed this out to Mr Van Rooyen when I referred to the Ministerial Handbook. It is therefore not true that I did not draw attention to the appropriate procedure. Mr Van Rooyen nevertheless told me that I am just a DG and rudely instructed me to facilitate the appointment.

LF

53.3 As I stated in paragraph 61 of my founding affidavit, I agreed to facilitate the appointment of Messrs Whitley and Bobat as I did not wish to be obstructive. However, I only agreed to do so after expressing reservations.

53.4 I have also already stated why I did not report Mr Bobat's interference to Mr Van Rooyen. He was simply not at National Treasury long enough for me to do so and I also only became aware of his conduct after Mr Van Rooyen's appointment as Minister of Finance was reversed.

54 **Ad paragraph 22.10**

54.1 It is evident that Mr Van Rooyen still does not appreciate the role of a Director - General as accounting officer of a department. As the person accountable, it is incumbent on me to ensure that procedures are followed, and not to blindly implement instructions. It is for this reason that I had a concern about Messrs Whitley and Bobat beginning to issue instructions without a contract of employment in place. This does not render me a hostile foe.

54.2 I point out that Dr Ramontja's evidence does not contradict the evidence I gave to the Commission. In fact, it supports it.

55 **Ad paragraphs 22.11 – 22.12**

55.1 Again, Mr Van Rooyen fails to appreciate basic boundaries between government officials. The difference is that Mr Van Rooyen was a political appointee. It was not for me to question the appointment. On the other hand, I was responsible for signing the contract of employment of the

COMMISSION OF INQUIRY INTO STATE CAPTURE

special advisor and chief of staff. I was required to execute that responsibility mindful of the law and procedural practice.

56 **Ad paragraph 22.13**

56.1 Mr Van Rooyen attaches Mr Bobat's CV to his affidavit as justification for Mr Bobat's credentials as a person who was fit and proper to be appointed as special advisor. The CV reflects that Mr Bobat was employed at Regiments Capital (Pty) Ltd right up until the appointment of Mr Van Rooyen as Minister of Finance. The role of Regiments Capital in state capture is a matter of public record and has featured in evidence before the Commission, including in the following reports: Public Protector's State Capture Report, the Parliamentary Commission's Final Report, the Report to the Board of the Public Investment Corporation on allegations contained in anonymous emails distributed to the PIC email address list in September 2017 (the Budlender report), the Final Report: Forensic Investigation into Various Allegations at Transnet and Eskom (the Fundudzi Reports), the State Capacity Research Project Report titled 'Betrayal of the Promise: How South Africa Is Being Stolen', the Eskom Enquiry booklets and the Preliminary Report into the Alleged Irregularities Relating to the Appointment of the Transaction Advisors in Respect of the Acquisition of the 1064 Locomotives Tender (the MNS report).

56.2 It has also featured in testimony by several individuals who made statements to the Commission, including: Ms Bianca Goodson, Ms Mosipa Mothepu, Mr Pravin Gordhan, Mr Jabulane Albert Mabuza, Mr

NCM

Andre Frank Pillay, Mr Ian Hamish Scott Sinton, Mr Madoda John Jiyane, Mr Mohammed Suleman Mahomedy, Mr Tshiamo Michael Sedumedi, Dr Jonathan Zohar Bloom, Ms Mathane Eveline Makgatho, Mr Shiwa Elijah Mazibuko, Ms Cynthia Agnes Soraya Stimpel, Ms Helen Janet Walsh and Lord Peter Hain.

56.3 Mr Van Rooyen evades dealing with the burning question as to why he would seek to appoint an advisor around whom accusations of corruption were swirling. Although Mr Bobat was ultimately not appointed as a special advisor with access to National Treasury, he was appointed as Mr Van Rooyen's advisor upon his appointment as Minister of Co-operative Government and Traditional Affairs. Apart from the fact that there is nothing in Mr Bobat's CV that distinguishes him as an expert in local government or traditional affairs, his implication in state capture through his relationship with the Guptas, Regiment Capital, Mr Salim Essa and Mr Eric Wood were already being reported on publicly.

56.4 Rather than answering the direct question that is put to Mr Van Rooyen, his affidavit begs more questions.

56.5 I have no knowledge of the request for information made to National Treasury as I had already left office by this time. I have however been informed that Mr Van Rooyen was provided with a response to the PAIA request.

COMMISSION OF INQUIRY INTO STATE CAPTURE

NCM

57 **Ad paragraph 22.14**

57.1 Given what we know about Mr Bobat and his role at Regiment, it is astounding that Mr Van Rooyen would continue to defend Mr Bobat as special advisor.

57.2 Mr Van Rooyen is not being truthful with the Commission about his request to me to give Mr Mabaso an access card.

57.3 Despite Mr Van Rooyen having acknowledged in his Response statement that sharing internal information with third parties would be unlawful, he now reverses his position. He now denies that he did so. He takes the view that because the document was not 'classified' it could be shared with the public. As I have stated on multiple occasions, the document was an internal memorandum addressing sensitive economic and fiscal issues facing the country. It was not a public document, and in the wrong hands could be used for private benefit - as it appears was the intention in this case. Mr Van Rooyen does not even attempt to explain why Mr Eric Wood and Regiment were the recipients of the email from Mr Bobat and Mr Whitley.

58 **Ad paragraph 22.15**

58.1 I have already addressed many of the averments herein. I wish to add, however, that I disagree that Mr Van Rooyen has 'fully explained' why Mr Mabaso was at National Treasury.

LF NCM

58.2 It is not true that Mr Van Rooyen did not meet former Minister Nene because he was not available. Mr Van Rooyen pointedly said to me that he would come to the National Treasury offices 'in his own time'

59 **Ad paragraph 22.17**

59.1 Mr Van Rooyen cannot plausibly state that he had insufficient awareness and knowledge of the instability in the economy and the specific economic consequence of the change in Ministers. As a parliamentarian tasked with oversight of the finance portfolio, one could say that there was a special duty on him to address the nation on the state of the markets as he takes over stewardship of National Treasury. He chose to ignore this.

59.2 It is the task of the team at National Treasury to assist the Minister with public statements. The team would have ensured that the statement addresses the issues that the nation, investors, markets and rating agencies were concerned about. It was necessary to assure investors about National Treasury's commitment to fiscal prudence and restore calm to the markets. This was necessary because the markets were anticipating an imminent breakdown in fiscal discipline, procurement of nuclear energy and the weakening of National Treasury as an institution.

