Affidavit

I, the undersigned,

Steven David Powell

do hereby make oath and say that:

1. I am the managing director of ENS Forensics (Pty) Ltd, situated at ENS House, 1 North Wharf Square, Loop Street, Foreshore, Cape Town, with telephone number (021) 410 2500.

2. The facts contained in this affidavit are to the best of my knowledge and belief true and correct and unless otherwise stated, or where the contrary appears from the context, within my personal knowledge.

3. ENS Forensics is a subsidiary of Edward Nathan Sonnenbergs Incorporated. In this affidavit, I refer to ENS Forensics and Edward Nathan Sonnenbergs Incorporated jointly as ENS. I am also an executive of Edward Nathan Sonnenbergs Incorporated.

4. I hold BProc and LLB degrees from the University of Cape Town. I was admitted as an advocate of the Cape High Court in February 1991.

5. I was a public prosecutor in the Department of Justice from 1990 until the end of April 1998.

6. The last five years of my prosecuting career was spent as a State Advocate in the then Office of the Attorney General.

7. Thereafter I spent six years at Deloitte, where I headed the forensics services division in the Western Cape. I was a partner at Deloitte.

8. For the last 16 years I have been the managing director of ENS Forensics (Pty) Ltd.

9. In the remainder of this affidavit, I set out briefly the background to the investigation that my team conducted at EOH from about February 2019 and the high-level findings of that investigation. I then focus only on the specific matters raised by the Commission in the summons with tracking number SPS17(b)/0908/ST ("**the summons**").

Background to the EOH investigation

10. On 8 February 2019, EOH received a notice from Microsoft Ireland Operations Limited ("Microsoft Ireland" or "Microsoft") to terminate the Microsoft Channel Partner and Microsoft Partner Network agreements concluded between Microsoft Ireland and EOH.

11. I was requested to accompany EOH's Group CEO, Stephen van Coller to a meeting with Microsoft's

SP

LCB

local leadership team in order to gain an understanding of the reasons for the decision by Microsoft to cancel the above agreements.

12. Microsoft was, however, unwilling to share any information with EOH, or to reconsider the company's stated position in terms of the notice of termination, and after 30 days, Microsoft proceeded to cancel the agreements with EOH.

13. The cancellation by Microsoft caused significant alarm within the EOH business. There was extensive adverse media regarding the cancellation which negatively impacted EOH's share price.

14. As a consequence of the Microsoft cancellation and whistle-blower allegations, which have been traversed in a previous submission to the Commission, EOH mandated ENSafrica in February 2019 to conduct a comprehensive forensic investigation into the acquisition, award or execution of those contracts.

15. Prior to this mandate my team had, amongst others, attended to various initiatives to enhance and improve corporate governance, including the implementation of an anti-bribery management programme at EOH.

16. EOH provided ENSafrica with unfettered access to all EOH information, financial records and other documentation required for the purposes of conducting this investigation. We were also instructed by the EOH board to provide cooperation and assistance to any investigation by regulatory authorities as required.

17. During July 2019, EOH published the interim findings of our investigation on their website. A copy of this document is attached as annexure **SP1**.

Core finding

18. ENSafrica found evidence of governance failings and suspected wrongdoing at EOH, including unsubstantiated payments, suspected tender irregularities and other suspected unethical business dealings.

19. Key themes identified by ENSafrica include the following:

Multiple points of failure in governance and oversight mechanisms, inadequate and ineffective controls and systems thus creating an enabling environment for wrongdoing, including:

19.1. Opaque Delegation of Authority (DOA) with significant responsibilities granted to a few executives;

19.2. artificial/inflated software licence sales;

19.3. potential tender irregularities;

19.4. use of politically connected middlemen that are suspected to have been used as introducers and sales agents;

19.5. payments being made to subcontractors in circumstances where there is no evidence that work was done by said subcontractors (at the time, these payments totalled R1,2 billion, including VAT and on further investigation, it is currently suspected that the potential irregular payments stand at approximately R865 million); and

19.6 suspected inappropriate gifting, sponsorships and donations.

20. EOH has terminated employment relationships with employees implicated in the suspected wrongdoing. EOH has submitted reports to the Directorate for Priority Crime Investigation in terms of section 34 of the Prevention and Combating of Corrupt Activities Act as well as section 29 of the Financial Intelligence Centre Act. EOH also disclosed the suspected irregularities to National Treasury on 31 May 2019 and has been co-operating with the relevant authorities.

21. Stephen van Coller has talked about the extensive malfeasance that was uncovered by ENS in their investigation. This affidavit focuses on the specific requests from the Commission.

22. I turn now to address the specific requests from this Commission.

City of Johannesburg

23. The Commission queried several transactions between Molelwane Consulting CC and the following entities and individual, during the 2006 to 2018 periods:

23.1. Zylec Investments (Registration Number: 2010/012991/07);

23.2. TSS Managed Services (Registration Number: 2006/015020/07); and

23.3. Mr Patrick Makhubedu (ID Number: 7408015527086).

24. EOH was requested to provide the following documents:

24.1. All contracts entered into between Molelwane Consulting CC and EOH, the above entities and individual (including any other entity related to EOH);

24.2. All invoices issued by Molelwane Consulting CC to EOH, the above entities and individual, (including any other entity related to EOH);

24.3. A schedule of payments made by EOH, the above entities and individual (including any other entity related to EOH) to Molelwane Consulting CC or Mr Geoffrey Makhubo, and

Details of investigations conducted thus far:

25. The entities referred to in paragraphs 23 and 24, above were not the primary targets of our initial investigation. However, in order to assist the commission, we ran enquiries on EOH's databases and mailboxes and identified payments and various communications between EOH and the entities and individuals.

26. The outcome of our investigations following the receipt by EOH of the summons from the Commission is set out in the submissions and supplementary submissions that are attached as annexures **SP2 and SP3.**

Other matters

27. The Commission has also asked us to provide information related to payments from an account in the name of Jehan Mackay (ID number 7609055109087).

28. During the course of the forensic investigation we discovered suspicious payments from FNB account number 62233388439 belonging to Mr Jehan Mackay, the former Head of the EOH Public Sector team, to what appears to be politically exposed persons.

29. I set out below a table reflecting the payments that were reported as potentially suspicious to the DPCI.

COMMISSION OF INQUIRY INTO STATE CAPTURE

EOH

16 July 2019

Interim update on the detailed forensic investigation

1. **Introduction**

1.1. The EOH Board ("The Board") has received an update from ENSafrica ("ENS"), setting out their current findings of an investigation initiated by the Board and CEO in February 2019. ENS was requested to conduct a proactive comprehensive investigation into EOH Group (EOH) contracts to identify any wrongdoing or criminal conduct in the acquisition, award or execution of those contracts. ENS has had unfettered access to all information, financial records and other documentation required for the purposes of conducting this investigation.

1.2. These findings are the product of just over four months' work by ENS. Significant progress has been made on the investigation but additional work is still required before the investigation is concluded and finalised.

1.3. The bi-monthly update provided by ENS is considered by the Board and its advisors, which in turn informs areas for further investigation and remedial work.

1.4. The ENS investigation is confidential and subject to legal privilege and other restrictions. In this update, the Board makes available key findings and themes, together with preliminary views on remedial measures and next steps.

2. **Core finding**

The ENS investigation has found evidence of serious governance failings and wrongdoing at EOH, including unsubstantiated payments, tender irregularities and other unethical business dealings which are primarily limited to:

2.1.1. Public Sector business run from EOH Group head office;

2.1.2. EOH Mthombo (Pty) Ltd; and

2.1.3. A limited number of EOH head office employees (now ex-employees).

3. **Key themes identified by ENS include the following:**

3.1. Identification of multiple points of failure in governance and oversight mechanisms, inadequate and ineffective controls and appropriate systems thus creating an enabling environment for wrongdoing.

EOH Holdings Limited
T +27 11 607 8100 | F +27 11 616 9929
EOH Office Park, Gillooly's View, 1 Osborne Lane, Bedfordview, 2007, South Africa | PO Box 59, Bruma, 2026
Reg no: 1998/014669/06

3.2. Opaque Delegation of Authority (DOA) with significant responsibilities granted to a few executives.

3.3. EOH employees conspiring with two preferred suppliers / partners to facilitate artificial / inflated software licence sales.

3.4. Tender irregularities.

3.5. Systemic use of connected middle-men recognised and used as introducers and sales agents.

3.6. Enterprise Development ("ED") subcontractors used on projects and payments made to such suppliers, where it is questionable whether *bona fide* work was done by the said suppliers.

3.7. Inappropriate gifting, sponsorships and donations.

3.8. Payments of R1.2bn (including VAT) to approximately 78 supplier entities are being investigated to determine whether appropriate work was done for services rendered. It is worth noting that 84% of the payments were made to 20 entities. These payments were largely related to contracts entered into during 2014 and 2017. The majority of these contracts have been completed.

4. Perpetrators

4.1. The employment relationship with EOH has been terminated with individuals who have been directly implicated in the identified wrongdoing.

4.2. EOH has reported the concerns and the details of the parties implicated in the irregularities to the Directorate for Priority Crimes Investigation (**"DPCI or the Hawks"**) in terms of Section 34 of the Prevention and Combating of Corrupt Activities Act (**"PreCCA"**).

4.3. The suspicious transactions arising from the investigation have been reported to the Financial Intelligence Centre in terms of Section 29 of the FIC Act.

4.4. EOH is committed to ensuring that all perpetrators of wrongdoing are brought to justice. EOH has instructed ENS to initiate criminal charges and lodge civil claims to recover losses, as appropriate.

4.5. The EOH Board will act decisively in respect of any further wrongdoing that is identified during the ongoing investigation, in line with its zero tolerance on corruption policy.

5. **Remedial measures: implementation of controls and good governance**

5.1. In light of these findings, the Group is documenting and developing a comprehensive remediation plan. A number of remediation measures have already been implemented and others will follow in due course.

5.2. Extensive work has already been conducted to revise the corporate structure, implement robust risk management and mitigation initiatives, appoint new leadership and increase transparency, accountability and reporting.

5.3. The recent appointments of a new Board chairman and three independent, non-executive directors are an important milestone for the EOH Group to enhance and complement leadership capability and governance oversight. The EOH Board is now aligned with King IV principles to support independence and governance.

5.4. The appointment of a new Group Financial Director was announced in January 2019. This appointment combined with a new Head of Treasury and Investor Relations have resulted in improved financial and fiscal discipline.

5.5. The position of Chief Commercial Officer has been created and filled to segregate duties between the finance function and the legal, risk and compliance functions. The Chief Commercial Officer will have a dual reporting line to the CEO and Audit and Risk Sub Committees of the Board.

5.6. The appointment of a new Public Sector business head.

5.7. With the assistance of the University of Stellenbosch Centre for Corporate Governance in Africa and PwC, the Group has recently drafted and released a Code of Conduct and Corporate Governance Framework, and implemented a policy framework to cover the following:

- Anti Bribery and Corruption (ABC) Compliance;
- Anti fraud and irregularities;
- Gifts and entertainment;
- Outside business interests;
- Conflicts of interest;
- Donations to political parties;
- Introducers and/or strategic transactions;
- Whistleblowing;
- Money laundering; and
- Sanctions.

5.8. PwC is assisting EOH in setting up an internal audit function.

5.9. ENS has assisted EOH in implementing its anti-bribery programme which is based upon ISO 37001, the International Standard for Anti Bribery Management Systems. EOH is on track to be fully aligned to the six principles of the standard by calendar year end 2019.

5.10. An EOH wide whistle blower app 'Expose it' has been launched to support confidential and anonymous ABC reporting to EOH. The app is also available commercially for use by EOH customers and any 3rd party.

5.11. A bid governance process framework has been implemented which includes:

5.11.1. Bid templates, controls, limits and mandates;

5.11.2. Review, monitoring and independent oversight; and

5.11.3. Supplier and customer (enhanced) due diligence to the extent necessary.

5.11.4. When bidding for contracts, EOH employees are prohibited from using introducers, sales agents or middlemen. No commission payments, gifts, including trips, equipment or any other incentive is permissible.

5.12. Advisors have been appointed to assist in the re-organisation and optimisation of the 272 legal entities into a more manageable structure. As a result:

5.12.1. Each individual business unit will have a clear go-to-market strategy with separate governance and capital structures to maximise their growth prospects;

5.12.2. A single consolidation and reporting tool; and

5.12.3. Delegation of Authority has been clarified and is being implemented.

5.13. The Group has already achieved over 50% of its targeted R1billion of disposals to reduce debt levels.

5.14. All enterprise development partners are required to meet the Group Know Your Client (KYC) process.

5.15. A Gift Policy has been introduced and EOH employees will no longer be able to accept gifts or invitations of more than R1 000 in cash or kind in South Africa (€100 or $100 outside of South Africa). If invited to product knowledge sessions or events, EOH will pay for its own flights, accommodation, subsistence and incidental expenses through its operating budgets. All gifts above R250 but below R1 000 must be disclosed, reported and recorded appropriately.

5.16. A Declaration of Interest Policy has been introduced and it is compulsory for all employees to annually declare any business interests, directorships and shareholdings.

5.17. In order for any employee to receive a commission or bonus or other incentive, the respective employee will be required to sign an anti-corruption warranty prior to such payment or award. The warranty will acknowledge the right of EOH to claw back any commissions or bonus if an employee has been identified to have broken any policies at any time in the past or future relating to such payment.

5.18. Employees are required to attend mandatory training on the newly implemented EOH governance, risk and compliance processes.

5.19. In addition to addressing the findings of the investigation, EOH is focused on removing any culture of hierarchy and fear which dissuades employees from speaking up and voicing important issues related to the business.

6. NEXT STEPS

The EOH Board and Executive will continue to consider the contents of the ENS feedback and subsequent actions will include:

7.1. Continued analysis and assessment of the investigation in order to ensure that, amongst other things, all material aspects have been identified and evaluated.

7.2. Pursuit of recovery of losses incurred and damages suffered by the EOH Group.

7.3. The EOH Group will provide its full assistance and co-operation with any criminal investigations by law enforcement agencies.

7.4. Finalisation and implementation of the Group's remediation plan to address the culture change required at EOH and to meaningfully engage our shareholders and all stakeholders.

7.5. Provide regular updates to all stakeholders, as appropriate, as the forensic investigation is concluded.

COMMISSION OF INQUIRY
INTO STATE CAPTURE

CONFIDENTIAL

EOH SUBMISSION TO STATE CAPTURE COMMISSION

1. **Document and information request**

1.1. The State Capture Commission has identified several transactions between Molelwane Consulting CC ('**Molelwane**') and the following entities and individual over the period 2006 to 2018:

1.1.1. Zylec Investments (Pty) Ltd (Reg: 2010/012991/07) ('**Zylec**');

1.1.2. TSS Managed Services (Pty) Ltd (Reg: 2000/008680/07) ('**TSSMS**'); and

1.1.3. Patrick Makhubedu (ID: 7408015527086) ('**Makhubedu**').

1.2. We assume 'Molelwane Consulting CC' means the entity of that name recorded on CIPC with registration number 1997/026316/23. The Summons initially reflected a different registration number for TSSMS. In an email dated 17 July 2020, the Commission clarified that the correct registration number for TSSMS is 2000/008680/07.

1.3. We are requested to provide the following information and documents:

1.3.1. All contracts entered into between Molelwane and EOH, Zylec, TSSMS, Makhubedu or any entity related to EOH;

1.3.2. All invoices issued by Molelwane to EOH, Zylec, TSSMS, Makhubedu or any entity related to EOH;

1.3.3. A schedule of all payments to Molelwane or Mr Geoff Makhubo ('**Makhubo**') made by EOH, Zylec, TSSMS, Makhubedu or any entity related to EOH;

1.3.4. Any investigation reports in relation to the transactions referred to above.

1.4. We assume 'Geoff Makhubo' refers to **Moloantoa Geoffrey Makhubo** (ID: 6802085394081).

2. **Background**

2.1. The EOH Group is Africa's largest technology service provider with over 10,500 employees, offering services to the private and public sector. EOH was listed on the

JSE in 1998 and at one time numbered over 270 companies. Stephen van Coller was appointed as CEO of EOH in September 2018.

2.2. In February 2019, EOH received a notice to terminate the Microsoft Channel Partner and Microsoft Partner Network agreements executed between Microsoft and EOH. That same month Stephen van Coller was contacted by a journalist from Techcentral who indicated that an anonymous whistle-blower had provided him with details of alleged fraud on Microsoft contracts with the Department of Defence and SAPS. This story was later published on the Techcentral website.

2.3. As a consequence of the Microsoft cancellation and whistle-blower allegations, EOH immediately mandated ENSafrica to conduct a comprehensive forensic investigation into the Department of Defence and other large public sector contracts awarded to EOH to identify any wrongdoing or criminal conduct in the acquisition, award or execution of those contracts. The forensic investigation commenced in February 2019. EOH provided ENSafrica with unfettered access to all EOH information, financial records and other documentation required for purposes of conducting the investigation.

2.4. The transactions referred to in paragraph 1.3 above have not been a focus of the forensic investigation. We do not have investigation reports in relation to those transactions.

3. Limitations

3.1. The ENSafrica forensic investigation reviewed large public sector contracts over a five-year period covering 1 January 2014 to 31 December 2018. We currently have limited forensic data on public sector transactions prior to January 2014.

3.2. The financial review was limited to data on the EOH Infor system. TSSMS was only loaded on Infor in March 2015. Prior to that TSSMS operated under an independent legacy accounting system. We thus currently have limited access to financial data and accounting records of TSSMS prior to that date. We are conducting further investigations to find relevant payment data regarding Molelwane. We will provide a further submission to the Commission if and when we find additional relevant data.

3.3. We can only access emails on the EOH server. It appears Makhubo and Makhubedu mostly communicated on Gmail. Only some of these emails were forwarded to the EOH server. We thus only have a partial view of communications between these individuals and entities related to them.

3.4. The procedures followed in the ENSafrica forensic investigation did not constitute an audit in accordance with the International Standards of Auditing and did not constitute a limited review in accordance with the International Standard on Review Engagements. ENSafrica correspondingly did not express any form of audit opinion arising from the findings of the investigation i.e. the findings did not form part of any audit report or agreed upon procedures report.

3.5. Although ENSafrica endeavoured to be as comprehensive as possible in gathering information, we cannot guarantee the accuracy or completeness of information obtained from external sources. Although we took reasonable steps to ensure that the information obtained was authentic, we cannot guarantee the authenticity of the information made available to our team and cannot conclude that we have had sight of all relevant information.

3.6. ENSafrica reserves the right to amend the contents of this submission should we receive or be made aware of any additional information (pertinent to this matter) subsequent to the date of making this submission.

4. Overview of EOH's relation to TSSMS, Makhubedu and Zylec

4.1. TSS Managed Services (Pty) Ltd

EOH acquired TTSMS in 2011. EOH Mthombo (Pty) Ltd (Reg: 1998/000103/07) purchased the entire issued share capital of TSSMS from Tactical Software Systems (Pty) Ltd (Reg: 1997/004051/07) for a purchase price of R130,5 million. The Sale of Shares Agreement was signed on 17 May 2011, with an effective date of 1 March 2011. In May 2018 TSSMS changed its name to EOH Afrika (Pty) Ltd. For purposes of this submission, we refer to the company as TSSMS (unless expressly stated otherwise).

4.2. Patrick Makhubedu

Makhubedu is a former employee of EOH. We understand Makhubedu was employed at the TSS group from 1 December 2007, initially in Business Development and then later as General Manager: Sales. After EOH acquired TSSMS, Makhubedu's employment was transferred to EOH on 1 March 2014. Makhubedu was employed at EOH as Business Development Executive in the Public Sector, working closely with Jehan Mackay. Makhubedu resigned from EOH with immediate effect on 11 March 2019. Makhubedu's resignation coincided with ENSafrica's request to interview him on 11 March 2019 for purposes of the forensic investigation.

4.3. Zylec Investments (Pty) Ltd

Zylec is not part of the EOH Group and was not a focus of the ENSafrica investigations. Data indicates Makhubedu is a director and 50% shareholder of Zylec. His co-director and co-shareholder is Metse Phiyega. Makhubedu used a 'zylec' email address which we do not have access to, but certain of these emails were forwarded to the EOH server. We thus have limited information on Zylec's activities. We did not find payments from EOH to Zylec on the Infor system. Zylec is an EOH customer. We have found no evidence of significant payments from Zylec to EOH for goods or services provided by EOH.

5. Key linked entities and individuals

5.1. Makhubedu and Makhubo are linked to a number of entities. Some of these entities financially transacted with one another, including with Molelwane. Reno Nielle Barry (ID 74091650600840) ('**Barry**') was integral in a number of the financial transactions. Barry is the former Group Financial Manager at Tactical Software Systems (Pty) Ltd. Barry provided accounting services from time to time to various of the linked entities, including Zylec, Molelwane, Mfundi Mobile, Prime Molecular and Grass Farms. Email evidence indicates Barry made a number of payments, including to Molelwane, at the instruction of Makhubedu. Email evidence also suggests that Barry assisted Makhubedu, Makhubo and Makhubo's wife in personal tax matters.

5.2. Relevant linked entities are depicted in Table 1 below. Of these entities, only Mfundi Mobile has been a focus of the ENSafrica investigation. ENSafrica identified just over R34m (ex VAT) worth of suspect payments from EOH to Mfundi Mobile over the period January 2014 to March 2017. Payments were for purported work on public sector projects. The forensic investigation has not found evidence of work done by Mfundi Mobile in exchange for these payments. We do not have evidence to verify who owns Mfundi Mobile.

5.3. Not all entities of which Makhubedu, Makhubo and Barry are/were directors are listed in Table 1, nor are all current or former directors for each entity listed. Copies of relevant CIPC reports are attached to this submission (see **Annexure A**).

6. **Molelwane Contract**

6.1. We have to date been unable to find a contract between Molelwane and EOH or any entity related to EOH.

6.2. The only 'Molelwane' contract we identified thus far is an unsigned Teaming Agreement between TSSMS and Molelwane Holdings (Pty) Ltd (Reg: 2006/030927/07) ('**Molelwane Holdings**'). We do not know if this Teaming Agreement was ever signed. A copy is attached to this submission at **Annexure B**. The Teaming Agreement has an effective date of 1 October 2009. This pre-dates EOH's acquisition of TSSMS. The named representative for TSSMS is Makhubedu and for Molelwane Holdings is Obakeng Chikane.

6.3. The Teaming Agreement recorded that TSSMS was proving VOIP and VPN Services for a 'Client' (not defined) and identified Molelwane Holdings as supplier of the services described in Part 1 of Schedule A to the contract, namely:

6.3.1. business advisory;

6.3.2. business development;

6.3.3. advisory services; and

6.3.4. change management.

6.4. From the payment schedule (extract below) it is possible the TSSMS 'Client' is CCMA. The schedule reflects what TSSMS would pay Molelwane Holdings for its services.

VoIP			VPN			Monthly Molelwane Fees (excluding VAT)
CCMA Billed	TSS Fees	Molelwane Fees	CCMA Billed	TSS Fees	Molelwane Fees	
180,000.00	117,000.00	63,000.00	220,000.00	150,000.00	70,000.00	R 133,000.00

The Payment Schedule is as follows:

1. Once of Consulting / market positioning and advisory services of R 600 000-00
2. Monthly advisory services of R 63 000-00

All this will be honoured subject to TSSMS achieving its revenue targets and payment from the customer.

7. **Molelwane Invoice**

7.1. We have to date found only one Molelwane invoice. A copy of the invoice is attached to this submission at **Annexure C**. This is the only payment from EOH to Molelwane recorded on the Infor system. Molelwane was loaded on Infor on 2 March 2015. The payment detail is as follows:

- Payment: EOH Afrika (Pty) Ltd (TSSMS) to Molelwane Consulting
- Amount: R570,000.00 (VAT inclusive)
- Date paid: **30 May 2016**
- Description: *"LAN AND WAN SERVICES AS PER REF: TSSMSVMN1"*
- Invoice: Molelwane Holdings Invoice Number 022 dated 30 April 2016

7.2. The Molelwane invoice is on a 'Molelwane Holdings' letterhead. However, the bank details and VAT number on the invoice are those of Molelwane Consulting CC.

7.3. Makhubedu emailed EOH's Rene Jonker (former EOH divisional financial director) the Molelwane invoice on 26 May 2016, directing that it be paid ASAP (see email extract below). We cannot find an email on the EOH server from Molelwane to Makhubedu attaching this invoice.

PM
Hi
Please pay this asap

7.4. This payment was described in an internal EOH email as being for *'ED for City of Joburg'*. We understand 'ED' in this context to mean enterprise development. As noted in more detail at paragraph 11 below, this payment to Molelwane coincides with other suspect payments which may be linked to a City of Joburg (**'COJ'**) contract.

7.5. We have found no evidence of work done by Molelwane in exchange for the R570k payment. Nor have we found evidence of work done by Molelwane for any EOH company on any other project. We will continue investigating this aspect and include any additional findings in a further submission as required.

8. **Molelwane Payments**

8.1. Aside from the R570k payment noted above, we found evidence of other EOH payments to Molelwane. Unfortunately, we do not have ready access to the financial data relating to these other payments.

8.2. Payments to Molelwane are reflected on the EOH Group BBBEE Supplier list prepared annually for BBBEE measurement purposes for the periods 2012, 2014 and 2015.

Unfortunately, this only provides a total paid by EOH to Molelwane over the measurement period and not the date(s) of payment, invoice or purchase order data. For some payments, we also have email evidence. Copies of the relevant BBBEE lists and two emails referring to Molelwane payments in September 2014 (R500k ex VAT) and December 2014 (R150k ex VAT) are attached to this submission at **Annexure D**. We are attempting to find further information on these payments, including copies of invoices. We will make a further submission to the Commission once we have found the relevant data.

8.3. Our email review found apparent payments to Molelwane by Makhubedu-linked entities Mfundi Mobile and Prime Molecular. These payments cannot be independently verified. Copies of the emails evidencing these payments are attached to this submission at **Annexure E**.

8.4. Table 2 below shows all TSSMS payments to Molelwane identified to date and Table 3 shows suspected third-party payments and the VAT status on some payments is unknown (we have assumed the totals in Table 3 are ex VAT).

Table 2: EOH payments to Molelwane Consulting

9. Timing of payments - COJ contracts

The timing of certain Molelwane payments coincides with suspect payments to other entities in relation to two COJ contracts. It is possible the Molelwane payments are also linked to these COJ contracts. A brief overview is provided in the following two sections. Both COJ matters are under current investigation and further information may come to light.

10. **COJ Network and Security Infrastructure Upgrade – 2014**

11. COJ SAP Upgrade – 2016

11.1. The COJ tender A647 for SAP Upgrade/Implementation was advertised in November 2015 with a closing date of 14 December 2015. COJ awarded the tender to EOH Mthombo on 8 June 2016 for a price of just over R404m (including VAT). The ENSafrica investigation flagged suspect payments immediately prior to and after the COJ tender award. In October 2019 EOH reported these suspect payments to the Directorate for Priority Crime Investigation in terms of section 34 the Prevention and Combatting of Corrupt Activities Act, 2004. A summary of key events and payments is depicted in Table 5.

Table 5: Timeline COJ tender A647 and payments

Date	Payment / Key Event

Feb 2016	Mfundi Mobile paid Molelwane Consulting R200k
Apr 2016	Mfundi Mobile paid Molelwane Consulting R50k

	21 – 22 Jul: Makhubo emailed Makhubedu multiple ANC supplier invoices for payment by Mfundi Mobile (total value ±R4.1m)

11.2. Extracts of selected emails from Table 5 above are provided below.

11.3. On 19 May 2015 Geoff Makhubo, in his capacity as Regional Treasurer ANC Greater Johannesburg region, wrote to EOH's Asher Bohbot (then Group CEO) requesting a donation of R50m towards the ANC's election budget (see email extract below). In the letter attached to this email Makhubo referred to discussions he had had with '*your colleagues in previous meetings*' regarding the donation request.

Dear Mr Bohbot

Please find request letter for a donation. As you are probably aware we have 12 weeks to elections and the costs are escalating, we request a response at the earliest convenience.

We hope that our request will meet your favourable consideration.

Dear Patrick, Jehan and Ebrahim

I have sent a couple of letters of request to your good selves as a sequel to the meetings we had. The last letter had cashflow requirements starting this week. I have communicated our agreements to the ANC leadership especially the regional Office bearers and Province. I have also committed expenditure to ensure that we get renewal of our mandate of transforming Joburg. This I have done because of the positive experience I have with you.