59.3 Instead, Mr Van Rooyen refused to accept the assistance of the team. His failure to restore the confidence of the nation cost the economy billions.

LF NOW

60 **Ad paragraph 22.18**

60.1 Contrary to Mr Van Rooyen's protestations, his visits to the Guptas are the very context for the inclusion of paragraph 1.8 of this Commission's Terms of Reference.

61 **Ad paragraph 22.19**

61.1 I submit that I have made out a case for why it is in the interests of the work of the Commission for me to cross-examine Mr Van Rooyen.

CONCLUSION

62 In addition to the reasons set out in my founding affidavit and for the reasons set out herein, I submit that the application should be granted as more fully set out in the notice of motion.

WHEREFORE I pray for an order in terms of the notice of motion.

10. It is alleged that you and Mr. Eric Wood did not attend the Regiments 2015-year end party because of certain commitments. Would you provide the Commission with reasons of your nonattendance; and further elaborate on where were you and with who during that day?

11. On the 10th of December 2015; you allegedly introduced yourself as the advisor to the Minister. At that time Mr. Van Rooyen was officially a sworn in as a Minister and you had not signed any onboarding papers with the National Treasury as the advisor or employee. Why did you introduce yourself as the Ministers adviser?

12. On 10 December 2015; you allegedly instructed a person responsible for Media Relations and Communications to issue all outgoing communications of the Department through you. In what capacity did you issue such an instruction?

13. What is your knowledge of Minister des Van Rooyen fake Twitter account; and please explain the role you played?

14. On 11th December 2015; you allegedly tried to stop the recruitment process of the Director of Communications. It is further alleged that you instructed one of the Senior Managers to vacate his office. In what capacity were you issuing these instructions?

15. Briefly explain how the Minister introduced you and Ian Whitley to the Senior Management of the National Treasury on the 10th of December 2015?

16. It is alleged that you requested documents pertaining the SAA A320/A330 airbus swop deal from the National Treasury to be emailed to your private email address. Why did you request that information and who gave you the authority to do so?

17. It is alleged that on the 12th of December 2015; you forwarded National Treasury's confidential information using your personal email (mohammed.bobat@gmail.com) to infoportal1@zoho.com and Eric Wood. What was the purpose of forwarding this confidential information to them and who gave you permission to do so?

18. It is alleged that there were email communications between the then Cogta Minister Mr. Des Van Rooyen, Mr. Wood, Mr. Whitley and yourself during 14/15 December 2015; regarding the content of a draft media statement for Minister Des Van Rooyen, where you further discussed the usage of municipal/household assets for collateralisation. Can you confirm such communication; and if your answer is "yes" what was the role or function of Mr. Wood, and who mandated you to discuss Departmental programmes with Mr. Wood?

19. Did you ever meet Mr. Duduzane Zuma; if so, how, when and why?

20. Did you ever meet the Gupta Brothers; if so, who, how, when and why?

COMMISSION OF INQUIRY INTO STATE CAPTURE

MR. MOHAMMED BOBAT QUESTIONNAIRE

1. Would you please inform the Commission about your relationship concerning the following individuals?

a) Eric Wood

i.Where and when you first met? Eric and I first met at Investec Bank where we were both employed. I started my employment at Investec in 2000 and Mr Wood left Investec in 2002. I cannot remember exactly when we first met because we interacted on transactions for the bank.

ii.Who else was present in you first meeting? See answer to i above.

iii.What was the agenda or the purpose of that meeting? There was no agenda and the purpose for us meeting was for pricing on interest rate transactions for clients of the bank.

iv.How frequently did you communicate and what method of communication did you normally use? The frequency was regular and mostly verbal. Eric Wood left Investec in 2002 and subsequently became my employer when I joined Regiments in 2012 where he was a director.

b) Ian Whitley

i.Where and when you first met? I first met with Mr Whitley on the 11th of December 2015 at National Treasury.

ii.Who else was present in you first meeting? Minister Van Rooyen.

iii.What was the agenda or the purpose of that meeting? For the Minister to introduce other working members of his team.

iv.How frequently did you communicate and what method of communication did you normally use?

Regular Frequency, verbal, telecom, email once we became colleagues in government.

C) David Douglas Des Van Rooyen

i.Where and when did you first met? It was in about 2009 at a restaurant at a hotel in Moruleng, North West Province where I went to meet a prospective client of the bank that I worked for at the time.

ii.Who else was present in you first meeting? Mr Van Rooyen greeted me and the client when he walked in to the restaurant. Post my meeting with the client I introduced myself to Mr Van Rooyen who was seated alone, and handed him my business card. We spoke very briefly about what I did at the bank.

iii.What was the agenda or the purpose of that meeting? There was no agenda or purpose.

iv.How frequently did you communicate and what method of communication did you normally use? It was infrequent telephonic communication on finance questions when he was studying for his MSc in Finance. I am a chartered accountant with a higher diploma in taxation with more than 10 years of investment banking experience.

d) Salim Essa

i.Where and when you did you first meet? I started I first met with Mr Essa while he was waiting for assistance at the reception of Regiments in 2014.

ii.Who else was present in you first meeting? The receptionist had left her desk for a moment and it was only myself and Mr Essa at the reception.

iii.What was the agenda or the purpose of that meeting? There was no agenda or a meeting.

iv.How frequently did you communicate and what method of communication did you normally use? Infrequent and verbal. Mr Essa was the business development partner of Regiments Capital and I provided project updates via email to him.

2. When did you become aware that Minister Nene was going to be dismissed by the former President JG Zuma (date)?
   On the 9th of December 2015 when I saw the official announcement on television.

3. Who informed you and why?
   Nobody informed me except as per above.

4. When were you approached to be the advisor to the then Minister of Finance Des Van Rooyen (date)?
   On the 10th of December 2015.

5. How and who approached you for the position of the Minister Des Van Rooyen advisor?

   Minister Van Rooyen verbally approached me at the Union Buildings.

6. Were you aware of any Gupta brother(s) and/or Salim Essa involvement in your appointment as the advisor to the Minister?
   No I was not aware.

7. When did you resign from Regiments?
   On the 11th December 2015.

8. It is alleged that on 26 October 2015; Mr Wood sent an email to Mr Essa pertaining to points for the Finance Minister. What is your knowledge of the National Treasury new initiatives that were allegedly drafted by Mr. Eric Wood?

I became aware of the initiatives when I read about it in the media during the course of 2016.