Can you please give me feedback on the requests as we have a launch rally on the 4th June 2016 and of cause we need to accelerate campaigning

please please come to the party as we are relying on you

regards

Geoff Makhubo

11.5. On 22 June 2016 Makhubedu emailed Makhubo a proof of payment of just over R40k to 'Seema Printers'. Makhubo responded to Makhubedu's email as follows:

11.6. The following day Makhubedu emailed Makhubo proof of payment by Mfundi Mobile to Delta Property Fund of R418,101.10 (incl VAT) for Regional ANC Johannesburg, 12 New Street South, Masa House (41).

11.7. On 30 June 2016, Ebrahim Laher was involved in arranging the donation of R204,095.00 worth of laptops and other computer software and hardware to the ANC's offices at 12 New Street, Ghandi Square (for attention 'Justice or Geoff'). The Delivery Note for this hardware disguised the fact that delivery was to ANC offices and purported to be to an EOH group company. An extract of the Delivery Note is shown below:

11.8. In June 2016, EOH paid a travel agent R512k as sponsorship for a trip to New York for 18 learners. The COJ had requested sponsorship for the trip from EOH in a letter dated 3 March 2016. The COJ letter recorded that the New York trip was part of a programme managed by the COJ Executive Mayor's spouse, Ms Pilisiwe Twala Tau. The invoice and purchase order for this payment were sent to Makhubedu for payment processing on 25 June 2016.

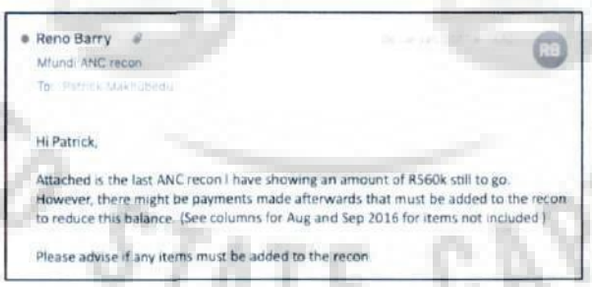

11.9. On 22 July 2016, EOH paid Mfundi Mobile R16m (ex VAT) split across two payments. Makhubedu emailed the Mfundi Mobile invoices to Ebrahim Laher. The narratives on the Mfundi Mobile invoices state '*COJ – SAP Support Special*'. Jehan Mackay and Rene Bredenkamp approved the R16m payments to Mfundi Mobile. The ENSafrica

investigation has found no evidence of work done by Mfundi Mobile in exchange for the R16m paid.

11.10. The investigation found evidence to reasonably suspect that Mfundi Mobile was used as a vehicle to channel funds to the ANC in a disguised political donation. From email data it appears Mfundi Mobile did not pay the R16m directly to the ANC. Instead, the parties used Mfundi Mobile to cover ANC expenses by paying ANC suppliers and services directly, drawing down on the R16m over time. Makhubedu, Makhubo and Barry were instrumental in this process.

11.11. As Mfundi Mobile is not an EOH company, we do not have access to its financial records. However, email review indicates that at the time of the R16m payment to Mfundi Mobile, on 21 July 2016 and 22 July 2016, Makhubo forwarded a number of invoices (totalling approximately R4.1m) to Makhubedu. These invoices were from various suppliers and were for expenses apparently incurred by the ANC (including for printing, bus hire and the like). It appears Makhubedu forwarded the invoices on to Barry for payment by Mfundi Mobile.

11.12. On 6 January 2017, Barry sent Makhubedu a reconciliation of expenses paid against the initial R16m paid to Mfundi. A copy of this email titled 'Mfundi ANC recon' and the spreadsheet is attached to this submission at **Annexure E** (email 6 Jan 2017). (see copy of email below and extract from spreadsheet).

Hi Patrick,

Attached is the last ANC recon I have showing an amount of R560k still to go.
However, there might be payments made afterwards that must be added to the recon to reduce this balance. (See columns for Aug and Sep 2016 for items not included)

Please advise if any items must be added to the recon

12. **June 2015 payment request**

12.1. We identified a further donation request in June 2015 which may be linked to an EOH/COJ matter. Copies of the relevant emails are attached at **Annexure F**. The contents are briefly noted below.

12.2. On 25 June Sam Sekgota emailed 'Nomvula' (mvulie10@gmail.com) an event company's invoice addressed to ANC Luthuli house for an amount of R762,000.00. 'Nomvula' forwarded the invoice to 'tfowler@mweb.co.za', who forwarded it on to Makhubo. Makhubo sent it to Makhubedu (see extract below of subsequent emails in the string). It is possible 'Trevor' refers to Trevor Fowler who we understand was then COJ City Manager. Makhubedu refers to possible cash payments in addition to paying R100k. We not yet been able to verify if EOH paid anything towards the event company

invoice nor do we know what it was that Laher wanted signed. We have included this information as it looks suspicious.

13. **Payments to Makhubo**

Payments from EOH

13.1. We found no payments on Infor from EOH to Makhubo personally or to any of the entities linked to him (as per CIPC records). We also found no payments on Infor from EOH to the following individuals who are/were members of Molelwane:

13.2.2. TSSMS payment to '*Zondwa Tlokwa Investments*' of R1m

13.3. Makhubedu's emails to Makhubo on 3 March 2015 contain no narrative. We do not know what the payments were for or why Makhubedu forwarded them to Makhubo. Copies of the two emails with proof of payments are attached at **Annexure G**.

Possible payments or loans from third parties

13.4. Emails reflect apparent loan/s from Mfundi Mobile to 'MG Makhubo' for the following values (see spreadsheets in **Annexure E**):

13.4.1. R14,022.00 as at Mar15-Feb16;

13.4.2. R24,692.40 as at Mar16-May16;

13.4.3. R27,702.00 as at Dec 2016.

13.5. On 25 October 2016 Makhubedu asked Barry to pay R89,330.00 to a travel agent for '*Geoff's Travel*'. Barry sent Makhubedu proof of payment the same day. It appears Mfundi Mobile made this payment. See emails at **Annexure H**. We have no further detail on this travel expense.

13.6. On 13 Apr 2017 Makhubedu asked Barry to pay R5,000.00 to the Centre of Education Economics and Finance Africa ('**CEEF**'). Makhubedu attached a letter from CEEF addressed to Makhubo requesting financial assistance. Barry emailed Makhubedu and Makhubo proof of payment of R5,000.00 on 16 April 2017. It appears Mfundi Mobile paid CEEF. See emails at **Annexure I**.

13.7. On 4 April 2018 Makhubedu arranged with a travel agent for a VW Kombi hire for 3 days for registered drivers Dikeledi Makhubo (ID 7504270277084) and Keitumetse Makhubo (ID 9702110416080). See email at **Annexure J**. We have no further detail on this vehicle hire.

Grass Farms

13.8. According to CIPC records, Barry was sole director of Grass Farms (Pty) Ltd until his resignation on 1 June 2019. Barry remains sole director of Grass Farms Irrigation and Fencing (Pty) Ltd, which is currently in annual return deregistration process according to CIPC. We do not know what business these companies conduct. See **Annexure K** for copies of these emails and spreadsheets.

13.9. On 25 Apr 2017 Barry emailed Makhubedu the following information referred to as '*Recon of Patrick / Geoff amounts*'. As per the extract below, the schedule reflects payments to Accsolve (an entity of which Makhubedu and Makhubo are/were directors) and payments '*for Geoff*'.

i. The Client does not award a Prime Contract to TSSMS within 12 months from the date of this Agreement or such extended period as the parties may agree in writing;

ii. Either party receives written notice from the Client to the effect that TSSMS will not be selected as the prime contractor for the Project or that the Client has awarded the contract for the Project to a team other than TSSMS, Molelwane and TSSMS's sub-contractors (if any).

4.2 Rights upon Termination/Expiry. Upon termination or expiry of this Agreement for whatever reason each party shall return to the other any and all documents, and any and all other information provided to it by that other party.

5 Disputes Resolution. In the event of any disagreement which may arise pursuant to this Agreement and prior to the commencement of any formal proceedings, the parties shall attempt in good faith to reach a negotiated resolution by designating an officer of appropriate authority to resolve the dispute and by recourse to whatever means they deem appropriate, including the use of technical, legal, accounting or other experts, each party to bear its own costs in relation to such expertise as applicable.

No cause of action which accrued more than one (1) year prior to the commencement of legal proceedings alleging such cause of action may be asserted against either party.

7 Force Majeure. Neither party shall be liable for any delays or failures in performance in whole or in part if such delay or non-performance is due to any cause beyond its reasonable control, including but not limited to delays caused by the other party's failure to perform or delay in performing its obligations under this Agreement, third party delay or non-performance, Act of God, war, insurrection, riot, civil disturbance, rebellion, government regulations, embargoes, explosions, fires, floods, tempest, strikes, lock-outs, labour disputes, failures in heating, lighting, air conditioning, hardware, software, tele-communications equipment or public supply of electrical power.

Hi Larry,

We require the EOH Group BBBEE Supplier List going back as far as possible. I note that you are the author of the attached list. Would you mind sending me all the lists you have or direct me to somebody who would be able to assist?

Kind regards,

Hi Patrick,

Attached is the last ANC recon I have showing an amount of R560k still to go.
However, there might be payments made afterwards that must be added to the recon to reduce this balance. (See columns for Aug and Sep 2016 for items not included)

Please advise if any items must be added to the recon.

SECOND APPEAL FOR FINANCIAL CONTRIBUTION urgently needed if possible before 19 April 2017

Dear Geoff,

Urgent Financial Assistance for the CEO

All our current students and alumni have benefitted from the CEEF.Africa programme and its alliance with London University and SOAS College. Over the years you have also verbally expressed your appreciation to Ms Ingrid Rossouw, CEEF.Africa's Chief Executive Office for her support and encouragement.

Recently Ms Rossouw, whom most of you call simply, Ingrid, learned that her brother Pierre, who has lived in Canada for more than 25 years, has been diagnosed with aggressive lung cancer and has been advised by his doctors that he has less than three months to live. Ingrid longs to see her brother before he passes on but unfortunately her financial constraints preclude this, especially given the short time available.

The Directors of CEEF.Africa would like Ms Rossouw to be afforded the opportunity to travel to Canada to see her brother and are therefore is appealing to its students and alumni to make a contribution towards her trip. We are hoping to raise R18 000 for her travel in April.

The directors of CEEF.Africa will be making a personal contribution. Your own CONTRIBUTION to Ingrid Rossouw's trip will also be appreciated. Contributions can be transferred directly into CEEF.Africa's bank account for her travel. Bank account details as follows:

COMMISSION OF INQUIRY
INTO STATE CAPTURE

CONFIDENTIAL

EOH SUPPLEMENTARY SUBMISSION TO STATE CAPTURE COMMISSION

4 September 2020

1. Introduction

1.1. The State Capture Commission ('**Commission**') identified several transactions between Molelwane Consulting CC ('**Molelwane**'), an entity linked to Geoff Makhubo ('**Makhubo**') and the following entities and individual over the period 2006 to 2018:

1.1.1. Zylec Investments (Pty) Ltd (Reg: 2010/012991/07) ('**Zylec**');

1.1.2. TSS Managed Services (Pty) Ltd (Reg: 2000/008680/07) ('**TSSMS**'); and

1.1.3. Patrick Makhubedu (ID: 7408015527086) ('**Makhubedu**').

1.2. The Commission requested EOH to provide information and documents regarding the above transactions. We delivered a submission to the Commission dated 11 August 2020 in response to this request ('**First Submission**'). The Commission requested additional information arising from our First Submission, specifically in relation to the 2014 and 2016 COJ contracts mentioned in that submission.

1.3. This submission provides:

1.3.1. an update on our investigation into EOH payments to Molelwane; and

1.3.2. information regarding major EOH/COJ contracts, including the 2016 SAP Upgrade contract.

1.4. A separate submission will be made in respect of the 2014 TSSMS COJ Network and Security Infrastructure Upgrade contract mentioned in the First Submission, which is still under investigation. We aim to deliver that submission by mid-September 2020. This submission is subject to the limitations in paragraph 3 of our First Submission.

1.5. Bundles of key supporting documents are attached as specified in Schedule 1. If required, the Commission is welcome to request copies of any other documents referred to in this submission.

2. Molelwane update

2.1. As noted in our First Submission, at the time we were only able to find a copy of one invoice from Molelwane, invoice 022. We subsequently found a second Molelwane

invoice, invoice number 021 to TTSMS dated 30 November 2014 for R150,000.00 (ex VAT). We do not know when this invoice was paid but we assume it falls within the annual payments already noted in the First Submission [Attached Annexure A]

2.2. Of interest is the following:

2.2.1. the November 2014 invoice number is 021, while invoice 022 was dated 30 April 2016, almost 1.5 years later; and

2.2.2. as with invoice 022, the invoice is on a Molelwane Holdings (Pty) Ltd letterhead, but the bank account and VAT number are those of Molelwane Consulting CC.

2.3. The invoice is for purported services rendered for '*VOIP and VPN Services*'. We do not know what project this purported work relates to and are thus unable to verify if any work was done. We have conducted a thorough email review of all emails mentioning 'Molelwane' and cannot find evidence of any work done by this entity for EOH.

2.4. With respect to finding further information on TSSMS payments prior to March 2015, ENS Forensics has continued trying to access information from TSSMS's legacy accounting system (known as 'Maconomy') (see paragraph 3.2 of the First Submission). We have been unable to do so as it appears most of the hardware (including the old Maconomy servers) was sold off. EOH has to date been unable to locate any backups of the Maconomy system but will persevere in its efforts to locate a backup for the Maconomy system.

4. **Overview and key events timeline**

4.1. EOH had been the incumbent service provider to COJ of various IT-related services for a number of years prior to 2016. The A472 SAP Support contract was due to expire in February 2016.

- A639 – ICT Outsource (awarded to Dimension Data)
- A647 – SAP Upgrade (awarded to EOH for R404m)
- A649 – SAP Support (not awarded, EOH's A472 contract extended instead)

4.3. At the same time, COJ procured SAP licences from EOH to the value of over R97 million without a tender process. These various events coincided with EOH making significant suspect payments to third parties for no apparent value. We suspect payments may be linked to one or more of these events.

4.4. Key events and significant suspect payments over this time are reflected below (values are rounded off and include VAT).

Nov 2015	COJ issued tenders: A639 (ICT Outsource), A647 (SAP Upgrade) and A649 (SAP Support)

	Makhubo sent Makhubedu invoices for ANC expenses (R503k) [Payment status unknown]
Jul 2016	22 Jul: EOH paid Mfundi Mobile R16m for 'COJ SAP Support Special'. No work appears to have done by Mfundi Mobile for EOH. This appears to be a disguised donation to the ANC

Aug 2016	EOH took COJ officials on a trip to Dubai for the A647 (SAP Upgrade) contract

5. **COJ SAP Support (tenders A472 and A649)**

EOH has provided SAP Support services to COJ since 2010. In 2012 COJ issued tender A472 for these services. The tender was awarded to EOH in November 2012 at a price of R250 million. The A472 contract was due to expire in February 2016. However, the contract has since been extended under various mechanisms. The timeline of key events is set out below. The multiple contract extensions may amount to impermissible deviations from competitive tendering. Note, some of the information below is from interviews, we do not have full details or supporting documents for all events.

With respect to the deviation appointments in 2019 and 2020 we confirm as follows. EOH has repeatedly requested COJ not to renew the contract. When EOH informed COJ of its' intention

not to renew the support contract and that EOH wishes to exit as service provider for SAP support given legislation provides for a Sec197 transfer of all the staff, COJ asked to extend to 31 December 2019 in order to give COJ time to get the necessary approvals. The core issue being that the original implementation of the mainframe SAP is very bespoke and complicated and effectively COJ is requires to the actual staff to implement. COJ did not action on our termination letter and asked for a further extension, EOH agreed on the basis that all regulatory approvals were received and that the contract was re-negotiated to reduce the rates to reflect the current operating scenario. This has been concluded. EOH, COJ and a third party are currently negotiating the ceding of the two contracts (as they are very much linked). We will expand on these matters in our further statement to the Commission.

5.1. 1 Jul 2010 – 30 Jun 2011 – Initial contract period for COJ SAP Support

5.2. Jul 2011 – 30 Jun 2012 – Extension for further financial year

5.3. 30 Jun 2012 to 30 Jul 2012 – one-month extension as new A472 had been advertised with closing date 23 Jul 2012. Award was expected by end July 2012 (cost of one extra month of EOH services was R6.25m)

5.4. Aug 2012 – 25 Nov 2012 – Contract presumably extended

5.5. 26 Nov 2012 – Letter of Award to EOH SAP Support for 3 years from date of letter of acceptance or up to a value of R250m (ex VAT) whichever comes first. Letter of award notes '*price/s subject to variation*'. COJ/EOH contract provides that subcontractors cannot exceed 5% of total revenue and require COJ's prior written permission

5.6. Jan 2013 to Feb 2016 – Initial contract period of A472

5.7. Nov 2015 - COJ issued tender A649 for the next SAP Support cycle. EOH's Ebrahim Laher ('**Laher**') was unhappy about the SAP Support contract going to tender. He claimed COJ had assured EOH it would rather extend the contract (see emails below). Laher referred to having a '*full political and technical strategy for this*'.

5.8. Feb 2016 – Mar 2018: Tender A649 was not awarded. The EOH A472 contract was instead again extended, apparently on COJ's request. The legal basis for this is unknown. On 30 March 2016 COJ wrote to EOH stating that '*for now…the consultant and every other resource that is part of the contract should remain at their post and its business as usual until further notice*'. In August 2016, COJ issued a Framework Order to EOH for the provision of 'A472 (1st support, 2nd support training)' at a price of R64,199,956.97 (incl VAT).

5.9. Mar 2018 to Jun 2018 – Contract extended using MFMA SCM regulation 32 (procurement through a contract awarded to another organ of state) using the EOH Support contract with City Power.

5.10. Jul 2018 to Mar 2019 - Irregular Expenditure due to Essential Service – process approved by COJ EAC, with formal notice to EOH.

5.11. Apr 2019 to Dec 2019 – MFMA SCM regulation 36 Emergency Procurement of Essential Service – process approved by COJ EAC, with formal notice to EOH.

5.12. April 2020 – Deviation appointment in terms of MFMA SCM regulation 36(1)(a)(v) for period 01 May 2020 to April 2021.

Mfundi Mobile - SAP Support contract

5.13. In December 2013 EOH Mthombo concluded an Independent Service Provider ('**ISP**') agreement with Mfundi Mobile Networks. Mfundi Mobile is linked to Makhubedu and appears to have received a disguised ANC donation of R16 million at the time of the SAP Upgrade award (see First Submission). The ISP agreement refers to the COJ SAP Support project (Addendum A). However, it does not specify what services Mfundi Mobile was expected to provide or at what price.

5.14. The ENSafrica investigation found EOH made many suspect payments to Mfundi Mobile for purported work on COJ projects, totalling over **R31.6 million** (ex VAT). We found no evidence of work done in return for these payments. Excluding the R16 million paid in July 2016, Mfundi Mobile was paid approximately R15.6 million (ex VAT) over the period 14 January 2014 to 9 February 2016 for COJ-related work. Payments varied but were made in relatively regular increments of at least R406,000.00 a month but we found no evidence or details of work done by Mfundi Mobile for EOH.

5.15. We did not find suspect payments to Mfundi Mobile for purported COJ work after July 2016.

COJ are proceeding with the advertising of our current contract this week. This despite their assurance that they would rather extend our contract.

Also it seems that certain "camps" want to reduce the scope of this contract radically, even though they don't have the skills to run the system or the Billing department. This could create a "billing crisis" again. Unless the plan is to somehow obtain our skills in another way. Poaching/another partner.

Our support contract, the SAP upgrade and the IT outsource contracts are out at the same time. I don't think they will award all three to us. As EOH Our current revenue out of these is about 250m per year. The upside if we pull all off is to go to about 500m per year. But I'm on the maintain our current base page.

Anyway I suspect the next quarter is going to be a political minefield and we need to be proactive and ready for what's coming.

Hi Asher,

Yes we have started some stuff. And have a full political and technical strategy for this.

But our team is riddled with internal politics and half hearted attempts and personal agendas.

Your assistance in a meeting as you indicate will be essential I think. I will chat to Yas and set this up. Thanks.

The email below (20 November 2015) refers to a meeting with 'Parks'. We suspect this refers to then COJ mayor, Parks Tau. We believe the reference to 'Pat' is to Makhubedu.

6. Contract A647 SAP Upgrade

6.1. See the table 4.4 at above regarding the suspect payments and timing in relation to the award of the SAP Upgrade tender.

6.2. In the lead up to the award of the SAP Upgrade tender the ENSafrica investigation found evidence of suspected tender influencing and inappropriate timing of donations and sponsorships.

6.3. In October 2015 COJ wrote to EOH requesting the donation of promotional items for the '*Optimisation and Modernisation of Non-SAP applications*'. The promotional items were requested to '*create involvement excitement and to demonstrate appreciation to all our stakeholders*'. The request included 100 power banks, memory sticks and desk clocks for executive managers. The timing of this request is problematic given COJ was about to issue three significant tenders for which it was almost inevitable EOH would be a bidder. The request was sent to Jehan Mackay for approval. We do not as yet know if EOH fulfilled this request but our investigations in this regard are continuing

6.4. See extract from COJ promotional items request below:

Requested Handouts are

Competition Prizes

Item	Quantity	Stakeholders
1st Prize Lap Top	1	Competition Winner
2nd Prize Smart Phone	1	
3rd Prize R500 Gift Voucher	1	
Vouchers worth R200 each	4	

Please note, In case items cannot be purchased vouchers can be accepted. A total of R5000 worth of vouchers

Executives and Managers

Item	Quantity	Stakeholders
Power Banks	100	Executives and Managers
Memory Sticks	100	Executives and Managers
Digital Desk Clocks	100	Executives and Managers

6.5. On 11 December 2015 EOH donated R3 million to COJ as part of EOH's annual socio-economic development spend. EOH classified the donation as for 'Arts, cultural or sporting development'. While it appears EOH donated R3 million to COJ in 2013 and 2014 respectively for a similar purpose, the timing of this donation may be problematic given that the three major SAP tenders had just been issued and EOH intended submitting tenders.

6.6. On 2 November Nyiko Mutileni emailed Jehan Mackay regarding the COJ ICT outsource tender. We suspect 'Geoff' is a reference to Geoff Makhubo, with whom Makhubedu was associated (see First Submission).

6.7. On 01 December 2015 Laher sent an email regarding the consortia for the COJ SAP Upgrade tender. We suspect that '*Pat's conversation with Geoff*' refers to Makhubedu and Makhubo.

On 01 Dec 2015, at 8:21 AM, Ebrahim Laher <ebrahim.laher@eoh.co.za> wrote:

6.8. On 02 December 2015 Jehan Mackay sent the email below. Note the reference to a figure for 'goodwill' to the organisation with a winking face. The reference to Jehan Mackay's 'meeting last night' we suspect refers to a meeting with COJ parties as he is conveying purported COJ tender requirements.

Hi guys

Please can we ensure that in our bids to COJ we commit that a certain percentage of the work and revenue will be allocated to the jozi@work program and we need to provide more less an estimate on how many smme's this allocation will benefit and number of jobs created. From my meeting last night this part is very critical

In addition please can we include an option B in the upgrade that basically includes upgrade plus support and the potential value proposition to the city for combining which obviously should be price. We should be aggressive her as this can be used to justify giving us both upgrade and support.

Ebs/Pat we need a number urgently that can be allocated for goodwill ;) to the organization

Thanks

6.9. 03 February 2016 Laher refers to the need to meet various people regarding the tender. We suspect 'Geoff' refers to Makhubo.

Hi Guys.

I have been running around like crazy and haven't had time to debrief you on all the key things I have been involved in that I need to share with you:

COJ – am very concerned about the City allowing people to reprice – seems to be a way to catch us out on scope. We need to be careful here.
Actions – I will meet with Geoff
Ash and I need to meet with Dada
I will meet Mike this weekend
- Please ask Mo to meet Mike asap and debrief

6.10. On 23 February 2016 Laher reported that EOH had attended a bid presentation at COJ and that '*the City are keen for us to take them on a visit to Dubai and meet with Dubai Smart City around an exchange programme on the concept of Smart City*'. Laher advised Asher Bohbot and Jehan Mackay that COJ was pushing for the Dubai trip as part of the bid award process.

6.11. EOH took a number of COJ officials to Dubai from 7 to 11 August 2016. This matter is still under investigation and we do not have full details yet of the costs of the trip and who paid. From available data it appears the COJ officials listed below went on the trip. It appears EOH paid the flight costs for seven of the COJ officials, totalling

L.L.B

R279,824.00 (the attendance and flight costs of Tumelo Kgane must still be confirmed). Hotel and other travel costs are still under investigation.

CoJ Delegate	Area

Aubrey Mochela	ICT, MoEs
Ishwar Ramdas	Finance
Yagan Moodley	Finance SAP support
Mike Dube	Revenue

6.12. In March 2016 EOH partnered with COJ for a golf event. This timing may be problematic given this was during the tender evaluation period.

Hi Kirtan,

As per our discussion on the 15th March regarding the above event. We have secured a spot for the Metro Cities Premium hole at the Golf Challenge. We have opted to partner with CoJ and will brand this hole with EOH – CoJ as the Metro.

I would require an amount of about R65K to cover the following:

- 2 X 4 Ball
- Golf Shirts and Caps
- insurance for the COJ hole in one prize of R100k
- All requirements for the hole that we are allocated to drinks etc.

I would appreciate it if you can assist me with this – our partners will be COJ for the LGBN.

Mfundi Mobile R16m disguised ANC donation

6.13. On 19 May 2015 Makhubo, in his capacity as Regional Treasurer ANC Greater Johannesburg region, wrote to EOH's Asher Bohbot (then Group CEO) requesting a donation of R50 million towards the ANC's election budget. On 26 May 2016, Makhubo sent a follow-up email to Makhubedu. EOH did not make a direct donation to the ANC as requested by Makhubo. Instead EOH appears to have made a disguised donation of R16 million through the vehicle of Mfundi Mobile. Makhubo sent invoices to Makhubedu for various ANC expenses, which Mfundi Mobile covered until the R16 million was used up (see First Submission).

L-LB

6.14. On 19 July 2016 Makhubedu emailed three Mfundi Mobile invoices totalling R16 million to Ebrahim Laher stating only '*Please receive the invoices as discussed*'. The invoices were paid on 22 July 2016 but we have not found any evidence or details of work done for the generation of these invoices

Disguised ANC donation laptops

6.15. On 30 June 2016, Ebrahim Laher was involved in arranging what appears to be a disguised donation of R204,095.00 worth of laptops and other computer software and hardware to the ANC's offices at 12 New Street, Ghandi Square (for attention 'Justice or Geoff').

6.16. The Delivery Note for this hardware disguised the fact that delivery was to ANC offices and purported to be to an EOH group company. Copies of the invoice, delivery note and selected emails are attached.

New York trip

6.17. On 11 May 2016, a COJ official Mboniseni Nemgaamgani forwarded EOH a travel quote from Serendipity Tours for a trip to New York for 18 individuals. The quote had been sent to Nemgaamgani's gmail address (see below). We believe, but have not been able to verify, that Nemgaamgani worked in the COJ Mayoral Spousal Office. The COJ Mayoral spouse at the time was Pilisiwe Twala Tau.

Hi
Please see attached.

Serendipity Tours

6.18. The COJ had asked EOH to sponsor the trip in a letter dated 3 March 2016. The COJ letter recorded that the New York trip was part of a programme managed by the COJ Executive Mayor's spouse, Ms Pilisiwe Twala Tau. Nyiko Mutileni forwarded the quote and request for sponsorship to Ebrahim Laher and to Jehan Mackay in separate emails. The travel quote included Mboniseni Nemgaamgani as one of the named travellers.

LLB

6.19. The invoice and purchase order for this payment in the sum of R512,000.00 (no VAT) were sent to Makhubedu for payment processing on 25 June 2016. According to email evidence this was paid on 30 June 2016.

COJ Upgrade award and subsequent litigation

6.20. EOH was awarded 3 of the possible 4 workstreams on tender A647. See extract below of COJ's letter of award to EOH dated 8 June 2016:

The award is effective for a three (3) year period commencing from the date of letter of acceptance, subject to certain terms and conditions which will be communicated to you in due course. The award is based on the following pricing structure.

Service	Description	Price
Service 1	SAP implementation	R297 895 680.00 Incl VAT
Service 2	Implement a SAP learning solution, develop training material and provide training accordingly	R45 474 144.00 Incl VAT
Service 3	Existing ERP / system data is required to be transformed / cleansed and migrated to the new ERP system by the appointed Master Data Management specialists	R61 286 400.00 Incl VAT

6.21. EOH's A647 bid included ten named subcontractors. None of the entities which received suspect payments for purported COJ work in early 2016 (i.e. Mfundi Mobile, Ultimax and Intellithriv) were included in the list of named subcontractors.