9. It is alleged that 13 February 2016; while in the employ of State, you attended "Turn-in alignment" session which was organised by Eric Wood. If you did; what was the reason for your attendance, and was the Department aware about this?

   The turn –in alignment session was on Friday the 12th of February 2016. The workshop was organised and facilitated by an external service provider Mr Brad Shannon and I was invited to share my experiences on the challenges of managing a team. I had informed the Chief of Staff (Mr Whitley) of my attendance.

10. It is alleged that you and Mr. Eric Wood did not attend the Regiments 2015-year end party because of certain commitments. Would you provide the Commission with reasons of your non attendance; and further elaborate on where were you and with who during that day?

    To the best of my recollection the Regiments year end function was on night of 11th of December 2015. I had only left National Treasury in Pretoria late that evening – after 6pm (I think) and I still had to go back to Regiments office to complete work on assignments that I was currently busy on and had to handover. I was at National Treasury on the day.

11. On the 10th of December 2015; you allegedly introduced yourself as the advisor to the Minister. At that time Mr. Van Rooyen was officially a sworn in as a Minister and you had not signed any onboarding papers with the National Treasury as the advisor or employee. Why did you introduce yourself as the Ministers adviser?

    It was my understanding that I was to be appointed as part of Ministers advisory team and that the formalities for my appointment were to follow.

12. On 10 December 2015; you allegedly instructed a person responsible for Media Relations and Communications to issue all outgoing communications of the Department through you. In what capacity did you issue such an instruction?

    To the best of my recollection I did not give the instruction for this to be done.

13. What is your knowledge of Minister Des Van Rooyen fake Twitter account; and please explain the role you played?

    I was reading the news on my phone and came upon a twitter account in the name of Mr Van Rooyen. I asked Minister Van Rooyen if he had a twitter account to which he had responded in the negative. I immediately informed the Media Relations officer who was present and enquired from her if anything could be done in connection with the account. National Treasury subsequently issued a statement in connection with this account.

14. On 11th December 2015; you allegedly tried to stop the recruitment process of the Director of Communications. It is further alleged that you instructed one of the Senior Managers to vacate his office. In what capacity were you issuing these instructions?

I deny both the allegations. Mr Whitley and I were seated in 2 visitor seats across the desk of Mr Geswint (Minister Nene's chief of staff at the time) initially, and then moved into a boardroom at National Treasury for the remainder of the day.

15. Briefly explain how the Minister introduced you and Ian Whitley to the Senior Management of the National Treasury on the 10th of December 2015?

The introduction was not on the 10th of December but on the 11th of December 2015. On morning of the 11th of December 2015 Minister called a meeting where he introduced us by our names and introduced me as the Advisor and Mr Whitely as his Chief of Staff.

16. It is alleged that you requested documents pertaining the SAA A320/A330 airbus swop deal from the National Treasury to be emailed to your private email address. Why did you request that information and who gave you the authority to do so?

I was not as yet given a National Treasury email address.

I requested the documentation for 2 reasons.

1) There was a media query forwarded to me by the media liaison officer requesting a response See Annexure 1.

2) Minister Van Rooyen had requested me to identify and report back to him on any matters contained in Minister Nene's Confidential handover document that needed his immediate attention – one such key issue identified by Mr Nene in the handover document was the SAA swap – extract from Minister Nene's Handover Document – Page12 Key Issues: Extension of the leases on the remaining two A319 aircraft and Page 13, Week 14-18 December, South African Airways, Guarantee agreement for a R1 billion three month bridging facility:

I attach a media statement issued by National Treasury on the 21st of December 2015 in connection with the renewal of the SAA swap transaction. See Annexure 2.

17. It is alleged that on the 12th of December 2015; you forwarded National Treasury's confidential information using your personal email (mohammed.bobat@gmail.com) to infoportal1@zoho.com and Eric Wood. What was the purpose of forwarding this confidential information to them and who gave you permission to do so?

I had received the document referred to above (not marked confidential) late afternoon on Saturday the 12th of December. Minister Van Rooyen was intending to present the document to cabinet on Tuesday the 15th of December. At that time I did not have a National Treasury email address.

Minister requested explanatory notes on the critical points mentioned in the document by Monday the 14th of December 2015.

The purpose was to solicit help on expanding some of the points that were in the document. Mr Wood was busy with his Doctorate on the South African Financial sector and I was aware that he had researched recent information with respect to the South African economy.

I also requested the help of Mr Essa (whom I had known as the Business Development partner of Regiments) in trying to solicit help from any one of the large consulting houses (such as McKinsey) with whom I knew he had a relationship.

The document was a draft and not classified as confidential – See Annexure 3.

18. It is alleged that there were email communications between the then Cogta Minister Mr. Des Van Rooyen, Mr. Wood, Mr. Whitley and yourself during 14/15 December 2015; regarding the content of a draft media statement for Minister Des Van Rooyen, where you further discussed the usage of municipal/household assets for collateralisation. Can you confirm such communication; and if your answer is "yes" what was the role or function of Mr. Wood, and who mandated you to discuss Departmental programmes with Mr. Wood?

Yes, I can confirm the communication.

The role of Mr Wood was to soundboard a technical idea of collateralising household debt that was to be inserted into the Ministers speech and not a departmental program. The idea was flawed since it relied on the collection of household debt.

Mr Wood was a commercial paper/bond specialist and it is not uncommon for government departments and Ministers to engage experts to solicit solutions to challenges facing government.

19. Did you ever meet Mr. Duduzane Zuma; if so, how, when and why?

No, I never met Mr Duduzane Zuma.

20. Did you ever meet the Gupta Brothers; if so, who, how, when and why?

No, I never met the Gupta brothers.

MR. IAN WHITLEY QUESTIONNAIRE

1. **Would you please inform the Commission about your relationship concerning the following individuals?**

a) Eric Wood

i.Where and when you first met?

I encountered Mr Eric Wood informally for the first time at Melrose Arch in December 2015.

ii.Who else was present in you first meeting?

I did not have a formal meeting with Eric Wood, I briefly encountered him during my meeting with former Minister Des van Rooyen.

iii.What was the agenda or the purpose of that meeting?

I did not have a meeting and thus no agenda

iv.How frequently did you communicate and what method of communication did you normally use?

I had no frequent communication with Mr Eric Wood apart from one email I was asked to send him for inputs into a media statement (see question 11) and then I met him formally again at the Municipal Infrastructure Support Agent (MISA) offices in January 2016. Other than that, I had no other communication with him.

b) Mahommed Bobat

i.Where and when you first met?