6.22. The A647 contract between COJ and EOH specifies that EOH cannot subcontract without the prior written consent of COJ (clause 16). EOH made significant payments to third parties for purported work on COJ projects where we suspect no work was done. It is not always clear which COJ project the purported work relates to. We have not found evidence in this contract A647, or the other COJ contracts, of COJ giving EOH approval to subcontract work to the entities Mfundi Mobile, Ultimax or Intellithriv.

Gijima Litigation

6.23. In May 2018, Gijima challenged the COJ A647 tender award. Gijima was awarded 'Service 4' (the least valuable of the 4 service categories). Gijima tendered a lower price for Service 4 than EOH (EOH had tendered R21 million (incl VAT)).

6.24. See extract from Gijima's application below (the figures below are ex VAT):

> 23.2 Gijima's bid price was as follows:
>
> 23.2.1 Service 1: R303, 533 068.00;
>
> 23.2.2 Service 2: R34, 324 920.00;
>
> 23.2.3 Service 3: R57, 240 000.00; and
>
> 23.2.4 Service 4: R10, 600 000.00,

6.25. Gijima's tendered price for Service 2 was approximately R6.3 million cheaper than EOH's. According to the court papers, EOH was ranked third for Service 2. The court papers include a record of COJ's justification for awarding Service 2 to EOH. Essentially, COJ argued it made more sense for alignment to also award Service 2 to EOH as it had won Service 1. This raises the question why the two Services were not linked in the Tender invitation in the first place. The Gijima court application is still pending.

Buzz ICT litigation

6.26. Buzz ICT was a named subcontractor in the EOH 647 SAP Upgrade tender. In July 2019 Buzz ICT issued summons against EOH Mthombo alleging EOH promised it 25% contract participation in the COJ SAP Upgrade Contract. Buzz ICT also alleged EOH influenced COJ to amend the tender specifications to avoid splitting, so that EOH could be awarded the whole tender.

6.27. Buzz ICT's representative Lubabalo Nojiwa ('**Nojiwa**') alleged manipulation and political influence in the COJ SAP Upgrade tender. Some key allegations from Buzz ICT's summons include:

6.27.1. Ebrahim Laher was concerned about the political relationship of EOH with COJ and asked for Nojiwa's help to stabilise. Nojiwa arranged a meeting with COJ political leaders and EOH in March 2015.

6.27.2. COJ leadership insisted that EOH partner with a small black owned business.

6.27.3. Laher and EOH's Ashley de Klerk promised Buzz ICT 20% to 25% of all work secured from COJ.

L.L.B

6.27.4. After the A647 tender was issued, EOH was worried about the tender awards being split between the services and asked Nojiwa to assist. Nojiwa met with COJ and persuaded them to abandon splitting of the tender so EOH could be awarded the whole contract.

6.28. After Nojiwa established EOH had won the tender he claimed he heard nothing further from EOH. He queried this with Laher (amongst others). Laher allegedly told him that Ashley De Klerk was handling the matter and that Nojiwa '*must engage Mr Paul Mashatile who was the chairman of the ANC (provincial)*' (para 22 of the summons). With regard to this statement, see extract from City Press email query to EOH which refers to Laher and an alleged R10 million ANC payment.

According to Nojiwa, once the tender was awarded to EOH both Laher and De Klerk disappeared and did not take his calls. He said after he eventually spoke to Laher, he was then referred to De Klerk who also failed to assist him. According to him, Laher told him that EOH has paid R10 million rand to the ANC in the province and therefore he should take up his find with ANC treasurer-general Paul Mashatile. After engaging lawyers and threatening to report the conduct of EOH to 'relevant authorities" amongst other threats. City Press is aware that after these threats, EOH teamed up with Buzz mobile. Nojiwa alleged that De Klerk requested him to influence the COJ to ensure that the tender was not slit as this would have benefited Gijima and Accenture. After he claims to have intervened the city abandoned the splitting leaving EOH as the sole contender after Gijima was disqualified.

7. 2015 SAP Licence sale

Overview

7.1. The ENSafrica investigation flagged a 2015 EOH SAP licence sale as suspicious. EOH sold COJ SAP licences for just over R97 million (incl VAT) in late 2015. It appears COJ did not follow a tender process. EOH had purchased the licences from SAP a year earlier at risk. EOH on-sold the licences to COJ with no mark-up. The transaction makes no commercial sense from EOH's perspective.

Key events in licence sale

7.2. On 13 November 2014 EOH Mthombo and SAP (South Africa) (Pty) Ltd concluded a Software Licence and Support Agreement ('**Software Agreement**') in terms of which EOH procured licences to the value of just over R70 million (ex VAT) plus a 22% annual support fee of R15.4 million. The Software Agreement was signed by Ebrahim Laher and Kirtan Sita for EOH and Deena Pillay, Brett Parker and Pfungwa Serima for SAP and came into effect on 19 December 2014. See extract from the Software Agreement pricing schedule below:

L.L.B

7.3. Clause 8 of the Software Agreement authorised EOH to assign the agreement to COJ subject to the conditions (amongst others) that EOH pay the licence and support fee in full and the assignment takes place before 24 March 2015. This clause clarified that if the assignment to COJ did not take place, EOH remained liable for the licence and support fees.

7.4. On 27 November 2014 Mike Dube, then Group Head: Strategic Support, Group Finance Department at COJ, emailed Laher confirming COJ's agreement to the transfer of the licences. See extract below.

Subject: SAP SOFTWARE LICENSES

[cid:image-118-10978@brand.joburg.org.za] <http://brand.joburg.org.za/rs/Go8QDx>

Dear Ebrahim,

The City of Johannesburg agrees and confirms the below list of SAP software, as currently licensed by EOH from SAP South Africa.
The City of Johannesburg accepts, and agrees to the transfer of the SAP software and licenses from EOH within a 3 month period effective 19 December 2014.

7.5. On 3 December 2014 Laher wrote to Reggie Boqo (then CFO) noting that COJ's SAP licences expired in August 2014 and that EOH had 'taken the lead' and purchased the licences at risk. Laher requested the urgent transfer of those licences to COJ. See extract below:

Confidential

3rd December 2014

Mr Reggie Boqo
Chief Financial Officer
City of Johannesburg

Dear Mr Boqo

1. SAP LIMITED / UNLIMITED LICENCES

The City of Johannesburg's SAP Limited / Unlimited licences has expired in August 2014. EOH understands the implication and business risk associated without having the requisite licence agreements in place. In our capacity as your appointed professional SAP Partner, we have taken the lead and procured the licences at risk directly from SAP, on behalf of the City of Johannesburg. This will ensure that there is no disruption and impact to the City of Johannesburg's operations, maintenance and support requirements.
We need to urgently expedite the transfer of the SAP licences to the City of Johannesburg.

7.6. In February 2015 EOH invoiced COJ R70,001,684.11 (ex VAT) for the SAP licences. EOH applied no mark up to the price it had agreed to pay SAP in the Software Contract. However, it appears COJ queried the proposed transaction and the matter was not resolved for a considerable period. EOH credited and re-invoiced this amount more than once.

7.7. In July / August 2015 EOH and SAP prepared a 'clarification document' for COJ. This document recorded that on 29 July 2015 COJ's Molaodi Khutsoane had convened a meeting with SAP and EOH where it was agreed EOH and SAP would produce a document explaining the different invoices COJ had received for software and maintenance.

L.L.B

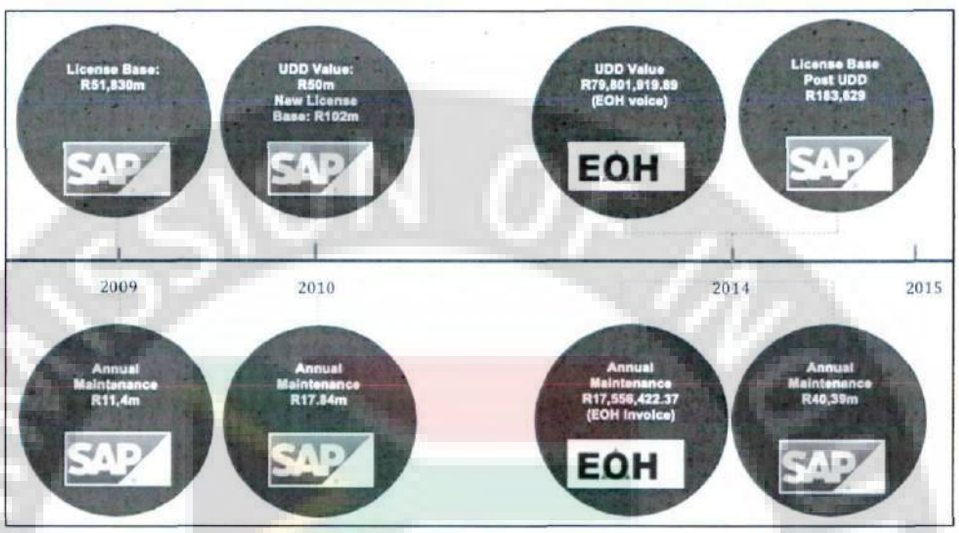

7.8. The SAP/EOH clarification document provided the following background:

Background – CoJ Licensing

- In 2010 COJ entered into a Limited/Unlimited software licensing contract with SAP. This contract construct is only offered to SAP's strategic customers.
- This Limited/Unlimited contract had an unlimited usage rights for a predefined Bill of Material for a period of 5 years. This agreement expired in September 2014.
- EOH understood the implication and business risk associated without having the requisite license agreements in place. EOH strategically negotiated the continuation of the Limited/Unlimited Licenses in August 2014. Due to EOH partner status with SAP it was able to secure pricing that was more favourable than if CoJ did this transaction directly with SAP.
- This ensured that there would be no disruption and impact to the City of Johannesburg's operations, maintenance and support and that CoJ would continue to benefit from the favourable terms of this Limited/Unlimited contract.
- Failure to renew the Limited/Unlimited contract would have resulted in the CoJ being subjected to annual software license audits by SAP.
- CoJ would have been billed for the additional software licenses outside the expired contract.
- This could have resulted in additional software licensing costs almost 3 times as much as the rates in the Limited/Unlimited contract

7.9. The clarification document noted that once COJ paid EOH R97,557,241.26 (incl VAT) EOH would transfer the licences to COJ.

7.10. The document does not explain why COJ was to procure through EOH rather than from SAP directly. The clarification document included the graphic below to depict COJ licencing and maintenance fees.

7.11. On 27 August, Laher wrote to COJ requesting urgent payment of the R97 million. Laher claimed that it had been agreed that COJ would pay '*by the latest 10th of August 2015, pending appropriate approval processes in the City*'.

7.12. On 22 September 2015 EOH paid SAP R97,358,342.00 (including VAT) for the licences and annual support.

7.13. On 28 October 2015 COJ asked EOH for a 'payment plan', in terms of which the R97 million payment would be split over November and Dec 2015.

7.14. Ultimately EOH split the R97 million across three invoices in November and December 2015. COJ paid EOH R60 million in November 2015 and the balance in December 2015.

7.15. This SAP licence sale raised the following issues:

7.15.1. Why did COJ procure the licences from EOH and not directly from SAP?

7.15.2. What was EOH's commercial basis for concluding this transaction (purchase at risk and with no mark-up)? EOH ultimately had to carry R97 million for a few months, without compensation even for interest incurred. It therefore lost money on the deal.

7.15.3. On what basis did COJ not follow a tender process?

7.15.4. Was there a simultaneous SAP/COJ licence deal?

7.15.5. Was the timing of COJ's resolution of the SAP deal (November 2015) linked to the three major SAP tenders issued the same month?

8. SUSPECT PAYMENTS

8.1. The forensic investigation identified suspect payments to entities for purported work on COJ projects, where the evidence suggests no work was done. The relevant entities and total suspect payments (excluding VAT) are reflected in the table below.

8.2. Note: according to our financial review, while we tested for suspect payments for the full forensic investigation review period of 1 January 2014 to 31 December 2018, the suspect payments identified below were made over the period 1 January 2014 to 10 November 2017. No further suspect payments have been identified on COJ projects after November 2017.

We note further that on 8 Mar 2017 Ultimax charged R1.275m (ex VAT) for '*Upgrade Mobilisation*'. This payment was made just at the point that the A647 SAP Upgrade project commenced services (the commencement of that project had been delayed).

8.4. The R16 million Mfundi Mobile purchase order was approved for payment by Jehan Mackay and Rene Bredenkamp. Most of the balance of suspect COJ purchase orders were approved solely by Laher or by Laher together with Stephen Nurcombe-Thorne.

8.5. CIPCs for each of the above entities are attached for ease of reference (Mfundi Mobile and Molelwane CIPCs were provided in the First Submission). The individuals ENSafrica identified as being linked to the above entities are listed below.

(2) to resolve any uncertainty or disagreement between the Parties as to anything that is required to be done or performed by either of them under this Agreement.

5 Duration

5.1 This Agreement commences with the Transition Period on 1 January 2013.

5.2 After completion of the Transition Period, unless this Agreement is terminated earlier, the Service Provider must provide the Services for a period of three years or until the COJ has paid an amount of R250 million for the Services, whichever is earlier. The amount of R250 million excludes any amount charged by the Service Provider to the COJ during the Transition Period.

5.3 The COJ and the Service Provider will commence transitioning the Services back to the COJ or to a new service provider when there are six months left until the end of the term of the Agreement or when the COJ has paid an amount of R200 million excluding value added tax for the Services, whichever is earlier.

6 Transition Period

6.1 During the Transition Period the Service Provider will begin taking over the Services according to the Transition Plan to ensure that it is ready to provide all the Services on the Effective Date.

6.2 The Service Provider may invoice the COJ for any Services provided during the Transition Period. The Transition Plan will set out the amounts to be paid for Services rendered during the Transition Period, and any other amounts to be paid by the COJ during the Transition Plan as agreed by the Parties in writing. The Parties agree that the amounts paid by the COJ to the Service Provider, including other SAP services providers to the COJ, during the Transition Period may not exceed R20 million.

7 Services

7.1 The Services and Service Levels are set out in Schedule 1 (Services).

7.2 Commencing on the Effective Date, the Services will be performed by the Service Provider in accordance with the Service Levels at the COJ Premises, or remotely where applicable.

7.3 The Service Provider will cooperate with the COJ to develop a proposed plan, to be attached as Schedule 7 (Skills transfer plan), to reduce the scope of the Services over time as the COJ increases its internal capacity and commences performing part of the Services directly. These changes to the Services will be set out in a Change Request.

7.4 The Service Provider will use adequate numbers of appropriately skilled, qualified and experienced Personnel, and all equipment, assets and other resources necessary to provide the Services in accordance with the Service Levels.

7.5 The Service Provider will throughout the period of the Agreement consider the requirements of the COJ and apply its expertise to ensure that it renders the Services in a manner which, in its expert judgement, meets the needs of the COJ.

7.6 If the changing requirements of the Services or the COJ necessitate a change in the Services with which the COJ agrees, this will be dealt with in terms of a Change Request.

7.7 Services will be performed during Service Hours, at or to the Premises notified by the COJ to the Service Provider and in accordance with all applicable Service Levels.

7.8 The Services will comply with the Enterprise Architecture and COJ Policies and Standards, subject to the Service Provider being made aware of the Enterprise Architecture and Procedures Manual.

7.9 Where the performance of the Services requires the Service Provider to liaise or cooperate with the COJ Personnel or other contractors rendering services to the COJ, the Service Provider must give its full cooperation and deal with all such persons in a professional and courteous manner. The COJ will procure the cooperation of its Personnel and other contractors in their interactions with the Service Provider.

8 Service Levels

8.1 Where Service Levels apply, these are set out in Schedule 1 (Services).

8.2 Service Levels do not apply during Scheduled Downtime.

8.3 Unless otherwise agreed, Service Levels will be reviewed Quarterly in order to ensure that the Service Levels are appropriate to the COJ's requirements and to take account of

changes in the Services. Any amendments agreed will be effected through a Change Request.

8.4 Where appropriate, the Parties will agree on Service Levels applicable to any amended or new Services implemented in terms of clause 11. If the Parties cannot establish the Service Levels immediately, the Service Provider must measure its performance for six consecutive months and the operations committee referred to in clause 24 will then establish the Service Levels based on:

(1) the measured performance of the Service Provider excluding any abnormal occurrences during the measured period; and

(2) the needs of the COJ.

8.5 Where a failure to meet a Service Level occurs and this is communicated to the Service Provider, the Service Provider will implement steps designed to avoid a repeat failure. If preventative steps will result in additional cost to the Service Provider, the Service Provider will bear the costs.

9 Service Credits

9.1 Service Levels will be measured monthly by the Service Provider and Service Credits will be calculated at the end of every Quarter for the previous three months. By the seventh day after the end of each month, the Service Provider will deliver a report to the COJ in respect of its performance against Service Levels in the previous month. At the end of each Quarter the reports for the previous three months will be reviewed by the steering committee referred to in clause 24 in order to determine whether Service Credits are payable.

9.2 Subject to the provisions of clause 10, Service Credits will be payable by the Service Provider if it fails to achieve:

(1) the Weighted Average Service Level twice in any Quarter;

(2) the same Individual Service Level during any three consecutive months.

9.3 Service Credits are calculated as follows:

(1) For each percentage or part thereof by which the Service Provider fails to achieve the Weighted Average Service Level, the Service Credit is 2.5% (two and a half percent) of the Service Provider's charges for each month in which the Weighted Average Service Level was not achieved.

(2) For each percentage or part thereof by which the Service Provider fails to achieve an Individual Service Level, the Service Credit is 2.5% (two and a half percent) of the Service Provider's charges relating to the affected Support Service type in the month during which the Individual Service Level was not achieved.

9.4 The penalties in clause 9.2(1) and 9.2(2) are separate and will not be set off against one another but the maximum cumulative penalty payable in respect of any month is 30% of the Service Provider's charges for that month. In addition the maximum cumulative penalties payable by the Service Provider throughout the term is 12% of the sum of the Service Provider's total charges for this Agreement.

9.5 Service Credits are set-off against the next invoice or will be paid to the COJ in cash if the Service Credit is owing upon termination or expiry of this Agreement.

9.6 The Service Provider commits a material breach of this Agreement if it becomes liable for Service Credits in terms of clause 9.2(1) in two consecutive Quarters or fails to meet the same Individual Service Level for six consecutive months. In these circumstances the COJ will have termination rights in terms of clause 38 (save that the notice requirements will not apply) or the right to appoint a step in manager in terms of clause 41.

9.7 If a penalty is paid by the Service Provider, damages may not be claimed in addition by the COJ but COJ may elect to claim damages instead of penalties.

10 Relief

10.1 The Service Provider is not responsible for any failure to provide Services or meet Service Levels to the extent attributable to acts or omissions of the COJ or its contractors, or the COJ's breach of this Agreement, if it:

(1) nevertheless used commercially reasonable endeavours to provide the Services or meet the Service Levels;

(2) promptly informed the COJ of the reason why it could not provide the Service or meet the Service Level, including where practicable by providing advance notice;

(3) takes any steps in addition to commercially reasonable endeavours that the COJ may reasonably request and for which the COJ agrees to bear the reasonable costs.

11 Change Requests

11.1 Should either Party propose to amend the Services in a way that impacts upon the cost or manner in which the Service Provider delivers the Services or the COJ receives the Services, that Party must notify the other in writing.

11.2 If the COJ requires the Service Provider to investigate a proposed change referred to in clause 11.1 or a change is necessary in order to enable either Party to comply with any law, the Service Provider will prepare a proposed Change Request which must include (as applicable):

(1) a description of the proposed change or new Services;

(2) Service Levels and Service Credits applicable to the changed Services or new Services;

(3) the reason for the proposed change to the Services or addition of new Services;

(4) the timing of the implementation of the proposed change to the Services or new Services;

(5) the cost impact;

(6) the human resources impact;

(7) the impact which the proposed change to the Services or new Services will have on existing Services and Service Levels including ways in which the impact will be ameliorated, if applicable;

(8) any other considerations of relevance to the proposed change to the Services or addition of new Services.

0239-2587-0001-0339

11.3 The COJ will consider in good faith the proposed Change Request and revert to the Service Provider by either accepting or rejecting it or requesting amendments. If required by the COJ, the Parties will discuss the proposed Change Request in good faith with a view to agreeing amendments.

11.4 Once the Change Request is agreed, both Parties' Authorised Representatives must sign it and the change to the Services or new Services will be implemented in accordance with the Change Request. In the absence of a duly signed Change Request, no changes to the Services or new Services may be implemented and no claims for payment for new or amended Services may be made. Signed Change Requests form part of this Agreement.

11.5 Each Change Request will be given a sequential number commencing with Change Request 1.

12 Acceptance of Deliverables

12.1 Deliverables must be delivered to the COJ on the dates set out in Schedule 1 (Services).

12.2 Where Deliverables are subject to Acceptance by the COJ, the Service Provider will propose Acceptance Criteria and Acceptance Tests applicable to the Deliverables in writing prior to the date of their submission to the COJ. The Parties will discuss any changes to the Acceptance Criteria and Acceptance Tests reasonably requested by the COJ and make written amendments accordingly. Agreed Acceptance Tests and Acceptance Criteria form part of Schedule 1 (Services).

12.3 Acceptance Tests will be performed by the COJ or an independent third party appointed by it, in order to ascertain whether Deliverables meet the Acceptance Criteria. The Service Provider must give such assistance to the COJ as it requires to properly undertake Acceptance Testing of all Deliverables.

12.4 Where no time period for Acceptance Testing is agreed, the COJ will have a reasonable period of time but not less than ten Business Days within which to Acceptance Test Deliverables. If the COJ fails to give notice of its Acceptance or Rejection of a Deliverable within the time permitted, the Service Provider may inform the COJ in writing and afford it a period of ten Business Days within which to Accept or Reject the Deliverable. If the COJ does not Accept or Reject the Deliverable within this time period, the Service Provider may refer the matter to any of the committees referred to in clause 24.

12.5 If the COJ Rejects a Deliverable, without prejudice to any other rights which the COJ may have in terms of this Agreement or at law, it may:

(1) return the Deliverable to the Service Provider for remediation together with the reasons for the Deliverable's failure to meet its Acceptance Criteria. The faults must be remedied within five Business Days or such longer period agreed to by the Parties and the Deliverable will be resubmitted to the COJ for Acceptance Testing. The Service Provider will on demand reimburse the COJ for its costs incurred in further Acceptance Testing of the same Deliverables. Clauses 12.3, 12.4 and this 12.5 apply to the re-submission and further Acceptance Testing of all Deliverables until they have met their Acceptance Criteria;

(2) accept the Deliverable at a reduced charge. The charges will be equitably reduced to take account of the fact that the Deliverable does not meet its Acceptance Criteria;

(3) return the Deliverable to the Service Provider in exchange for a full refund of all monies paid for that Deliverable. The COJ may employ another supplier to provide the Deliverable at the cost of the COJ provided that the price or rate charged by the

alternative supplier is substantially in accordance with the price or rate charged by the Service Provider;

12.6 The Service Provider's obligation to provide a Deliverable on any date will only be met if the Deliverable meets its Acceptance Criteria on that date.

12.7 The COJ may change the date of the submission of any Deliverable with the written agreement of the Service Provider, provided that agreement is not unreasonably withheld or delayed. When a delivery date is delayed by the COJ, the Service Provider may deliver a Change Request in respect of that delay. The COJ will bear the cost of the delay, however the Service Provider must use its best endeavours in the circumstances to minimise these costs.

12.8 Acceptance of any Deliverable does not constitute a waiver by the COJ of any of its rights contained in this Agreement or at law with respect to any defects which subsequently manifest or are discovered in any Deliverable where this could not reasonably have been discovered during Accepting Testing.

12.9 The COJ may elect to commence use of a Deliverable which has not been Accepted. In these circumstances its other rights and the Service Provider's obligations in terms of clauses 12.5 and 12.6 will not be impacted for a period of 60 days from the date the COJ commences use of the Deliverable after which the COJ's rights will be forfeited and the Service Provider's obligations in this regard will be extinguished. The COJ's use of the Deliverable will, however, be at its own risk to the extent of any adverse consequence arising from the Deliverable's failure to meet its Acceptance Criteria.

15.3 The COJ's Personnel will cooperate with the Service Provider to the extent that this is necessary to enable the Service Provider to perform its obligations to the COJ. In addition where reasonably necessary the COJ will make office space and other facilities available to the Service Provider free of charge and subject to the COJ's terms of use.

15.4 The COJ will not unreasonably withhold or delay any instruction required of it.

These resources must be continually trained in the performance of the Services by the Service Provider for the duration of the Agreement. The training must be comprehensive and intensive so that the trainees' skills and experience levels advance substantially during the term of this Agreement.

16.2 The Parties will decide on whether the resources will be employed by the Service Provider or the COJ as soon as possible. If any of the resources are employed by the COJ before termination of the Agreement, the Service Provider will discount its charges for the Services with an amount to be agreed between the Parties and set out in the Service Providers plan to reduce the scope of the Services as set out in Schedule 7 (Skills transfer plan).

16.3 In addition to the training given to the resources referred to in clause 16.1, the Service Provider will train persons employed or contracted on a full-time basis directly by the COJ in the use and operation of any facilities, systems or equipment in respect of which the Service Provider provides Services. The training will be given once on a "train-the-trainer" basis in order that trainees can train other users on an end user computing basis. The COJ must ensure that the trainees nominated by it have the skills and experience to absorb and benefit from the training.

16.4 The Service Provider will also be required to provide training to users on a monthly basis. This training will include training for new users as well as refresher training for existing users. The training will be arranged as stated in Schedule 1 (**Services**).

16.5 The Service Provider must continually provide on-the-job training and support to COJ Personnel.

16.6 Training will be given at a time agreed with the COJ at the Premises.

No compensation or financial benefit will be paid to the Service Provider in respect of any such cession or assignment of its rights in addition to its ordinary compensation for providing the Services, as set out in this Agreement.

20.4 The Service Provider grants to the COJ a perpetual, irrevocable royalty-free, non-transferable license to use any Service Provider Intellectual Property embedded or incorporated in a Deliverable or which is otherwise made available to the COJ where the Service Provider does not ordinarily require a specific license agreement to be concluded in respect thereof or a fee to be paid for such license, solely to the extent as is necessary for the COJ to use the Deliverable for the purpose for which it was created, and for its internal business purposes.

20.5 All intellectual property created in the course of the Services which is transferred or made available to the COJ in terms of clauses 20.3 and 20.4 must be compatible with the Enterprise Architecture applicable at the time it is developed.

20.6 The Service Provider does not warrant that Intellectual Property created in the course of the Services will operate with any earlier or later version or release of any products comprising the Enterprise Architecture but the Service Provider must make any necessary modifications to the Intellectual Property to render it compatible with the Enterprise Architecture as it develops during the term of the Agreement.

20.7 The Service Provider must ensure that its written contracts with its subcontractors provide for such rights in and to intellectual property created by such subcontractors as will enable Service Provider to meet its commitments in terms of this clause 20. The Service Provider must in addition procure a warranty from its subcontractors that all intellectual property created by its subcontractors is original and does not infringe the intellectual property rights of any third party.

20.8 The Service Provider indemnifies the COJ against any losses (excluding any consequential damages) caused by its failure to procure the warranty and assignment referred to in clause 20.7 and must at its own cost procure the assignment on demand of the COJ.

Intellectual Property Rights Transfer Agreements may be concluded at any time and will survive the termination of this Agreement. 21 Personnel

21.1 Subject to clauses 21.2 and 21.3, the Service Provider retains the sole right to determine which Personnel, including Key Personnel, to use in order to render the Services.

21.2 Key Personnel

(1) The curricula vitae of all proposed Key Personnel will be given to the COJ not less than five Business Days prior to the commencement of their delivery of Services. If the COJ notifies the Service Provider in writing that any proposed Key Personnel member is unacceptable to it on either of the grounds set out in clause 21.2(2), the Service Provider will substitute that person with a suitable replacement. This clause 21.2 applies to all replacement candidates.

(a) criminal or workplace convictions for offences involving dishonesty;

(b) unsatisfactory previous work history with the COJ whether as a contractor or employee.

The Service Provider may not without the prior written consent of the COJ substitute any member of the Key Personnel except in the case of termination of that Key Personnel's employment or contract with the Service Provider or the death or incapacity of that member of the Key Personnel, or if the Service Provider, acting reasonably, is of the view that it will not be able to meet its obligations, including Service Levels, unless the Key Personnel member is removed and substituted with someone else.

(4) When a member of the Key Personnel is substituted for reasons other than death or incapacity, a minimum 30 day handover period will apply so that the Services are not disrupted, provided that this time period may be reduced on written notice to the COJ for reasons of necessity beyond the reasonable control of the Service Provider. The substituted person must have skills and experience of the same level or higher than the person being substituted.