I informally and briefly met Mr Mahommed Bobat during my meeting with former Minister Des van Rooyen in December 2015 at Melrose Arch.

ii.Who else was present in your first meeting?

Former Minister Van Rooyen, Malcolm Mabaso

iii.What was the agenda or the purpose of that meeting?

There was no agenda. Mr Mahommed Bobat popped in to greet former Minister van Rooyen.

iv.How frequently did you communicate and what method of communication did you normally use?

We communicated frequently since my appointment as he was central to Ministers portfolio. Official communication was done via mobile, email and mostly face to face.

C) David Douglas Des Van Rooyen

i.Where and when did you first met?

I first met former Minister van Rooyen in December 2015 in Melrose Arch.

ii.Who else was present in you first meeting?

Malcolm Mabaso

iii.What was the agenda or the purpose of that meeting?

Introduction and offer to join him as the Chief of Staff.

iv.How frequently did you communicate and what method of communication did you normally use?

Since my appointment as his Chief of Staff we communicated frequently via mobile, email and face to face.

d) Salim Essa

i.Where and when you did you first met?

I never formally met Mr Salim Essa but encountered him for the first time at Melrose Arch in December 2015.

ii.Who else was present in you first meeting?

Former Minister Des van Rooyen

iii.What was the agenda or the purpose of that meeting?

It was not a meeting and therefore no agenda.

iv.How frequently did you communicate and what method of communication did you normally use?

We communicated face to face.

e) Malcom Mabaso

i.Where and when did you first met?

I met Mr Malcolm Mabaso socially around 2013

ii.Who else was present in you first meeting?

My brother-in-law

iii.What was the agenda or the purpose of that meeting?

It was not a formal meeting and thus no agenda.

iv.How frequently did you communicate and what method of communication did you normally use?

I communicated frequently via mobile and face-to-face

2. **When did you become aware that Minister Nene was going to be dismissed by the former President JG Zuma (date)?**

   I was never aware that Minister Nene was going to be fired. On the 09th of December 2015 I read about the Cabinet reshuffle in the media reports.

3. **Who informed you and why?**

   As I said above, I was never aware that Minister Nene was going to be fired. I got information from media reports.

4. **When were you approached to be the advisor to the then Minister of Finance Des Van Rooyen (date)?**

   I was never approached to be an advisor for former Minister van Rooyen.

5. **How and who approached you for the position of the Minister Des Van Rooyen advisor?**

   As mention in question 4, I was never approached for the position of an advisor.

6. **Were you aware of any Gupta brother(s) and/or Salim Essa involvement in your appointment as the advisor to the Minister?**

   No. I was not.

7. **Why Mr. Malcom Mabaso was with you at the National Treasury offices on the 11th of December 2015; the day you were introduced to National Treasury Senior Management by the then Minister Des Van Rooyen and how he was introduced to the then DG Mr. Fuzile Lungisa?**

   Malcolm Mabaso was already an official in Government and after confirming my appointment as Chief of Staff with former Minister van Rooyen, I requested from the former Minister Des van Rooyen that Mr Mabaso join me on the first day in office to assist me with anything that may be required. Former Minister Des van Rooyen and Mr Mabaso agreed. After the Director-General (DG) advised on the processes and advised that the Acting Chief of Staff (ACOS) and Head of Corporate Services will

assist me, Mr Mabaso immediately left and said that I could call him should I need any advice or help.

8. **Based on your relationship with the Deputy Secretary of the African National Congress; is there any influence that she exerted in your appointment as the advisor to Minister Des Van Rooyen?**

   As mentioned above, I was never appointed as an Advisor to former Minister van Rooyen but as his Chief of Staff and if we referring to the Deputy Secretary General, I am not aware of any influence she had on my appointment as Chief of Staff.

9. **It is alleged that during December 2015; you participated in the running of the National Treasury Department, without any legal binding document or contract with the Department. May you please explain; in what capacity you involved yourself in the running and management on the Department?**

   I was appointed by former Minister van Rooyen as his Chief of Staff and then asked to accompany him on the 11th of December 2015. I did not run any department but merely facilitated transitional matters on behalf of former Minister van Rooyen, more specific the setting up of his office which I understood to be the role of the Chief of Staff. Former Minister van Rooyen wanted us to hit the ground running given that we were approaching the festive season break that week and we were sure many were planning to take a break. In a meeting with the Director-General (DG), former Minister van Rooyen asked that the DG expedite my appointment. The DG advised that there is a Ministerial handbook with the guidelines for appointments and that we will abide by that and a copy will be given to the Minister. I was then introduced to the Acting Chief of Staff (ACOS) and some of the Ministry staff that were in office together with the head of Corporate Services who immediately initiated the appointment process for me and willingly assisted and directed me. I together with the ACOS and head of Corporate services processed the following on this day:

   1. Some of my appointment documents especially those needed to set up an official email address, telephone and PC for me. The final appointment was finalised and the contract signed at the department of Cooperative Governance and Traditional Affairs (COGTA) given that we were moved on Monday the 14th of December 2015.
   2. A high-level breakdown of the structure within Ministry and any urgent matters.
   3. I was taken through a handover report in terms of the urgent matters that Minister would need to consider immediately.
   4. Minister and his families accommodation and move to Pretoria
   5. The official vehicle hire together with his assigned VIP protectors.
   6. The tools of trade for Minister
   7. We met with all Senior Managers that were in office as an introductory meeting with the DG.
   8. Orientation of the building and access control.

I did not get involved in any departmental activities or decisions apart from the above matters which was openly shared with me through the ACOS with the knowledge of the DG.