21.3 General

(1) If the COJ learns that any of the Service Provider's Personnel, including any Key Personnel member previously approved, is a person stated in clause 21.2(2), is incapable of performing the tasks assigned to him or her, does not follow the reasonable instructions of the COJ or generally acts in a manner inconsistent with the obligations of the Service Provider, or causes Losses to the COJ (whether quantified as yet or not), then the COJ may inform the Service Provider. If the COJ's objections relate to the performance of the Services, the Service Provider will have five Business Days within which to remedy the non-performance or mal-performance failing which the Personnel member must be removed from the Services permanently. If the COJ's objection is not related to the performance of the Services or Losses have been caused to the COJ, the Personnel member must immediately be removed from the Services permanently.

(2) The Service Provider must replace the removed Personnel member as soon as possible with a suitable person and pending that, take any such reasonable steps as are necessary to avoid disruption to the Services. The appointment of any replacement Personnel member is subject to all terms of this clause 21, provided that if a Key Personnel member is replaced and the exigencies of the Services demand it, the Service Provider may deploy the replacement Key Personnel member to the Services without first complying with clause 21.2.

22 Subcontracting

22.1 The Service Provider may not use subcontractors to provide any portion of the Services without the COJ's prior written permission. In any event the subcontracted obligations may not exceed 5% (five percent) of the total revenue value of the Services.

22.2 Subcontracting does not relieve the Service Provider from any of its obligations under this Agreement and the Service Provider will be liable to the COJ for all Losses incurred by the COJ through the acts or omissions of its subcontractors as if the acts and omissions were those of the Service Provider itself.

22.3 If the COJ learns that any of the Service Provider's subcontractors are incapable of performing the tasks assigned to it or acts in a manner inconsistent with the obligations of the Service Provider, then the COJ will inform the Service Provider in writing. The Service Provider will have five Business Days within which to remedy the cause for complaint failing which the subcontractor must be removed from the Services permanently. The Service Provider will perform the previously subcontracted Services directly or appoint a replacement subcontractor. This clause 22 applies to all replacement subcontractors.

23 Other COJ contractors

23.1 Where the performance of the Services requires the Service Provider to liaise with the COJ's contractors, the Service Provider must deal with such persons in a professional and courteous manner and endeavour to maintain a good working relationship with them. The COJ will endeavour to procure the cooperation of other contractors in their interactions with the Service Provider.

23.2 If a dispute between the Service Provider and another contractor to the COJ arises which impacts the Services, the Service Provider must notify the COJ promptly in writing. The notification must state:

(1) the nature of the dispute;

(3) the effect of the dispute on the Services;

(4) the steps taken by the Service Provider to address the dispute; and

(5) any other matter of relevance to the dispute.

23.3 The Service Provider must attempt to resolve the dispute as speedily as possible with the other contractor, failing which the COJ may take steps it considers appropriate including:

(1) convening a meeting between the Service Provider and the other contractor/s; and

(2) directing the steps to be taken by the Service Provider and the contractor/s to resolve the dispute.

23.4 The Service Provider will comply with the lawful and reasonable directions of the COJ; provided that if the Service Provider informs the COJ in writing that such direction will negatively impact the performance of the Services and if such direction impacts the Service Provider's performance, then the Service Provider will be relieved of any failure in such performance.

23.5 The COJ will apply the same diligence and interest that would be expected of any well organised, well-resourced and competent entity acting for its own benefit to procure compliance by the contractor with its directions and the steps to be taken in resolving the dispute.

23.6 In issuing a direction the COJ will act reasonably and impartially.

23.7 This clause 23 does not oblige the Service Provider to perform any services on behalf of another contractor, to ensure their proper performance or incur additional costs.

24 Governance

24.1 The Parties will establish a governance structure to facilitate their liaison with respect to this Agreement and the Services attached as Schedule 3 (Governance). The governance structure will reflect the needs of the Services and may be revised from time to time by agreement between the Parties when appropriate to the requirements of the Services. The initial governance structure will be as follows:

(1) a steering committee comprising the Head of ICT & IM or her representative and the Programme Manager on behalf of the Service Provider, each of whom may be represented by their designee. The steering committee will meet not less than monthly to review the overall performance of the Service Provider, Service Levels, and discuss issues which have been escalated to the steering committee for review or approval;

(2) an operations committee comprising personnel whose participation is necessary or useful including the Level 1 or Level 2 Project Manager on behalf of the Service Provider and the various directors of the CoJ's ICT&IM Department. The operations committee must meet not less than weekly to review the Services, plan

forthcoming activities, discuss Service issues which have arisen, and generally review any matters which either Party places on the agenda.

24.2 Each Party's representatives on any committee may appoint additional persons whose participation they require, either on a permanent or temporary basis.

24.3 Any committee will meet more frequently than scheduled upon the reasonable request of either Party.

25 Reports

25.1 In addition to any reports identified in Schedule 1 (Services), the Service Provider must give monthly reports to the COJ regarding:

(1) the status of all Services being delivered;

(2) resource utilisation;

(3) issues or potential issues experienced or identified in the Services and proposed plans to mitigate or remedy these.

25.2 The Service Provider will clarify any of the reports in clause 25.1 at no additional cost when reasonably requested to do so.

25.3 The COJ may request reports in addition to those stated in clause 25.1. The Service Provider may charge separately for these.

25.4 Reports will be provided in a format reasonably acceptable to the COJ.

26 Data back-up and security

26.1 The COJ will back up its data on a regular basis but if any data is lost or corrupted through the actions or omissions of the Service Provider, the Service Provider will at its own cost give all cooperation to the COJ necessary to restore the data.

26.2 Neither Party will be responsible for the security of data during transmission via public telecommunications facilities or services, provided that where security protocols are specified, these have been adhered to.

27 Payment

General

27.1 All amounts referred to in this Agreement are exclusive of:

(1) VAT which is payable by COJ subject to receipt by it of an invoice compliant with the VAT Act, 1991; and

(2) any other taxes and duties which are levied on the supply of the Services but excluding taxes based on the Service Provider's income.

27.2 All payments will be made within 30 (thirty) days of receipt by the COJ's Group Unit Head: Information Communication Technology & Information Management (GICT & IM) or relevant COJ department to which the Services were rendered of a complete and correct invoice from the Service Provider which:

Swift Code:	SBZAZAJJ

27.5 The Service Provider will maintain complete and accurate records of, and supporting documentation for, all amounts invoiced and paid under this Agreement, in accordance with generally accepted accounting principles and must make these available for reasonable review to the COJ (or its auditors) in terms of clause 28.

Billing Disputes

27.6 If the COJ notifies the Service Provider prior to the due date for payment that it disputes a part or the whole of any invoice, the COJ will be entitled to withhold payment of the disputed amount only. The Parties will negotiate in good faith to resolve the dispute. Failing resolution within five days after receipt by the Service Provider of the COJ's notification, the dispute will be dealt with in accordance with clause 42. Any adjustment to invoiced amounts arising as a result of such resolution will be reflected, so far as practicable, in the Service Provider's next invoice to the COJ.

27.7 Nothing in this Agreement will preclude the COJ from claiming repayment of any amount incorrectly paid to the Service Provider notwithstanding that no dispute was previously noted.

Late payments

27.8 If the COJ fails to make payment by the due date for payment of any undisputed amount correctly invoiced with complete supporting documentation, the Service Provider may give the COJ a written notice addressed to the Group Unit Head of ICT & IM and a copy to the Group Unit Head for R & CRM to pay within 15 Business Days of receipt of the notice. If the COJ fails to make payment EOH must give the COJ another written notice to the same persons that it will suspend the Services if payment is not made within 30 days of receipt of the notice. If payment is not made within this time period, the Service Provider may suspend Services and will not be liable to the COJ for any Losses suffered by the COJ as a result.

27.9 The COJ waives any claim for loss or damage incurred by it as a result of the suspension of Services by the Service Provider in terms of clause 27.8.

28 Review and audit

28.1 The COJ has the right at any time up until 12 (twelve) months following termination of this Agreement to appoint an auditor to review and audit:

(1) the performance of the Services by the Service Provider and its subcontractors;

(2) the compliance by the Service Provider and its subcontractors with the Service Provider's obligations in terms of this Agreement;

(3) the amounts charged by the Service Provider for the Services; and

(4) the volume of the Services being performed by each subcontractor of the Service Provider.

28.2 Auditors may be persons employed by the COJ or independent contractors, as the COJ requires.

28.3 In order to enable the auditor to carry out its functions, the Service Provider must keep all records relevant to this Agreement in good order throughout the duration of this Agreement and for 12 (twelve) months after its termination or expiry.

28.4 The auditor is entitled to inspect and copy all documents which are necessary for reviewing the matters referred to in clause 28.1. The Service Provider must cooperate with the auditor and deliver to the auditor documents, irrespective of their format, information and persons for interviewing purposes as the auditor reasonably requires.

28.5 The Service Provider's obligations in clause 28.4 extend to its subcontractors. Accordingly the Service Provider will procure all cooperation necessary from its subcontractors to enable the auditor to carry out review and audit functions in respect of the subcontractors and ensure that its agreements with subcontractors permit the COJ to do so.

28.6 The auditor will not cause unreasonable interference with the normal business operations of, or prejudice the delivery of the Services by, the Service Provider and its subcontractors. In no event will the auditor enter the premises of the Service Provider without the permission of the Service Provider which will not be unreasonably withheld or delayed.

28.7 Audits may be conducted at any time on 7 (seven) days' notice to the Service Provider but no more frequently than once in every 6 (six) months unless the Parties otherwise agree in writing.

28.8 The findings of the auditor will not limit or alter the obligation of the Service Provider to comply with this Agreement or the rights of the COJ arising from non-compliance but the COJ may inform the Service Provider of any area of non-conformance arising from an audit. The Service Provider will immediately implement remedial steps.

28.9 The costs of the auditor will be borne by the COJ unless the auditor discovers any amount overcharged by the Service Provider in which event the Service Provider must indemnify the COJ for the costs of the audit on demand. The amount overcharged must in addition be refunded to the COJ as a credit on the Service Provider's next invoice, alternatively in cash.

28.10 To the extent necessary this clause 28 will survive termination of the other terms of this Agreement until the expiry of the COJ's rights in terms of it.

29 Warranties

29.1 Each Party warrants that it is authorised to conclude and to perform its obligations in terms of this Agreement.

29.2 The Service Provider warrants that:

(1) the Services will be rendered with a high degree of professional skill and care but in any event with not less than that which would be expected of a supplier of similar information technology services to a substantial customer;

(2) it is an expert in providing the Services and is capable of providing the Services as required by this Agreement;

(3) it is and will remain throughout the term of this Agreement, a SAP certified partner;

(4) it is registered under the Compensation for Occupational Injuries and Diseases Act, 1993 and all assessments due are, and will be throughout this Agreement, paid in full;

(5) all statements of fact and representations contained in its response to the Tender are correct and truthful. In the event that the Service Provider has misrepresented any statement of fact or representation, without prejudice to its other rights, the COJ will have a claim for termination of the Agreement and damages if the misrepresentation induced the COJ to conclude this Agreement.

29.3 Warranties survive termination of the balance of this Agreement for as long as necessary to give them effect.

29.4 The Parties acknowledges that the other concludes this Agreement in reliance upon the warranties of the other.

29.5 Without prejudice to any of the COJ's other rights under this Agreement or law, the Service Provider will promptly take any steps necessary to remedy a breach of a warranty at its own expense.

30 Indemnities

30.1 Subject to the terms of this Agreement, the Service Provider indemnifies and holds the COJ harmless against Losses suffered by, or claims made against the COJ arising out of or in connection with:

(1) an allegation by a third party that any intellectual property supplied by the Service Provider infringes the third party's intellectual property rights;

(2) any misconduct, negligence or breach of this Agreement by the Service Provider;

(3) a material inaccuracy or untruthfulness in any representations or warranties made by the Service Provider in connection with this Agreement and its conclusion; and

(4) claims for taxes, interest or penalties against the COJ that are obligations of the Service Provider.

30.2 The indemnity in clause 30.1(1) does not apply to the extent that the claim of the third party results from:

(1) modifications to the intellectual property by the Party claiming an indemnity;

(2) use of the intellectual property other than its specified operating environment; or

(3) use of the intellectual property in combination with products not provided by the Party from which an indemnity is claimed.

30.3 COJ indemnifies and holds the Service Provider harmless against Losses suffered by, or claims made against the Service Provider arising out of or in connection with:

(1) an allegation by a third party that any Intellectual Property or tangible item supplied by COJ for the use of the Service Provider in performing the Services infringes the third party's Intellectual Property rights;

(2) claims for taxes, interest or penalties against the Service Provider that are obligations of COJ;

30.4 If a claim against the Service Provider for infringement of intellectual property rights is made or appears likely or possible it will at the request of the COJ immediately cease providing Services in respect of, or using, the allegedly infringing intellectual property. The Parties will immediately investigate and implement any measures reasonably available to mitigate any adverse consequences which result. The Service Provider is not relieved from complying with its obligations under this Agreement to the extent that its ability to do so is impaired by its ceasing to provide Services in respect of, or using, the allegedly infringing intellectual property.

30.5 If a claim against the COJ for infringement of intellectual property rights is made or appears likely or possible the Service Provider must use its best endeavours at its own cost to:

(1) procure for the COJ the right to continue using the allegedly infringing intellectual property; or

(2) modify the allegedly infringing intellectual property so as to render it non-infringing; or

(3) replace it with intellectual property that is at least functionally equivalent.

30.6 If the Service Provider determines that none of these alternatives is reasonably available, the COJ will cease using the intellectual property and the Service Provider will give the COJ a credit equal to the amount paid by the COJ for the allegedly infringing intellectual property or Services received through the use of the allegedly infringing intellectual property.

30.7 Any indemnity only applies if:

(1) the Party claiming indemnity (**Indemnified Party**) notifies the Party from which indemnity is claimed (**Indemnifying Party**) in writing of the claim as soon as reasonably possible;

(2) the Indemnified Party allows the Indemnifying Party to take over the investigation, defence and settlement of the claim at its own expense with full and sole discretion in this regard; and

(3) the Indemnified Party gives reasonable cooperation to the Indemnifying Party in the investigation and defence of the claim.

30.8 If the Indemnifying Party does not take steps to defend or settle the claim within the time period permitted for the taking of such steps, the Indemnified Party may do so and proceed with the defence or settlement of the claim in its sole and absolute discretion. The Indemnifying Party must on demand reimburse all of the Indemnified Party's costs of doing

so together with any amounts which the Indemnified Party agrees to pay to the claimant or any amounts awarded against it.

30.9 If the Indemnifying Party takes over the investigation, defence and settlement of the claim, the Indemnified Party may appoint its own legal representatives as observers at its own cost. The Indemnifying Party must give all necessary cooperation to the Indemnified Party in this regard.

31 Limitation of liability

31.1 Either Party's liability to the other for all Losses is limited to R250 million.

31.2 Neither Party is liable for any consequential or indirect Losses.

31.3 The limitation in clause 31.1 does not apply to:

(1) COJ's failure to pay any amounts owing to the Service Provider under this Agreement for Services rendered;

(2) physical damage to immovable property, and tangible movable property, of either Party;

(3) Losses arising from fraud or wilful misconduct, subject to the COJ ensuring it has adequate physical, logical and access controls, processes, procedures and safeguards concerning the protection of the COJ Hardware, COJ Infrastructure, COJ Intellectual Property, COJ Software, its Confidential Information and data from unauthorised access, disclosure, tampering, theft or use by the Service Provider and third parties, all in terms of the criteria and requirements provided for by applicable law, and only in circumstances where the Losses would not have arised but for the absence of such controls, processes, procedures and safeguards.

32 Insurance

32.1 The Service Provider must procure from a reputable insurer and maintain for the duration of this Agreement, insurance adequate to cover its risks and potential liabilities to the COJ. Such insurance will include, without limitation:

(1) public liability insurance in respect of claims for death or injury to persons and loss or damage to property;

(2) professional indemnity insurance;

(3) fidelity guarantee insurance;

(4) insurance against loss or damage to its own assets used for the Services whether brought onto, stored or housed at the premises of the COJ or not;

(5) business interruption insurance following damage to its own assets.

32.2 The Service Provider must provide proof of insurance and timely payment of premiums at any time upon the request of the COJ.

32.3 The Service Provider must ensure that all payments due by it in terms of the Compensation for Occupational Injuries and Diseases Act, 1993 are up to date throughout the terms of this Agreement and provide written proof upon the request of the COJ.

0239-2587-0001-0353

33 Black economic empowerment

33.1 The Service Provider is a level 2 contributor to broad based black economic empowerment (**BEE**) as at the Effective Date and its BEE status must be evaluated annually by a reputed BEE evaluation practice.

33.2 A copy of the Service Provider's current BEE evaluator's report and / or certificate issued to the Service Provider must be given to the COJ, as well as copies of any subsequent certificates following annual certification.

33.3 If legal or the Service Provider's industry requirements change so that a greater degree of BEE is required to maintain the same BEE procurement recognition level as is afforded by a level 2 contribution at the Effective Date, the Service Provider must increase its BEE level correspondingly by its next BEE evaluation.

33.4 The COJ may in addition audit the Service Provider's level of BEE at any time in terms of clause 28.

33.5 In the event that the Service Provider is at any time less than a level 2 contributor to BEE, it must immediately notify the COJ in writing and use commercially reasonable efforts to restore its BEE status so that at its next evaluation it again meets its prior level contributor status. The Service Provider will keep the COJ updated of its efforts to restore its BEE status on a continuous basis and if the Service Provider fails to do so, the CoJ may terminate this Agreement on notice to the Service Provider with effect from the date stated in the notice without any liability to the Service Provider save in respect of fees due to the date of termination.

34 COJ Policies and Standards

The Service Provider's Personnel will adhere to all COJ Policies and Standards relating to health and safety, information technology and business operations as notified in writing to the Service Provider from time to time.

35 Non-solicitation

35.1 Subject to clause 35.2, for the duration of this Agreement and 12 months thereafter, neither Party may, either directly or indirectly, without the written permission of the other, employ (or contract with) or solicit the employment (or offer to contract with) of any Personnel member of the other who was at any time during the Agreement engaged in the provision or acquisition of the Services. This clause 35 does not apply to the resources referred to in clause 16.1.

35.2 Either Party ('Soliciting Party') who wishes to contract or employ the Personnel member of the other party, and where such solicitation is prohibited in terms of clause 35.1, may do so provided that the Soliciting Party pays to the other Party a recruitment fee equal to six months' gross salary in respects of the other Party's Personnel member who is an employee, or in the case of the Personnel member of the other Party being a contractor, 6 months' amount that would be invoiced by that Personnel member to the other Party. For the avoidance of any doubt, the recruitment fee of six months' invoiced amount payable by the Soliciting Party in respects of the other Party's Personnel member who is a contractor, shall be paid notwithstanding that no services were actually rendered by such contractor and which would have required the contractor to invoice the Party. This clause 35.2 will only be applicable six months after the Personnel member left the employment of the other Party other than for a reason set out in the *Labour Relations Act 66, 1995*, or in the case of a Personnel member who is a contractor, for reasons other than contractual breach.

36 Confidential Information

36.1 Rights in Confidential Information

(1) The Parties acknowledge that each Party's Confidential Information is an asset in which that Party has proprietary or other rights or interests, the unauthorised disclosure of which may cause harm to the Disclosing Party.

(a) only if given in writing;

(b) for disclosure only to the third party identified in the written authorisation; and

(c) for that specific instance of disclosure only;

and clause 36.2(2) will apply as if the third party were a Permitted Recipient.

(4) The Receiving Party may disclose the Confidential Information of the Disclosing Party in order to comply with law or the requirements of any stock exchange on which the shares of the Receiving Party are listed. In these circumstances, the Receiving Party will:

(a) limit the disclosure only to that which is necessary to comply with the law or stock exchange requirements.

(1) The Receiving Party will receive and use the Disclosing Party's Confidential Information in such a way as to prevent any unauthorised access to it.

(2) In the event that the Receiving Party becomes aware that the Disclosing Party's Confidential Information has been disclosed by it or its Permitted Recipients contrary to the terms of this Agreement, the Receiving Party must immediately:

(a) Inform the Disclosing Party in writing specifying what Confidential Information has been disclosed, how and to whom it has or may have been disclosed, when the unauthorised disclosure took place and what steps will be taken to retrieve the Confidential Information and prevent future unauthorised disclosures;

(b) Take such steps as are necessary or as the Disclosing Party directs to retrieve the Confidential Information from unauthorised persons and to prevent further unauthorised disclosure of the Confidential Information;

(c) Cooperate with the Disclosing Party in taking any steps taken by it to retrieve the Confidential Information from unauthorised persons and to prevent further disclosure of the Confidential Information.

(3) Clause 36.4(2) is without prejudice to any rights of the Disclosing Party arising from the unauthorised disclosure of its Confidential Information.

36.5 Return of Confidential Information

(1) Upon the request of the Disclosing Party, the Receiving Party must return, destroy or expunge from any storage device all Confidential Information:

(a) other than documents prepared by the Receiving Party;

(b) provided that if required by law or for purposes of the Services, the Receiving Party may retain one copy of the Confidential Information for the period so required.

(2) Where the Disclosing Party has required destruction of the media containing Confidential Information the Receiving Party must, on request, confirm in writing that it has destroyed all Confidential Information and made reasonable efforts to

expunge Confidential Information stored electronically from any storage device on which it was held.

(3) All requests in terms of clause 36.5(2) must be complied with within five Business Days.

37 Force majeure

37.1 To the extent that it becomes impossible for a Party to perform any obligation in terms of this Agreement because of an event or circumstance that was neither foreseen nor reasonably foreseeable when the Agreement was entered into or which, if the event could have been foreseen at that time, cannot be guarded against or avoided by reasonable care or the reasonable acts of that Party, that Party may:

(1) notify the other Party within five Business Days of the nature, extent, effect and likely duration of the event or circumstance; and keep the other Party updated as may be reasonably required by the other Party;

(2) take all commercially reasonable action to remedy or minimise the consequences (and report to the other Party); and

(3) immediately resume performance of its obligations under this Agreement and notify the other Party when performance of the obligation again becomes possible.

37.2 Performance of any such obligation is suspended for as long as the event or circumstance continues to make the performance impossible.

37.3 If the event or circumstance continues for a period exceeding 30 days either Party may cancel this Agreement on written notice to the other Party provided that the obligation which the affected Party is unable to perform is a material obligation under this Agreement.

38 Breach

38.1 Should either Party (**Defaulting Party**) breach of any of the provisions of this Agreement, then the other Party (**Aggrieved Party**) may give the Defaulting Party 15 Business Days' written notice or such longer period of time as the Aggrieved Party may specify in the notice, to remedy the breach. If the Defaulting Party fails to comply with the notice, the Aggrieved Party may:

(1) claim immediate payment and/or performance by the Defaulting Party of all of the Defaulting Party's obligations that are due for performance; or

(2) cancel this Agreement upon written notice to the Defaulting Party where the breach constitutes a material breach,

in either event without prejudice to the Aggrieved Party's right to claim damages or to exercise any other rights that the Aggrieved Party may have under this Agreement or in law.

38.2 Without detracting from the provisions of clause 38.1, the Aggrieved Party may summarily cancel this Agreement at any time by giving to the Defaulting Party notice of the cancellation if:

(1) the Defaulting Party commits a material breach of this Agreement which cannot be remedied;

(2) the Defaulting Party is, other than for the purposes of reconstruction or amalgamation, placed under voluntary or compulsory sequestration, winding-up, judicial management, business rescue or the equivalent of any of these in any jurisdiction;

(3) a judgment against the Defaulting Party in respect of which no appeal lies or in respect of which the period for lodging an appeal (excluding any period to seek condonation) has expired and remains unsatisfied for a period of at least 30 Business Days; or

(4) the Defaulting Party makes or offers to make a general assignment or any arrangement or composition with or for the benefit of its creditors generally (or any class of its creditors) for releasing it wholly or partially from its debts.

38.3 Any cancellation of this Agreement by the Aggrieved Party is effective on receipt of a notice of cancellation by the Defaulting Party (in the case of an irreversible material breach described in clause 38.2(1)) or the date of the breach (in circumstances mentioned in clauses 38.1(2), 38.2(3) or 38.2(4)).

38.4 Any cancellation is without prejudice to any claim that either Party may have in respect of any breach of the terms and conditions of this Agreement by the other Party arising prior to the date of cancellation.

39 Termination for convenience

39.1 CoJ may terminate this Agreement at any time on notice to the Service Provider in writing provided that the date of termination will not be less than 6 months from the date of the notice.

39.2 In the event of termination under clause 39.1 CoJ will be liable to pay to the Service Provider all those charges that are due and payable at the date of termination, plus costs incurred by the Service Provider which it incurs as a result of the early termination and which it cannot mitigate through the exercise of reasonable steps.

39.3 Performance in terms of this clause 39 will not prejudice the Party's accrued rights and obligations prior to the date of termination and will remain enforceable.

40 Termination assistance

40.1 At the request of the COJ, the Service Provider will provide termination assistance prior to and after the termination or expiration of this Agreement. Termination assistance will commence as early as necessary and possible prior to expiry or termination of this Agreement and, subject to clause 40.2, will continue for not more than 180 days after its termination or expiry.

40.2 If the COJ determines at any time that the period of termination assistance is or may be inadequate, whether it has previously given notice to terminate or not, it may extend the period of termination assistance for up to 12 months beyond the original date in terms of clause 40.1 on written notice to the Service Provider. The notice must specify the period of the extension.

40.3 Termination assistance comprises all steps reasonably necessary to transfer the Services to the COJ or an alternative service provider, including, without limitation, a staggered reduction in the Services as these are progressively transferred. The Service Provider will continue to meet the Service Levels whilst rendering termination assistance save to the extent that its performance is affected by the rendering of termination assistance.

40.4 The fees for the Services will be the Service Provider's total compensation for providing termination assistance but if the Service Provider must make additional Personnel available, the COJ will pay the Service Provider's usual rates for such Personnel. To the extent that the Service Provider continues to give termination assistance after termination of this Agreement, the Service Provider may charge its usual rates for such Personnel provided that the total payable by the COJ will not exceed the fees for the Services payable by the COJ at the date of termination of this Agreement.

40.5 To the extent necessary this clause 39 together with all other clauses of this Agreement as are applicable in the circumstances will survive termination of the other terms of the this Agreement until the completion of termination assistance by the Service Provider.

41 Step in rights

41.1 Notwithstanding any other rights of the COJ, if:

(1) the Service Provider's failure to achieve Service Levels constitutes a material breach in terms of clause 9.6;

(2) the Service Provider materially breaches any of its other obligations and fails to remedy the default within 15 Business Days of receipt of written notice from the COJ to do so;

the COJ may appoint a step-in manager to assume partial or total control of the Services.

41.2 The Service Provider must cooperate in all respects with the step-in manager in order to ensure that the Service Levels are met or the breach of the Service Provider's obligation is remedied as soon as possible.

41.3 The appointment of the step-in manager will cease when the breach or the failure to meet the Service Level is fully remedied and the COJ is satisfied that there will not be a reoccurrence.

42 Dispute resolution

42.1 In the event of a dispute arising between the Parties, and save where otherwise provided in this Agreement, their representatives referred to in clause 24.1(1) and any other persons whose attendance may be necessary or useful must meet and attempt to resolve it within five days of declaration of the dispute.

42.2 In the event that the dispute cannot be resolved in terms of clause 42.1, the dispute may be escalated by either Party to the most senior executive officer of the Service Provider and the City Manager of the COJ or their delegates for attempted resolution within ten Business Days of referral. If the dispute is not resolved through this referral, either Party may institute litigation or by agreement between the Parties the dispute will be resolved by way of arbitration.

42.3 If the Parties agree to resolve the dispute by way of arbitration, the arbitration will be held subject to the provisions of this Agreement:

(1) at Johannesburg;

(2) with only the Parties, their legal representatives, arbitrator/s and any witnesses who may be called to give evidence present; and

(3) otherwise in accordance with the provisions of the Arbitration Act, 1965 and the Rules for Commercial Arbitrations of the Arbitration Foundation of Southern Africa.

42.4 The arbitrator will be a practising Senior Counsel with no less than ten years standing agreed upon between the Parties.

42.5 If the Parties cannot agree upon a particular arbitrator in terms of clause 42.4within ten Business Days after the arbitration has been demanded, the nomination will be made by the Arbitration Foundation of Southern Africa at the request of either Party.

42.6 The arbitration will be conducted in the English language.

42.7 Subject to clause 42.10, all information concerning the arbitration proceedings, all evidence led or presented and the arbitrator's award will be kept confidential.

42.8 The arbitrator will be obliged to give written reasons for the award.

42.9 The decision of the arbitrator will be subject to appeal in terms of the appeal procedure and Rules for Commercial Arbitrations of the Arbitration Foundation of Southern Africa.