10. **Evidence suggest that on 12 December 2015; you received an email from Marlon Geswit on your personal email address (iwhitley39@gmail.com) with subject "*Feedback from Minister Nkwinti meeting*"; which you forwarded to Malcom@opensbs.co.za and mahommed.bobat@gmail.com. What was your interest in the information contained in that email; and in what capacity you forwarded Departmental information?**

We were told that former Minister van Rooyen would be presenting to a committee on Tuesday the 15th of December 2015. Former Minister van Rooyen requested that I get the draft presentation of what would be presented so that he could familiarise himself with the content over the weekend and make any inputs prior to Monday. I tried the entire Saturday to get this presentation. The DG finally contacted me later that afternoon and advised that the ACOS would send the draft through to me and that final touch ups would be done on the Monday. Given that my official National Treasury email was still not activated by IT, the draft presentation was then sent to my personal email address by the ACOS, cc'ing the DG. I immediately sent this to Ministers advisor, Mr Mahommed Bobat who was requested to assist Minister in unpacking the content and supporting any additional inputs. I did copy Mr Malcolm Mabaso to assist and guide me in terms of packaging for the committee meeting knowing that he was in Government and had some experience in this regard. To my knowledge at that point, the document had not been certified for confidentiality and neither did the email message say anything in this regard. (I attach a copy)

11. **It is alleged that there were email communications between the then Cogta Minister Mr. Des Van Rooyen, Mr. Wood, Mr. Bobat and yourself during 14/15 December 2015; regarding the content of a draft media statement for Minister Des Van Rooyen, where you further discussed the usage of municipal/household assets for collateralisation. Can you confirm such communication; and if your answer is "yes" what was the role or function of Mr. Wood, and who mandated you to discuss Departmental programmes with Mr. Wood?**

Yes, I was asked to forward the draft media statement to Mr Eric Wood by former Minister van Rooyen for Mr Wood to give any specialised views into the technical piece before it was finalised and sent to the media houses. This was based on a discussion between Mr Mahommed Bobat and former Minister van Rooyen. To my knowledge, this was not a departmental programme but a media statement the Minister was preparing for. Apart from sending the email, I had no discussions with Mr Wood.

12. **Briefly explain how the Minister introduced you and Mahommed Bobat to the Senior Management of the National Treasury on the 10th of December 2015?**

I am not aware of any introduction meeting on the 10th of December 2015. My introduction to Senior Management was done on the 11th of December 2015. From my

collection, Minister introduced himself as the new Political head, myself as his Chief of Staff and Mr Mahommed Bobat as his advisor. Former Minister van Rooyen also informed the meeting that we had met with the DG earlier and that he asked the DG to expedite our appointments.

13. Did you ever meet Mr. Duduzane Zuma; if so, how, when and why?

Never.

14. Did you ever meet the Gupta Brothers; if so, who, how, when and why?

Never.

IN THE JUDICIAL COMMISSION OF ENQUIRY INTO ALLEGATIONS OF STATE CAPTURE, CORRUPTION AND FRAUD IN THE PUBLIC SECTOR INCLUDING ORGANS OF THE STATE

SUPPLEMENTARY AFFIDAVIT

I, the undersigned,

IAN WHITLEY

do hereby make oath and state:

1. I am an adult male and a former Chief of Staff to Mr Des Van Rooyen at the times when he served as Minister of Finance and as Minister of Cooperate Governance and Traditional Affairs ("**Mr Des Van Rooyen**") and I am deposing to this affidavit at the request of the Commission of Inquiry Into Allegations of State Capture, Corruption and Fraud in the Public Sector Including Organs of State ("Commission") 's investigators, namely Messrs Kunene and Sifumba.

2. The facts contained herein are, save where otherwise stated or where the converse appears from the context, within my personal knowledge, and are to the best of my belief, both true and correct.

3. I am not legally trained. Where I make legal submissions, I do so on the basis of the legal advice that I have received from my legal representatives, which advice I believe to be true and correct, and have accepted.

INTRODUCTION

4. On or about 20 May 2019 I received an email from my attorneys of record, (**"my attorneys"**) stating that the Commission's legal team had advised that I convert into an affidavit the two (2) written statements which I made to the Commission in response to Messrs Gordhan and Fuzile's statements that implicated me during their testimony at the Commission, which I did. The said statements which covered *inter alia,* the sharing of alleged classified Treasury documents by Mr Bobat and I, as well as my meeting with Mr Mabaso, were submitted to the Commission's legal team on 20 May 2019 as requested. This affidavit is therefore a supplementary affidavit to the one to which I have already deposed and delivered to the Commission.

5. On 19 August 2019, I was advised by my attorneys that the Commission's investigators had requested that I avail myself for an interview between 3 and 5 September 2019 as they sought clarity on a few issues which I believe have been dealt with before. I attach a true copy of the email request hereto duly marked as Annexure **"IW1".**

6. A meeting for my interview with the Commission's investigators was scheduled for the 19th of September 2019 at my attorneys' offices in Pretoria during which I answered all the questions posed to me.

THE PURPOSE OF THIS AFFIDAVIT

7. On the 19 September 2019, upon completion of the interview, the investigators said that they would seek more clarity on my whereabouts on

the 10th of December 2015 and, to this end, would revert to me with follow-up questions. They requested my cell-phone number to check my whereabouts on the said day, which I gave them.

8. On 20 September 2019, I received the follow up questions via email from the Commission's investigators as promised and in the same email, I was requested to reduce the whole interview which took place with them on 19 September 2019, to a written affidavit including my answers to the follow up questions. I attach hereto duly marked as Annexure **"IW2"** a copy of their related email.

9. It is therefore at the instance of the Commission's investigators that I depose to this supplementary affidavit.

THE PURPOSE OF THE INTERVIEW

The purpose of the interview according to the Commission's investigators was to seek clarity with regard to, *inter alia,* my appointment as a Special Advisor to Mr Des Van Rooyen and how the position was introduced to me, by whom and the date on which I was notified of the position. Below I deal with the questions as raised by the investigators.

THE INTERVIEW ON 19 SEPTEMBER 2019

Question 1. Please briefly explain to us how this position (Special Advisor) was introduced to you, by whom and specify the date?

10. Firstly, it is important to clarify that I was never approached to be a Special Advisor to Mr Van Rooyen. I was, however, approached to be a Chief of Staff to him.

11. On the morning of the 11th December 2015, approximately at 08:00 I was personally approached by Mr Van Rooyen who asked if I could join him on his first day at the National Treasury as the Minister of Finance, to which I answered in the affirmative.

Question 2. Did you meet with him or it was telephonically when he approached you regarding the position?

12. I had spoken to Mr Malcom Mabaso whom I knew was in government at the time, about my desire for a new opportunity and he had advised me to meet Mr Van Rooyen on 11 December 2015 as there could be a possible opportunity in his office and I could have that conversation with him (Mr Van Rooyen), which is what I did.

Question 3. Who introduced you to Mr Mabaso?

13. I met Mr Mabaso for the first time at a social gathering in 2013 through Yusha Duarte, who is my brother-in-law. I did not have a friendship with Mr Mabaso but was aware that he worked for the government and some time ago I asked him that if there's something in government, I was looking for new work opportunities in 2015.