42.10 Either Party may have the award of an arbitrator, including an award on appeal made an order of court.

42.11 The provisions of this clause 42 will remain valid and enforceable in perpetuity notwithstanding the expiry or termination of the balance of this Agreement.

42.12 Nothing contained in this Agreement will prevent either Party from applying to court for urgent or interdictory relief.

42.13 This clause 42 constitutes each Party's irrevocable consent to arbitration proceedings, and no Party may withdraw from such proceedings or claim that it is not bound by this clause.

42.14 The Parties will continue to perform their respective obligations under this Agreement pending the resolution of a dispute, it being agreed that neither Party will be entitled to terminate this Agreement based on the issues under dispute until the dispute is finally resolved. The Parties may, however, agree to terminate this Agreement.

42.15 A demand by a Party to submit a dispute to arbitration in terms of this clause 42 is adequate legal process to interrupt prescription in terms of section 15(6) of the Prescription Act, 1969.

43 General

43.1 This Agreement is the whole agreement between the Parties in regard to its subject matter.

43.2 No addition to or variation or consensual cancellation of this Agreement, including this clause, has effect unless in writing and signed by the Parties.

43.3 No indulgence by a Party to another Party, or failure strictly to enforce the terms of this Agreement, is to be construed as a waiver or be capable of founding an estoppel.

43.4 The Parties undertake to do everything reasonable in their power necessary for or incidental to the effectiveness and performance of this Agreement.

43.5 Save as is specifically provided in this Agreement, no Party is entitled to cede any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the other Party affected by the transfer of rights or obligations, which consent shall not be unreasonably withheld or delayed.

43.6 Any illegal or unenforceable provision of this Agreement may be severed and the remaining provisions of this Agreement continue in force.

2 **Service Levels:**

2.1 Classification / Categorisation of Calls

Typically the following types of calls can be logged at the IT Service Desk by email or telephone at the email address and telephone number to be provided by the COJ to the Service Provider from time to time:

(1) Incidents: These are small changes and are typically logged on a daily basis. This would include:

(a) Requests to reset passwords;

The Service Provider must verify that the SAP number and requester name corresponds with the information on the SAP system. If the Service Provider is unsure about the confirmation of the signatures on the form, it must be re-verified with the specimen signature file prior to resetting the password.

Once the password has been reset, the Service Provider must notify the end-user of his / her new password via e-mail or telephone. The form must be signed to indicate that the work is completed and the COJ ERP Solution Support Administrator must be notified that the call can be closed.

(b) Initial request for access to SAP;

The appropriate CoJ Manager will sign the request form for access to the COJ's SAP system.

The Service Provider must verify that the SAP number and requester name corresponds with the information on the SAP system. If the Service Provider is unsure about the confirmation of the signatures on the form, it must be re-verified with the specimen signature file prior to amending the authorisation as requested. For new users, a user master must also be created and a password provided to the user before the call is considered to be closed.

Once the authorisation has been amended, the Service Provider must notify the end-user that his / her request has been completed via e-mail or telephone. The form must be signed to indicate that the work is completed and returned to the AD & SS (Application Development & Support Services).

(c) Requests for additional authorisation;

There would be instances where an end user would require additional support to perform their activities on the SAP system. The Service Provider will be contacted as the first line of support and only if the request can still not be completed should the AD & SS be contacted for further assistance. These would typically be:

(i) A request for information on how to perform a transaction;

(ii) A request for a report to be drawn;

(iii) A request on how to resolve an error experienced on the system.

In instances like these, the process is as follows:

(iv) If the matter is urgent, the end user can contact the Service Provider's first line support team telephonically quoting the RFS number to obtain assistance.

(v) Some calls may be of a nature where it cannot be resolved or fixed within the Service Levels. In these instances the Service Provider should issue a Change Request.

(d) Requests for information such as how to perform a transaction, although these types of queries would typically be answered by the Business Matter Experts;

(e) Request for training;

The AD & SS is also responsible for ensuring that end users receive training on SAP transactions and processes. Although there will be a standing schedule for training, the end user will still have to request to attend the relevant training.

The Training and Events Management (TEM) module of SAP will be used to facilitate the scheduling of SAP transactional and process training. When new people join the organisation or people are transferred to other areas of responsibility, the business line management will identify a need for these individuals to receive training and this will be registered using the TEM module of SAP. The scheduling of the training will be managed by the Service Provider and end users will be notified via e-mail about the actual training dates and venues.

Once the end users have received their training, a competency assessment must be passed by the end user prior to access being granted to the end user to the SAP system.

(f) Requests for changes / improvements: These are generally related to fixing errors (bugs) in the system and providing process improvement solutions;

2.2 The following service levels must be utilised to categorise all calls for service:

(1) Severity 1: A critical incident affecting production / service for multiple users or where business applications or services are unavailable. The resolution time is 5 days depending on the nature and intense of the request, to be agreed with all parties.

(2) Severity 2: A major incident or enquiry that has significant impact in one or more users or where a deadline is in jeopardy and there is potential business impact. The resolution time is 1 day unless the incident is of intense nature.

(3) Severity 3: A single user is affected with medium impact. The resolution time is 24 hours or a delivery date must be negotiated within 24 hours.

Subject: RE: Support Contracts

Richard,

Who will be communicating this officially to the EOH team? And to Business?

If the focus is changing we need to be able to inform Business that we are putting a freeze on accepting any new change requests.
We need to utilize David's CoR Planning progress report which gives a single view visibility of timelines to ensure that all current CoR's will be completed by end of March.
Also we need to have a common understanding of what the handover would entail otherwise we might just receive a list of CoR's that is outstanding. How will we be able to measure it?
Documentation on all CoR's with status "fixed" needs to be finally confirmed and the CoR's should be "confirmed".
Agreement with Business needs to be reached ito the CoR's with "not started" status and whether they expect the new Support team to continue with these requirements.

You mention that the team would not be as huge as now. What does that mean in practise? Will we have a core team like maybe 1 person per stream and then source in additional people as required?
Or will it be a call centre type setup with offsite resources?

Ito our requirements for instance do we point out that the core team needs to be: (using the current EOH consultants as an example)

BW and Hana
BW support – e.g. Ian?
Hana support –
Dependencies:
ABAP resource with BW ,Hana and BOBJ skills – e.g. Raj?

CRM
CRM4 – Service and Customer Interaction Centre – e.g. Zanele
CRM7 – Service – e.g. Khumbelo who is currently mostly doing 1st line support. So this is an as and when requirement and would probably be a requirement later on after upgrade.
Dependencies:
ABAP resource with CRM and middleware skills – e.g. Zwanai but not required on a fulltime basis.

ISU
Billing and Invoicing – e.g. Kelvin and Claudinah
Credit Management – e.g. Chandu

FICA – i.e Chris
Property Rates – e.g. Ayoob
E-clearances – e.g. Tshepo or do we bring in this resource on an as and when basis? From my understanding there is not a big need for change in this environment currently.
Device Management – e.g. Franklin
Works Management – e.g. Surya who also has a lot of XI experience.
Dependencies:
ABAP resource with Workflow – e.g. Mallik who is currently only coming in on Mondays anyway. So would this be an as and when requirement.
and Interface skills – e.g. Ramesh has extensive knowledge on LIS and Prasad resolves all PWB and Statement errors.
and e-service skills – e.g. Sudheer is helping out in this regard currently
JAVA developer – e.g. Pravan has left without being replaced so do we only require this on an as and when basis?
XI middleware – e.g. Ajay. Fulltime or as and when?

FI
Plant Maintenance
Project System
Funds Management
Sales and Distribution – all of these on an as and when basis and then probably only later after the upgrade/reimplementation.
Dependencies:
ABAP resource – e.g. Sudheer

My core teams as per above would consist of 8 people.

In terms of the ABAPers I mentioned 3 but Leshoto needs to advise whether we need them on a fulltime basis in addition to Letlhogonolo or not. John helps out in areas and also resolves EWA errors.
Similarly ito Authorisations Leshoto will have to mention his requirement.

Morning All

Please note that the A472 SAP support and A387 contracts are coming to end soon. The A472 is ending in March with transition support happening in Feb- March 2015.

The A387 is ending in December, currently the advert is out. The A472 contract advert will go out this weekend or first thing Monday.

Therefore the expectations are that you need to start working on the handover process to ensure that the COJ team is ready and prepared for take over. The A472 contract support structure will not be as huge as it is now.

Please contact me for further information.

Best regards

Also it seems that certain "camps" want to reduce the scope of this contract radically, even though they don't have the skills to run the system or the Billing department. This could create a "billing crisis" again. Unless the plan is to somehow obtain our skills in another way. Poaching/another partner.

Our support contract; the SAP upgrade and the IT outsource contracts are out at the same time. I don't think they will award all three to us. Dear Nyiko

Thanks for your email.

As per our telephone conversation, note that the matter is getting urgent attention and we will revert soonest on the way forward. For now, as communicated by the GED, the consultant and every other resource that is part of the contract should remain at their post and its business as usual until further notice. The same message has been communicated to the AD&SS management.

Kindly allow and afford us an opportunity to address the matter.

Please can we ensure that in our bids to COJ we commit that a certain percentage of the work and revenue will be allocated to the jozi@work program and we need to provide more less an estimate on how many smme's this allocation will benefit and number of jobs created. From my meeting last night this part is very critical.

In addition please can we include an option B in the upgrade that basically includes upgrade plus support and the potential value proposition to the city for combining which obviously should be price. We should be aggressive her as this can be used to justify giving us both upgrade and support.

Ebs/Pat we need a number urgently that can be allocated for goodwill ;) to the organization

Thanks

Jehan

Hi Guys,

As presented in yesterday's session, the City are keen for us to take them on a visit to Dubai and meet with Dubai Smart City around an exchange programme on the concept of Smart City.

We have previously spoken to the Dr Ayesha bin Bishr, head of Dubai Smart City.

We will use our partners in Dubai, to set this session up and create an agenda around it. I suggest that we also take them to City of Istanbul where Cozumevi are doing similarly exciting work with the Metro around Smart City enablement.

Hi Kirtan,

As per our discussion on the 15th March regarding the above event. We have secured a spot for the Metro Cities Premium hole at the Golf Challenge. We have opted to partner with CoJ and will brand this hole with EOH – CoJ as the Metro.

I would require an amount of about R65K to cover the following:-

- 2 X 4 Ball
- Golf Shirts and Caps
- Insurance for the COJ- hole in one prize of R100k
- All requirements for the hole that we are allocated to drinks etc...

I would appreciate it if you can assist me with this – our partners will be COJ for the LGBN.

LR

Hi Wyonne-Lee

As discussed please find amended quotation attached.

My apologies, supplier was mistaken about the warranty, this Samsung comes standard with a 1 year Onsite warranty, I have added the options for warranty upgrade onto the quotation.

Stock:
HP 450 – Stock available from suppliers.
Samsung Printer – ETA 4-6 Weeks

Hi Ebrahim

I received another updated quote for the laptops and printers.

Nikita informed me that the printer that was quoted for R15 000 will not be able to print A3 pages and according to Patrick it has to print A3. The next best is the Samsung. With this printer there are 2 different warranties:

On Site, extended 1 year warranty	P-CLX-AN1XJ05	1	R 6 072.00	R 6 072.00
On Site, extended 3 year warranty	P-CLX-CN1XJ05	1	R 11 507.00	R 11 507.00

uld you accept the quote as it stands now which warranty should we take.

All stock is readily available only the Samsung printer which will take between 4 to 6 weeks. The two smaller printers will be ready for delivery as well.

Your kind feedback will be appreciated.

Kind regards

BACKGROUND

The City has recently awarded EOH a contract to upgrade its SAP environment, in further pursuance of a more robust, enabling technology platform that delivers against many of the priority programme expectations, including that of becoming a Smart City.

These priorities aim to ensure that CoJ achieves a sustainable, resilient and livable society. The City's focus is currently on scaling up service delivery, initiating smart practices, preparing for new growth, accommodating urbanisation and the safeguarding of Johannesburg and its people. It is during this term that the importance of implementing sound practices, processes and continuing to ensure the City's financial stability be met through enablers and capabilities its SAP ecosystem supports.

SMART DUBAI

The City has four Flagship Programmes, aimed at radically transforming service delivery. It has committed to invest substantially to enjoy a prosperous future, and ensure that the welfare and wellbeing of all citizens and stakeholders is secured. Bridging the gap from strategy to execution; delivering and executing on this strategy and vision is of paramount importance. In preparing for its future, the City therefore needs to be mindful of the linkage between current decisions, future benefits and the optimal streamlined path in joining them.

The technology modernisation project addressed through the SAP upgrade, is not only imperative to the citizens of Johannesburg, but will also be looked upon to create precedence and reference for many other cities in South Africa and across the African continent, given the potential megacity status CoJ is earmarked to achieve in the same term of the GDS 2040 timelines.

Each of the 4 Flagship Programmes aims to target radical transformation, in particular, the focus of the Smart City Programme, is elucidated briefly below:-

The Smart City programme aims to grow the City's ability to provide affordable and universal access to communication services for its residents. The implementation of this programme will assist the City to enhance service delivery through interventions such as smart-metering for water and electricity services, e-services and widespread access to broadband). It is envisaged that the programme will improve City decision- making (e.g. through the integration of city-wide data into a single view), while also increasing economic activity through providing the technology and connectivity necessary for businesses and entrepreneurs to thrive. In 2016, the City aims to achieve 100% access to affordable internet services across City-owned buildings, and significant rollout of broadband access at the household level.

Furthermore, the attainment of six key capabilities in order to service delivery to citizens and achieve the City-2-Citizen mandate; namely:

- An **Integrated City** underpinned by systems which allow for data, information and analytics consolidation and improved decision making in planning and execution of the projects in the City. The integrated and smart city capability will look to provide citizens with a great place to live and work, using digital technologies for better connectivity and improved service delivery.
- An augmented and consolidated CoJ ICT **Shared Service** capability, to support and enhance the citizens active involvement and engagement and ensure standardisation and simplification of the systems, processes, data and reporting across the City's Core Administration and MOE's.
- A **single view of the Citizen** to better serve and respond to their needs and expectations.

- Improved **performance management** at both an entity and people level, to enhance the accountability cycle and ensure measurement and management of performance is effective.
- **Citizen centric service delivery** which is more efficient, productive and responsive to the needs of the citizens.
- **Smart City** imperatives and capabilities where the concepts of the intelligent, interconnected City permeates every project, initiative and outcome of the City, whilst remaining financial and administratively sustainable and resilient.

OBJECTIVES:

To give force to the concept of developmental local government, the City strives to be more pro-active in its approach to collaborating with citizens and business. It is only through meaningful partnerships that large-scale change will occur, thereby enabling the city to change its development trajectory, on the road to becoming a Smart City. To this end, the City would like to establish strategic partnerships with other Smart Cities, including Dubai.

In fulfilling its role as a strategic technology and knowledge services partner to CoJ, EOH is supporting the City in its Smart City journey. To this end, CoJ would like to connect with Smart Dubai (as an industry-leader globally) to explore its Smart City strategy and approach, in line with the envisaged transformation of CoJ into a world-class, Smart City. In particular, envisaged areas of focus for these discussions will explore, inter-alia;

Further understanding the Smart Dubai strategy and implementation plans:

- Blueprint –the guideline for the implementation of many Smart Services services across Dubai, including the Dubai Smart City Platform.
- Roadmap to support over 1000 smart services and 100 smart initiatives by 2017.
- Smart City Platform as a key enabler to the Smart Dubai programme
- Global Best Practices:
  - Stakeholder Collaboration: Smart Dubai approach to collaboration between government, private sector, vendors and associations.

Subject: Visit of a delegation from "City of Johannesburg"

Dear Mr Al Tayer, CEO of DEWA,

The City has recently decided to re-implement SAP environment, in further pursuance of a more robust, enabling technology platform that delivers against many of the priority programme expectations, including that of becoming a Smart City.

These priorities aim to ensure that the City achieves a sustainable, resilient and liveable society. The City's focus is currently on scaling up service delivery, initiating smart practices, preparing for new growth, accommodating urbanisation and the safeguarding of Johannesburg and its people.

To give force to the concept of developmental local government, the City strives to be more pro-active in its approach to collaborating with citizens and business. It is only through meaningful partnerships that large-scale change will occur, thereby enabling the city to change its development trajectory, on the road to becoming a Smart City. The City would like to establish strategic partnerships with other Smart Cities, including Dubai.

To this end, CoJ would like to connect with DEWA (as an industry-leader globally) to explore its contribution to a Smart City strategy and approach, in line with the envisaged transformation of CoJ into a world-class, Smart City. In this context a delegation of the City would like to visit DEWA between the 8th-11th August to understand the transformation of DEWA from an integrated Utility to a Smart Utility.

Key focus areas like Smart Metering in Water and excellence in Customer Services and how these improved services in DEWA support the Smart Dubai strategy. We would appreciate if you and/or your team could spend some time with us to share key achievements and the roadmap of DEWA.

Yours Sincerely

Ishwar Ramdas

COMMISSION OF INQUIRY INTO STATE CAPTURE

EOH
Mthombo

3rd December 2014

Mr Reggie Boqo
Chief Financial Officer
City of Johannesburg

Dear Mr Boqo

1. SAP LIMITED / UNLIMITED LICENCES

The City of Johannesburg's SAP Limited / Unlimited licences has expired in August 2014. EOH understands the implication and business risk associated without having the requisite licence agreements in place. In our capacity as your appointed professional SAP Partner, we have taken the lead and procured the licences at risk directly from SAP, on behalf of the City of Johannesburg. This will ensure that there is no disruption and impact to the City of Johannesburg's operations, maintenance and support requirements.
We need to urgently expedite the transfer of the SAP licences to the City of Johannesburg.

2. UPGRADE AND IMPLEMENTATION OF ADDITIONAL SAP FUNCTIONALITY

Following our last meeting where we presented the way forward, EOH and SAP have since entered into an exclusive agreement where we will collaborate to realise the roadmap for the City of Johannesburg, as workshopped with you and your team. Can urgently meet with you to finalise the way forward.

3. HANA FOR REPORTING

The HANA appliance being used is in a fragile state and is incapable of producing the outputs required by business, which are being developed through our reporting intervention. This risk has been raised in the status reports distributed by our onsite Project Manager. Due to the severity of the situation, EOH will conduct the required upgrades at risk to ensure that the reports developed can be utilised.

Yours sincerely,

Ebrahim Laher

SOFTWARE LICENSE CLARIFICATION DOCUMENT

COMMISSION OF INQUIRY INTO STATE CAPTURE

LCB

Preamble

On Wednesday the 29th of July Molaodi Khutsoane from the City of Johannesburg convened a meeting with SAP and EOH. An outcome of the meeting was for SAP and EOH to produce a clarification document explaining the different invoices that the City has received for Software Licenses and Maintenance.

Background – CoJ Licensing

- In 2010 COJ entered into a Limited/Unlimited software licensing contract with SAP. This contract construct is only offered to SAP's strategic customers.
- This Limited/Unlimited contract had an unlimited usage rights for a predefined Bill of Material for a period of 5 years. This agreement expired in September 2014.
- EOH understood the implication and business risk associated without having the requisite license agreements in place. EOH strategically negotiated the continuation of the Limited/Unlimited Licenses in August 2014. Due to EOH partner status with SAP it was able to secure pricing that was more favourable than if CoJ did this transaction directly with SAP.
- This ensured that there would be no disruption and impact to the City of Johannesburg's operations, maintenance and support and that CoJ would continue to benefit from the favourable terms of this Limited/Unlimited contract.
- Failure to renew the Limited/Unlimited contract would have resulted in the CoJ being subjected to annual software license audits by SAP.
- CoJ would have been billed for the additional software licenses outside the expired contract.
- This could have resulted in additional software licensing costs almost 3 times as much as the rates in the Limited/Unlimited contract

Payment Motivation

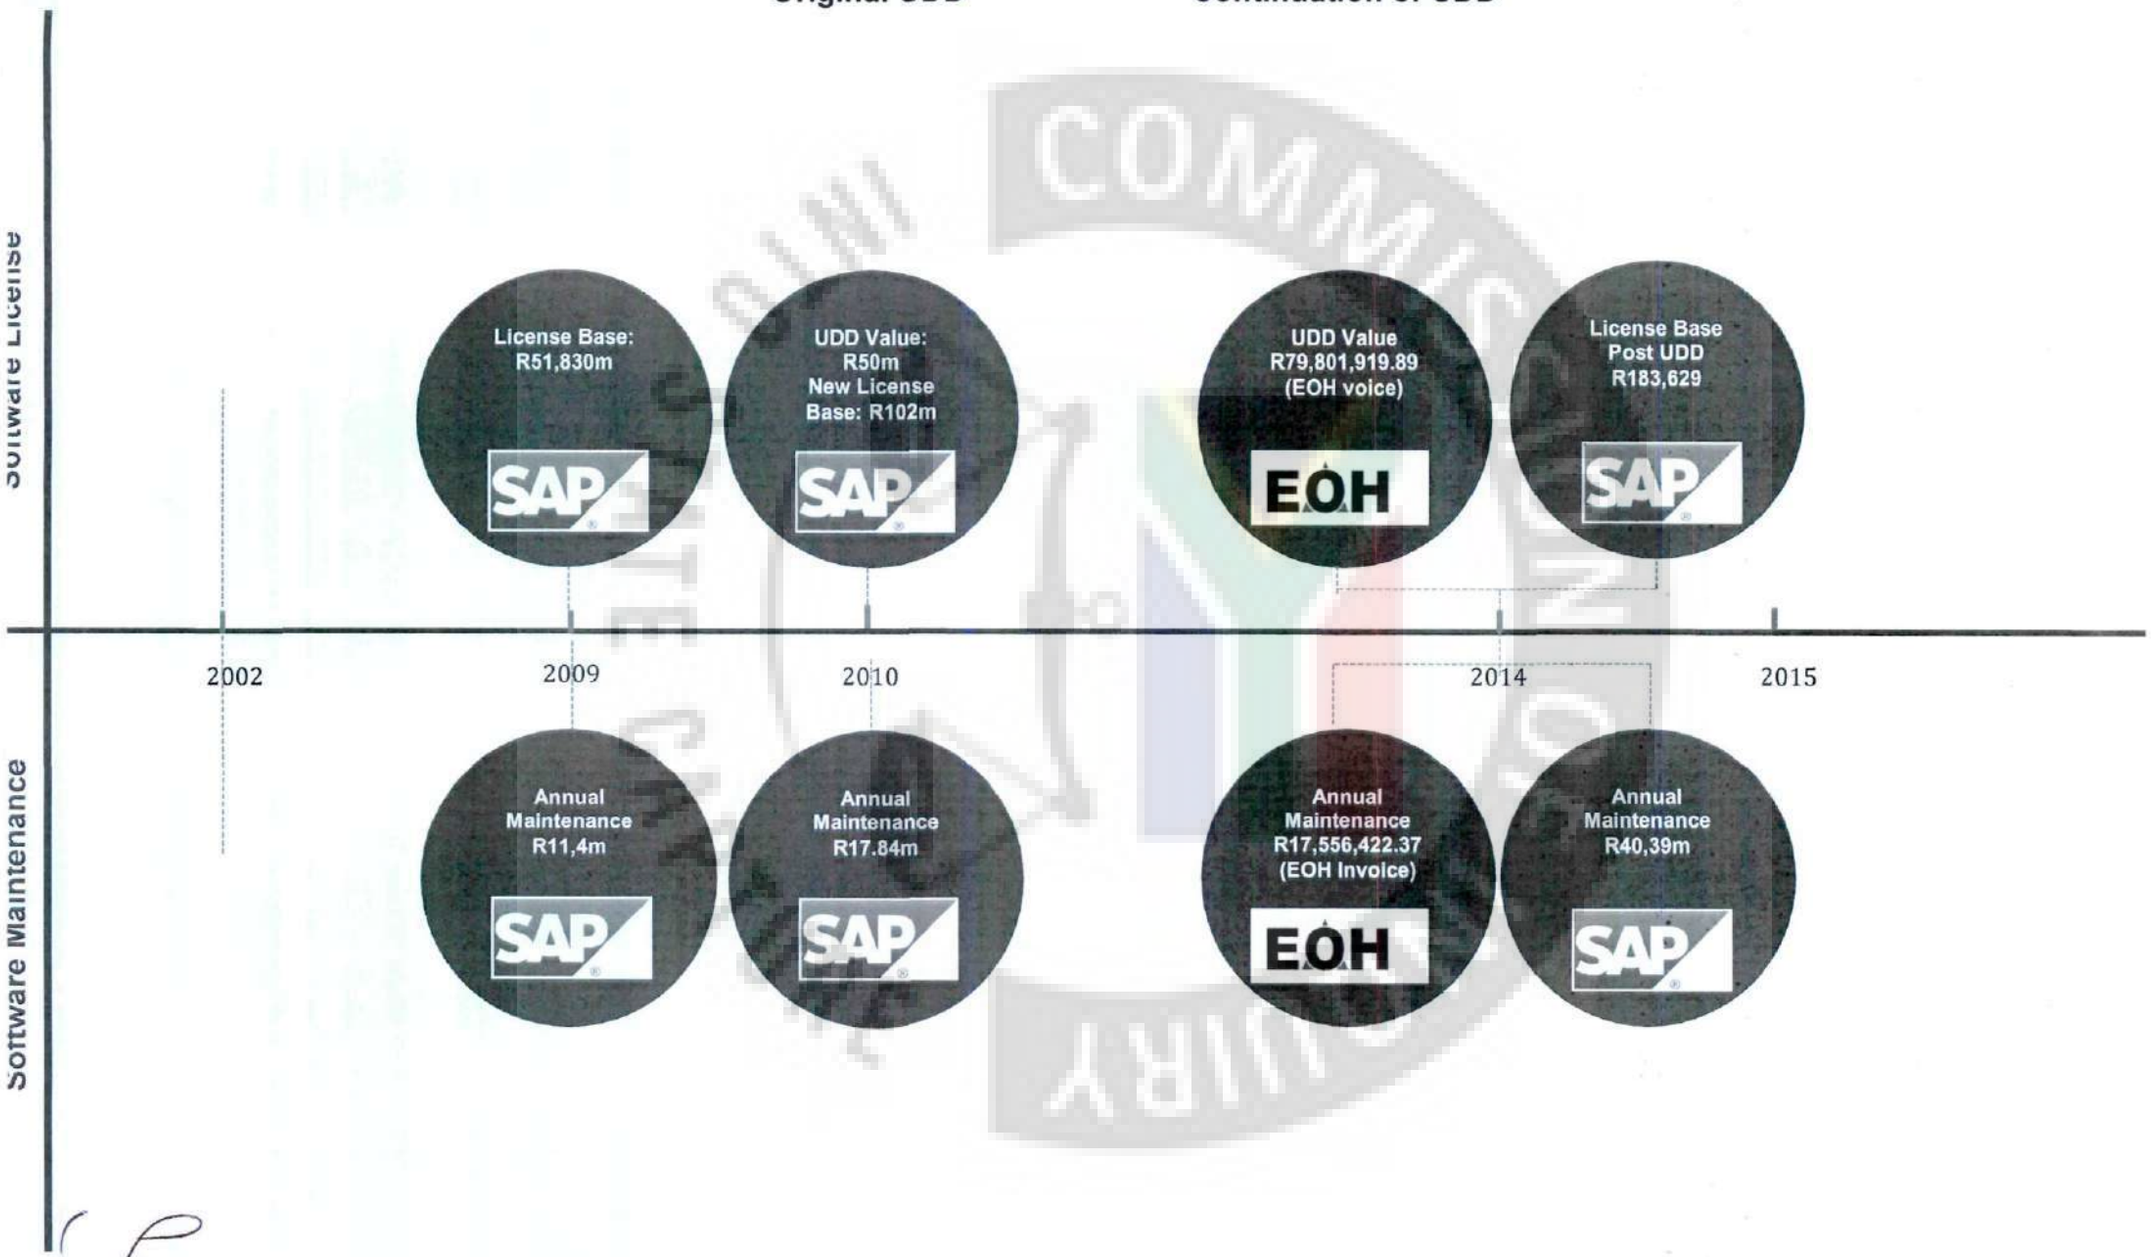

The renewed contract therefore ensures that CoJ is now fully compliant.
Once CoJ pays EOH the amount of R97,557,241.26 (incl. VAT) for the renewed contract, the licenses will be transferred from EOH to CoJ.

Software Maintenance

- Software Maintenance service is provided by SAP.
- This amount is billed on an annual basis at a rate of 22% on the total license base of CoJ.
- Maintenance service provides CoJ with software version upgrades, patches, technical support and escalation support.

Morning Colleagues

Sincere apologies for the late response. Refer to the attached document from EOH regarding clarification of the software licenses between SAP and EOH – as per the Mike's Kitchen meeting. In order for the city to conclude this matter, the following must be resolved:

- Both SAP and EOH must agree to and sign the clarification document; and
- Such should then be forwarded to the city for final processing/decision making.

Hope you'll find the above in order.

Regards
Molaodi

Hi Pat,

Thanks for this.

My suggestion is we meet with Isobel tomorrow morning to discuss our response.

I would like to push for a third paid this week and the other two over next two months by way of bank guarantees.

Subject:	COJ SAP License Payment

Hi All,

I met with SAP this afternoon and we were able to at last get the required letter to the COJ from SAP listing us as the party that they used to sell this deal.

I then called Richard at COJ and sent him a copy of the letter. He confirmed the letter as well said that their legal team had completed the justification as Trevor had asked for at EAC. He did unfortunately say that the next EAC is scheduled for the 20th October only.

I indicated that this was unacceptable and required another mechanism to speed up. He then said if Reggie, the CFO could task Richard to go to Trevor to get this signed, we would be able to get payment done as early as Tuesday.

@Pat: can we please get Reggie to do this urgently. Also please give status directly to Asher, as I am out of town until Friday.

Regards,

EOH SAP Services

SOFTWARE LICENSE AND SUPPORT AGREEMENT
Software Order Form 1 ("Order Form")
effective as of the date of last signature below ("Effective Date")

between ***Systems Applications Products (South Africa) (Proprietary) Limited***
SAP Business Park, 1 Woodmead Drive, Woodmead, South Africa
(hereinafter "SAP")

and ***EOH MTHOMBO LIMITED***
EOH Business Office Park
Osborne Avenue
Bedfordview
2026
(hereinafter "Licensee")

SAP Customer Number: 1006511

PREAMBLE:
SAP and Licensee agree that this Order Form is a binding agreement for SAP software licenses and support, governed by the terms and conditions of the SAP Software General Terms and Conditions ("**GTC**"), all Schedules referenced by the GTC and/or Order Form ("**Schedules**") and the applicable Software Use Rights document ("**Use Terms**") current at the time of execution of this Order Form, copies of which are found at http://www.sap.com/agreements/sub-saharan-africa and made a part hereof. All components are integral to this agreement, and collectively are referred to herein as the "**Agreement**". Licensee acknowledges it has had the opportunity to review the Agreement, including without limitation the GTC, Schedules and Use Terms, prior to executing this Order Form. SAP recommends Licensee prints copies of the applicable GTC, Schedules and Use Terms for Licensee's own records.

Notwithstanding the date of signature hereof, this Agreement shall become **effective on 19 December 2014** ("**Effective Date**").

1. LICENSED SOFTWARE AND FEES

The Software licensed to Licensee pursuant to this Order Form and associated fees consists of the component(s) identified in Schedule 1 and specified as being licensed ("Software"). All license fees are net after discount, if applicable. The total Net License Fee is set forth in Schedule 1.

2. TERRITORY

Worldwide, subject to applicable export control laws as may be updated from time to time by the applicable jurisdiction and subject to Section 12.4 of the GTC.

3. SAP SUPPORT SERVICES AND FEES

3.1 SAP and Licensee agree that SAP Support is offered by SAP as set forth in the applicable SAP Support Schedule found at http://www.sap.com/agreements/sub-saharan-africa.

3.2 SAP Support shall commence as of the first day of the month following the Effective Date. The initial term of SAP Support is the remainder of the calendar year from the Effective Date and the next full calendar year (except in cases of Effective Date commencing on January 1 of a respective calendar year, in which case the initial term will run until December 31st of the respective calendar year) ("Initial Term"). After the Initial Term and subject to the Agreement and SAP Support Schedule, SAP Support shall renew at the beginning of each calendar year for the subsequent one year period. SAP Annual

Please initial here

Support Fees shall be paid annually in advance and shall be as specified below. After the Initial Term, any limitations on increases to the SAP Support Fees are subject to Licensee's compliance with the Customer COE requirements specified in the applicable SAP Support Schedule.

Enterprise Support:

3.3 The SAP Enterprise Support Fee for the Software licensed under this Order Form is priced at the then current annual SAP Enterprise Support Factor in effect (currently 22%) multiplied by the total Net License Fee for the licensed Software stated in Schedule 1. The current annual SAP Enterprise Support Fee for the Software licensed under this Order Form is set forth in Schedule 1. SAP agrees that the SAP Enterprise Support Factor shall remain at 22% until December 31, 2016. Thereafter, the SAP Enterprise Support Fee is subject to change once during a calendar year upon three (3) months' notice to Licensee.

3.4 Not raising fees in any given year or years is not a waiver of SAP's right to do so. SAP Support Fees are invoiced on an annual basis effective January 1 of a calendar year. Any SAP Support Fees due prior to January 1 are invoiced on a pro-rata basis for the given calendar year in effect. SAP Support Fees will increase as additional software is licensed.

4. PAYMENT TERMS

All fees are in the currency set forth in Schedule 1 and do not include Taxes. SAP has agreed to provide Licensee with payment terms of 90 (ninety) days from date of invoice for the Software license fees, as per Section 1 above. SAP Enterprise Support fee invoices for the Software shall be payable by Licensee to SAP 30 (thirty) days from date of invoice.

5. DELIVERY

5.1 No Software is delivered where the Licensee is licensing only additional quantities of Software licensed previously. If Software was not licensed previously, SAP will deliver the Software by providing to Licensee the standard programs and documentation, effected by supplying them on disc or other data media to common carrier, with delivery address as stated in Section 6 of this Order Form (physical shipment) or making it available for download through the SAP ServiceMarketplace (http://service.sap.com/swdc) (electronic delivery). The risk of loss passes at the time of such physical shipment or electronic delivery.

5.2 Licensee confirms that it has access to SAP Service Marketplace as required to download the Software licensed under this Agreement.

5.3 Unless otherwise agreed, SAP will deliver the release of Software that is current at the time of the Effective Date of this Order Form. Licensee agrees and understands that the calculation of sales tax in accordance with applicable jurisdictional sales tax laws, which shall be the responsibility of Licensee, may be affected by the delivery method of the Software (and corresponding SAP Support) as addressed herein. Delivery of Software is subject to the conditions contained in Section 2 of this Order Form, and SAP is not responsible for delays in or prevention of delivery due to application of applicable export laws.

7. SOFTWARE EXCHANGE OPTION

7.1 Until **31 October 2017**, Licensee shall have the option, once per calendar year, to exchange any number of the licensed Named Users and/or SAP Software detailed in Schedule 1, unless specifically excluded ("Exchange Option Software"), for which such License Fees and current Support Fees have been paid by Licensee, for a one hundred percent (100%) credit of the Net License Fees applicable to such Exchange Option Software to be applied towards the licensing of additional Named Users and/or SAP Software that have been delivered and licensed hereunder.

7.2 This Exchange Option does not apply to SAP branded, Hana, Sybase products, non-discountable and Third Party Software and third party database, and any software products from entities acquired by SAP after June 2010 and any Software expressly excluded under Schedule 1 hereto.

7.3 In the event SAP Software, other than Named Users is exchanged, 100% of such licensed Software metric must be exchanged and Licensee shall discontinue Use of such exchanged Software.

7.4 Upon written notice from Licensee regarding its exercising of such exchange option, SAP will issue an Amendment to this Order Form modifying the Named User count or Software metric detailed herein. In the event such exchange results in additional Named Users or a Software metric beyond the total quantity of Named Users or Software metric licensed herein such that the total License Fees of those Named Users or Software received exceeds the total Net License Fees of the Named Users or SAP Software exchanged or requires the licensing of third-party software, then Licensee shall be responsible for all additional SAP Software and Named User License Fees (including third-party software fees).

7.5 There shall be no refunds or credits based on such exchanges and such exchange will not reduce Support Fees.

8. ASSIGNMENT

Notwithstanding clause 11 (Assignment) of the GTC, SAP hereby agrees that Licensee shall have a one-time right to assign this Order Form to City of Johannesburg, an entity situated in South Africa, ("transferee") subject to the following conditions: (1) Licensee has paid to SAP in full the License Fees and 2015 Support Fees payable under this Order Form; (2) Licensee provides SAP with a written request for such transfer in which the transferee agrees to abide by the terms of this Order Form; (3) Licensee shall undertake in writing that it shall pass the Software licensed herein to the transferee and delete all copies made thereof and cease any use of such Software on or after the date of any such assignment; (4) transferee shall enter into a mutually agreeable assignment agreement with the Licensee and SAP confirming the assignment of this Order Form; and (5) such assignment must take place **prior to 24 March 2015.**

For the avoidance of doubt, should the Agreement not be transferred by the Licensee as per the above, the transfer option shall automatically fall away and Licensee shall remain responsible for all obligations contained in this Agreement, including payment of ongoing SAP Support Fees.

9. VERIFICATION

Further to Section 3 of the GTC (Verification), SAP hereby confirms that it shall not perform an audit on the usage of the SAP Materials by Licensee prior to 1 March 2016.

10. VALIDITY OF OFFER

The validity of this offer will **expire on 31 October 2014**, unless sooner executed by Licensee, or extended in writing by SAP.

PROPOSED MESSAGES FOR REA VAYA SERVICES 2 JUNE 2016

A. **Messages before the event**

The ANC has contracted Rea Vaya to provide transport for supporters travelling between the inner city and FNB Stadium to attend the ANC Provincial Manifesto Launch on Saturday 4th June 2016.

Inner City ANC members should contact their branch co-ordinators to get armbands entitling them to access the buses. No person will be allowed on the Rea Vaya buses for free without an armband.

In addition, Rea Vaya will open the FNB Stadium Station so that any person wanting to use Rea Vaya to get to the Stadium can do so. They will either need to use their smart card or buy a single ticket for R13.80.

Supporters can get to FNB Stadium using Rea Vaya services from the following areas: Soweto, Inner City, Ellis Park, Braamfontein, Yeoville, Parktown, Cresta, Auckland Park, Westbury, Bosmont, New Canada, Florida North and Eldorado Park. The frequency of the service will be approximately 20 minutes.

Supporters travelling on the T3 will need to transfer and connect with the T1 or C1 to get to the FNB Stadium.

B. **Messages for Saturday 4th June**

No armband, no free ride to FNB Stadium. Collect your arm band through your branch.

Wanting to go to ANC rally? You can travel for R26.50 return to FNB Stadium from any Rea Vaya station.

The last bus from the Rea Vaya Soccer City Station will leave at 18h30.

COMMISSION OF INQUIRY
INTO STATE CAPTURE

Affidavit

I, the undersigned,

Stephen van Coller

do hereby make oath and say that:

Introduction

1. I am currently the Group Chief Executive Officer ("**CEO**") at EOH Holdings Limited ("**EOH**") and make this submission in this capacity.

2. EOH is a public company incorporated in accordance with the laws of the Republic of South Africa, with its operations situated at EOH Business Park, Gillooly's View, Osborne Lane, Bedfordview. EOH is the largest Information, Communication and Technology (ICT) company in Africa, and plays an important role in the South African economy.

3. Unless otherwise indicated, the facts contained in this affidavit are within my personal knowledge, or arise from documents under my control, and are, to the best of my knowledge and belief, true and correct.

4. I have a B.Com (Hons) from Stellenbosch University, a Higher Diploma in Accounting from Natal University and I am a registered Chartered Accountant in South Africa.

5. I completed my articles at Ernst and Young and have 20 years' experience in the Financial Services industry. I was employed for about 10 years at Deutsche Bank in South Africa, eventually becoming a managing director and executive committee member of the investment banking division.

6. I was thereafter employed for about 10 years at Barclays Africa. After about three years of employment with Barclays Africa, I was promoted to Group Executive and CEO of the Corporate and Investment Banking division and held that position for about seven years.

7. Prior to joining EOH, I was employed at MTN for about two years and when I left MTN, I was the Vice President and executive committee member of Data, Digital and Corporate Development.

8. EOH's submission of information and presentation of evidence to the Zondo Commission is in line with the Board's commitment that the company would provide full assistance and co-operation with any regulatory authorities and law enforcement agencies regarding the findings of EOH's independent forensic investigations.

9. EOH has already co-operated and provided information to National Treasury, the Financial Intelligence Centre, South African Police Services ("**SAPS**"), South African Revenue Services ("**SARS**") and the major South African banks.

10. Before referring to the Commission's specific queries, I set out hereunder relevant background information in regard to EOH, the cancellation of a contract by Microsoft and the steps that the reconstituted board of EOH took to improve governance at EOH.

Background

11. I joined EOH at the request of the founder, Asher Bohbot ("**Bohbot**"), who was looking firstly to retire and secondly for someone to, as he termed it, professionalise EOH.

12. Bohbot had approached me early in 2017 to join EOH but I declined as we could not agree on the job scope and requirements.

13. He subsequently appointed Zunaid Mayet ("**Mayet**") as his replacement CEO in mid-2017 and retired. Bohbot returned as Chairman in early 2018 and approached me again in mid-2018 to assist in "professionalising" EOH. I accepted the offer to serve as Group CEO of EOH.

14. Mayet stepped down as Group CEO when I assumed the position of Group CEO of EOH. I commenced employment at EOH on 03 September 2018. Mayet became the CEO of EOH subsidiary, Nextec.

15. Prior to my appointment as Group CEO of EOH, the company had already been the subject of adverse media reports related to, *inter alia*, corporate governance and probity concerns. These media reports had also negatively impacted the EOH share price.

16. Upon my arrival at EOH in September 2018, I immediately initiated a number of interventions to establish the veracity of the media allegations against EOH, and to enhance governance and ethical standards throughout the company.

17. These interventions in the first few months of my tenure as Group CEO from September 2018 included, but were not limited to:

    17.1. significantly broadening the scope of the independent law firm ENSafrica and their subsidiary ENS Forensics' (jointly "**ENS**") forensic investigations and allowing them unfettered access to EOH emails and books and records;

    17.2. assessing the quality of anti-bribery controls and governance in place at EOH; and

    17.3. personally addressing the senior leadership teams of EOH Group subsidiaries on Anti-Bribery obligations at "Ambassador Anti-Bribery and Corruption training sessions" that were held in Johannesburg, Durban and Cape Town, where I emphasised that there is only one way to do business, and that is ethically.

18. Within the first two months, it was evident to me that there might be issues regarding the revenue and asset recognition in the accounts of the company. The fast-declining return on assets and declining cash conversion rates between 2014 to 2018 were evidence of this. I published two graphs in the 2019 year-end financial accounts presentation illustrating this. They can be accessed at https://www.eoh.co.za/investor-relations/previous-financial -results/2019/ on page 6.

19. I had immediate concerns about the lack of attention to corporate governance and control mechanisms. This, together with some of the early feedback meetings with ENS, highlighted issues regarding the ethical conduct of some of the senior leadership team who, it appeared, had been derelict in their duties to provide adequate governance controls and oversight, as would typically be required of a JSE listed entity.

20. As a result of this and my early concerns, the Financial Director was requested to resign. EOH commenced the search for a new Financial Director and also decided to appoint a treasurer to closely manage the cash flows.

21. The treasurer was appointed in November 2018 and a new Financial Director started during January 2019.

22. Furthermore, the board was not King Code compliant. This was largely because there were four Executive Directors, three non-executive directors who had been on the board for longer than 10 years and a fourth non-executive director who was previously an executive and had not had the required three-year cooling off period.

    22.1. As a result of the above factors, the Chairman and Founder (**"Bohbot"**) stepped down at the Annual General Meeting in February 2019 along with the two other long serving directors.

    22.2. EOH appointed the University of Stellenbosch Centre for Corporate Governance in Africa to review the board committees and assist with an overhaul of all the policies and procedures required for a listed company.

Microsoft

23. On 8 February 2019, I received a notice to terminate the Microsoft Channel Partner and Microsoft Partner Network agreements executed between Microsoft Ireland Operations Limited (**"Microsoft"**) and EOH.

24. At the time, I reached out to Microsoft's local leadership team to gain an understanding of the concerns that culminated in the decision by Microsoft to cancel the above agreements without cause.

25. My team and I held a meeting on 11 February 2019 with Microsoft management at the Sandton offices of the law firm, Dentons, in which we urged Microsoft to provide us with information so that we could address any alleged wrongdoing within EOH. We also tried to persuade the local Microsoft management team to consider less drastic alternatives to outright cancellation of the agreements.

26. Microsoft's local management team (many of whom have since exited the business) were, however, unwilling to share any information with us, or to reconsider the intended termination. After 30 days, Microsoft proceeded to cancel the agreements with EOH.

27. On Monday 11 February 2019, I was contacted by a journalist from the online media publication, *Techcentral*, Duncan Mcleod (**"Mcleod"**), who informed me that a whistle-blower had given him details of what the whistle-blower asserted was a fraud on Microsoft contracts with the Department of Defence ("**DoD**") and South Africa Police Service ("**SAPS**").

28. Mcleod later published these allegations on the *Techcentral* website via two different articles: https://techcentral.co.za/microsoft-terminates-partner-agreements-with-eoh/87357 and https://techcentral.co.za/eoh-microsoft-ensnared-in-sec-corruption-complaint/87543

29. As a consequence of the Microsoft cancellation and the allegations made by the whistle-blower, I mandated ENS to conduct a comprehensive investigation into the Microsoft agreements, as well as other large public sector contracts, in order to try to identify any wrongdoing in the acquisition, award or execution of such contracts.

30. EOH held its AGM on 20 February 2019. Subsequent to the abovementioned AGM, a new reduced Board of EOH under the interim Chair, Jesmane Boggenpoel, gave ENS unfettered access to all EOH information, financial records and other documentation required for the purposes of conducting the above-mentioned comprehensive investigation.

31. Furthermore, the Board set up weekly sub-committee meetings with ENS to get updates in regard to its investigations.

32. A new chair and three new board members were appointed by July 2019. Three executives that were suspected of wrong-doing or governance failures were asked to leave and did so.

33. The reconstituted board decided to take decisive action against all alleged perpetrators and those who had allowed poor governance and system and process failures to thrive under their watch.

34. By July 2019, EOH had a new executive team. EOH Group also at this stage had a board composition that complied with the King Code for the first time.

35. Following the appointment of a new Financial Director, EOH appointed PWC to conduct a detailed review of the 2018 financial year end balances and revenue recognition. This review was concluded in September 2019 and resulted in the restatement of the 2018 financial year results.

Core findings of the ENS investigation:

36. On 16 July 2019, EOH released an update detailing the initial findings of the ongoing investigation by ENS. EOH reported the findings in the 2019 annual results' presentation. This can be accessed at https://www.eoh.co.za/investor-relations/previous-financial -results/2019/ on pages 21 and 22.

37. ENS found evidence of governance failings and suspected wrongdoing at EOH, including unsubstantiated payments, suspected tender irregularities and other suspected unethical business dealings.

Key themes identified by ENSafrica include the following:

38. Multiple points of failure in governance and oversight mechanisms, inadequate and ineffective controls and inadequate systems thus creating an enabling environment for wrongdoing, including:

38.1. opaque Delegation of Authority (DOA) with significant responsibilities granted to a few executives;

38.2. artificial/inflated software licence sales;

38.3. potential tender irregularities;

38.4. use of politically connected middlemen that are suspected to have been used as introducers and sales agents;

38.5. payments being made to subcontractors in circumstances where there is no evidence that work was done by the said subcontractors. (at the time, these payments totalled R1,2 billion, including VAT and on further investigation, it is currently suspected that the potential irregular payments stand at approximately R865 million); and

38.6. suspected inappropriate gifting, sponsorships and donations.

39. EOH's board instructed attorneys to issue summons to recover damages from the alleged perpetrators.

40. Following the initial investigations by ENS, an update was released by EOH and can be accessed on the EOH website at the following address: https://www.eoh.co.za/interim-update-on-the-detailed-forensic-investigation/. This update is attached to this affidavit as **SvC 1**.

41. EOH was unable to "follow the money" to substantiate its suspicions in all instances and has engaged with various law enforcement agencies and Government departments in relation to the findings of the ENS investigation, including:

41.1. SAPS, the Directorate of Priority Crime Investigations ("**DPCI**"), the Special Investigation Unit ("**SIU**");

41.2. The State Information Technology Agency (**"SITA**"); and

41.3. National Treasury, the South African Revenue Services ("**SARS**") and other relevant government departments impacted by the investigation.

42. In addition, EOH has fulfilled its regulatory reporting obligations and in this regard EOH has made a number of reports to the DPCI in terms of Section 34 of the Prevention and Combating of Corrupt Activities Act ("**PreCCA**").

Enhanced Risk & Compliance Governance Framework

43. Running in parallel to the ENS investigations, EOH had set about establishing a dedicated compliance team and has overseen the implementation of extensive enhancements to the compliance programme and control environment to ensure that identified gaps and deficiencies are addressed. These enhancements included the following:

43.1. **Tone from the Top** - Leadership commitment to anti-bribery and corruption compliance;

43.2. **Training and Awareness** - Face to face dedicated anti-bribery and corruption training for employees in addition to online training on the newly adopted code of conduct. This training achieved a 93 per cent attendance and completion rate;

43.3. **Compliance Policy Framework** – some of the new policies that EOH has implemented include:

43.3.1. Anti-Bribery and Corruption Policy (including sections on Introducer's and Strategic Transaction Risk)),

43.3.2. Fraud Risk Policy,

43.3.3. Gifts and Entertainment Policy (including a section on donations to Political Parties),

43.3.4. Conflict of Interest Policy (including a section on Outside Business Interests),

43.3.5. Whistleblowing Policy,

43.3.6. Anti-Money Laundering, Terrorist Financing and Sanctions Policy,

43.3.7. EOH Share Dealing Policy;

43.3.8. Regulatory Change and Relations Policy;

43.3.9. Procurement Policy; and

43.3.10. Competition Compliance Policy.

43.4. **Enhanced Risk & Compliance Governance Framework:** ENS, PWC and the University of Stellenbosch Centre for Corporate Governance in Africa were retained to support the implementation of the new risk governance framework to ensure an effective basis for the company to move forward. Improvements include:

43.4.1. Appointment of new Group CEO (Stephen Van Coller);

43.4.2. Appointment of a new Financial Director (Megan Pydigadu) - Qualification - B Com (Accounting), HDip Acc, CA(SA), having held senior financial positions at De Beers and Bateman and most recently she was chief financial officer for Mix Telematics, a JSE- and New York-listed company;

43.4.3. Appointment of a Chief Risk Officer (Fatima Newman) - Qualification - BA (Law), Certificate in Compliance Management, Leadership Programme (Singularity University) with 25 years of experience as a strategic leader of risk, compliance, regulatory and governance oversight in banking and financial services, stockbroking, asset management and corporate finance;

43.4.4. Appointment of a Head of Risk (Cara Laing), CA(SA) and previously Head of Risk at Mix Telematics;

43.4.5. Appointment of a Head of Compliance (Garreth Young), BA LLB (Admitted Attorney) and previously Head of Compliance and Governance, Risk and Control for ABSA Corporate and Investment Bank;

43.4.6. Appointment of a Head of Legal (Damian Naicken), LLB (Admitted Attorney) and previously Group Legal Manager for the Servest Group;

43.4.7. Appointment of a Head of Internal Auditing (Kaamil Buckas), CA(SA) and previously Regional Executive: Audit and Risk for Liquid Telecommunication;

43.4.8. Constitution of a new independent Board aligned with King IV principles to support independence and governance;

43.4.9. Appointment of Dr Xolani Mkhwanazi as new Chairman. Sadly, Dr Makhwanazi passed away in January 2020 and Mr. Andrew Mthembu was appointed as new Chairman to continue the work of aligning EOH with King Codes of Corporate Governance principles;

43.4.10. Implementation of a new risk governance framework (policies, procedures, guidelines). The new framework requires reports to the chair of the EOH Board's Audit Committee, Social and Ethics Committee and Risk and Governance Committee;

43.4.11. Re-formulation of the Enterprise Risk Management Framework, the Code of Conduct, and the Information Security Policy. These changes have been introduced to enhance governance in consultation with the University of Stellenbosch's School of Business risk governance faculty;

43.4.12. Re-statement and communication of the EOH Zero Tolerance Against Bribery and Corruption statement and EOH Code of Conduct. Copies of these policies are published and available to staff and to customers or suppliers upon request;

43.4.13. Implementation of a Conflicts Management Control Room within the Compliance function which conducts a due diligence on all third parties and the respective proposed engagements prior to said engagements. The due diligence includes but is not limited to checks for Adverse Media, Politically Exposed or Influential Persons, internally restricted third parties and potential conflicts of interest; and

43.4.14. Implementation of an automated Compliance Portal and electronic attestation process which allows, amongst others, for (a) access to policies (b) ABC attestations, (c) Gift and Entertainment registration (d) conflict of interest disclosures and (e) EOH Share dealing requests.

43.5. **Bid Review** - Between July 2018 and December 2019, ENSafrica conducted 559 bid reviews for EOH. These bid reviews included all public sector bids (local and international) and private sector bids (above R10 million – local and international) submitted by EOH Group. By January 2020, EOH developed internal capability for bid monitoring and review. EOH's Bid Review Committee is responsible for vetting all public sector bids in excess of R1 million and private sector bids in excess of R10 million. These bids are interrogated by specialists in various disciplines including compliance, legal, finance and risk.

43.6. **ISO 37001 Anti-Bribery Management System Assessment** - ENS has concluded an assessment of the EOH anti-bribery compliance program. ENS benchmarked EOH's enhanced compliance programme against the six principles contained in ISO 37001, the International standard for Anti-Bribery Management Standards (ABMS).

43.7. **Whistleblowing Mechanism** - Launch of the Expose-It mobile application – a whistleblowing tool which provides for anonymous and confidential reporting of concerns, inappropriate behaviour of any kind that could impact on EOH directly. Link available here online - https://www.eoh-fs.co.za/products/exposeit-mobile-app/

Further engagement with relevant authorities

44. Following an extensive investigation by the ENS we were able to submit information to the relevant authorities. We did not release all the information to the public immediately to give the authorities time to conduct investigations without impediment. These investigations are ongoing.

44.1. At the initial stage of the investigation three contracts were identified as having apparent irregularities including collusion to bypass SITA processes to enable over invoicing:

44.1.1. The three contracts related to Microsoft Licenses for the Department of Defence **("DOD")** in 2016 and 2017 and a contract for SAP licenses for the Department of Water and Sanitation ("**DWS**) in 2016. The recognition of a liability for the over-invoicing was provided for in the EOH Group 2019 year-end;

44.1.2. EOH declared the over-invoicing to the National Treasury at a meeting on 31 May 2019 and has already commenced reimbursing the Department of Defence for the over-charging, pursuant to an agreement with the Special Investigations Unit in terms of which EOH will repay approximately R42 million. EOH is in the process of arranging a similar reimbursement for overcharging the DWS.

44.2. Furthermore, during the ENS investigation, potential irregularities in relation to public sector contracts concluded during the period 2014 to 2018 were discovered. Suspected corrupt activity was reported under the Prevention and Combating of Corrupt Activities Act ("**PRECCA**").

44.3. I must emphasise that these are just suspicions and we trust that the investigations by the DPCI that will follow the making of the PRECCA reports, will shed more light on these suspicions. The majority of these affected contracts have already been completed.

45. **Business Governance Enhancements - Other changes in respect of enhanced governance at EOH include the following:**

45.1.1. All public sector work that was previously performed in the Public Sector business unit is now undertaken in business units that are the appropriate product centres of excellence;

45.1.2. Integration of the Public Sector bid office into a core, centralised bid office team in each entity improving standardisation, visibility and control; and

45.1.3. Implementation of new public sector business risk framework governing qualification of new business opportunities, particularly with high-risk entities.

45.1.4. EOH Finance department enhanced controls include:

45.1.4.1. Delegation of authority (DOA) devolved from the Board;

45.1.4.2. Combined assurance model;

45.1.4.3. Enhanced internal controls around financial statement close process;

45.1.4.4. Reporting of monthly results to EXCO in a standard format which includes balance sheet and income statement; and

45.1.4.5. Investment committee to assess acquisitions and disposals.

46. EOH has authorised Steven Powell from ENS, who led the forensic investigations at EOH referred to earlier and who is more familiar with the technical detail, to provide the Commission with information in response to the specific queries of the Commission regarding information related to payments from an account in the name of Jehan Mackay and transactions between Molelwane Consulting CC and the following entities and individuals, during the 2006 and 2018 periods:

46.1. Zylec Investments;

46.2. TSS Managed Services; and

46.3. Patrick Makhubedu.

Conclusion

47. We continue to co-operate with the authorities and improve our control framework in line with the board's zero tolerance stance on bribery and corruption. The new EOH leadership team will continue to ensure that any malfeasance uncovered in the past or future will be dealt with appropriately.