Question 4. Did you give Mr Mabaso your CV when you spoke to him?

14. I did not give Mr Mabaso my CV, I only gave it to Mr Van Rooyen on the morning of the 11th December 2015 when we met.

Question 5. Do you remember how Mr Mabaso informed you that you must go to the office of the minister?

15. I cannot recall exactly how but it could have been a phone call and it was not in the office of the Minister. He just said I must come meet him that morning of the 11th of December 2015.

Question 6. After you were informed of the possible opportunity, what was your next step? Did Mr Mabaso provide you with the Minister's phone number or any other person working with the Minister or did the Minister call you?

16. After Mr Mabaso had informed me about the possible opportunity, I did not talk with Mr Van Rooyen at all; I did not have his contact details yet. So I went to meet Mr Van Rooyen for the first time at Melrose Arch on the 11th December 2015 where Mr Mabaso introduced me to him after which he left the two (2) of us alone to speak.

Question 7. What was discussed in this meeting?

17. Mr Van Rooyen told me that he had just been appointed Minister of Finance and was looking for professional people who would come into the ministry with him; stated that he was considering a few options but thought that I'd help a lot as a Chief of Staff. He asked me and I agreed. I gave Mr Van Rooyen my CV and there is a possibility that we could have exchanged numbers on the same day or later in the office, not sure.

18. The Commission's investigator Mr Kunene asked if I remembered the restaurant in which Mr Van Rooyen and I met on the morning of the 11th of

December 2015. I confirm that I cannot recall the name of the restaurant but I remember that I met him at Melrose Arch.

MY FIRST DAY IN OFFICE (11/12/2015)

Question 8. Briefly take us through your first day at the office?

19. On 11 December 2015, upon arriving at the Office, I was introduced to a Personal Assistant of the Former Minister of Finance; I was informed that Mr Van Rooyen was in a meeting in his Office with the Deputy Minister of Finance and was advised to sit with Malon Geswint (acting Chief of Staff) in his Office whilst we waited for Mr Van Rooyen.

20. I asked Mr Van Rooyen to permit Mr Mabaso to come with me to the Office as he was the only person I was familiar with and he was also working in government at the time and would support me on the first day at an unfamiliar government Office. Both Minister and Mr Mabaso agreed to this.

21. Once we were in the Office, Mr Van Rooyen convened a meeting with the then Director-General ("DG"), Mr Lungisa Fuzile, Mr Mabaso, Mr Mahommed Bobat and I. I was introduced to the latter on the morning of the 11th December 2015 for the first time when he, Salim Essa and Eric Wood popped into the room where I was having a meeting with Mr Van Rooyen at Melrose Arch, apparently to greet Mr Van Rooyen.

22. Mr Van Rooyen introduced me and Mr Bobat to the DG as the new staff members he was bringing on board and that he would like to meet the senior team, and to this end, he requested the DG to expedite our appointments to which the DG advised that there was a Ministerial Handbook (which I

became aware of for the first time) that we had follow for the appointments. The DG asked Mr Malon Geswint and Mr Stadi Mngomezulu (Corporate Governance) to help me settle in as we were going out to meet the senior management team and that is when Mr Mabaso left as I was now going to receive assistance.

23. When the meeting was adjourned, the DG indicated to Malon to call Mr Mngomezulu to expedite my appointment in particular as certain information needed to flow to the Minister, including issues of accommodation and according to my observation, the team seemed prepared to deal with the changes.

Question 9. Did you drive with Mr Mabaso when you left Melrose Arch?

24. I can confirm that on the morning in question I drove my own car from Melrose Arch and not with Mr Mabaso to the National Treasury Office in Pretoria, although we arrived there more or less at the same time.

MY INTRODUCTION TO THE SENIOR MANAGEMENT TEAM BY MR VAN ROOYEN

25. In the Boardroom, Mr Van Rooyen introduced himself as the political head for the department and introduced me as the Chief of Staff and Mr Mahommed Bobat as his Advisor and indicated that he had asked the DG to expedite our appointments.

26. The DG in turn introduced each department head to Minister Van Rooyen and us, his staff. Thereafter Mr Van Rooyen stated that he would meet each

department within the next few days after the holiday on Monday to get a detailed briefing on their areas of expertise. At this point the meeting ended.

27. I recall that when Mr Van Rooyen introduced Mr Bobat, he may have pronounced Mr Mahommed Bobat's last name incorrectly and Mr Bobat corrected Mr Van Rooyen on how his surname is pronounced. I must add that I observed this often happening several times later where some people would not pronounce his name and/or surname correctly and he would always correct them.

28. After the meeting, Mr Mngomezulu approached me regarding signing of some documents which would enable me to have access to the building, emails and get me a phone. I can recall that the DG then told me that he needed to leave as he was scheduled to do a speech at Gallagher Estate in Midrand.

29. Shortly afterwards, Mr Van Rooyen left as well. I did not engage with him much on the day except through the phone seeking, clarity so that I officially built the communication link between Mr Van Rooyen and the staff. I was then made to sign some IT documents, phone set up and the protectors to transport Mr Van Rooyen was set up and a car was hired already for Mr Van Rooyen. The National Treasury team was very efficient and greatly assisted me that day.

30. Mr Malon Geswint mentioned that there was a handover document prepared and that once he got all the inputs required, he would give it to me and also provided me the Ministry staff member structure and how it was

set up and we also worked on the official accommodation for Mr Van Rooyen in Pretoria with Mr Stadi Mngomezulu.

Question 10. Where was Mr Bobat when the Minister and Mr Mabaso had left?

31. I can confirm that Mr Bobat did not leave after Mr Van Rooyen had left the National Treasury offices as there was a fake twitter account regarding Mr Van Rooyen that Mr Bobat was trying to put out with Ms Phumza Macanda in Communications in the Boardroom.

32. Given that I had to do a lot of things that day including vetting, completing HR documents and all the security plans for Mr Van Rooyen, I ended up leaving Pretoria National Treasury offices around 18:00 or thereabouts.

Question 11. Did you do any work on the day, including accessing your emails?

33. I could not do any work or access emails on the day as the National Treasury email set up for me had not been activated or unlocked, so could only use the phone that was given to me when I was set up.

Questions 12. Did you leave with Mr Bobat on the day?