48. I can further confirm that:

48.1. individuals suspected of wrongdoing are no longer employed by the company. Several former employees, primarily from the public sector vertical team, have also been reported to law enforcement agencies;

48.2. EOH, with support from ENS, has fully co-operated and continues to engage with authorities including the DPCI, SARS and other law enforcement authorities. A number of Section 34 reports have been filed with the DPCI under the Prevention and Combating of Corrupt Activities Act ("**PreCCA**"); and

48.3. suspected individuals have been reported to the DPCI, including a number of government employees.

49. As a result of all the work done and breaking with the past, I am comfortable that the EOH of today is a fundamentally transformed business, committed to the highest standard of good governance, business integrity and ethics.

COMMISSIONER OF OATHS

COMMISSION OF INQUIRY INTO STATE CAPTURE

EOH

16 July 2019

Interim update on the detailed forensic investigation

1. Introduction

1.1. The EOH Board ("The Board") has received an update from ENSafrica ("ENS"), setting out their current findings of an investigation initiated by the Board and CEO in February 2019. ENS was requested to conduct a proactive comprehensive investigation into EOH Group (EOH) contracts to identify any wrongdoing or criminal conduct in the acquisition, award or execution of those contracts. ENS has had unfettered access to all information, financial records and other documentation required for the purposes of conducting this investigation.

1.2. These findings are the product of just over four months' work by ENS. Significant progress has been made on the investigation but additional work is still required before the investigation is concluded and finalised.

1.3. The bi-monthly update provided by ENS is considered by the Board and its advisors, which in turn informs areas for further investigation and remedial work.

1.4. The ENS investigation is confidential and subject to legal privilege and other restrictions. In this update, the Board makes available key findings and themes, together with preliminary views on remedial measures and next steps.

2. Core finding

The ENS investigation has found evidence of serious governance failings and wrongdoing at EOH, including unsubstantiated payments, tender irregularities and other unethical business dealings which are primarily limited to:

2.1.1. Public Sector business run from EOH Group head office;

2.1.2. EOH Mthombo (Pty) Ltd; and

2.1.3. A limited number of EOH head office employees (now ex-employees).

3. Key themes identified by ENS include the following:

3.1. Identification of multiple points of failure in governance and oversight mechanisms, inadequate and ineffective controls and appropriate systems thus creating an enabling environment for wrongdoing.

Reg no: 1998/014669/06

3.2. Opaque Delegation of Authority (DOA) with significant responsibilities granted to a few executives.

3.3. EOH employees conspiring with two preferred suppliers / partners to facilitate artificial / inflated software licence sales.

3.4. Tender irregularities.

3.5. Systemic use of connected middle-men recognised and used as introducers and sales agents.

3.6. Enterprise Development ("ED") subcontractors used on projects and payments made to such suppliers, where it is questionable whether *bona fide* work was done by the said suppliers.

3.7. Inappropriate gifting, sponsorships and donations.

3.8. Payments of R1.2bn (including VAT) to approximately 78 supplier entities are being investigated to determine whether appropriate work was done for services rendered. It is worth noting that 84% of the payments were made to 20 entities. These payments were largely related to contracts entered into during 2014 and 2017. The majority of these contracts have been completed.

4. Perpetrators

4.1. The employment relationship with EOH has been terminated with individuals who have been directly implicated in the identified wrongdoing.

4.2. EOH has reported the concerns and the details of the parties implicated in the irregularities to the Directorate for Priority Crimes Investigation ("**DPCI or the Hawks**") in terms of Section 34 of the Prevention and Combating of Corrupt Activities Act ("**PreCCA**").

4.3. The suspicious transactions arising from the investigation have been reported to the Financial Intelligence Centre in terms of Section 29 of the FIC Act.

4.4. EOH is committed to ensuring that all perpetrators of wrongdoing are brought to justice. EOH has instructed ENS to initiate criminal charges and lodge civil claims to recover losses, as appropriate.

4.5. The EOH Board will act decisively in respect of any further wrongdoing that is identified during the ongoing investigation, in line with its zero tolerance on corruption policy.

5. Remedial measures: implementation of controls and good governance

5.1. In light of these findings, the Group is documenting and developing a comprehensive remediation plan. A number of remediation measures have already been implemented and others will follow in due course.

5.2. Extensive work has already been conducted to revise the corporate structure, implement robust risk management and mitigation initiatives, appoint new leadership and increase transparency, accountability and reporting.

5.3. The recent appointments of a new Board chairman and three independent, non-executive directors are an important milestone for the EOH Group to enhance and complement leadership capability and governance oversight. The EOH Board is now aligned with King IV principles to support independence and governance.

5.4. The appointment of a new Group Financial Director was announced in January 2019. This appointment combined with a new Head of Treasury and Investor Relations have resulted in improved financial and fiscal discipline.

5.5. The position of Chief Commercial Officer has been created and filled to segregate duties between the finance function and the legal, risk and compliance functions. The Chief Commercial Officer will have a dual reporting line to the CEO and Audit and Risk Sub Committees of the Board.

5.6. The appointment of a new Public Sector business head.

5.7. With the assistance of the University of Stellenbosch Centre for Corporate Governance in Africa and PwC, the Group has recently drafted and released a Code of Conduct and Corporate Governance Framework, and implemented a policy framework to cover the following:

- Anti Bribery and Corruption (ABC) Compliance;
- Anti fraud and irregularities;
- Gifts and entertainment;
- Outside business interests;
- Conflicts of interest;
- Donations to political parties;
- Introducers and/or strategic transactions;
- Whistleblowing;
- Money laundering; and
- Sanctions.

5.8. PwC is assisting EOH in setting up an internal audit function.

5.9. ENS has assisted EOH in implementing its anti-bribery programme which is based upon ISO 37001, the International Standard for Anti Bribery Management Systems. EOH is on track to be fully aligned to the six principles of the standard by calendar year end 2019.

5.10. An EOH wide whistle blower app 'Expose it' has been launched to support confidential and anonymous ABC reporting to EOH. The app is also available commercially for use by EOH customers and any 3rd party.

5.11. A bid governance process framework has been implemented which includes:

5.11.1. Bid templates, controls, limits and mandates;

5.11.2. Review, monitoring and independent oversight; and

5.11.3. Supplier and customer (enhanced) due diligence to the extent necessary.

5.11.4. When bidding for contracts, EOH employees are prohibited from using introducers, sales agents or middlemen. No commission payments, gifts, including trips, equipment or any other incentive is permissible.

5.12. Advisors have been appointed to assist in the re-organisation and optimisation of the 272 legal entities into a more manageable structure. As a result:

5.12.1. Each individual business unit will have a clear go-to-market strategy with separate governance and capital structures to maximise their growth prospects;

5.12.2. A single consolidation and reporting tool; and

5.12.3. Delegation of Authority has been clarified and is being implemented.

5.13. The Group has already achieved over 50% of its targeted R1billion of disposals to reduce debt levels.

5.14. All enterprise development partners are required to meet the Group Know Your Client (KYC) process.

5.15. A Gift Policy has been introduced and EOH employees will no longer be able to accept gifts or invitations of more than R1 000 in cash or kind in South Africa (€100 or $100 outside of South Africa). If invited to product knowledge sessions or events, EOH will pay for its own flights, accommodation, subsistence and incidental expenses through its operating budgets. All gifts above R250 but below R1 000 must be disclosed, reported and recorded appropriately.

5.16. A Declaration of Interest Policy has been introduced and it is compulsory for all employees to annually declare any business interests, directorships and shareholdings.

5.17. In order for any employee to receive a commission or bonus or other incentive, the respective employee will be required to sign an anti-corruption warranty prior to such payment or award. The warranty will acknowledge the right of EOH to claw back any commissions or bonus if an employee has been identified to have broken any policies at any time in the past or future relating to such payment.

5.18. Employees are required to attend mandatory training on the newly implemented EOH governance, risk and compliance processes.

1 Purpose of this document

The purpose of this document is to provide the City of Johannesburg (CoJ) with a high level overview of the proposed Networking solution that EOH will deploy to the various identified CoJ sites, as well as the methodology that EOH will use in order to help ensure that the proposed solution is maintained in the best health and continues to perform as expected once deployed in the field

2 Background

EOH has been helping South Africa's major metropolitan municipalities for a considerable period of time to improve and innovate in their service delivery. With a mandate to provide services such as running water, electricity, clean parks and roads to citizens, many local authorities are challenged on their ability to deliver, due to poor billing and revenue collection.

Figure 1 : EOH smart City - EOH has solutions to meet most of the needs of the true modern Smart City

The concept of the Smart City is not a new one, but EOH have taken the whole concept one step further but actually acquiring the leading local solution providers and integrating their technologies into a comprehensive Smart City strategy. This allows us to provide a complete step-by-step model for the deployment the building blocks that will enable fulfilment of the Smart-City concept.

One of the fundamental cornerstones of the Smart City is ensuring that the baseline IT technology is in place to support the new Smart technologies, which includes the deployment of effective LAN, WAN and security solutions.

3 Our understanding of the CoJ requirement

The CoJ requirement requires the upgrading of their current LAN infrastructure to bring it in line with their vision of transforming CoJ into a modern "Smart City".
This upgrade entails the provision, installation and replacement of the current LAN and related infrastructure at 20 named CoJ sites, 10 clinics and 38 libraries with approximately 6 500 data points in total.

EOH will deliver the following ICT Service elements as part of a networking service solution proposed:-

- ✓ **Facilities, structured Cabling and access points**

  EOH will provide a complete cabling solution based on the high-performance 3M Cat6e standard.

  - Cabling and access points to replacement 6500 LAN points
  - Network cabinets, trunking, patch panels and related cabling infrastructure
  - Fibre for connectivity between Campus buildings and building floors
  - UPS for all included network cabinets
  - 2 diesel generators for high-availability of the data centers

- ✓ **Network technology provisioning**

  EOH will provide a complete Cisco-based data network that is already VOIP and Video ready, for all of the identified CoJ sites. This will also provide for both wired and wireless access at every site

  - Cisco borderless networking technology
  - Cisco switches, routers and device provisioning for all sites
  - Csico wireless access controllers and access points
  - Network device warranty management and hardware support
  - Network solution deployment:
    - Planning
    - Testing
    - Installation and rollout
  - Network Incident and Problem Management for LAN and WAN environment
  - Configuration and Change Management for LAN and WAN environment

- ✓ **Internet and Security Services**

  EOH will provide additional perimeter security control at larger sites to increase the security and improve access control of key CoJ sites and access points

  - Sourcefire and Fortigate security hardware and device provisioning
  - Security device warranty management and hardware support
  - Security solution deployment:
    - Planning
    - Testing
    - Installation and rollout
  - Content access, filtering and management solution
  - Perimeter firewall and security solution
  - Intrusion detection system

- ✓ **IT Service Desk for Network support**
  - Service Request life-cycle management (logging, classification, assignment, tracking, escalation, closure and reporting)
  - Incident Management
  - Warrantee management
  - First and second line remote support for infrastructure and applications

The EOH Network solution proposed includes a comprehensive support service, underpinned by:

- ✓ Proven support capabilities;
- ✓ Established track record;
- ✓ Best practice methodologies; and
- ✓ Quality OEM partnerships, certifications and supply arrangements.

Through a national footprint, quality partnerships and experience in delivering major outsourcing services to large public and private sector customers, EOH have solutions that offer Customers both service excellence and long term transformation benefits.

EOH will use a combination of remote, on-site and shared off-site resources to deliver a fully managed network service model supported by service management technologies such as real-time monitoring and alerting systems.

EOH's solution is based on a tried and tested Cisco Technology, coupled to our world-class service Delivery methodology and supported by our considerable pool of expert resources, technologies and processes. In this manner EOH are able to ensure high quality service delivery to the CoJ and minimise the risk associated with the integration and deployment of new technologies, skills and infrastructure.

4 Why Cisco Core Technology for CoJ?

The networking solution proposed by EOH makes use of technology from a number of different vendors. However, the core networking technology will be provided by Cisco Systems.

We have proposed the use of Cisco networking and core security primarily to dissipate the risk associated with any technology change. This means that, through the use of Cisco networking technology, the CoJ will be able to gain the following benefits:

- ✓ World-leading networking and security solution
- ✓ Seamless integration and interoperability with the existing CoJ MPLS network
- ✓ The current CoJ network protocol is based on the proprietary Cisco EIGRP standard. Migration to an Open vendor standard, such as that used by HP or other OEM products, may result in significant integration problems and resultant downtime.
- ✓ Deployment of brand new technology which can be deployed in parallel with the existing network will reduce site and user downtime as a result of the new network deployment
- ✓ No change is required to the current monitoring or management systems
- ✓ Little additional user-training required to use the new systems
- ✓ Cisco hardware can be used as the cornerstone of the smart-city technology initiatives, such as smart-traffic, smart-grid management etc as well supporting the current Cisco EIGRP standard.
- ✓ Cisco will also provide the foundation for managed wi-fi access and hotspots. This includes centralized management of wireless access and will enable secure guess access, BYOD and enterprise services to be extended to wireless users

5 Why Cisco Sourcefire and Fortigate security devices for CoJ?

We have selected security devices and infrastructure from world –leading security OEM vendors, which will enable the CoJ to secure, optimise and control access to systems and networks.
Cisco Sourcefire and Fortigate are both considered the market leaders within their respective focus areas.

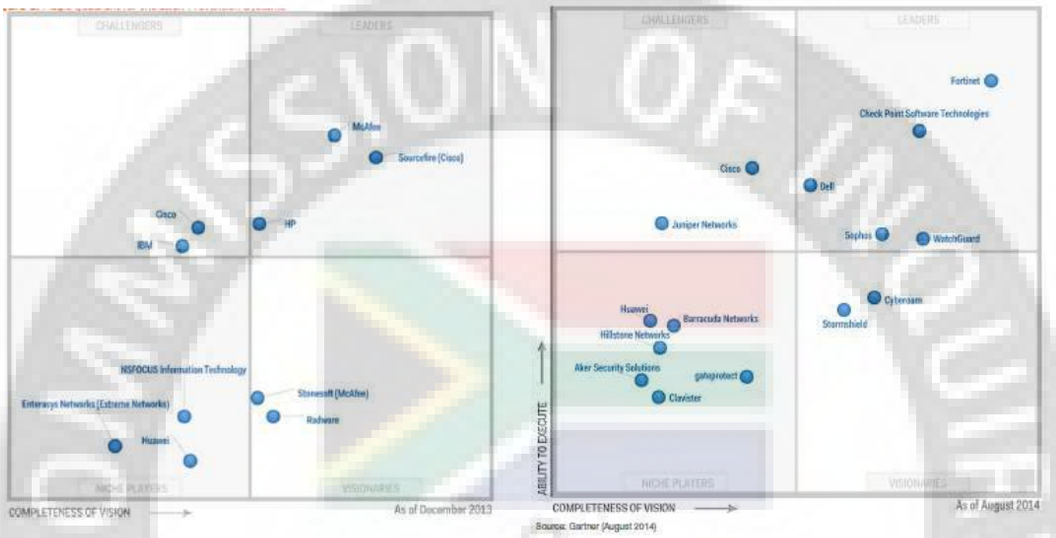

Figure 2 : EOH Security makes no compromise - Our solution makes use of Sourcefire and Fortigate technology, which are both highly rated by Gartner within their respective Magic Quadrants

6 Proposed solution design and core components

The EOH solution proposed will comprise the installation of new LAN network hardware at all of the identified sites, new cabling and the deployment of centralised security technology for key sites.

The anticipated rollout period for completion of this project is approximately 8 months from date of acceptance of this proposal

6.1 LAN Network hardware

The nature of the design is such that, for large sites, both a core and access layer has been specified. For these sites, we have included the high-level design architecture within this document.
For the remainder of the sites, the design is somewhat simpler, with all that is required is the deployment of access layer switches to cater for the required number of connection points.

Roodepoort Civic

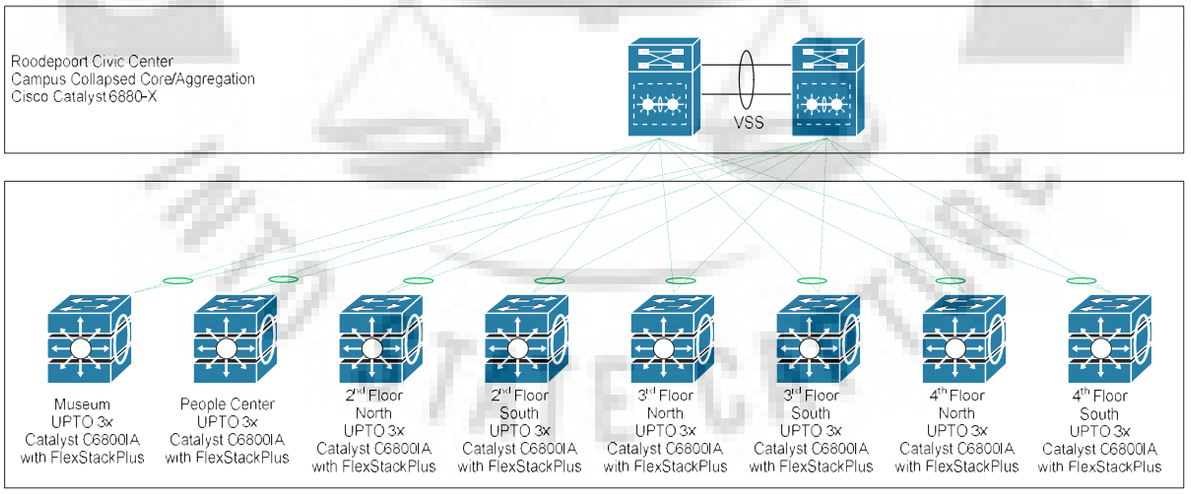

Figure 9 : Proposed high level network design – Roodepoort Civic Core and distribution network

6.1.2 Wireless connectivity

The proposed solution includes the provision of wireless access technology for all buildings. The wireless access will be provided and access will be managed via the Cisco Wireless LAN controllers. This provides for centralized management of wireless access and will enable secure guess access, BYOD and enterprise services to be extended to wireless users.

6.1.3 Security infrastructure

For the larger sites, specific security infrastructure will be deployed, as per Figure 10 below

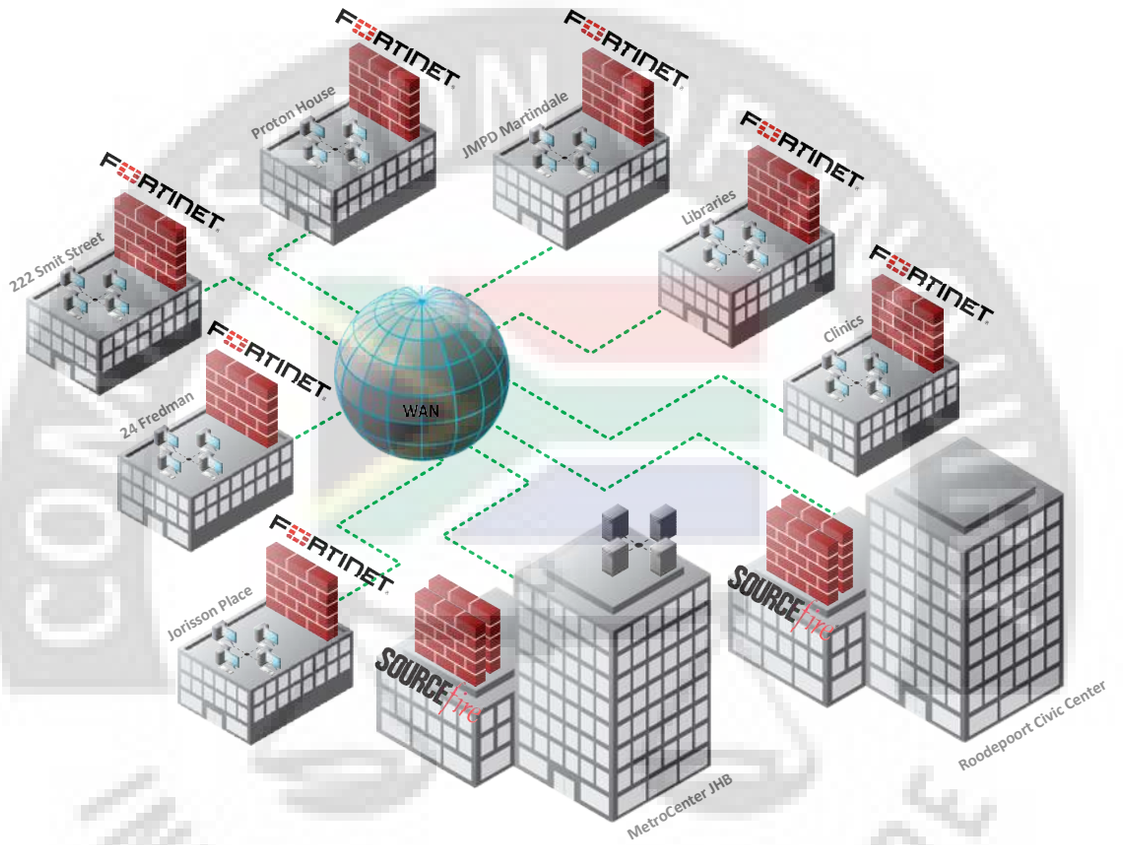

Figure 10 : Perimeter security devices will be deployed at the larger sites

6.1.4 Cabling and LAN points

New LAN cabling and LAN access points will be installed at all of the identified sites.
This cabling will include the provision of:

- ✓ New VOIP-capable LAN points
- ✓ Cat6 specification for high-performance networking requirements
- ✓ Fibre cabling between campus buildings
- ✓ Fibre cabling between building floors

7 IT Network Service Desk

EOH will provide CoJ with a centralised Service Desk support capability. The Service Desk will comprise a “call” desk function allowing support calls to be logged. This IT Service Desk will manage all ICT service requests and a “help” desk function, which will attempt to fulfil the service request (resolve the incident or service the request).

The Service Desk solution will be based on Computer Associates (CA) Service Management application, which is hosted on a highly redundant EOH Cloud platform.
The EOH Service Desk infrastructure currently handles over 200,000 contacts per month delivering Service Desk services to numerous private and public sector clients

The EOH Service Desk can provide the DoJ with:

- ✓ Single Point of Contact (SPOC) for all Networking related service requests.
- ✓ Ticket life-cycle management from cradle to grave including logging, classification, assignment, tracking, escalation, closure and reporting.
- ✓ Multiple contact channels including Telephone, Email, Chat and a Web portal for self-service ticket logging and tracking functionality.
- ✓ Integration with event management tools for automated ticket logging
- ✓ 3rd Party Call Management catering for all Customer ICT partners and suppliers
- ✓ First and second line remote support and service request fulfilment
- ✓ Access to the Customer knowledge base for rapid incident resolution
- ✓ Client user survey capability
- ✓ Detailed service level reporting
- ✓ Email and SMS alerting functionality
- ✓ Assess licensing for Customer staff to utilise the Service Desk application directly

The EOH Service Desk’s ITIL v3 based approach to service management and delivery will ensure that a common service management language is maintained across all stakeholders leveraging common, standardised technologies and processes and facilitating close integration with other service providers.
The EOH Service Desk forms part of the broader centralised service capability providing 24x7 systems management, monitoring and remote support services. This consolidated and centralised

service offering ensures that EOH support staff are able to collaboratively respond to client issues and minimise the time required to restore normal operational service.

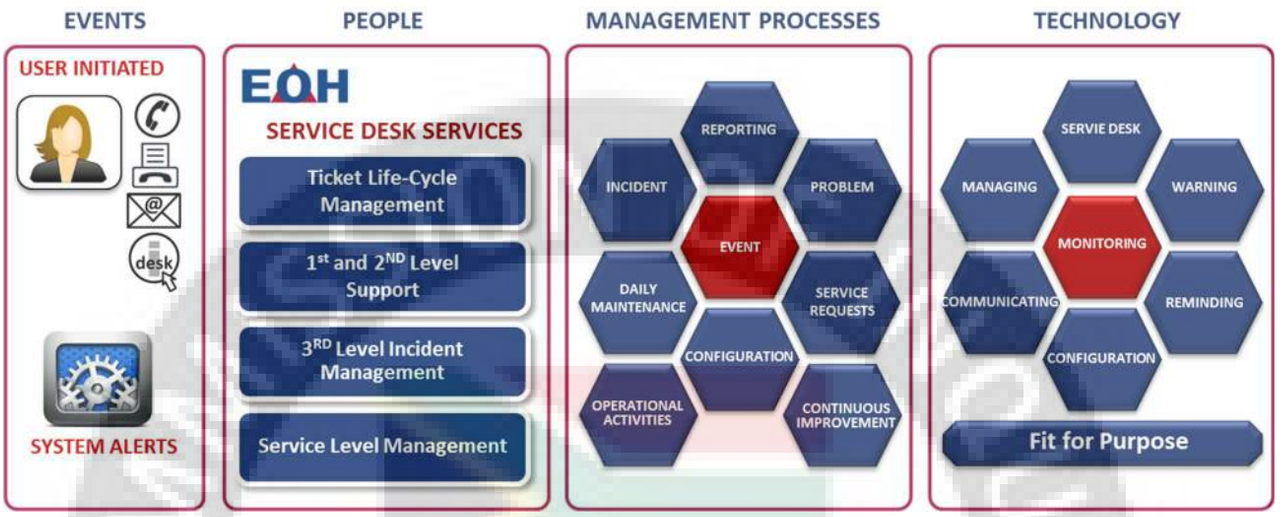

Figure 11: Service Desk Operation

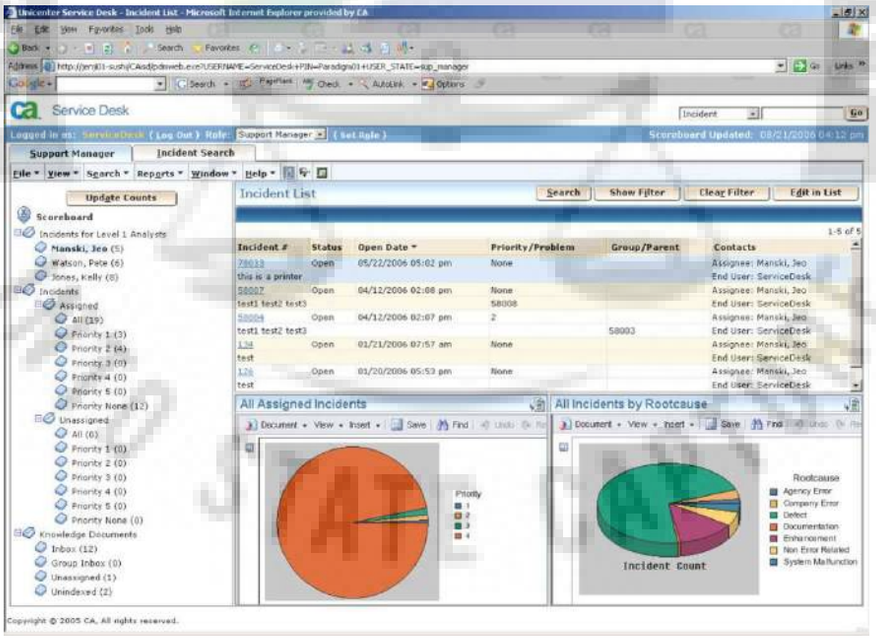

Figure 12 - EOH uses CA Service Desk Manager to ensure world class service for our customers

7.1 Automated escalations and tracking to ensure SLA compliance

Once a service request has been allocated a service level, the CA Service Desk system will track the progress of the request. The system will be configured with specific escalation rules which are normally time based and will generate automated alerts. Depending on the rule set, alerts may be

emails, SMS notifications or require a Service Desk agent to take corrective action such as phoning specific people. Escalation rules typically target more and more senior resources as the Service Level deteriorates.

The call logging and escalation process is shown in Figure **13** below:

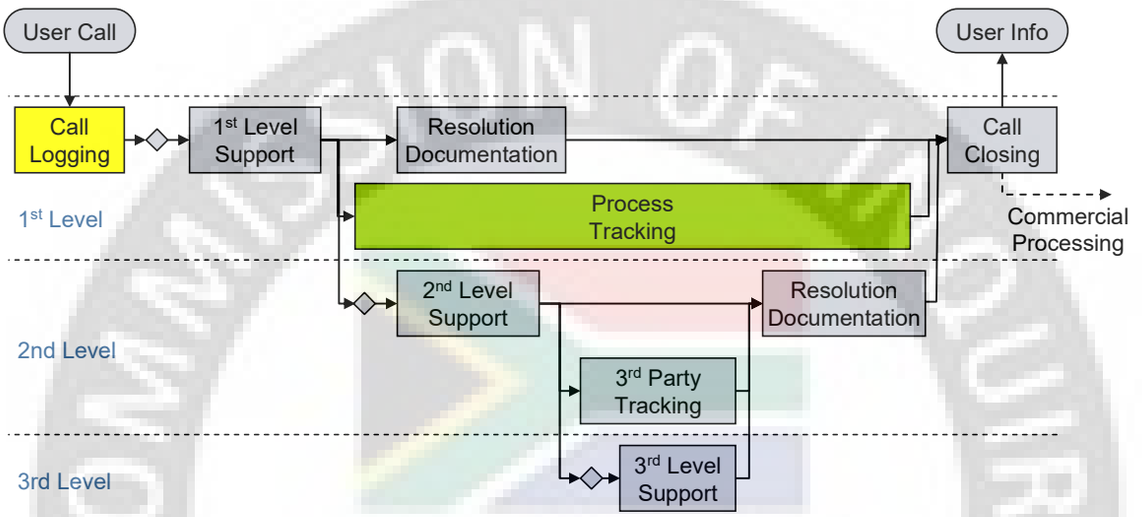

Figure 13: Call logging – Every call logged is monitored and managed via our in-built escalation management system

This escalation process has been configured into the Service Desk to automatically alert the relevant roles (including management) if SLAs approach pre-defined thresholds i.e. should there be a risk of a service level being breached. The escalation process "rules" are jointly setup by EOH and the CoJ when the system is configured.

The above mentioned process is based on a proven, active and continuously improving model.

8 The EOH Hardware warranty support and repair service

The EOH Network hardware warranty support and repair service for CoJ is a comprehensive service support offering, including:

- ✓ 24-hour IT Service Desk
- ✓ Call logging
- ✓ Incident management
- ✓ Break/fix support
- ✓ Defined SLA's

- ✓ Warrantee and maintenance repairs
- ✓ Equipment swap-out and loan replacements
- ✓ SLA reporting
- ✓ Procurement service
- ✓ Account management and reporting

EOH carries enough stock to cover any shortfall due to unexpectedly long lead times. A pre-requisite to this, however, is a comprehensive audit prior to take-on of the maintenance service. This is essential for planning of and identification of critical vs non-critical devices.

1. For **critical** devices, spares are normally held on a 1:1 ratio, where each device has a direct spare available.

2. For high priority devices, spares holdings are determined by:
   - Location
   - SLA
   - Type of device

3. For low priority items, spares holding is determined by
   - Location
   - SLA

As part of the EOH support service, we manages the buffer stores and the related stock-holding. EOH will make use of the spares holding to effect swap-out and break-fix repairs. This means that we are able to respond rapidly to failures in hardware that require repair or swop-out.

Hi Patrick,

In preparation for your meeting now with Geoff:

Please see below for confirmation on the work being done by SAP.

Our qualms are:

- These services were part of a472 that was awarded to us
- No formal tender process was done by the COJ to award these projects to SAP
- Who signed these projects off in the City? Trevor as indicated to Ashley did not know about this

SAP have now been there for about a year – where is this billing etc happening.

Gents ,

Here is what I have …

The SAP HCM UPGRADE at CoJ has been positioned, the way I was given to understand it, as one of the upgrade 'Pre-Requisite' projects that include other wider elements of scope non-SAP related as well. Examples of these non-SAP elements of scope include Microsoft environment or interfacing systems pre-requisites (presumably from the MOUs) etc.

The SAP HCM UPGRADE Scope specifically , I was told, includes the following :

1) HR Upgrade
2) Solution Manager dependencies eg. charm , etc
3) Employee file management – related to hard copies of HR documents
4) SAP strategic management – reporting for Senior managers and executives
5) Archiving – in preparation for upgrade data migration
6) SLO service - The anticipated process changes is not a straight forward upgrade process. So sounds to me like functional upgrade scope included over and above a pure technical upgrade.

SAP has built a trusted PMO at the City which is being used to launch these initiatives from. Let's group on an aggressive plan to safeguard our customers. I assume that SAP has this very strategy on every one of our customers including CoCT where they were in meetings last Thursday with the customer and without EOH presence - get's my mind thinking the worst.

At the delivery level – the SAP counterpart there supports grouping with our Team on the future initiatives, on a personal level, but as we know there is more at play. Just putting this out there if we need to use it. Let's decide our next actions…

EOH SUBMISSION TO STATE CAPTURE COMMISSION

11 November 2020

1. Introduction

1.1. The State Capture Commission ('Commission') requested information and documentation regarding the relationship between EOH and Sebtech Technologies (Pty) Ltd (Reg. 1999/007164/07) ('Sebtech') in a summons received by EOH on 19 October 2020.

1.2. According to CIPC records, Johannes (also called George) Sebulela ID 7006195362082 ('Sebulela') is the sole director of Sebtech [Annexure A1]. According to a document signed by a Sebtech representative in 2014, Sebulela is (or was at the time) the 100% owner of Sebtech [Annexure A2].

1.3. The ENS forensic investigation flagged irregularities and suspect third party payments, including payments to Sebtech, in EOH contracts with South African Police Services ('SAPS') and the National Prosecuting Authority ('NPA'). It appears from email reviews that Sebulela's primary point of contact at EOH was Patrick Makhubedu ('Makhubedu').

2. ED Partner

EOH appears to have included Sebtech as its proposed EOH Enterprise Development ('ED') partner/subcontractor in a number of public sector tenders over the period 2014 to late 2016. According to a draft internal EOH report dated October 2016, this included partnering in tenders for SITA, Eskom, SARS and Ekurhuleni. According to this report, EOH lost many of the tenders, while others were still under adjudication [Annexure A3]. Sebtech was a disclosed subcontractor on the SAPS NNUP tender (discussed below).

3. Contracts

It appears it was a practice at EOH historically to conclude 'Teaming Agreements' with prospective ED partners / subcontractors for purposes of partnering in public sector tenders. The Teaming Agreement would not be project specific. The parties would sign 'Schedules' to the Teaming Agreement from time to time in relation to specific tender opportunities. We identified the following signed and draft contracts and Schedules between EOH and Sebtech. It is possible the unsigned drafts were signed by the parties. We do not know if this is the full extent of contract arrangements between the parties. [Annexures A4.1 to A4.6]:

3.1. Feb 2014 - Teaming Agreement EOH Mthombo (Pty) Ltd / Sebtech (signed)

3.2. Feb 2015 - Teaming Agreement EOH Mthombo (Pty) Ltd / Sebtech with Schedule for Ekurhuleni project (unsigned draft);

3.3. Feb 2015 – Teaming Agreement EOH Mthombo (Pty) Ltd / Sebtech (signed by Sebtech only)

3.4. May 2016 - Teaming Agreement EOH Managed Services PS (Pty) Ltd ('EOH MSPS') / Sebtech with Schedule for NPA project (signed by EOH MSPS only);

3.5. Jul 2016 – Schedule EOH Mthombo / Sebtech for SITA tender for DOD ICT project (unsigned draft); and

3.6. Jul 2016 - Schedule EOH Mthombo / Sebtech for SARS tender RFP01/2016 (signed).

4. **Payments**

4.1. The ENS investigation identified EOH payments to Sebtech for purported work on SAPS and NPA projects. EOH Mthombo and EOH MSPS paid Sebtech a total of R40,838,924.15 (ex VAT) over the period May 2016 to August 2017. This was made up as follows (ex VAT):

4.1.1. NPA: R2,100,000.00

4.1.2. SAPS: R38,738,924.15

4.2. The investigation did not identify other EOH payments to Sebtech on the EOH Infor system. The forensic financial review was subject to the limitations described at paragraph 3 in our submission of 11 August 2020 and it is thus possible other payments were made.

5. **SAPS NNUP**

SAPS NNUP – PROJECT SUMMARY	
Project type:	National Network Upgrade Project - Supply, deliver, install Huawei network equipment at multiple SAPS sites and Telkom Towers plus three years support
Tender number:	SITA 1221/2014 (framework tender)
EOH entity:	EOH Mthombo
Subcontractors named in EOH bid	Sebtech, VITOM Technologies, Alteram Solutions (and others)
Date of award	Feb 2016

EOH bid price:	R217,445,519.75
Paid by SAPS:	R210 million (R209,9 million paid upfront in April 2016)
Duration:	Feb 2016 to Aug 2019

5.1. The following subcontractors were implicated in suspect transactions and/or payments linked to the SAPS NNUP contract. These transactions have been flagged as suspect and reported to the Hawks in terms of section 34 of PRECCA.

Name	Linked to
Sebtech Technologies (Pty) Ltd (Reg. 1999/007164/07)	George Sebulela (director) Freeman Mhunduru (financial admin executive)
Martistyle (Pty) Ltd (Reg. 2015/415992/07)	Christo de Bruin Florence Kalipa (director) Beauty Hlamalani Mashaba-Cibangu (director)
Biometric Enhancement Solutions (Pty) Ltd (Reg. 2005/000414/07) ('Biometric')	Christo de Bruin (ex-director) Aletta ('Elsabe') Lindsay (director) Beauty Hlamalani Afrika (director)
VITOM Technologies (Pty) Ltd (Reg. 2011/009208/07) ('VITOM')	Toko Victoria Mnyango (sole director)
Alteram Solutions (Pty) Ltd (Reg. 2013/171329/07) ('Alteram')	Philip Arnold (director) Garth Madella (director)

5.2. At the time of the SAPS NNUP award, Christo de Bruin ('**Christo**') worked for a company called Forensic Data Analysis ('**FDA**'), linked to Keith Keating. EOH Abantu acquired FDA in October 2015. EOH divested from FDA after corruption allegations against Keating and FDA in late 2017 involving SAPS tenders. Christo appears to be linked to Martistyle and Biometric Enhancement Solutions ('**Biometric**'). Both Martistyle and Biometric received payments from EOH on the SAPS NNUP project where it is suspected no work was done. Neither Martistyle nor Biometric were named subcontractors in EOH's bid.

5.3. Various parties, including Martistyle and Sebtech, were involved in suspected fraudulent invoicing and payments on the SAPS NNUP project in April 2016. It appears the objective of these arrangements was to find an intermediary to channel approximately R42.5 million (incl VAT) from the SAPS NNUP contract to Martistyle.

5.4. It appears the initial plan was to use VITOM as the conduit to pay Martistyle. VITOM issued an apparently fraudulent invoice to EOH Mthombo for R42.5m for this purpose. It appears Alteram was then substituted for VITOM and it too, issued an apparently

fraudulent invoice to EOH Mthombo for R42.5m, using the same invoice narrative as VITOM. Neither VITOM's nor Alteram's invoices were paid. Finally, Sebtech issued an invoice of R42.5m invoice to EOH Mthombo, which EOH Mthombo paid the same day.

5.5. The flow of funds appears to have been as follows (figures rounded up and include VAT):

- 4-18 April 2016: SAPS paid EOH R209.9 million (98.6% of contract price)
- 25 April 2016: EOH paid Sebtech R42,5 million
- 26 April 2016: Sebtech paid Martistyle R42,5 million (VAT paid 28 April)

5.6. A timeline of key events is set out below. In the table below 'Nolwazi' is Nolwazi Tyamashe of VITOM Holdings (Pty) Ltd, 'Charze' is Charze Gordon, then PA to Jehan Mackay, 'Freeman' is Freeman Mhunduru (linked to Sebtech), 'Rene' is Rene Bredenkamp former divisional finance director at EOH, 'Arnold' is Philip Arnold of Alteram Solutions and 'Chettan' is Chettan Ottam of Alteram Solutions. NOTE: this timeline focusses on Sebtech. It does not include all data relating to the SAPS NNUP project, nor all payments by EOH to Christo-linked entities Martistyle and Biometric. [Copies of key emails and supporting documents relevant to the below timeline are attached in date order in Annexure B. Further data can be provided on request]

18 May 2016	Jehan to Christo	Refer to drafting back to back agreements between EOH/Martistyle and Martistyle/'TSS' (presumed to be Tactical Software Systems (Pty) Ltd, a Jehan-linked company)

13 Dec 2016	EOH paid Sebtech	EOH Managed Services paid Sebtech R500,000.00 (ex VAT) – invoice narrative: • *'SITA 1221 Consulting'* Payment sole-approved by Rene

5.8. On 3 November 2016, SITA asked EOH to provide a full list of the SMME's appointed in the SAPS NNUP Hardware project together with proof of payment made to them. EOH's Patrick Makhubedu forwarded the SITA email the same day to Jehan Mackay, Rene Bredenkamp and Rob Godlonton, saying '*We need to meet and formulate a response*'.

5.9. On 17 November 2016, EOH emailed SITA its response, which included an EOH cover letter dated 15 November 2016 signed by Makhubedu, a spreadsheet showing the payment to Sebtech and proof of payment of R42,452,373.53. The EOH cover letter signed by Makhubedu stated:

> *"To date EOH has used Sebtech Technologies (Pty) Ltd to provide a portion of the contracted services, for orders placed by the government entities reflected in Annexure "A".*

Further to the above, Annexure "A" sets out the invoices raised for the work completed to date together with Annexure "B" which sets forth the proof of payment made to Sebtech Technologies (Pty) Ltd in respect of those invoices."

5.10. From the investigation in this matter, it appears Sebtech did not provide goods or services to EOH Mthombo in exchange for the R42,452,373.53 paid to it.

NPA ICT SUPPORT– PROJECT SUMMARY	
Project type:	To provide ICT Support Services (LAN, desktop and back office) for 3 years
Tender number:	RFQ 04-15/16 (under SITA 1183 transversal contract)
Tender publication:	14 September 2015
EOH entity:	EOH Mthombo
Subcontractors named in EOH bid	EOH's SBD 6.1 form stated 'NO' to any portion of the contract being subcontracted
Date of award	8 December 2015
EOH bid price:	R68,652,678.70 (incl VAT)
Duration per contract:	1 April 2016 – 31 March 2019

6.1. EOH MSPS paid Sebtech a total of R2,100,000.00 (ex VAT) as contractor under the EOH/NPA ICT Support contract. EOH MSPS paid Sebtech from 20 July 2016 to 29 August 2017 in increments of R150,000.00 (ex VAT), except for one final payment of R600,000.00 in August 2017. According to Purchase Order data, all Sebtech invoices described the NPA work as 'Management Fee'. From the investigation in this matter, it appears Sebtech did not provide goods or services to EOH in exchange for the R2,100,000.00 (ex VAT) paid to it.

6.2. It appears there was an arrangement in terms of which Sebtech channelled the funds it received from EOH for purported NPA work to Mfundi Mobile. Mfundi Mobile is an entity linked to Makhubedu (see our prior submissions to the Commission). According to a Mfundi Mobile statement attached to an email dated 7 September 2017 [Annexure C], over the period August 2016 to May 2017 Mfundi Mobile regularly invoiced, and was paid by, Sebtech to a total at the time of R1,647 million. The emails reference a R10,000.00 'management fee' due to Sebtech (see below). See Annexure C for examples of emails and Sebtech NPA invoices. Extracts below.

6.3. As noted at paragraph 3.4 above, we identified a draft Teaming Agreement between Sebtech and EOH MSPS for an NPA project [Annexure A4.4]. We have only been able to find a copy signed by EOH MSPS. We cannot verify if that agreement was counter-signed by Sebtech. The Teaming Agreement schedule:

6.3.1. notes 'NPA' as the client;

6.3.2. has an effective date of 1 May 2016;

6.3.3. indicates Sebtech's payment as R150,000.00 per month for 23 months;

6.3.4. does not specify which NPA project;

6.3.5. does not specify responsibilities / work allocation for Sebtech;

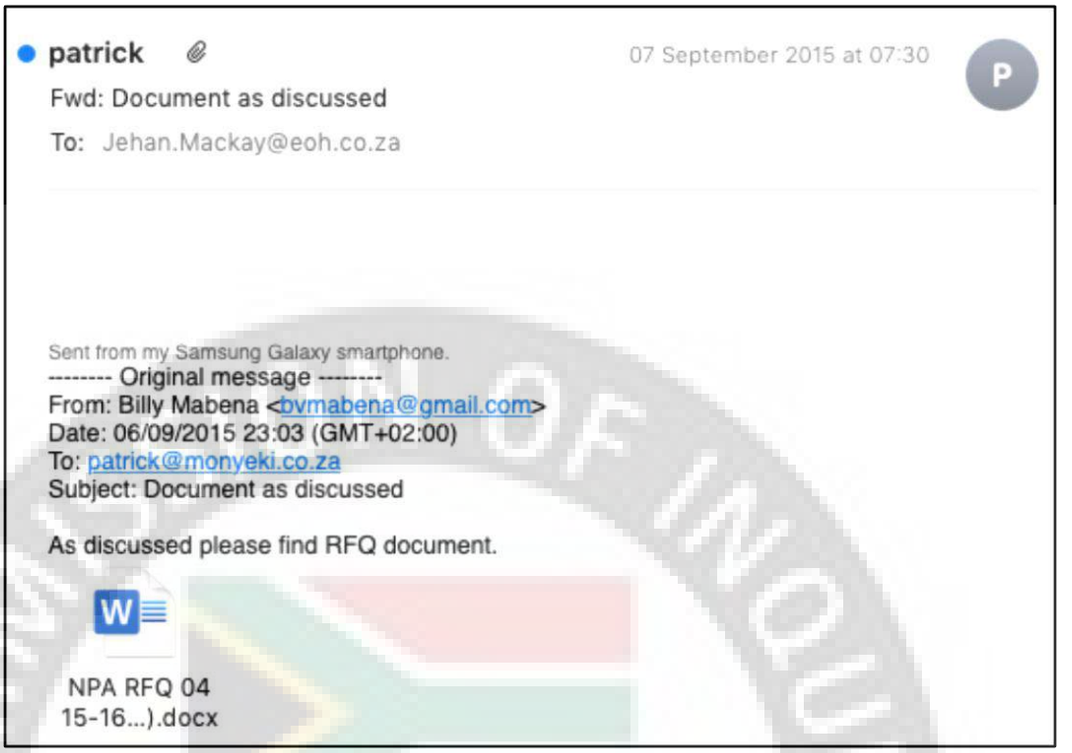

6.3.6. does not specify Sebtech deliverables.

6.4. The draft Teaming Agreement is inconsistent in its description of the EOH party. In most places it expressly refers to EOH MSPS as the EOH party, but then defines 'EOH' as EOH Mthombo.

6.5. The ENS investigation identified emails between Patrick Monyeki (Monyeki) and 'Billy Mabena' (bvmabena@gmail.com') ('Mabena') regarding NPA RFQ 04-15/16. The forensic investigation identified Monyeki as an alleged middle-man in a number of historic EOH public sector projects. From email review and a web-based search, it appears Mabena was an employee of the NPA at the time of NPA RFQ 04-15/16. It appears from a LinkedIn profile that Mabena was employed at the NPA as a business continuity specialist (from December 2004 to August 2008) and in NPA 'Planning and Governance' (from August 2008 to June 2017).

6.6. On 6 September 2015 Mabena sent Monyeki a draft copy of NPA RFQ 04-15/16. Monyeki forwarded the email to EOH's Jehan Mackay [Annexure C2].

Hi Pat

As discussed please find attached the draft contract for ICT Support Services. The firewall contract has been sent to them and we awaiting their signature so that we can start with drafting the SLAs (Annexes).

6.8. Mabena's email above refers to a 'firewall contract'. According to our investigation, on 7 December 2015 (the day before the ICT Support award) NPA awarded EOH Mthombo tender NPA 05-15/16 for the implementation of a firewall upgrade and maintenance for three years at a price of R6,826,801.92 (including VAT) (this is roughly 10% of the value of the ICT Support award) [Annexure C1].

6.9. The investigation identified two EOH Mthombo payments to Silver Touch IT Solutions (Pty) Ltd ('Silver Touch') which may be linked to the above NPA projects, although we have been unable to independently verify this. The timing of these payments coincides relatively closely with the award of the ICT Support and Firewall tenders in December 2015. According to Purchase Order data, Silver Touch was paid:

- 3 Nov 2015: R1.2 million for '*NPA Workshare agreement*'
- 3 Dec 2015: R500,000.00 for '*NPA Workshare agreement*'

6.10. On 28 October 2015, Philip Arnold sent the below email regarding the 'NPA Workshare' invoice.

Good Day Jehan,

Pursuant to my text on Wednesday, Vitom has submitted the 37m as requested. With the scrutiny that is going to come with this invoice(this is the biggest invoice Vitom has ever billed), from a SARS and bank perspective, I would like to be able to get the below information for audit purposes as well as for the aforementioned reason:

1. Workshare agreement for this deal
2. A list of the suppliers to be paid
3. The profit share portion for Vitom

Rene,
Miskien kan onderstaande epos duidelikheid gee oor die totale bedrag ooreengekom asook die twee betalings reeds gedoen deur Sebtech Technologies aan Martistyle.
Jammer, maar die invoicing en bedrae moes baie verander(soos jy weet) so ook die entiteite wat Martistyle moes invoice vir betalings.
Groete
Christo

Hi Rene

Please see attached the draft letter to SITA, together with the attachments referred to in the draft letter that I suggest are included in the response to SITA.

Please review and advise if you are happy with the letter and that I have captured the content 100% correctly. I suggest that we keep the letter simple and only answer the questions raised by SITA.

VV2-SDP-895

If you are happy with same and there is nothing for me to add or amend in the letter, please label the respective schedules (both schedules) as “Annexure A” and the two proof of payments as “Annexure B”. I have assumed the letter will come from Patrick, but please do amend this detail if I am mistaken.

SITA may request information as to why none of the other SMME’s have been utilised to date. Please do bear this in mind should this question be raised at a later stage.

I await your feedback on the draft.

Kind regards

SECTION 10: Certificate Of Independent Bid Determination SBD 9

1. This Standard Bidding Document (SBD) must form part of all bids[2] invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).[3] Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

I, the undersigned, in submitting the accompanying bid:

_____

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_____that:

(Name of Bidder)

[2] Includes price quotations, advertised competitive bids, limited bids and proposals.

[3] Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

> Miskien kan onderstaande epos duidelikheid gee oor die totale bedrag ooreengekom asook die twee betalings reeds gedoen deur Sebtech Technologies aan Martistyle.
> Jammer, maar die invoicing en bedrae moes baie verander(soos jy weet) so ook die entiteite wat Martistyle moes invoice vir betalings.

Cops' all-expenses-paid UK trip under spotlight

By Kailene Pillay Dec 1, 2017

Durban - Two government accounting officers are expected to be grilled by Scopa on who authorised an all-expenses-paid trip to England for police and police suppliers that included a tour of Manchester United's Old Trafford Stadium.

The allegations and photographic evidence showing director of Forensic Data Analysis (FDA) Keith Keating and Jerenique Bayard - at the time a project director of supplying company Unisys - with the two SAPS members at Old Trafford was presented at a Scopa meeting on Wednesday.

DA standing committee on public accounts member Tim Brauteseth produced the photograph of the two SAPS members posing in Manchester United-branded shirts with their names on the back during the meeting, with SAPS and State Information Technology Agency (Sita) accounting officers present.

Brauteseth said in the Scopa meeting that the trip was funded by the FDA. He claimed the trip was taken six months after Keating had sold forensic camera equipment worth an undisclosed amount to the SAPS through Unisys Africa.

He said the accounting officers for SAPS and Sita would have to appear before Scopa early next year and explain.

Keating has rubbished allegations that his 2011 UK trip with SAPS supply chain management members was a reward to the members by FDA for awarding his company a multimillion-rand contract.

On Thursday, he told Independent Media that neither he nor the FDA paid for any part of the trip, including the tour of Old Trafford.

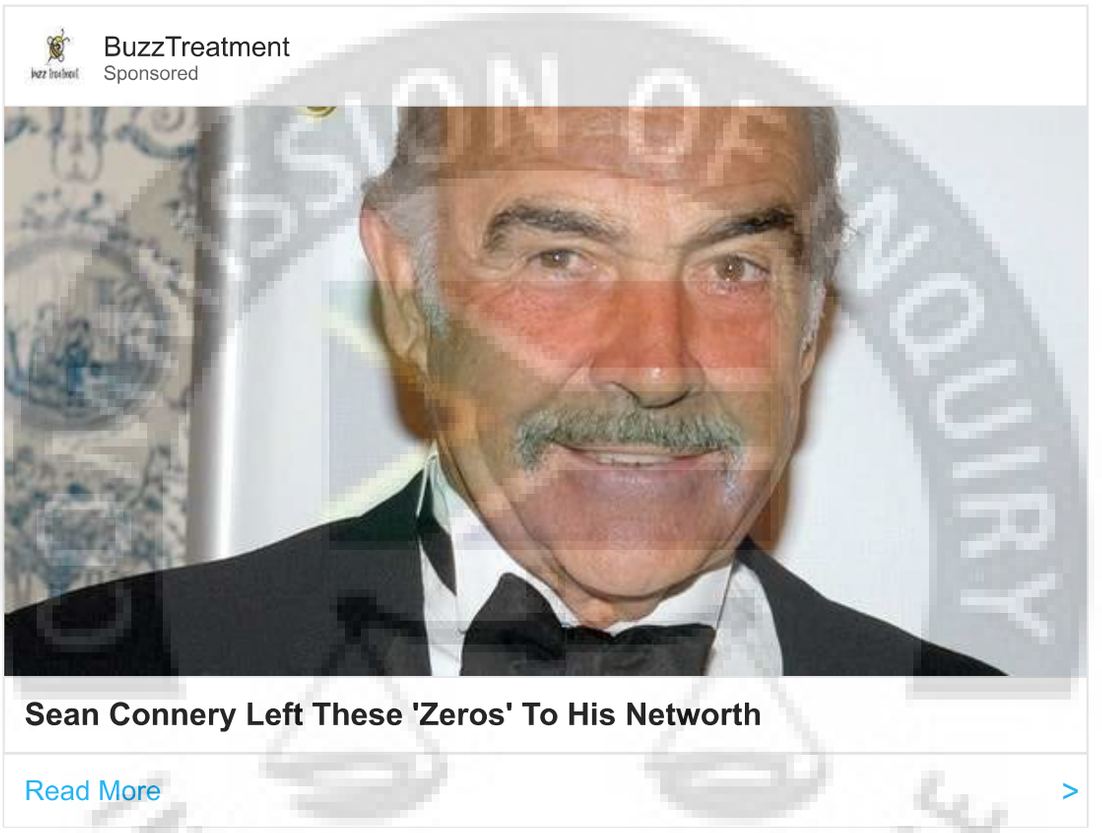

“I categorically state that neither FDA nor I paid for the tickets. Each one of us paid for our shirts. It wasn’t a free-for-all where FDA or I paid for any of it,” he said in an e-mailed response to questions.

Keating has maintained that the trip was paid for in full by the SAPS, saying it was an official SAPS-sanctioned excursion to an RFID (radio-frequency identification) conference in Europe.

“It was paid off in totality by the SAPS and this was inclusive of flights, accommodation and spending money. The two SAPS members had official approval by the then-national commissioner of the SAPS and the then-minister of police. No supplier paid for that trip,” Keating said.

But Brauteseth said it was irrelevant whether Keating paid for the visit or not as he had accompanied the SAPS members and it was in breach of a declaration to Sita that he signed in August that FDA had not been involved in any corrupt or collusive activities with Sita, its employees, customers or their staff, suppliers or “any organ of the state”.

Keating has been a sole supplier to SAPS - through Sita - of a firearm permit system and software as well as forensic equipment worth billions. (Scopa was told the exact figure is R5.7 billion.)

Although he was present at the Scopa meeting this week, Keating said he was not allowed to respond to the allegations there and would therefore send a letter to Scopa, SAPS, the Independent Police Investigative Directorate (Ipid) and Sita.

“What you will hear in that letter on Monday is a dramatically different story from what we have heard so far. It is a real pity that the correct facts were not presented in Scopa."

“It is beyond comprehension that I have never been contacted by Ipid in all this time that they have been investigating this alleged corrupt relationship. Furthermore, nor has Sita approached me with the irregularities that they have allegedly found with my contracts. Until yesterday I’ve been unable to respond on the contracts with Sita as I was prevented from doing so by a clause in the contract regarding media statements,” he said.

Brauteseth raised questions around the procurement processes of the contracts, saying that “equitable transparency” was not followed and no competitive bidding took place.

“On the evidence before us, it would appear that the process was manipulated and rigged.

"According to an Ipid investigation, FDA has won SAPS contracts worth almost R6 billion since 2010," Brauteseth told Independent Media on Thursday.

However, Keating said the contract for the procurement of the R52million Forensic Light Sources was an open tender process run on instruction of the portfolio committee on police.

"This was responded to by various companies and, after adjudication, FDA was awarded the contract for a two-year period in June 2015," he said.

"FDA is the sole distributor of Rofin products in South Africa and the only accredited service and repair company in southern Africa for this equipment that the SAPS uses," he added.

National police spokesperson Brigadier Vish Naidoo said all allegations were subject to investigation and he confirmed that Ipid and Hawks were heading the case.