34. I did not leave with Mr Bobat on the day and I cannot remember if he left before or after me. I can also confirm that my appointment and setting up at the Treasury took priority as opposed to that of Mr Bobat, hence he was not provided with any tools of trade on the day but I was.

Question 13. During this whole picture in 2015, did you know who Eric Wood was?

35. At all material times in 2015 before and after I'd started working at National Treasury, I did not know who Eric Wood was, he was not introduced to me as anything specific other than Eric Wood and I had no idea whether he worked for the government or not.

Question 14. Tell us about the email you sent to Mr Wood, who provided you with his email address and when you sent the email to him, were you aware whether Mr Wood worked for the government?

36. I understood that there was a media statement that Mr Van Rooyen was working on which I was directed by Mr Van Rooyen to send to Mr Wood for more input.

37. I may have received Mr Wood's email address from Mr Bobat who had previously worked with him.

Question 15. Mr Lucky Thekisho asked for clarification with regard to the abovementioned email, said to have been sent by myself.

38. I can confirm that I sent the email after I'd been transferred to COGTA on the 14th of December 2014.

Question 16. Where you aware of this programme (Municipal Household Assets Collateralisation)?

39. I must state that I was not aware of what this document was all about.

THE 10TH DECEMBER 2015 (MR VAN ROOYEN'S INAUGURATION)

Question 17. Please tell us about the 10th December 2015, what you did and your whereabouts, whether it was before or after Mr Mabaso informed you about the position in Treasury?

40. I can recall that on the said date I was at the offices of Vumela Holdings in Hyde Park, where I worked from about 8:00 in the morning until around 17:00 in the afternoon. During the course of the day I would intermittently watch the inauguration on TV. I cannot be certain for sure if I was there the whole day as I could have gone out for lunch during the day.

41. I cannot recall if Mr Mabaso came into the office but I could have interacted with him telephonically on the day in question.

42. When I watched the inauguration intermittently on the day in question, I was not aware that I was going to work with Mr Van Rooyen. I could have been informed of the possible opportunity on the evening of the 10th by Mr Mabaso but definitely it would have been after the inauguration.

43. Upon completion of my interview, the investigators promised to send through follow-up questions regarding the issue of my whereabouts on the 10th of December 2015 as they were not satisfied with my answers concerning my movements on the day. They did as promised and I deal with the follow-up questions below.

THE FOLLOW UP QUESTIONS AND MY ANSWERS THERETO.

44. **The ownership of Vumela Holdings:** I can confirm that the company was registered under John Duarte, my father-in-law.

45. **The reason I was Vumela Holdings offices the whole day**: I was at Vumela Holdings the whole day because I worked there. I was doing contract work for the company.

46. **The people who were there with me apart from the employees of Vumela Holdings**: Apart from the employees of Vumela Holdings, I was with John Duarte, the owner of Vumela Holdings.

47. **Question about a Mr Mahlangu**: I was not sure who Mahlangu was, so my attorney called Mr Kunene (the investigator) at 12:33 on 23 September 2019 on speaker phone in my presence, to clarify who Mahlangu was. Mr Kunene clarified that that there was a typo error; that by Mr Mahlangu he had meant to say, Mr Mabaso.

48. **The cell phone number that I used to communicate with Mr Mabaso was**: 083 625 1397.

49. **The mode of communication between him and Mr Mabaso when he was informed about the opportunity with Mr Van Rooyen (include phone numbers and/or location if there was a meeting):** I was contacted telephonically during the evening of the 10th of December. I cannot recall which number was used when I was called. I can state with certainty that there was no meeting in the evening as I was home with my family.

50. **The evidence at our disposal suggest that you were at the vicinity of Saxonwold/Erlswold on 10/12/15 at about 12:50; please comment on this**: I must state that upon further reflection concerning the day in question, I recall going out with John Duarte to Newclare to open his property for

maintenance purposes between 11:40 and 13:24. During the trip I would have passed through multiple gantries as we travelled back to the Vumela Holdings Office. I also may have stopped in Rosebank to purchase lunch to take back to the office. In all likelihood, we would have driven through Jan Smuts Avenue which meant that I could have been in the vicinity of Saxonwold or Erlswold Road. See attached my road trip on the day, marked as Annexure **"IW3"**.

IAN WHITLEY

Sworn to and signed before me in **PRETORIA** on this the **30th** DAY of **SEPTEMBER 2019**, the deponent having acknowledged in my presence that he knows and understands the contents of this affidavit, which he regards as binding on his conscience and has no objection to taking the prescribed oath, the Regulations contained in the Government Notice No. R1258 of 21 July 1972, as amended, and the Government Notice No. R1648 of 19 August 1977, R1428 of 11 July 1980 and R774 of 23 April 1992 having been duly complied with.

Dear all

I hope this electronic mail will find you in good spirit.

As per my discussion with Mr Thekiso; may you please reduce our interview in a form of a written affidavit for Mr Ian Whitley. In his statement he must also cover the following:

1. The ownership of Vumela Holdings,
2. Why he was there for the whole day?,
3. People who were there with him (excluding employees of Vumela),
4. The cell phone number (s) that he used to communicate with Mr Mahlangu,
5. The mode of communication between him and Mr Mahlangu when he was informed about the opportunity with Minister Des (include phone numbers and/or location if there was a meeting)
6. The evidence at our disposal suggest that you was at the vicinity of Saxonwold/Erlswold on 10/12/15 at about 12:50; please comment on this.

May you please indicate when can we expect the signed statement.

Many thanks

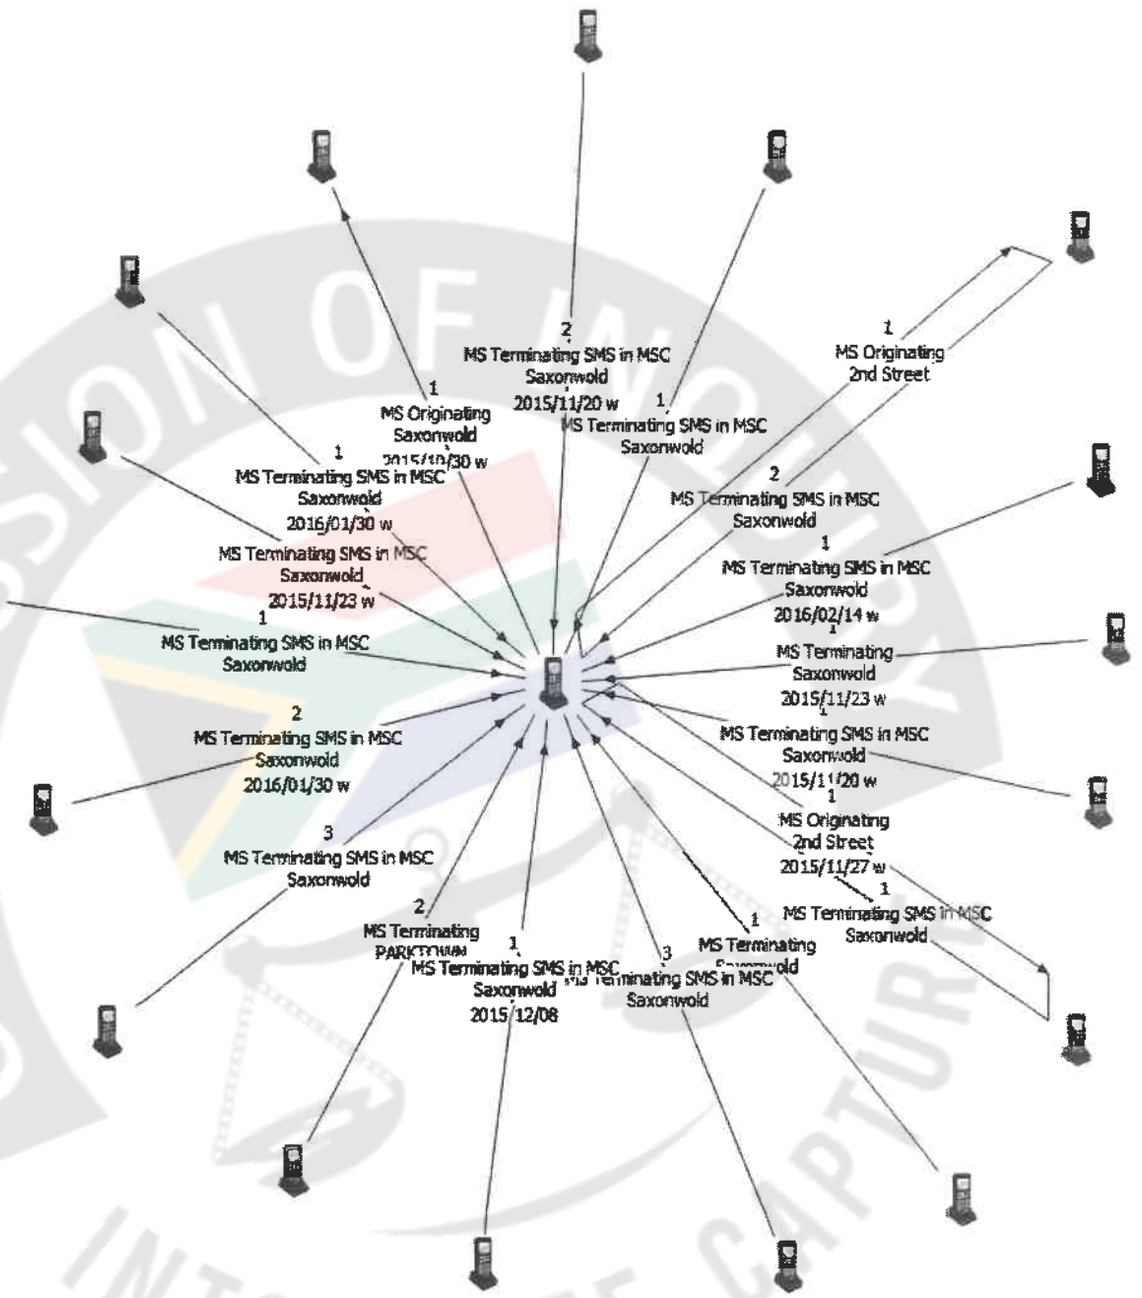
k) The telephone records show that Mr Jonas was at the airport on at 16:42:33 PM on the same date.

5.24. The above telephone communication appears to confirm Mr Jonas version of events that prior to October 2015, he had never communicated with Mr D. Zuma.

a) The records further appear to confirm his version of events that he met with Mr D. Zuma at the Hyatt Regency Hotel in Rosebank who later transported him to Saxonwold.



b) Whilst the records place both Mr Hlongwane and Mr D. Zuma at Saxonwold, they did not show Mr Jonas at the same location. The records however show that Mr Jonas was at the airport later on the same date, which also confirms his version of events. According to the cellular network companies, there needs to be a billable event for a tower location to be recorded.

c) I am yet to interview both Mr Hlongwane and Mr D. Zuma to obtain their version of events.

d) Having had regard to the wider allegations including the allegations that members of the Gupta family are involved in the appointment of Cabinet members, I reviewed the telephone records of Mr Van Rooyen to establish his whereabouts on 8 December 2015, the day Mr Nene was informed by President Zuma that he will be removed as Minister of Finance.

e) The telephone records show that Mr Van Rooyen was at Saxonwold on 8 December 2015. The records further show that Mr Van Rooyen frequently

visits Saxonwold. Below is a reflection of calls made by Minister Van Rooyen while at Saxonwold:

5.25. Mr Ajay Gupta denied that Mr Van Rooyen visits his residence during my interview with him.

5.26. I received unsolicited letter from Mr Hlongwane on 29 September 2016 relating to the investigation. The title of Mr Hlongwane's letter *"Investigation into complaints of improper and unethical conduct by the President and officials of state organs due to their alleged inappropriate relationship with members of the Gupta family"* is consistent with the title I have used in all my correspondence relating to the investigation. This indicates that Mr Hlongwane has had access to one of my official documents relating to the investigation prior to any correspondence with my office. The letter is summarised below:

a) The letter states *"With respect to the alleged meeting involving Deputy Finance Minister Jonas, I had been made aware (by Duduzane Zuma) that Deputy Finance Minister had made statements that I was blackmailing him. I asked Duduzane Zuma to urgently convene a meeting between the three of us";*

b) *"Duduzane duly convened the meeting at the Rosebank Hyatt. Prior to my arrival, I interrupted the meeting by calling Duduzane to speak to Deputy Minister Jonas. In that conversation with Deputy Minster Jonas, I proposed we move that meeting to a private venue. All parties agreed to this";*

c) *"At the private venue, the blackmail story was specifically raised with Deputy Finance Minister Jonas. He (Jonas) stated that he had no recollection of any such blackmail conversations with anyone."*
